0:0:0.0 --> 0:0:1.170
Grant-McGary, Sondra D - ETA
Hope everyone is doing well.

0:0:2.410 --> 0:0:4.950
Grant-McGary, Sondra D - ETA
I am, Sondra Grant-McGary.

0:0:5.10 --> 0:0:10.540
Grant-McGary, Sondra D - ETA
I am the National Office liaison for Regions 6 and interim for region two.

0:0:11.250 --> 0:0:15.60
Grant-McGary, Sondra D - ETA
I'm also going to be your facilitator for today, so bear with me.

0:0:15.70 --> 0:0:25.170
Grant-McGary, Sondra D - ETA
This is my first time and believe it or not I am nervous, so we're going to start out with our introductions of the National Office staff.

0:0:25.260 --> 0:0:32.70
Grant-McGary, Sondra D - ETA
We're going to stick with the alphabetical that we instituted yesterday and go from there.

0:0:32.80 --> 0:0:34.350
Grant-McGary, Sondra D - ETA
So that would start with.

0:0:38.760 --> 0:0:40.310
Adams, Anita (Irene) - ETA
Good afternoon, everyone.

0:0:40.460 --> 0:0:42.10
Adams, Anita (Irene) - ETA
My name is Anita Adams.

0:0:42.420 --> 0:0:49.270
Adams, Anita (Irene) - ETA
I'm the National Office liaison for regions one and five, happy to see everyone's nice faces.

0:0:50.950 --> 0:0:51.690
Adams, Anita (Irene) - ETA
Happy summer.

0:0:55.170 --> 0:0:56.220
Kline, Byron - ETA
Hi. I'm next.

0:0:56.270 --> 0:0:59.860
Kline, Byron - ETA
I'm Byron Kline, National office liaison for Region 3.

0:0:59.910 --> 0:1:0.610
Kline, Byron - ETA
Welcome everyone.

0:1:2.120 --> 0:1:3.570
Slaughter, Alison S - ETA
Good afternoon everyone.

0:1:3.580 --> 0:1:4.810
Slaughter, Alison S - ETA
I am Ali Slaughter.

0:1:4.820 --> 0:1:13.510
Slaughter, Alison S - ETA
I'm the SCSEP performance lead and also the interim NOL for region 4 and we wouldn't be a full team without everyone.

0:1:13.520 --> 0:1:16.40
Grant-McGary, Sondra D - ETA
So now we're going to move to our contractors.

0:1:16.50 --> 0:1:17.630
Grant-McGary, Sondra D - ETA
We're going to start with Two Tech.

0:1:20.290 --> 0:1:22.350
Barcley, Joyce M - ETA CTR
Hi, this is Joyce Barkley with Two Tech.

0:1:24.260 --> 0:1:24.910
Bronson, Bradley K - ETA CTR
Good afternoon.

0:1:24.920 --> 0:1:26.830
Bronson, Bradley K - ETA CTR
This is Bradley Bronson with two tech.

0:1:28.550 --> 0:1:29.560
Mauro, Kevin M - ETA CTR
And hello everyone.

0:1:29.570 --> 0:1:34.60
Mauro, Kevin M - ETA CTR
This is Kevin Mauro also with Two Tech.

0:1:33.260 --> 0:1:34.280
McNeace, Meche - ETA CTR
Hi everybody.

0:1:34.680 --> 0:1:36.390
McNeace, Meche - ETA CTR
This is Michi with Two Tech.

0:1:37.630 --> 0:1:39.440
Phillips, Ashley P - ETA CTR
Hi everyone, this is Ashley with Two Tech.

0:1:41.690 --> 0:1:47.980
Grant-McGary, Sondra D - ETA
So that we're going to double back because I missed our fearless leader, both.

0:1:49.710 --> 0:1:51.920
Wilson, Toni K - SCSEP
No worries, no worries.

0:1:49.630 --> 0:1:52.960
Grant-McGary, Sondra D - ETA
Fearless leaders.

0:1:53.510 --> 0:1:56.800
Wilson, Toni K - SCSEP
I am offsite everyone so out of sight out of mind there.

0:1:56.810 --> 0:2:2.180
Wilson, Toni K - SCSEP
But hi everyone, Toni Wilson and I am the SCSEP unit chief.

0:2:2.450 --> 0:2:8.200
Wilson, Toni K - SCSEP
Thank you everyone for joining us today and I will pass the mic over to Steve.

0:2:8.210 --> 0:2:8.620
Wilson, Toni K - SCSEP
Steve Rietzke

0:2:9.490 --> 0:2:10.620
Rietzke, Steven - ETA
Hi everybody, it's Steve Rietzke.

0:2:10.630 --> 0:2:21.180
Rietzke, Steven - ETA
Division chief for national programs tools and technical assistance, and glad to be coming at you from a room full of people here and in person.

0:2:21.190 --> 0:2:22.50
Rietzke, Steven - ETA
Good to see you, all of you.

0:2:24.220 --> 0:2:28.680
Grant-McGary, Sondra D - ETA
So I'm gonna get this right by next time I'm gonna have it down packed.

0:2:28.690 --> 0:2:30.730
Grant-McGary, Sondra D - ETA
So now we have BCT.

0:2:34.470 --> 0:2:35.600
Tina Ward
Good afternoon, everyone.

0:2:35.610 --> 0:2:36.690
Tina Ward
Tina Ward with BCT.

0:2:40.760 --> 0:2:42.930
Grant-McGary, Sondra D - ETA
And Charter Oak.

0:2:42.240 --> 0:2:44.580
Ron Schack
Yeah, and hi everybody.

0:2:44.590 --> 0:2:46.160
Ron Schack
I'm Ron Schack with the Charter Oak group.

0:2:49.770 --> 0:2:50.920
Grant-McGary, Sondra D - ETA
And that's everyone.

0:2:51.770 --> 0:2:52.200
Grant-McGary, Sondra D - ETA
Right.

0:2:52.210 --> 0:2:53.30
Grant-McGary, Sondra D - ETA
OK, so I didn't.

0:2:53.90 --> 0:2:54.800
Grant-McGary, Sondra D - ETA
If I left you out, my apologies.

0:2:54.910 --> 0:2:56.320
Grant-McGary, Sondra D - ETA
We're gonna get you next time.

0:2:56.830 --> 0:3:16.260
Grant-McGary, Sondra D - ETA
So we're gonna move into our program announcements or was that we're gonna get into our program announcements before we get into the meat of it though we want to just have a moment to make sure everyone is aware and sending positive vibes to Hawaii.

0:3:16.790 --> 0:3:24.660
Grant-McGary, Sondra D - ETA
We do have an update that the governor shut down the Maui offices until Monday.

0:3:25.150 --> 0:3:26.500
Grant-McGary, Sondra D - ETA
I know they are.

0:3:26.550 --> 0:3:27.100
Grant-McGary, Sondra D - ETA
You know what?

0:3:27.160 --> 0:3:28.790
Grant-McGary, Sondra D - ETA
I'm not gonna try to do that from memory.

0:3:30.270 --> 0:3:31.10
Grant-McGary, Sondra D - ETA
I'm gonna read it.

0:3:36.340 --> 0:3:37.310
Grant-McGary, Sondra D - ETA
And So what?

0:3:37.320 --> 0:3:43.770
Grant-McGary, Sondra D - ETA
What is, so the governor ordered the government offices on Maui closed until Monday.

0:3:44.120 --> 0:3:47.910
Grant-McGary, Sondra D - ETA
The AJC was not damaged and is now open for services.

0:3:48.280 --> 0:4:3.280
Grant-McGary, Sondra D - ETA
Maui is sending staff to the disaster relief centers and right now the focus is on the humanitarian assistance, the Workforce Development Department plans to hire retirees to help with customer intake at the centers.

0:4:5.480 --> 0:4:15.430
Grant-McGary, Sondra D - ETA
And so as more information becomes available, we will keep you updated, but our thoughts and prayers do go out to Hawaii, Maui at this time.

0:4:15.480 --> 0:4:21.710
Grant-McGary, Sondra D - ETA
And if anyone knows anyone there has any updates, please feel free to share via email.

0:4:23.150 --> 0:4:32.410
Grant-McGary, Sondra D - ETA
Next, I will like to hand this over to our division chief to talk to us a little bit about allotments.

0:4:33.950 --> 0:4:34.430
Rietzke, Steven - ETA
Sure.

0:4:34.440 --> 0:4:35.390
Rietzke, Steven - ETA
Hi everyone.

0:4:35.940 --> 0:4:40.350
Rietzke, Steven - ETA
And I just wanna echo Sondra's sentiments about Hawaii.

0:4:40.400 --> 0:5:0.940
Rietzke, Steven - ETA
Maui, certainly if any of you are calling in from Hawaii or if you have loved ones or friends, there are our thoughts are with the folks there and you know hoping for the for the for the best outcome for people who been affected by what's happening there.

0:5:1.610 --> 0:5:5.400
Rietzke, Steven - ETA
I just wanted to take a minute to join you all.

0:5:5.410 --> 0:5:26.240
Rietzke, Steven - ETA
I know the team here is gonna get into a little bit more detail about the status of grant allotments, the status of some GPMS work that's ongoing, and I really just wanted to join here to tell you and acknowledge like I know this is a challenging time.

0:5:26.910 --> 0:5:48.980
Rietzke, Steven - ETA
I know that your job as SCSEP grantees has been a little extra hard lately, particularly given some delays on our end in terms of getting allotment dollars executed and out into your hands, as well as some of the ongoing development work with GPMS.

0:5:48.990 --> 0:6:6.660
Rietzke, Steven - ETA

I know that obviously the funding is critical to your operations, and I think the processing of the awards here definitely took a bit longer than we were hoping or expecting.

0:6:7.590 --> 0:6:19.0
Rietzke, Steven - ETA
I appreciate you all's you, all's patience and also appreciate the folks who have reached out to let us know what the impact was and to kind of flag situations that were particularly urgent.

0:6:20.310 --> 0:6:24.100
Rietzke, Steven - ETA
So again, I appreciate you all's patience.

0:6:24.290 --> 0:6:29.640
Rietzke, Steven - ETA
I know that creates a lot of uncertainty and challenges on your end.

0:6:30.560 --> 0:6:38.570
Rietzke, Steven - ETA
I don't have like 1 specific great answer for why everything took a bit longer.

0:6:39.310 --> 0:6:49.380
Rietzke, Steven - ETA
Part of the reason is that you know, as we've talked about, we have a new grant system that I think is still going through some growing pains.

0:6:49.660 --> 0:6:52.640
Rietzke, Steven - ETA
And so that was, that was part of the delay.

0:6:52.840 --> 0:7:15.780
Rietzke, Steven - ETA
And so, you know, I do wanna say thank you to everybody on our team here who you know in, in sort of a difficult circumstances have really done their best to elevate issues, to coordinate with our colleagues in the Office of Grants management and really to try and like triage and expedite things as well as we could.

0:7:17.120 --> 0:7:35.660
Rietzke, Steven - ETA
So you know, we will, we will definitely be kind of working with our colleagues here to try and figure out the next time around, how can we, how can we bump this process up a bit, how can we make sure that this goes more smoothly and more quickly the next time around.

0:7:36.900 --> 0:7:46.70
Rietzke, Steven - ETA
So I appreciate you all's patience and again just recognize the challenge that this kind of thing causes on your end.

0:7:46.80 --> 0:7:52.990
Rietzke, Steven - ETA
So thank you and you know, kind of the same message for GPMS.

0:7:53.0 --> 0:7:55.710
Rietzke, Steven - ETA
I know that we've come a long way.

0:7:55.720 --> 0:7:59.670
Rietzke, Steven - ETA
I think in the functionality of the system, but I know that there are still.

0:8:1.200 --> 0:8:11.160
Rietzke, Steven - ETA
It's still some aspects and some elements of the reporting and some functionality in the system that is still work in progress.

0:8:11.170 --> 0:8:20.170
Rietzke, Steven - ETA
So the team here again is working hard to figure out where those issues are and what the best path forward is, what the priorities need to be.

0:8:21.200 --> 0:8:23.760
Rietzke, Steven - ETA
So appreciate you all's patience.

0:8:24.700 --> 0:8:43.870
Rietzke, Steven - ETA
I know this is kind of a tough transitional time in terms of some of these support systems that are in place for the program and just again appreciate you all's patience and appreciate your participation in helping us to identify where there may be issues that need to be resolved.

0:8:44.550 --> 0:8:49.380
Rietzke, Steven - ETA
So thank you all for giving me the floor for a minute.

0:8:49.750 --> 0:8:59.580
Rietzke, Steven - ETA
I hope otherwise you're having a good you're having a good summer and I hope wherever you are, it's less than 110 degrees, which I know it's been in some parts of the country.

0:8:59.590 --> 0:9:6.70
Rietzke, Steven - ETA
So I'm gonna turn it back to Sondra to take us through the next the next parts of the agenda.

0:9:6.80 --> 0:9:14.210
Rietzke, Steven - ETA
But certainly if you have questions or comments about anything I've talked about, you know, I encourage you to bring those up later in the call.

0:9:16.90 --> 0:9:18.680
Grant-McGary, Sondra D - ETA
Thanks so much, Steve, you're always welcome.

0:9:18.690 --> 0:9:21.900
Grant-McGary, Sondra D - ETA
We always love it when you come and bless us with your presence.

0:9:22.310 --> 0:9:38.790
Grant-McGary, Sondra D - ETA
So we're going to move on to the grant management updates, but before we proceed as just to piggyback on what Steve was saying, if you have any questions, I know that sometimes if you don't mention it at the time with the question comes up that you'll forget, go ahead and hit it and put it in the chat.

0:9:48.870 --> 0:9:51.920
Grant-McGary, Sondra D - ETA
So don't feel like you have to wait.

0:9:51.930 --> 0:9:55.20
Grant-McGary, Sondra D - ETA
Just go ahead and put your questions in the chat and we'll answer them in the end.

0:9:55.270 --> 0:9:58.510
Grant-McGary, Sondra D - ETA
I'm going to pass the potato over to Irene.

0:10:2.60 --> 0:10:2.890
Adams, Anita (Irene) - ETA
Thank you, Sondra.

0:10:2.180 --> 0:10:2.980
Adams, Anita (Irene) - ETA
Thank you, Sondra.

0:10:8.600 --> 0:10:17.330
Adams, Anita (Irene) - ETA
1st I'm going to give an update on the status of the Notices of awards and the next steps.

0:10:17.800 --> 0:10:29.650
Adams, Anita (Irene) - ETA
Notice of awards are still being pushed out and if you have not received your notice of award today that we know that there are five or six that are outstanding.

0:10:29.860 --> 0:10:36.690
Adams, Anita (Irene) - ETA
But if you have not received your notice of awards at this point, please reach out to your FPO and check on it.

0:10:36.820 --> 0:10:43.450
Adams, Anita (Irene) - ETA
It's also possible that your notice of award went to the signatory, and they have not passed it on to you.

0:10:43.530 --> 0:10:52.110
Adams, Anita (Irene) - ETA
Make sure you check with your authorized signatory before reaching out to your FPO and make sure that they have checked their spam box.

0:10:53.450 --> 0:10:55.860
Adams, Anita (Irene) - ETA
It's possible that grant solutions.

0:10:55.870 --> 0:11:3.890
Adams, Anita (Irene) - ETA
This is the first time that they've sent them an email, and it may just be in this junk mail, so two things to check first before checking with your FPO.

0:11:6.220 --> 0:11:11.950
Adams, Anita (Irene) - ETA
Check with your authorized signatory and ask them to check their spam box for your notices of award.

0:11:12.790 --> 0:11:15.120
Adams, Anita (Irene) - ETA
The next steps are the OSR letters.

0:11:15.130 --> 0:11:23.580
Adams, Anita (Irene) - ETA
I know you guys are out there waiting patiently for your OSR approvals or non-approvals or whatever the status may be on them.

0:11:24.990 --> 0:11:32.840
Adams, Anita (Irene) - ETA
So OSR letters we have are now in the process of being reviewed by the Grant officer.

0:11:33.750 --> 0:11:34.580
Adams, Anita (Irene) - ETA
We're sorry.

0:11:34.590 --> 0:11:43.620
Adams, Anita (Irene) - ETA
Unfortunately, we can't give you the status of those of your OSR approval or non-approval until the grant officer signs it.

0:11:43.890 --> 0:11:52.580
Adams, Anita (Irene) - ETA
But rest assured, as soon as the GO signs, then we will pass them on to your FPO's to pass on to you as fast as possible.

0:11:52.590 --> 0:11:59.360
Adams, Anita (Irene) - ETA
So just be patient and and I then I wanna say again, I appreciate the patience of you grantees.

0:11:59.630 --> 0:12:0.180
Adams, Anita (Irene) - ETA
Thank you.

0:12:0.190 --> 0:12:1.470
Adams, Anita (Irene) - ETA
Thank you so much.

0:12:1.590 --> 0:12:15.160
Adams, Anita (Irene) - ETA
We're sorry we this is a process that's new to all of us, but with your understanding and patience, we've been able to get through it without too much, too much pressure on us and we do appreciate you out there.

0:12:15.210 --> 0:12:16.100
Adams, Anita (Irene) - ETA
You held out.

0:12:16.110 --> 0:12:18.640
Adams, Anita (Irene) - ETA
You held on, and we love you for it.

0:12:18.690 --> 0:12:19.950
Adams, Anita (Irene) - ETA
Really, I know I do.

0:12:21.350 --> 0:12:24.70
Adams, Anita (Irene) - ETA
State plan guidance.

0:12:26.220 --> 0:12:31.90
Adams, Anita (Irene) - ETA
I saw a peak at the WIOA combined state planning guidance.

0:12:31.100 --> 0:12:34.320
Adams, Anita (Irene) - ETA
We have a draft going around now in the approval process.

0:12:34.330 --> 0:12:36.850
Adams, Anita (Irene) - ETA
Yes, yes, it's that time again.

0:12:37.420 --> 0:12:38.150
Adams, Anita (Irene) - ETA
Almost.

0:12:38.500 --> 0:12:46.970
Adams, Anita (Irene) - ETA
So what our grantees should be doing now is if you have not fostered a relationship with the national grantees in your state and nationals.

0:12:47.20 --> 0:12:53.350
Adams, Anita (Irene) - ETA
If you have not fostered a relationship with your state grantees, you need to do so because you have input.

0:12:53.400 --> 0:13:6.500
Adams, Anita (Irene) - ETA
Both of you have input in the state plan process and you should be working together to decide what you're going to do in the SCSEP program in the future for the next four years.

0:13:6.770 --> 0:13:16.0
Adams, Anita (Irene) - ETA
So pay attention that guidance is coming out and the SCSEP standalone will be in the separate guidance.

0:13:16.90 --> 0:13:18.860
Adams, Anita (Irene) - ETA
But basically, probably on the same guideline.

0:13:18.870 --> 0:13:22.880
Adams, Anita (Irene) - ETA
So just keep a lookout for the state plan guidance.

0:13:24.160 --> 0:13:26.310
Adams, Anita (Irene) - ETA
Swaps and transfers.

0:13:26.320 --> 0:13:34.190
Adams, Anita (Irene) - ETA
We've had a couple of incidents where there have been some swaps without national office approval.

0:13:34.580 --> 0:13:57.170
Adams, Anita (Irene) - ETA
There is a current SOP for swaps and transfers and we and if you inquire about doing a swap or transfer of swap we give that information to you and it’s posted on the cop now, there have been some changes to the process and we're going to dust that off and update it as soon as possible.

0:13:57.280 --> 0:14:28.300
Adams, Anita (Irene) - ETA
But however, because now you can actually upload modifications on grant in grants management grants solutions yourself, but when you still need National Office approval for a swap or transfer, So what we need you to do is when you have that information ready, you should submit it to your FPO and then we'll take the steps to assure that they are reviewed and reviewed for now.

0:14:28.370 --> 0:14:35.220
Adams, Anita (Irene) - ETA
But we are working on new guidance for it and you should get it shortly and that's it for me.

0:14:37.40 --> 0:14:37.530
Grant-McGary, Sondra D – ETA
Awesome.

0:14:37.540 --> 0:14:37.830
Grant-McGary, Sondra D – ETA
Awesome.

0:14:37.840 --> 0:14:38.510
Grant-McGary, Sondra D – ETA
Thank you, Irene.

0:14:39.220 --> 0:14:44.310
Grant-McGary, Sondra D – ETA
So now we're going to move on to communications and outreach, training and technical assistance.

0:14:44.700 --> 0:14:46.350
Grant-McGary, Sondra D – ETA
We're going to.

0:14:46.580 --> 0:14:49.290
Grant-McGary, Sondra D – ETA
I'm gonna toss the potato over to you, Kevin.

0:14:49.960 --> 0:14:50.950
Mauro, Kevin M - ETA CTR
Thanks Sondra.

0:14:51.140 --> 0:14:54.590
Mauro, Kevin M - ETA CTR
I have a really short update for everyone this month.

0:14:54.680 --> 0:15:8.80
Mauro, Kevin M - ETA CTR
We have a lot of things kind of going on in the background to clean things up and organize your community of practice and to sort of streamline the way that you will find items on the community of practice.

0:15:8.350 --> 0:15:22.240
Mauro, Kevin M - ETA CTR
So all of that sort of happening behind the scenes, our next sort of major thing to look forward to of course is national employ older workers week that'll take place the last full week in September this year.

0:15:22.390 --> 0:15:40.810
Mauro, Kevin M - ETA CTR

And so by our next meeting, you should have material for the various ways that you can help promote and celebrate NEOWW at your grantee, but that's all that we have for August this month.

0:15:41.20 --> 0:15:41.520
Grant-McGary, Sondra D – ETA
That's big though. That's big.

0:15:44.510 --> 0:15:45.900
Grant-McGary, Sondra D – ETA
And now, your fearless leader. Michi.

0:15:47.480 --> 0:15:48.780
McNeace, Meche - ETA CTR
Thank you, Sondra.

0:15:48.790 --> 0:15:49.830
McNeace, Meche - ETA CTR
Hi everybody.

0:15:50.100 --> 0:15:56.950
McNeace, Meche - ETA CTR
I just wanna briefly say thank you guys for you know, helping make this GPMS virtual live a success.

0:15:56.960 --> 0:16:14.150
McNeace, Meche - ETA CTR
We do hold office hours every Wednesday except for the Wednesday that we have our all grantee call, so we wouldn't have one today, but we will reconvene next week, the 23rd from 2:00 to 3:30 Eastern Time.

0:16:14.560 --> 0:16:26.620
McNeace, Meche - ETA CTR
And so with that being said, just wanted to say thank you all and that we will have two more event in August with the last one on the 31st, So, yes we will have 4 virtual lives in the month of August.

0:16:26.700 --> 0:16:30.650
McNeace, Meche - ETA CTR
So it'll be on the 23rd and then on the 30th.

0:16:30.880 --> 0:16:38.950
McNeace, Meche - ETA CTR
So hope to see if you guys have any questions or challenges navigating the system, please come in and join us.

0:16:39.120 --> 0:16:43.550
McNeace, Meche - ETA CTR
And just remember, the office hours are from 2:00 PM to 3:30 PM.

0:16:43.560 --> 0:16:48.50
McNeace, Meche - ETA CTR
It doesn't necessarily mean you have to log in at two and stay till 3:30.

0:16:48.60 --> 0:16:52.640
McNeace, Meche - ETA CTR
So anytime within that window, just pop in and we'll be there.

0:16:53.160 --> 0:16:53.860
McNeace, Meche - ETA CTR
That's it.

0:16:56.460 --> 0:16:57.260
Grant-McGary, Sondra D – ETA
Awesome.

0:16:57.270 --> 0:16:57.930
Grant-McGary, Sondra D – ETA
Awesome.

0:16:58.970 --> 0:17:1.440
Grant-McGary, Sondra D – ETA
So now we're going to move on to GPMS updates.

0:17:1.450 --> 0:17:3.950
Grant-McGary, Sondra D – ETA
We're going to kick things off with Ali.

0:17:4.740 --> 0:17:5.710
Slaughter, Alison S – ETA
Thanks, Sondra.

0:17:5.930 --> 0:17:13.350
Slaughter, Alison S – ETA
Before we jump into some of the additional detailed updates from GPMS, I just wanted to quickly speak on the status of the internal QPR.

0:17:13.360 --> 0:17:15.290
Slaughter, Alison S – ETA
I know there's been a lot of questions about it.

0:17:15.880 --> 0:17:31.430
Slaughter, Alison S – ETA
You should be able to generate a QPR report through the admin console now of GPMS and currently we do have two known issues, section B 2.2 which is our employment rate fourth quarter as well as the average project duration.

0:17:31.780 --> 0:17:57.80
Slaughter, Alison S – ETA

However, I do want to stress that we are conducting some data validation on the back end to triple check that the data in the report is correct and when that is complete we will be sure to communicate those the status of the reports and in the meantime, if you do notice anything that seems incorrect or off on your own QPR, please submit a ticket via Zendesk so we can address that right away and I will turn it over to Byron.

0:17:57.210 --> 0:17:57.820
Kline, Byron - ETA
Great.

0:17:57.830 --> 0:17:58.600
Kline, Byron - ETA
Thank you, Ali.

0:17:59.170 --> 0:18:5.560
Kline, Byron - ETA
So at the last vLive GPMS office hours.

0:18:5.810 --> 0:18:10.180
Kline, Byron - ETA
One of the questions that came up was concerning equitable distribution.

0:18:10.190 --> 0:18:16.960
Kline, Byron - ETA
Namely, was the ED report still due in August of 2023?

0:18:17.470 --> 0:18:29.980
Kline, Byron - ETA
So in response to that, the answer is no due to a discrepancy between the records grantees enter into GPMS and the resulting data used to generate the ED report.

0:18:30.340 --> 0:18:43.570
Kline, Byron - ETA
The due date for the next ED report will be postponed until further notice, so please note that the initial date was August of 2023, sometime this month.

0:18:43.580 --> 0:18:52.140
Kline, Byron - ETA
By the end of this month that it was due, but until we iron out those discrepancies, it would be postponed until further notice.

0:18:52.850 --> 0:18:57.480
Kline, Byron - ETA
If you have any questions about that, feel free to reach out to national office.

0:18:58.840 --> 0:19:14.180
Kline, Byron - ETA
Also, just concerning the GPMS newsletter, what I just spoke about regarding the ED report is actually one of our August spotlights, so make certain that you check out the newsletter again.

0:19:14.190 --> 0:19:22.470
Kline, Byron - ETA
The newsletter is designed to be a one stop shop for all things GPMS.

0:19:22.540 --> 0:19:28.220
Kline, Byron - ETA
It also is a portal to what is the community of practice?

0:19:28.740 --> 0:19:33.640
Kline, Byron - ETA
A portal on our website.

0:19:34.210 --> 0:19:43.720
Kline, Byron - ETA
If you have any questions about that, again, if you're not receiving the GPMS newsletter, please reach out with an email and I'll make sure that you get it.

0:19:45.150 --> 0:19:49.960
Kline, Byron - ETA
That's it for me, and I'll turn things I think back to Tina.

0:19:50.70 --> 0:19:50.960
Kline, Byron - ETA
You know, yes.

0:19:54.310 --> 0:19:55.930
Tina Ward
Good afternoon, everyone.

0:19:56.650 --> 0:20:1.480
Tina Ward
Couple of things we wanna highlight with you on the detailed portion of the GPMS updates.

0:20:2.190 --> 0:20:5.680
Tina Ward
First subject we'll talk about is the GPMS releases.

0:20:5.690 --> 0:20:21.400
Tina Ward
There's been a couple of small hot fixes deployed into production since our last call, and they were 1.9.1 and 1.9.2 and they mostly centered around the internal and nationwide QPR.

0:20:21.570 --> 0:20:24.540
Tina Ward
There were some errors, users were receiving some errors.

0:20:24.550 --> 0:20:39.270
Tina Ward
That's been cleared up as well as some label changes in formatting, and grantees can always refer to the

complete release notes that were released on the date that the production was released, and also on SCSEP help websites.

0:20:40.200 --> 0:20:43.270
Tina Ward
Next thing is authorized positions.

0:20:43.760 --> 0:21:0.40
Tina Ward
Thanks to all the grantees who have completed their authorized positions allocations and also grantees were notified that the modified positions are now uploaded into GPMS and they should be reflected on your PY 23.

0:21:0.130 --> 0:21:4.510
Tina Ward
QPR's I'm moving on to technical assistance.

0:21:4.720 --> 0:21:7.890
Tina Ward
We've got a couple of things to have out here.

0:21:7.940 --> 0:21:13.20
Tina Ward
One the first one is adding and retiring subgrantees of course, the end of the program.

0:21:13.30 --> 0:21:15.870
Tina Ward
Year means a lot of changes and they need.

0:21:15.880 --> 0:21:23.30
Tina Ward
We just want to remind grantees to submit those changes to Zendesk as soon as the changes are finalized.

0:21:23.700 --> 0:21:31.480
Tina Ward
Please don't delay these changes and also grantees were reminded to submit all requested changes by August the 2nd.

0:21:32.460 --> 0:21:37.630
Tina Ward
The next one is a little wordy, so I'm gonna try to do good with it.

0:21:38.40 --> 0:21:51.130
Tina Ward
This is we've noticed that when extensions are due to participant that's being transferred that the donor grantee needs to be more aware of any participants.

0:21:52.0 --> 0:21:57.810
Tina Ward
Who is eligible for an extension prior to the transfer request and that meaning?

0:21:57.820 --> 0:22:3.860
Tina Ward
I'm gonna read our instructions here, granting extensions prior to the transfer.

0:22:4.250 --> 0:22:23.490
Tina Ward
If the donor has a more liberal ideal policy, we wanna remind all the donor grantees and the recipients of the implications that you see in the state, Amit, when you're getting ready to submit a transfer, this is the application of the more liberal of the two grantees.

0:22:23.500 --> 0:22:33.590
Tina Ward
Ideal policy for 90 days, so in GPMS this basically means prior to submitting a transfer Ng PMS.

0:22:33.600 --> 0:22:48.800
Tina Ward
Please review all of the transferred participants ID or durational limit dates and their waiver updates and go ahead and grant that extension if they are currently eligible for one prior to the transfer.

0:22:49.450 --> 0:22:52.130
Tina Ward
And if you have any questions, please feel free to put them in the chat.

0:22:54.210 --> 0:23:1.760
Tina Ward
And next we have an issue of a few issues that have come up with login.gov recently.

0:23:1.770 --> 0:23:8.300
Tina Ward
There's been several inquiries regarding users having an issue when they only have one authentication method.

0:23:9.50 --> 0:23:13.860
Tina Ward
Most users use their mobile phone as their authentication process.

0:23:14.70 --> 0:23:29.200
Tina Ward
However, we strongly suggest that you use two, so in case you change your cell phone number or you lose it or what have you, you'll have a secondary method to gain access to login.gov and therefore GPMS.

0:23:29.550 --> 0:23:35.740
Tina Ward
And I'll be posting some information from login.gov in the chat as well.

0:23:36.290 --> 0:23:38.800
Tina Ward
And lastly, it's our tip of the month.

0:23:39.50 --> 0:23:47.200
Tina Ward
As always, just a reminder for users not to use BCT staff's personal email or the SCSEP

0:23:47.210 --> 0:23:49.620
Tina Ward
Help email for communication.

0:23:49.790 --> 0:23:54.810
Tina Ward
This should always be instigated through Zendesk and that's it for us.

0:23:54.900 --> 0:23:56.610
Tina Ward
Sondra the hot potatoes, yours now.

0:23:58.300 --> 0:23:58.750
Grant-McGary, Sondra D – ETA
Thanks.

0:24:0.990 --> 0:24:8.960
Grant-McGary, Sondra D – ETA
So now we'll move on to the portion where we do our grantee highlights and our Q&A that we do have some.

0:24:8.970 --> 0:24:20.660
Grant-McGary, Sondra D – ETA
We're going to start with the questions that are in chat and then as you have additional questions or if your question is not in chat, you raise your hand we'll unmute you and give you opportunity to ask your questions.

0:24:20.720 --> 0:24:32.800
Grant-McGary, Sondra D – ETA
This also includes the highlights, though if there's something amazing that you want to share that, your agency is doing like in Puerto Rico, who has what?

0:24:32.810 --> 0:24:33.440
Grant-McGary, Sondra D – ETA
What does it say?

0:24:33.450 --> 0:24:45.440
Grant-McGary, Sondra D – ETA
Since I wanna, I wanna point out that they are having a fundraiser that is being organized by, oh, here we go El Comedor come de la Kennedy.

0:24:45.710 --> 0:24:50.260
Grant-McGary, Sondra D – ETA
It's a nonprofit that runs a food pantry and it is non-denominational.

0:24:50.330 --> 0:24:52.260
Grant-McGary, Sondra D – ETA
These are things that we do like to hear about.

0:24:52.370 --> 0:25:0.160
Grant-McGary, Sondra D – ETA
So if you again want to raise your hand, will take you off mute to add either celebrate your agency or give us a question.

0:25:0.210 --> 0:25:2.50
Grant-McGary, Sondra D – ETA
But first, we're going to run through the chat.

0:25:2.800 --> 0:25:6.950
Grant-McGary, Sondra D – ETA

Irene is going to run through the chat and answer questions as our resident expert.

0:25:7.220 --> 0:25:13.760
Adams, Anita (Irene) – ETA
The state of north, the state of North Carolina has received the NOA.

0:25:13.770 --> 0:25:17.940
Adams, Anita (Irene) – ETA
However, unable to download as a PDF using Chrome.

0:25:18.250 --> 0:25:29.380
Adams, Anita (Irene) – ETA
Does a different browser work better to download? We use Chrome here and we didn't have, we didn't have any problems with that.

0:25:30.960 --> 0:25:42.850
Adams, Anita (Irene) – ETA
I think the thing you might wanna do might just save it to your desktop or try another browser, but we use Chrome here and didn't seem to have any problems with it.

0:25:43.20 --> 0:25:43.220
Adams, Anita (Irene) – ETA
Yeah.

0:25:43.570 --> 0:25:50.20
Adams, Anita (Irene) – ETA
The next question had to do with data validation.

0:25:51.650 --> 0:26:13.960
Adams, Anita (Irene) – ETA

The question for the Q&A was wondering when you are thinking of samples for the PY 23 validation of PY 2022 data, a plan to be available in GPMS and when the data validation must be completed by. So the DV module has not been completed in GPMS.

0:26:15.580 --> 0:26:30.560
Adams, Anita (Irene) – ETA
However, when it is has been completed, when the function and the function is available, we will communicate a revised timeline as well as the schedule training on the module as well as schedule the training on the module.

0:26:31.400 --> 0:26:37.660
Adams, Anita (Irene) – ETA
Would we be able to get the meeting minutes earlier than the day before the next meeting?

0:26:40.360 --> 0:26:42.970
Adams, Anita (Irene) – ETA
I'm in the past, we.

0:26:45.560 --> 0:26:48.860
Adams, Anita (Irene) – ETA
We were able to send out the.

0:26:51.250 --> 0:27:4.100
Adams, Anita (Irene) – ETA
The transcript for the for the all grantee call prior to a couple of weeks prior to the all grantee called through a reminder.

0:27:5.50 --> 0:27:11.890
Adams, Anita (Irene) – ETA
We'll work on trying to get it earlier than the day before the meeting, but we will try to.

0:27:11.940 --> 0:27:13.320
Adams, Anita (Irene) – ETA
We will make the effort to do that.

0:27:13.910 --> 0:27:18.160
Wilson, Toni K - SCSEP
Yes, I mean we can get those out before the meeting and so we will work on that.

0:27:18.170 --> 0:27:21.620
Wilson, Toni K - SCSEP
And if you heard at the beginning, you met Ashley.

0:27:21.630 --> 0:27:30.950
Wilson, Toni K - SCSEP
She's our new admin support, so we've been without and now we have a full staff team and so we will make sure that those things get out on time.

0:27:30.960 --> 0:27:32.300
Wilson, Toni K - SCSEP
We apologize for any inconvenience.

0:27:34.510 --> 0:27:51.740
Grant-McGary, Sondra D – ETA
It's a question from Joshua Wadsworth about grant office review time that actually the question is, can you please give us an estimate for how long the Grant Officer review will take in reference to OSRS?

0:27:51.750 --> 0:27:53.330
Grant-McGary, Sondra D – ETA
That's when that question came up.

0:27:53.380 --> 0:28:1.350
Adams, Anita (Irene) – ETA
Unfortunately, no, we don't have a thumb a finger on the grant officer's timeline.

0:28:1.360 --> 0:28:10.70
Adams, Anita (Irene) – ETA
Her concentration has been in this new system and like I said, thank you again or your patience with that.

0:28:10.310 --> 0:28:18.530
Adams, Anita (Irene) – ETA
But her concentration has been getting out the awards, and she has more than SCSEP for SCSEP grant under her power.

0:28:18.880 --> 0:28:28.590
Adams, Anita (Irene) – ETA
So that in her queue so it took a lot to get your awards out this time under this new system.

0:28:42.250 --> 0:28:48.430
Wilson, Toni K - SCSEP
All right, it looks like the team has been muted and so I'm the only one that's notice on my end.

0:28:49.710 --> 0:28:53.760
Wilson, Toni K - SCSEP
But to Irene's point, we are getting those out.

0:28:53.810 --> 0:29:1.560
Wilson, Toni K - SCSEP
The first step was to make sure everyone had their allotments, and then once those allotments are done, that is the next phase.

0:29:1.750 --> 0:29:4.100
Wilson, Toni K - SCSEP
So we hope to get those out over the coming weeks.

0:29:6.100 --> 0:29:7.200
Adams, Anita (Irene) – ETA
Why is Tina muted?

0:29:10.0 --> 0:29:11.740
Mauro, Kevin M - ETA CTR
I think we're unmuted now, OK.

0:29:13.790 --> 0:29:14.70
Adams, Anita (Irene) – ETA
OK.

0:29:11.440 --> 0:29:17.310
Wilson, Toni K - SCSEP
Yeah, you guys are unmuted now for some reason the whole team there was muted, but I answered the question.

0:29:17.320 --> 0:29:19.250
Wilson, Toni K - SCSEP
So I think we're good for that.

0:29:18.270 --> 0:29:19.370
Kline, Byron - ETA
OK, got it.

0:29:20.690 --> 0:29:33.230
Adams, Anita (Irene) – ETA
You see the question from, you read it, I requested that the ICR regarding SCSEP that was listed in the Federal Register from Friday but haven't received it.

0:29:33.240 --> 0:29:34.710
Adams, Anita (Irene) – ETA
Is there another way to request this

0:29:34.720 --> 0:29:38.0
Adams, Anita (Irene) – ETA
documentation? You can Google it, it's online.

0:29:38.780 --> 0:29:46.490
Adams, Anita (Irene) – ETA
I mean it always in at the Federal Register website federalregister.gov.

0:29:48.640 --> 0:29:51.950
Grant-McGary, Sondra D – ETA
Maybe you can find the link and post it inside the chat.

0:29:52.110 --> 0:29:53.700
Adams, Anita (Irene) – ETA
Yes, I will do that.

0:29:53.710 --> 0:30:5.900
Grant-McGary, Sondra D – ETA
Awesome probably about anyone else, but it is only 3:31, so we need either a more questions or more bragging time from our grantees.

0:30:5.910 --> 0:30:9.410
Grant-McGary, Sondra D – ETA
Are there any more questions or announcements that the grantees would like to make?

0:30:12.330 --> 0:30:16.840
Phillips, Ashley P - ETA CTR
There's a hand up and we got a hand for Joshua Wadsworth.

0:30:24.730 --> 0:30:25.340
Joshua Wadsworth
Hi everybody.

0:30:25.350 --> 0:30:25.810
Joshua Wadsworth
Can you hear me?

0:30:21.860 --> 0:30:27.60
Grant-McGary, Sondra D – ETA
Hey, Joshua unmute yourself.

0:30:28.630 --> 0:30:29.280
Joshua Wadsworth
Great.

0:30:30.130 --> 0:30:38.830
Joshua Wadsworth
Thanks so much for you know, the information that you're able to ride on the ED reports and the OSR approvals.

0:30:39.440 --> 0:30:46.270
Joshua Wadsworth
I would just like to say, you know, it'd be really great if we could get any kind of estimate on the time frame.

0:30:47.0 --> 0:31:0.370
Joshua Wadsworth
You know, we understand the some of the complications and logistics and things like that, but these are services that we're trying to deploy to job seekers who need them and there's planning on our end that has to take place.

0:31:0.890 --> 0:31:36.870
Joshua Wadsworth
And so just even if we know it's, this is going to happen in the first two weeks of September, for example, operationally is a, you know a huge help to us and especially given some of the things that that

Steve mentioned the delays in getting the NOA, you know some of those things not knowing if the if the ED reports were due until two weeks before we, it's just really difficult for us to plan our staff time and we're trying to invest as much of that as possible in services to our job seekers, and then.

0:31:39.390 --> 0:32:3.780
Joshua Wadsworth
So one other issue on that I wanted to raise is that we've been really happy to have all the information shared on the GPMS Office hours, but a bit concerned that there's been some really critical pieces of information shared at that optional meeting that haven't been communicated network wide as far as I'm aware.

0:32:4.10 --> 0:32:14.370
Joshua Wadsworth
So last week we learned, for example, that the six-month income calculation wasn't performing the way we were expecting based on what the on-screen directions were saying.

0:32:14.880 --> 0:32:22.850
Joshua Wadsworth
Which you know potentially impacts eligibility determinations, which was a big focus of some of the features in GPMS this time.

0:32:22.860 --> 0:32:26.470
Joshua Wadsworth
And so if that's not working, that needs to be communicated to everybody.

0:32:26.630 --> 0:32:28.420
Joshua Wadsworth
And so like, it's helpful.

0:32:28.430 --> 0:32:39.740
Joshua Wadsworth
Really appreciative of those, but you know there's it seems like critical information that's only being communicated in these optional meetings is a concern.

0:32:39.750 --> 0:32:51.400
Joshua Wadsworth
And also it's a huge time investment network wide for all of us to be in these meetings to sort of keep learning the development.

0:32:51.410 --> 0:32:59.210
Joshua Wadsworth
So I hope there's we can work on improving that sort of distribution and information from those meetings to the whole network.

0:33:0.970 --> 0:33:2.420
Wilson, Toni K - SCSEP
So that's what I can start.

0:33:2.430 --> 0:33:11.350
Wilson, Toni K - SCSEP
Very, very good, very good points and appreciate you, you know, sharing that I will just start in reference to the office hours.

0:33:13.130 --> 0:33:27.960
Wilson, Toni K - SCSEP
So unfortunately, what's happening during that is during that time, which happened shortly after either release or at Hot Fix, is where we were discovering that there was a problem.

0:33:27.970 --> 0:33:33.940
Wilson, Toni K - SCSEP
So basically what happens is that audience is the audience that discovers that this is a problem.

0:33:34.190 --> 0:33:49.100
Wilson, Toni K - SCSEP
We do send out the emails if we don't get things by tickets, we don't always know and so that's an opportunity where we're when you, someone said there was a problem with the see it, then the tickets came in and we were able to work and reference to a hot fix.

0:33:53.970 --> 0:33:54.230
Joshua Wadsworth
Mm-hmm.

0:33:50.320 --> 0:33:55.470
Wilson, Toni K - SCSEP
So we are not using that as a forum to share information.

0:33:55.520 --> 0:34:6.790
Wilson, Toni K - SCSEP
And for a subset and we do provide a kind of summary of each release or hot fix in reference to kind of what is working and what is not working.

0:34:6.800 --> 0:34:10.170
Wilson, Toni K - SCSEP
And that's the information and everybody should be looking at.

0:34:10.240 --> 0:34:12.690
Wilson, Toni K - SCSEP
So I'm sorry if it does feel like we're kind of like surprised.

0:34:12.700 --> 0:34:20.60
Wilson, Toni K - SCSEP
Here's some information, but it unfortunately is just more of a oh, this is, you know, one thing was fixed.

0:34:20.70 --> 0:34:21.980
Wilson, Toni K - SCSEP
This piece needs a little more work.

0:34:21.990 --> 0:34:26.490
Wilson, Toni K - SCSEP
So you know it's on that piece before I move forward, I see that Steve's hand is up.

0:34:26.610 --> 0:34:28.590
Wilson, Toni K - SCSEP
So I'm gonna let him speak it and I can jump back in.

0:34:30.780 --> 0:34:31.250
Rietzke, Steven - ETA
Yeah.

0:34:31.260 --> 0:34:33.530
Rietzke, Steven - ETA
I mean, thanks Toni and Joshua.

0:34:33.540 --> 0:34:35.770
Rietzke, Steven - ETA
Thank you for raising both of these issues.

0:34:35.780 --> 0:34:45.690
Rietzke, Steven - ETA
I wanted to just talk for a minute about the question on, you know the Grant Officer timeline in terms of approving optional special request.

0:34:46.540 --> 0:34:49.630
Rietzke, Steven - ETA
We definitely hear you on that.

0:34:49.640 --> 0:34:53.730
Rietzke, Steven - ETA
I think we're because we didn't sort of nail this down ahead of time.

0:34:53.740 --> 0:35:11.310
Rietzke, Steven - ETA
I think we're hesitant to speak for the grant officer off the cuff, but I do think that we can we and you know, I personally can take this message back and kind of impress on them sort of where we think these should be in the priority order.

0:35:11.320 --> 0:35:35.660
Rietzke, Steven - ETA
So we will do our best to carry that message forward and to the extent we can to the extent we can pin down an estimated timeline, we can let you know we may not be able to pin that down precisely, but we can at least kind of make sure that these are fully on the radar and make sure that the urgency level is reflected appropriately.

0:35:36.650 --> 0:35:36.910
Joshua Wadsworth
No.

0:35:36.920 --> 0:35:37.230
Joshua Wadsworth
Yeah.

0:35:37.240 --> 0:35:38.80
Joshua Wadsworth
Really appreciate that.

0:35:38.90 --> 0:35:47.770
Joshua Wadsworth
And like I said, even some rough estimates we know, hey, we can work on these other things first, because this isn't coming for a couple weeks right now would be a huge help for us.

0:35:48.640 --> 0:35:48.900
Rietzke, Steven - ETA
Sure, OK.

0:35:47.780 --> 0:35:49.20
Joshua Wadsworth
So we really appreciate it.

0:35:52.330 --> 0:36:9.50
Adams, Anita (Irene) – ETA
The grand comment getting things in writing assists with follow up if we don't attend the office hours, we may not be aware of the issues that are critical, the eligibility determination issue is critical since this is an income-based program.

0:36:13.0 --> 0:36:14.260
Adams, Anita (Irene) – ETA
It’s a comment not a question.

0:36:15.100 --> 0:36:16.660
McNeace, Meche - ETA CTR
Can I jump in here?

0:36:16.670 --> 0:36:18.830
McNeace, Meche - ETA CTR
And Tina can help me with this too.

0:36:18.840 --> 0:36:30.350
McNeace, Meche - ETA CTR
On the six months versus 12-month income calculation and GPMS, this is Michi everyone, the system isn't broken, it's not that it's not functioning correctly.

0:36:30.360 --> 0:36:46.190
McNeace, Meche - ETA CTR
So what we try to explain, and Tina could jump in here with me, is that what the system does not do and has never done is if somebody's gonna use a six month income calculation, the system does not annualize the amount.

0:36:46.400 --> 0:36:53.770
McNeace, Meche - ETA CTR
So if the 12 month is $10,000, but the six months is 5000.

0:36:53.840 --> 0:37:1.770
McNeace, Meche - ETA CTR
Again, if you put in 5000 into the six months, section of GPMS it will not annualize for you.

0:37:1.780 --> 0:37:11.750
McNeace, Meche - ETA CTR
In other words, it will not double it for you, so the user must go ahead and annualize the six months income and put that amount into the system.

0:37:11.830 --> 0:37:16.980
McNeace, Meche - ETA CTR
The system has never calculated or annualized that from the time it was deployed.

0:37:16.990 --> 0:37:17.470
McNeace, Meche - ETA CTR
Right, Tina?

0:37:20.920 --> 0:37:21.570
Tina Ward
That's correct. Michi

0:37:22.180 --> 0:37:26.470
Tina Ward
It works identical the way that SPARQ did previously.

0:37:26.980 --> 0:37:32.50
Tina Ward
Grantees have to annualize the six-month income themselves, prior to entry.

0:37:32.910 --> 0:37:33.400
McNeace, Meche - ETA CTR
Yeah.

0:37:33.500 --> 0:37:37.720
McNeace, Meche - ETA CTR
And so what we did notice is that the label may be a little telling.

0:37:37.730 --> 0:37:43.920
McNeace, Meche - ETA CTR
It may not tell the end user that or really tell them you need to go ahead and annualize it first.

0:37:44.50 --> 0:37:56.40
McNeace, Meche - ETA CTR
So we have elevated up to BCT and been working back and forth with them to see, you know maybe the labeling, the instructions need to be updated so that.

0:37:55.320 --> 0:37:56.570
Wilson, Toni K - SCSEP
Yes, that's on the.

0:37:58.350 --> 0:37:58.540
McNeace, Meche - ETA CTR
Yes.

0:37:56.580 --> 0:38:0.870
Wilson, Toni K - SCSEP
That's on the designers radar through that meeting, we were able to bring that to them.

0:38:0.880 --> 0:38:6.560
Wilson, Toni K - SCSEP
So that's what we're working on and as soon as we have a solution for that, we will provide that.

0:38:8.0 --> 0:38:8.660
Wilson, Toni K - SCSEP
Thanks Michi.

0:38:8.980 --> 0:38:9.890
McNeace, Meche - ETA CTR
You're welcome.

0:38:9.900 --> 0:38:10.380
McNeace, Meche - ETA CTR
Thanks, Tina.

0:38:11.390 --> 0:38:12.0
Wilson, Toni K - SCSEP
Thanks, Tina.

0:38:12.330 --> 0:38:13.230
Wilson, Toni K - SCSEP
Thanks Tina and Michi.

0:38:19.670 --> 0:38:27.620
Grant-McGary, Sondra D – ETA
Unless I am jumping too far ahead, it looks like questions there are no more questions and no announcements.

0:38:27.890 --> 0:38:41.760
Grant-McGary, Sondra D – ETA
I'm going to pass the data to my fearless leader who is on screen currently for a closeout, possibly or any additional information because we are early, unless I'm fast. What?

0:38:40.530 --> 0:38:40.740
Wilson, Toni K - SCSEP
Yeah.

0:38:40.750 --> 0:38:41.540
Wilson, Toni K - SCSEP
And there's no need.

0:38:41.550 --> 0:38:44.500
Wilson, Toni K - SCSEP
There's no need to keep people, anybody, any much longer.

0:38:44.690 --> 0:39:3.630
Wilson, Toni K - SCSEP
I definitely once again ditto everything that Steve has said and the team please know that we are working behind the scenes, both in reference to making sure that all have their allotments and that the OSRs are next and then making sure everybody has their full grant packages.

0:39:3.640 --> 0:39:5.840
Wilson, Toni K - SCSEP
And so we're working very hard to get those out.

0:39:5.930 --> 0:39:10.970
Wilson, Toni K - SCSEP
And then, as usual, definitely continuing to work with GPMS.

0:39:11.220 --> 0:39:19.900
Wilson, Toni K - SCSEP
And I hear the feedback and we will make sure we continue to make sure that that information is communicated and as you come across things.

0:39:19.910 --> 0:39:28.950
Wilson, Toni K - SCSEP
So please submit the tickets because the tickets are how we are hearing from the field and making any of those corrections along the way.

0:39:29.420 --> 0:39:30.810
Wilson, Toni K - SCSEP
So we will keep you posted.

0:39:31.160 --> 0:39:35.670
Wilson, Toni K - SCSEP
You know, we're still in transition, as you know, and but you know, we're getting close each time.

0:39:35.740 --> 0:39:41.280
Wilson, Toni K - SCSEP
So I thank everybody for their patience and thank you so much for attending the call today.

0:39:41.550 --> 0:39:42.340
Wilson, Toni K - SCSEP
Thank you, Sondra.

0:39:42.350 --> 0:39:44.780
Wilson, Toni K - SCSEP
Also, for your moderation today, we appreciate it.

0:39:45.840 --> 0:39:46.530
Grant-McGary, Sondra D – ETA
No problem.

0:39:46.540 --> 0:39:53.300
Grant-McGary, Sondra D – ETA
Just a quick reminder, our next all grantee call will be Wednesday, September 20th and we hope to see everyone there.

0:39:56.220 --> 0:39:56.910
Grant-McGary, Sondra D – ETA
Bye bye.

0:39:58.590 --> 0:39:59.80
Wilson, Toni K - SCSEP
Thank you.

0:39:59.90 --> 0:39:59.720
Wilson, Toni K - SCSEP
Bye everyone.
