SCSEP Monthly All Grantee Call Transcript – March 20, 2024

0:0:10.50 --> 0:0:14.20
Barcley, Joyce M - ETA CTR
OK, to rejoin again, all you have to do is click on the mic or the camera.

0:0:14.130 --> 0:0:19.740
Barcley, Joyce M - ETA CTR
If you do click on the mic, we do ask that you mute yourself and only unmute yourself if you're going to be speaking.

0:0:20.90 --> 0:0:22.790
Barcley, Joyce M - ETA CTR
And with that, I'm going to turn it back to Irene.

0:0:24.730 --> 0:0:26.810
Adams, Anita (Irene) - ETA
Thank you, Joyce, and thank you, Bradley.

0:0:27.570 --> 0:0:29.850
Adams, Anita (Irene) - ETA
We missed that yesterday, but I'm good.

0:0:31.300 --> 0:0:33.50
Adams, Anita (Irene) - ETA
I will not forget it ever again.

0:0:33.480 --> 0:0:44.580
Adams, Anita (Irene) - ETA
Again, good afternoon and welcome to the March all-grantee call. Umm we had, we're going to move the schedule around a little bit. First,

0:0:44.590 --> 0:0:49.490
Adams, Anita (Irene) - ETA
We're going to introduce ourselves from National Office, going alphabetically. Again,

0:0:49.500 --> 0:0:55.750
Adams, Anita (Irene) - ETA
My name is Irene Adams and I am the National Office liaison for Regions one and five.

0:0:55.880 --> 0:0:57.690
Adams, Anita (Irene) - ETA
I'm going to pass this to Sondra.

0:1:2.20 --> 0:1:3.270
Grant-McGary, Sondra D - ETA
I should have expected that.

0:1:3.280 --> 0:1:4.830
Grant-McGary, Sondra D - ETA
Hey everybody, I'm Sondra.

0:1:5.560 --> 0:1:10.590
Grant-McGary, Sondra D - ETA
I'm the National Office liaison for regions two and four.

0:1:10.700 --> 0:1:11.840
Grant-McGary, Sondra D - ETA
Happy to see everybody today.

0:1:13.850 --> 0:1:15.430
Adams, Anita (Irene) - ETA
And we're going to pass it to Byron.

0:1:16.400 --> 0:1:17.210
Kline, Byron - ETA
Hi everyone.

0:1:17.320 --> 0:1:22.810
Kline, Byron - ETA
Byron Kline, National Office liaison for regions three and six.

0:1:22.880 --> 0:1:26.260
Kline, Byron - ETA
And I'm gonna pass it to Ali Slaughter, our birthday girl.

0:1:28.100 --> 0:1:29.260
Slaughter, Alison S - ETA
Thanks, Byron.

0:1:30.60 --> 0:1:31.450
Slaughter, Alison S - ETA
Good afternoon everyone.

0:1:31.460 --> 0:1:34.580
Slaughter, Alison S - ETA
I'm Ali Slaughter and I'm focused on SCSEP performance and reporting.

0:1:39.300 --> 0:1:41.310
Adams, Anita (Irene) - ETA
And is Toni on yet?

0:1:42.20 --> 0:1:43.840
Slaughter, Alison S - ETA
Toni will be coming momentarily.

0:1:41.320 --> 0:1:45.60
Adams, Anita (Irene) - ETA
OK.

0:1:45.110 --> 0:1:46.200
Adams, Anita (Irene) - ETA
Alright, thank you.

0:1:46.290 --> 0:1:51.710
Adams, Anita (Irene) - ETA
Then we'll move along and starting with the BCT team, that's alphabetically.

0:1:53.150 --> 0:1:55.270
Adams, Anita (Irene) - ETA
I'm starting with Leila. Leila?

0:1:56.970 --> 0:1:57.760
Lynch, Leila I - ETA CTR
Good afternoon.

0:1:57.770 --> 0:1:58.680
Lynch, Leila I - ETA CTR
I'm Leila lynch.

0:1:58.690 --> 0:2:2.580
Lynch, Leila I - ETA CTR
I'm a member of the BCT SCSEP Help team. Back to Irene.

0:2:3.960 --> 0:2:6.970
Adams, Anita (Irene) - ETA
And I thought I saw another BCT member on?

0:2:9.140 --> 0:2:10.240
Lynch, Leila I - ETA CTR
I think I'm it for today.

0:2:10.800 --> 0:2:12.170
Adams, Anita (Irene) - ETA
OK, alright.

0:2:12.180 --> 0:2:12.750
Adams, Anita (Irene) - ETA
Thank you.

0:2:12.860 --> 0:2:14.550
Adams, Anita (Irene) - ETA
Thank you for joining us, Leila.

0:2:14.900 --> 0:2:15.390
Adams, Anita (Irene) - ETA
Alright.

0:2:15.400 --> 0:2:16.700
Adams, Anita (Irene) - ETA
And Two Tech.

0:2:19.220 --> 0:2:22.310
McNeace, Meche - ETA CTR
Hey, I'm going to go first today.

0:2:23.160 --> 0:2:24.530
McNeace, Meche - ETA CTR
Good afternoon, everybody.

0:2:24.540 --> 0:2:29.220
McNeace, Meche - ETA CTR
This is Michi McNeese with Two Tech, and I'm gonna go ahead and throw it over there to Kevin.

0:2:30.800 --> 0:2:32.350
Mauro, Kevin M - ETA CTR
Well, good afternoon everyone.

0:2:32.360 --> 0:2:38.200
Mauro, Kevin M - ETA CTR
This is Kevin Mauro, also with Two Tech, and I would like to hand things over to my colleague Bradley.

0:2:39.750 --> 0:2:40.460
Bronson, Bradley K - ETA CTR
Oh, right.

0:2:40.690 --> 0:2:45.790
Bronson, Bradley K - ETA CTR
Good afternoon, Bradley Bronson with Two Tech. Looks like Patricia's next.

0:2:48.810 --> 0:2:50.840
Wilkins, Patricia A - ETA CTR
Hey, good afternoon everybody.

0:2:51.180 --> 0:2:52.10
Wilkins, Patricia A - ETA CTR
I'm glad to be here.

0:2:52.20 --> 0:2:53.720
Wilkins, Patricia A - ETA CTR
You guys are really shaking it up today.

0:2:53.730 --> 0:2:54.480
Wilkins, Patricia A - ETA CTR
Let's see.

0:2:54.630 --> 0:2:55.650
Wilkins, Patricia A - ETA CTR
I'm gonna throw it to Lauren.

0:3:0.650 --> 0:3:2.290
Wilkins, Patricia A - ETA CTR
You know, Lauren may have that issue.

0:3:2.390 --> 0:3:3.410
Wilkins, Patricia A - ETA CTR
So I'll throw it to Joyce.

0:3:4.790 --> 0:3:7.880
Barcley, Joyce M - ETA CTR
Hi Joyce Barcley with Two Tech. And back to you, Irene.

0:3:8.970 --> 0:3:11.420
Adams, Anita (Irene) - ETA
Thank you all so much for joining us today.

0:3:11.570 --> 0:3:21.820
Adams, Anita (Irene) - ETA
And we're gonna throw the agenda around a little bit until we get Toni in. We are going to start with communications and outreach.

0:3:21.830 --> 0:3:25.450
Adams, Anita (Irene) - ETA
So Two Tech team can you give us an update on that… in that area?

0:3:27.400 --> 0:3:28.270
Mauro, Kevin M - ETA CTR
Sure.

0:3:29.100 --> 0:3:30.610
Mauro, Kevin M - ETA CTR
Again, good afternoon everybody.

0:3:32.50 --> 0:3:37.460
Mauro, Kevin M - ETA CTR
I just wanted to remind you all of what we have going on, on the older workers community of practice.

0:3:37.750 --> 0:3:50.260
Mauro, Kevin M - ETA CTR
It is Women's History Month that we're all celebrating, So we do have a number of items up on the COP to help you commemorate and remember the occasion.

0:3:50.370 --> 0:3:57.40
Mauro, Kevin M - ETA CTR
So if you haven't been by the community of practice, please stop by, see some of those resources that are there for you.

0:3:57.780 --> 0:4:18.400
Mauro, Kevin M - ETA CTR
And we also just want to remind you that any of these meetings that we have, you know the all grantee call or our vLive office hours are all recorded and we have all of those recordings and transcripts and everything available to you also on the Community of practice.

0:4:18.410 --> 0:4:29.890
Mauro, Kevin M - ETA CTR
And so if you have a staff member who either misses one of these meetings or if there's something you need to review, we do have the recordings and, you know, transcripts available to review.

0:4:30.630 --> 0:4:33.640
Mauro, Kevin M - ETA CTR
So that's all I wanted to tell you this month.

0:4:33.750 --> 0:4:42.90
Mauro, Kevin M - ETA CTR
I keep it nice and short. But I believe I will pass it over to Michi to talk more about our vLive office hours.

0:4:43.750 --> 0:4:45.160
McNeace, Meche - ETA CTR
Thank you, Kevin.

0:4:45.270 --> 0:4:48.100
McNeace, Meche - ETA CTR
Good afternoon and happy spring everyone.

0:4:48.110 --> 0:4:53.440
McNeace, Meche - ETA CTR
I can't say that spring has completely sprung, but we're getting there.

0:4:53.530 --> 0:4:58.500
McNeace, Meche - ETA CTR
I'll just provide a quick update on our GPMS virtual office hours.

0:4:58.570 --> 0:5:10.780
McNeace, Meche - ETA CTR
First, I would like to thank you all for participating in every one of our sessions and having all of your end users participate as well. And they've been participating on a regular basis.

0:5:11.350 --> 0:5:27.290
McNeace, Meche - ETA CTR
All that have joined us for each session has made our virtual office hours a success, and it let us know that this opportunity for us to come together and discuss, you know, their challenges.

0:5:27.300 --> 0:5:31.490
McNeace, Meche - ETA CTR
But not only their challenges, but also their successes.

0:5:31.840 --> 0:5:39.170
McNeace, Meche - ETA CTR
So this also turned into an opportunity for some peer-to-peer dialogue as well, which we thought was very awesome.

0:5:39.180 --> 0:5:41.470
McNeace, Meche - ETA CTR
So we would like for everyone to keep that up.

0:5:41.700 --> 0:5:58.490
McNeace, Meche - ETA CTR
So again, I want to thank you all again. Our GPMS virtual office hours will continue to be on the 2nd and 4th Wednesday of each month from 2:00 PM to 3:30 PM Eastern Time and our next office hours will be on Wednesday, March 27th.

0:5:59.630 --> 0:6:8.640
McNeace, Meche - ETA CTR
Also, if you know someone or who should attend or who's new, please feel free to forward the Teams meeting invite to them.

0:6:8.890 --> 0:6:25.880
McNeace, Meche - ETA CTR
Once you forward that teams meeting invite, it will automatically add them to the CC list. And so we'll see that when we have to reforward it or start a new series, but also try to ensure that you forwarded the entire series rather than that one-off specific date.

0:6:25.970 --> 0:6:47.750
McNeace, Meche - ETA CTR
This way they'll have the entire series and also please know that if you have any questions about GPMS training questions in between, after, in between time from our virtual office hours, please always email SCSEP technical assistance at dol.gov and I believe that's all I have on GPMS vLive.

0:6:47.820 --> 0:6:48.500
McNeace, Meche - ETA CTR
So thank you.

0:6:48.510 --> 0:6:50.10
McNeace, Meche - ETA CTR
And I'm gonna give it back to Irene.

0:6:50.780 --> 0:6:51.430
Adams, Anita (Irene) - ETA
Thank you.

0:6:51.700 --> 0:6:53.590
Adams, Anita (Irene) - ETA
Thank you, Michi, and thank you, Kevin.

0:6:53.800 --> 0:6:56.710
Adams, Anita (Irene) - ETA
I just… Speaking of questions.

0:6:56.840 --> 0:7:7.520
Adams, Anita (Irene) - ETA
I just wanna remind anyone, anyone who has a question, you can either hold it for the end for the Q&A session of this meeting or you can put it in the chat.

0:7:8.80 --> 0:7:12.550
Adams, Anita (Irene) - ETA
My grateful, faithful Ali is going to help me today.

0:7:12.560 --> 0:7:19.70
Adams, Anita (Irene) - ETA
I believe, or is it by one of my team Members will be helping me with the with addressing questions.

0:7:19.80 --> 0:7:21.220
Adams, Anita (Irene) - ETA
So ah Toni's here. Toni?

0:7:23.340 --> 0:7:26.420
Adams, Anita (Irene) - ETA
Would you like to pull up and do the program announcements?

0:7:26.980 --> 0:7:28.120
Wilson, Toni K - SCSEP
Yes, hello everyone.

0:7:28.130 --> 0:7:29.130
Wilson, Toni K - SCSEP
My apologies.

0:7:29.420 --> 0:7:30.560
Wilson, Toni K - SCSEP
I was, uh.

0:7:31.600 --> 0:7:35.590
Wilson, Toni K - SCSEP
Detained and was able to get here just a few minutes late.

0:7:35.600 --> 0:7:38.770
Wilson, Toni K - SCSEP
So, so glad to be here today.

0:7:38.840 --> 0:7:42.290
Wilson, Toni K - SCSEP
I just in case we have anybody new on the call.

0:7:42.300 --> 0:8:9.340
Wilson, Toni K - SCSEP
I'm TonI Wilson and I am the unit chief for SCSEP. In reference to some program announcements, and I do apologize if I'm repeating anything but for one, as most of you already know, the national grant competition FOA has been released and we will… our due date is May 6, 2024.

0:8:9.390 --> 0:8:17.960
Wilson, Toni K - SCSEP
And if you have any questions, please refer to your… to the FOA and send all those to the contact.

0:8:17.970 --> 0:8:24.310
Wilson, Toni K - SCSEP
While we're not able to answer any direct questions on the FOA, so please make sure you do that.

0:8:25.300 --> 0:8:26.400
Wilson, Toni K - SCSEP
Um, also,

0:8:28.780 --> 0:8:58.410
Wilson, Toni K - SCSEP
We have the PY 23 data validation. So I know with GPMS and we are getting very close to having a stabilized system but not there today and because of that, I know there's been a lot of questions and concerns about what we're gonna be doing with the data validation, how… though data validation is still something that needs to be done internally in your programs and we have a data validation guide and reference to helping that.

0:8:59.230 --> 0:9:29.60
Wilson, Toni K - SCSEP
We will not have a PY 23 data validation report or deadlines, so an email has gone out yesterday so hopefully everybody has seen that and we will… that will be noted for PY 23 and the plan is that we will go forward and PY 24 with strong data that you can actually validate and we'll be going forward in that capacity.

0:9:29.470 --> 0:9:30.880
Wilson, Toni K - SCSEP
I'm gonna stop there for a minute.

0:9:30.890 --> 0:9:32.240
Wilson, Toni K - SCSEP
I know. Ali

0:9:32.770 --> 0:9:36.520
Wilson, Toni K - SCSEP
Who's our performance leader has been assisting us on this.

0:9:36.530 --> 0:9:40.290
Wilson, Toni K - SCSEP
It's going to make sure I haven't missed anything that you wanted to highlight.

0:9:41.410 --> 0:9:42.120
Slaughter, Alison S - ETA
Thanks, Toni.

0:9:42.370 --> 0:9:49.80
Slaughter, Alison S - ETA
I'll just reiterate what you mentioned about: data validation isn't just the report that is done annually.

0:9:49.90 --> 0:9:53.320
Slaughter, Alison S - ETA
It's also ensuring that data is entered timely and accurately.

0:9:53.710 --> 0:10:1.860
Slaughter, Alison S - ETA
So wanted to encourage the use of those resources and for our grantees making sure that your Subs are aware of all those requirements as well.

0:10:2.410 --> 0:10:9.400
Slaughter, Alison S - ETA
If we keep up with our data entry it makes the validation process much simpler and the accuracy of the data even better.

0:10:9.870 --> 0:10:12.80
Slaughter, Alison S - ETA
So just to reiteration of those resources.

0:10:13.380 --> 0:10:17.110
Wilson, Toni K - SCSEP
Alright, thank you so much to the birthday lady.

0:10:17.120 --> 0:10:20.410
Wilson, Toni K - SCSEP
Uh, Ali, we appreciate that. Alright!

0:10:20.420 --> 0:10:30.340
Wilson, Toni K - SCSEP
So I think those… if it hasn't been mentioned and even if it has, I'm going to just underscore it for those state agencies, the IT

0:10:30.410 --> 0:10:35.160
Wilson, Toni K - SCSEP
The state IT TEGL is out on the street.

0:10:36.470 --> 0:10:45.300
Wilson, Toni K - SCSEP

Please consider this, this is an opportunity to get some additional funds even at the bare minimum, having somebody do some data entry.

0:10:45.710 --> 0:10:51.540
Wilson, Toni K - SCSEP
So just wanted to encourage people to look at that and to get that in.

0:10:51.710 --> 0:10:56.960
Wilson, Toni K - SCSEP
I know for nationals this was only for the states. We're closing,

0:10:56.970 --> 0:11:7.610
Wilson, Toni K - SCSEP
Obviously this grant class and moving into the next one, so there isn't one for the moment, but you know we actually are, you know looking in reference to potential opportunities.

0:11:8.340 --> 0:11:11.790
Wilson, Toni K - SCSEP
You know, once awards are made. So I will stop there.

0:11:11.840 --> 0:11:15.950
Wilson, Toni K - SCSEP
Sorry if I took away anybody's Thunder, but I just can't stress that enough and it can't.

0:11:16.40 --> 0:11:18.740
Wilson, Toni K - SCSEP
It can easily be said twice, so there you go.

0:11:18.750 --> 0:11:19.840
Wilson, Toni K - SCSEP
I'll pass this back to Irene.

0:11:20.610 --> 0:11:21.640
Adams, Anita (Irene) - ETA
Well thank you, Toni.

0:11:21.650 --> 0:11:23.400
Adams, Anita (Irene) - ETA
And no, we had not mentioned it yet.

0:11:23.410 --> 0:11:29.160
Adams, Anita (Irene) - ETA
We moved the agenda around a little bit and we started out with communications and outreach to stall for you.

0:11:28.330 --> 0:11:30.110
Wilson, Toni K - SCSEP
Alright, alright.

0:11:30.160 --> 0:11:30.870
Wilson, Toni K - SCSEP
There you go.

0:11:29.310 --> 0:11:31.630
Adams, Anita (Irene) - ETA
So don't.

0:11:30.920 --> 0:11:32.820
Wilson, Toni K - SCSEP
Like I said, nothing wrong with saying it twice.

0:11:33.320 --> 0:11:33.700
Adams, Anita (Irene) - ETA
No.

0:11:33.710 --> 0:11:35.130
Adams, Anita (Irene) - ETA
And we…

0:11:35.140 --> 0:11:40.360
Adams, Anita (Irene) - ETA
And while we're on the subject, if Byron, if you have anything else to add in regard to the IT TEGL?

0:11:42.550 --> 0:11:42.930
Adams, Anita (Irene) - ETA
Please.

0:11:42.630 --> 0:11:44.300
Kline, Byron - ETA
Uh, just… sure.

0:11:44.310 --> 0:11:45.80
Kline, Byron - ETA
Thank you, Irene.

0:11:45.90 --> 0:11:50.880
Kline, Byron - ETA
Just that the deadline for applications is Tuesday, March 26.

0:11:51.350 --> 0:12:2.640
Kline, Byron - ETA
So just to reiterate what Toni said, we encourage everyone to at least consider applying and make sure you get those applications in by next week, March 26.

0:12:4.40 --> 0:12:5.430
Adams, Anita (Irene) - ETA
And thank you, Byron.

0:12:5.700 --> 0:12:8.780
Adams, Anita (Irene) - ETA
And for the state plan updates, nothing much here.

0:12:8.790 --> 0:12:11.490
Adams, Anita (Irene) - ETA
We know that you guys are busy preparing yours.

0:12:11.680 --> 0:12:25.940
Adams, Anita (Irene) - ETA
If you have a standalone and you've already submitted your combined plans into the portal, you should be hearing you should be receiving some feedback from your FPO's and the federal panel leads. That has started.

0:12:25.950 --> 0:12:31.360
Adams, Anita (Irene) - ETA
We've started convening meetings to discuss at least the at minimal the common elements.

0:12:31.490 --> 0:12:35.620
Adams, Anita (Irene) - ETA
So you should be getting some feedback from… in regard to the common elements

0:12:35.630 --> 0:12:40.460
Adams, Anita (Irene) - ETA
Shortly. I know that the SCSEP portions have not…

0:12:40.470 --> 0:12:46.840
Adams, Anita (Irene) - ETA
We have not completed those in the combined plans, but we are working on them and working with your FPOs in reviewing them.

0:12:50.220 --> 0:12:58.90
Adams, Anita (Irene) - ETA
Just wanna remind you guys that the due date for state the standalone plans is March 29th.

0:12:59.520 --> 0:13:10.610
Adams, Anita (Irene) - ETA
However, we know, we understand sometimes with the states, the bureaucratic things that you have to go through to get your plan done, including putting it out for comment.

0:13:10.840 --> 0:13:15.190
Adams, Anita (Irene) - ETA
So just wanna let you know if you are having a problem meeting that deadline.

0:13:15.200 --> 0:13:23.110
Adams, Anita (Irene) - ETA
Please, please please communicate with your FPO and NOL and let them know the situation around why you will be submitting late.

0:13:25.940 --> 0:13:35.800
Adams, Anita (Irene) - ETA
If you have reviewed your state plan TEGL, you would also notice again that there were changes in how to submit the ATSS.

0:13:35.810 --> 0:13:49.390
Adams, Anita (Irene) - ETA
We alluded to that in both the FOA and the state plan guidance that we will be looking at submissions for ATSS over a four-year period.

0:13:49.460 --> 0:13:58.380
Adams, Anita (Irene) - ETA
And I just want to let you guys know who are still working on your state plans that we'd like to see how you're going to approach that?

0:13:58.790 --> 0:14:5.320
Adams, Anita (Irene) - ETA
It's not the time to apply for it, but we just wanna see some plans of as to how you're gonna approach that.

0:14:5.400 --> 0:14:10.980
Adams, Anita (Irene) - ETA
So think about adding a couple of lines in your state plans about the ATSS.

0:14:10.990 --> 0:14:14.320
Adams, Anita (Irene) - ETA
If you are planning on submitting a 4-year ATSS.

0:14:15.230 --> 0:14:29.560
Adams, Anita (Irene) - ETA
And I believe that's it for the… ohh the and to let you know also that the instructions for the ATSS will be forthcoming in the TEGL for PY 2024 allocations and planning guidance.

0:14:29.780 --> 0:14:33.280
Adams, Anita (Irene) - ETA
So we're gonna move forward if there are any questions.

0:14:33.290 --> 0:14:44.180
Adams, Anita (Irene) - ETA
In regard to, I'm sorry, “additional training and support services” for or the, for those who are not familiar with ATSS, it's an optional special request.

0:14:44.290 --> 0:14:51.920
Adams, Anita (Irene) - ETA
When you make your, when you do, when you submit your planning guidance documents, there are certain optional special requests that you can apply for.

0:14:51.930 --> 0:15:12.940
Adams, Anita (Irene) - ETA

The description is in an attachment to the TEGL and if you have any questions, please get in touch with your FPO and NOL. We like to see optional special requests really and that that means that you're trying to do your… you're doing different things to try to provide the best service possible.

0:15:14.570 --> 0:15:17.940
Adams, Anita (Irene) - ETA
We're going to move forward if there aren't any questions.

0:15:22.260 --> 0:15:22.450
Wilson, Toni K - SCSEP
No.

0:15:18.850 --> 0:15:29.30
Adams, Anita (Irene) - ETA
The grant… the, we call it the planning guidance TEGL, it's in the approval process and we are still working on it, but it should be out soon.

0:15:28.900 --> 0:15:31.490
Wilson, Toni K - SCSEP
You should hopefully see that… hopefully everyone will see that in

0:15:31.500 --> 0:15:35.720
Wilson, Toni K - SCSEP
April and we will keep you posted.

0:15:36.600 --> 0:15:37.130
Wilson, Toni K - SCSEP
Thanks Irene.

0:15:37.830 --> 0:15:39.200
Adams, Anita (Irene) - ETA
You're welcome, Toni.

0:15:39.330 --> 0:15:42.660
Adams, Anita (Irene) - ETA
And now we will move to GPMS updates.

0:15:42.670 --> 0:15:45.400
Adams, Anita (Irene) - ETA
We'll start with Byron and the GPMS newsletter.

0:15:46.90 --> 0:15:46.470
Kline, Byron - ETA
Great.

0:15:45.790 --> 0:15:46.610
Adams, Anita (Irene) - ETA
That's so exciting.

0:15:48.520 --> 0:15:49.310
Kline, Byron - ETA
Thanks Irene.

0:15:50.100 --> 0:16:7.470
Kline, Byron - ETA
So the March edition of the newsletter is out. This month's Spotlight, Surprise, is the IT TEGL O8-23, and you'll notice in the newsletter that there are several key links, links to the actual TEGL itself.

0:16:7.560 --> 0:16:16.770
Kline, Byron - ETA
There are links to the vLive recordings, to notes from the GPMS release, and we added a new link for this particular newsletter.

0:16:17.390 --> 0:16:20.540
Kline, Byron - ETA
to the data collection handbook.

0:16:20.930 --> 0:16:29.420
Kline, Byron - ETA
As always, all this information is available on the newsletter and also can be found in the older workers community of Practice page.

0:16:29.870 --> 0:16:30.500
Kline, Byron - ETA
Now that's it.

0:16:30.510 --> 0:16:31.320
Kline, Byron - ETA
Back to you, Irene.

0:16:31.330 --> 0:16:31.650
Kline, Byron - ETA
Thank you.

0:16:32.820 --> 0:16:40.210
Adams, Anita (Irene) - ETA
Well, let me add that I believe that when you received your meeting notice, meeting invite, a copy of that newsletter was attached.

0:16:40.220 --> 0:16:41.420
Adams, Anita (Irene) - ETA
Is that correct, Michi?

0:16:43.510 --> 0:16:48.820
McNeace, Meche - ETA CTR
Umm, the newsletter was emailed out and there is...

0:16:48.830 --> 0:17:3.130
McNeace, Meche - ETA CTR
There's an updated newsletter that's also been sent out as well. But all the newsletters are, like Byron said, are accessible on the community of practice as well.

0:17:3.580 --> 0:17:3.760
Kline, Byron - ETA
Yep.

0:17:4.820 --> 0:17:5.990
Adams, Anita (Irene) - ETA
Well, thank you, Michi.

0:17:6.320 --> 0:17:6.910
McNeace, Meche - ETA CTR
You're welcome.

0:17:6.580 --> 0:17:10.990
Adams, Anita (Irene) - ETA
And we'll continue with the GPMS updates, Leila?

0:17:12.590 --> 0:17:16.290
Lynch, Leila I - ETA CTR
Thank you, Irene. And good afternoon, everyone.

0:17:16.350 --> 0:17:19.890
Lynch, Leila I - ETA CTR
Today I'd like to share information on the following areas with you.

0:17:20.830 --> 0:17:27.350
Lynch, Leila I - ETA CTR
The GPMS release 2.5, modified positions for quarter 2, Program Year 23.

0:17:28.690 --> 0:17:32.290
Lynch, Leila I - ETA CTR
How to reduce the number of locked records that you're getting,

0:17:33.960 --> 0:17:47.700
Lynch, Leila I - ETA CTR
The reactivation of user accounts, and how to prevent the need to have accounts reactivated. And our tip of the month focuses on the deletion of user accounts.

0:17:49.780 --> 0:17:57.570
Lynch, Leila I - ETA CTR
GPMS release 2.5 is scheduled to go to production on Friday, March 22nd.

0:17:58.980 --> 0:18:3.430
Lynch, Leila I - ETA CTR
The details of the release will be distributed shortly after the deployment.

0:18:6.160 --> 0:18:11.770
Lynch, Leila I - ETA CTR
While GPMS releases tend to focus on enhancements and new features of the application.

0:18:12.990 --> 0:18:16.850
Lynch, Leila I - ETA CTR
Modified positions are a necessary feature of SCSEP.

0:18:18.360 --> 0:18:30.750
Lynch, Leila I - ETA CTR
These positions are updated based on the allocations of authorized positions and minimum wages in the areas where the grantees operate.

0:18:32.370 --> 0:18:46.250
Lynch, Leila I - ETA CTR
The modified positions for the second quarter of Program Year 2023 have been loaded into GPMS based on the allocation of authorized position.

0:18:47.390 --> 0:18:51.150
Lynch, Leila I - ETA CTR
As of December 29th, 2023.

0:18:53.200 --> 0:19:2.230
Lynch, Leila I - ETA CTR
The modified positions for the second quarter of Program Year 23 are now available for use.

0:19:5.700 --> 0:19:12.630
Lynch, Leila I - ETA CTR
As part of the SCSEP Help team constant monitoring of Zendesk and GPMS.

0:19:13.480 --> 0:19:24.630
Lynch, Leila I - ETA CTR
We have noticed that there has been a marked increase in the request to unlock participant records as compared to the legacy system in SPARQ.

0:19:26.610 --> 0:19:39.40
Lynch, Leila I - ETA CTR
Not only are we seeing an increase in records being locked initially, but also an increase in the same record being locked multiple times.

0:19:41.160 --> 0:19:55.900
Lynch, Leila I - ETA CTR
Just a reminder, there are tools available to monitor when a participant is approaching their DL date so that the exit information can be entered into the record.

0:19:57.340 --> 0:20:0.300
Lynch, Leila I - ETA CTR
To avoid the record being locked.

0:20:3.80 --> 0:20:16.950
Lynch, Leila I - ETA CTR
These tools include the WDL report, which identifies the dates that the participants are expected to reach their durational limit at the termination letter due date.

0:20:19.800 --> 0:20:26.990
Lynch, Leila I - ETA CTR
Grantees also receive notifications of participants that are approaching their durational limit.

0:20:29.100 --> 0:20:38.250
Lynch, Leila I - ETA CTR
These notifications can be used to track when exit dates should be entered, preventing the record being locked.

0:20:40.400 --> 0:20:45.490
Lynch, Leila I - ETA CTR
As mentioned before, there are records that are being locked multiple times.

0:20:47.770 --> 0:20:59.30
Lynch, Leila I - ETA CTR
Please be aware that when the SCSEP Help team unlocks a record on behalf of grantees, the exit date must be entered.

0:21:0.600 --> 0:21:11.490
Lynch, Leila I - ETA CTR
Before the close of business or 5:00 PM Eastern Time on the same day that the record is unlocked.

0:21:13.640 --> 0:21:24.910
Lynch, Leila I - ETA CTR
If the exit information is not entered by 5:00 PM Eastern Time, the record will be locked again when the overnight processes are executed.

0:21:28.150 --> 0:21:42.970
Lynch, Leila I - ETA CTR
If these records become locked again, the grantee administrator will have to submit a new Zendesk ticket to have the records unlocked again.

0:21:44.690 --> 0:21:53.820
Lynch, Leila I - ETA CTR
This causes a delay in your business process and a need to process a single record multiple times.

0:22:0.470 --> 0:22:3.550
Lynch, Leila I - ETA CTR
Not only can participant records become locked.

0:22:6.310 --> 0:22:9.580
Lynch, Leila I - ETA CTR
There are users who use GPMS occasionally.

0:22:11.670 --> 0:22:15.790
Lynch, Leila I - ETA CTR
And may not be able to access the system when needed.

0:22:19.420 --> 0:22:22.600
Lynch, Leila I - ETA CTR
So avoid not being able to access the system when needed.

0:22:24.170 --> 0:22:26.80
Lynch, Leila I - ETA CTR
We encourage all users.

0:22:29.570 --> 0:22:34.200
Lynch, Leila I - ETA CTR
To sign into GPMS at least once per month.

0:22:35.990 --> 0:22:41.490
Lynch, Leila I - ETA CTR
This will reduce the probability of your account being deactivated.

0:22:43.520 --> 0:22:50.930
Lynch, Leila I - ETA CTR
Accounts are automatically deactivated after 90 days of non use.

0:22:53.870 --> 0:22:59.370
Lynch, Leila I - ETA CTR
Please be aware that the Help desk team can no longer activate accounts.

0:23:1.230 --> 0:23:3.0
Lynch, Leila I - ETA CTR
Activation of accounts

0:23:3.490 --> 0:23:15.660
Lynch, Leila I - ETA CTR
are now being done by the development team. And you will see a delay in the activation of accounts when requested in Zendesk.

0:23:18.40 --> 0:23:33.830
Lynch, Leila I - ETA CTR
The request for account reactivation is sent to the developers at 3:00 PM on weekdays. And the projected turnaround time for account reactivation is 24 hours.

0:23:36.630 --> 0:23:41.390
Lynch, Leila I - ETA CTR
To reduce the probability of your accounts being deactivated.

0:23:42.990 --> 0:23:47.130
Lynch, Leila I - ETA CTR
Remember to sign into GPMS monthly.

0:23:50.80 --> 0:23:59.610
Lynch, Leila I - ETA CTR
On another note, Zendesk has a new topic called GPMS activate/deactivate.

0:24:1.520 --> 0:24:8.870
Lynch, Leila I - ETA CTR
Please choose this topic when requesting the activation or deactivation of user accounts.

0:24:10.750 --> 0:24:20.370
Lynch, Leila I - ETA CTR
Again, questions regarding GPMS can be submitted to scsephelp.zendesk.com.

0:24:23.70 --> 0:24:40.270
Lynch, Leila I - ETA CTR
Besides user accounts being deactivated for nonuse, there are times when an account needs to be deleted or deactivated because those users should no longer have access to GPMS.

0:24:42.370 --> 0:24:59.930
Lynch, Leila I - ETA CTR
Before creating a Zendesk ticket to remove the user, remember to check if there are any cases associated with this user accounts and then assign those cases to other users.

0:25:1.930 --> 0:25:7.180
Lynch, Leila I - ETA CTR
Then submit the Zendesk ticket for account deletion at

0:25:7.190 --> 0:25:11.760
Lynch, Leila I - ETA CTR
SCSEPhelp@zendesk.com.

0:25:13.460 --> 0:25:14.440
Lynch, Leila I - ETA CTR
Thanks for listening.

0:25:15.530 --> 0:25:17.590
Lynch, Leila I - ETA CTR
Now Ron, it's over to you.

0:25:19.520 --> 0:25:20.250
Ron Schack
Hi, everyone.

0:25:20.260 --> 0:25:21.910
Ron Schack
It's Ron Schack with the Charter Oak Group.

0:25:22.740 --> 0:25:33.500
Ron Schack

Just a few updates: the PY 22 grantee performance evaluation is almost complete and will be issued very shortly.

0:25:34.590 --> 0:25:44.720
Ron Schack
We are also working on the PY 22 minority report, both the outcomes and participation reports.

0:25:45.190 --> 0:25:49.220
Ron Schack
Those should be issued in very early April.

0:25:49.510 --> 0:25:52.510
Ron Schack
And that leads us… moves us directly into

0:25:53.870 --> 0:26:32.260
Ron Schack
Developing performance goals for PY 25 and 26. We'll be using the 1st three quarters of PY 23 performance data to start that process and we will develop the proposed goals like we have in prior years and go over those goals with the grantees and then you will have an opportunity to negotiate if you so choose. And that will occur in May and maybe even early June.

0:26:33.110 --> 0:26:39.890
Ron Schack
Umm so that we can get your goals into the grant packages for July 1.

0:26:40.970 --> 0:26:46.90
Ron Schack
Umm, that's all I have at this point. Thanks!

0:26:47.440 --> 0:26:49.750
Adams, Anita (Irene) - ETA
No, thank you, Ron, and thank you, Leila.

0:26:49.760 --> 0:26:53.530
Adams, Anita (Irene) - ETA
And I just want to make a point in regard to locked records.

0:26:53.960 --> 0:27:8.410
Adams, Anita (Irene) - ETA
Again, the BCT team will be also generating reports for durational limit and locked records, and they will be submitted them to the FPO's and the NOLs for reviews.

0:27:8.500 --> 0:27:24.450
Adams, Anita (Irene) - ETA
If you have an abundance of them… So if you get a tap on your shoulder from their FPO and or NOL, you'll know that you're repeat offender of locked records and that you would really need to stay on top of those locked records.

0:27:24.760 --> 0:27:47.680
Adams, Anita (Irene) - ETA
So I'm we're going to move forward with the question and answer period unless anyone has anything? Any other staff have anything else to add? We'll move over to the Q and A portion of this, remember, grantees, this is your call, this is the time for you to ask all… any questions. No question is too small, crazy or large for us.

0:27:47.990 --> 0:27:52.90
Adams, Anita (Irene) - ETA
This is when we… you have our ear, so please feel free to...

0:27:52.140 --> 0:28:0.620
Adams, Anita (Irene) - ETA
You can either ask your question in the chat or get on, take your phone off mute and ask your question out loud.

0:28:7.220 --> 0:28:7.970
Adams, Anita (Irene) - ETA
No questions?

0:28:11.660 --> 0:28:16.220
Adams, Anita (Irene) - ETA
It was a lot of information, very bad, but it was in short time too, wasn't it?

0:28:16.780 --> 0:28:18.910
Adams, Anita (Irene) - ETA
I feel like this was too quick.

0:28:21.180 --> 0:28:22.230
Adams, Anita (Irene) - ETA
I see a hand.

0:28:22.280 --> 0:28:23.650
Adams, Anita (Irene) - ETA
Victoria?

0:28:25.980 --> 0:28:28.390
Adams, Anita (Irene) - ETA
Oh, wait a minute. To answer your question:

0:28:28.520 --> 0:28:37.130
Adams, Anita (Irene) - ETA
Anything… we have a transcript of this call that goes out right after the calls in, within a few days.

0:28:37.140 --> 0:28:39.0
Adams, Anita (Irene) - ETA
So you can refer to the transcript.

0:28:41.440 --> 0:28:49.90
Wilson, Toni K - SCSEP
And also as a Byron had mentioned also, we try to summarize all this information in the GPMS newsletter also.

0:28:49.100 --> 0:28:52.50
Wilson, Toni K - SCSEP
So those two you'll get all the two details.

0:28:53.20 --> 0:28:55.60
Adams, Anita (Irene) - ETA
Yes, Victoria?

0:28:54.910 --> 0:28:55.360
Britton, Victoria R
Hi.

0:28:55.750 --> 0:28:56.500
Britton, Victoria R
Hi, everybody.

0:28:57.710 --> 0:28:57.930
Adams, Anita (Irene) - ETA
Hi.

0:28:56.510 --> 0:28:58.330
Britton, Victoria R
Hi Irene, hope everyone's doing well.

0:28:59.830 --> 0:29:14.180
Britton, Victoria R
Regarding your comment about the ATSS funds and how we should mention it in our standalone state plan, where would be a good place to insert a blurb on that?

0:29:15.260 --> 0:29:20.390
Adams, Anita (Irene) - ETA
Where you're speaking about your supportive services and you're training.

0:29:22.470 --> 0:29:31.480
Adams, Anita (Irene) - ETA
Just let us know… we're looking for it so that we so that we're able to have a head up also on whether or not you're gonna you intend to do it. So.

0:29:31.610 --> 0:29:31.970
Britton, Victoria R
Right.

0:29:33.520 --> 0:29:35.90
Britton, Victoria R
Alright, that's not a problem.

0:29:35.100 --> 0:29:36.940
Britton, Victoria R
I just wanna make sure I got it in the right spot.

0:29:37.700 --> 0:29:38.160
Adams, Anita (Irene) - ETA
OK.

0:29:38.900 --> 0:29:39.720
Britton, Victoria R
Thank you so much.

0:29:40.110 --> 0:29:40.650
Adams, Anita (Irene) - ETA
Thank you.

0:29:41.770 --> 0:29:42.770
Adams, Anita (Irene) - ETA
Any other questions?

0:29:49.120 --> 0:29:51.80
Wilson, Toni K - SCSEP
Yeah, looks like… Yeah, there.

0:29:49.420 --> 0:29:51.270
Adams, Anita (Irene) - ETA
None?

0:29:51.90 --> 0:29:56.500
Wilson, Toni K - SCSEP
So there's a question about the… is the process to unlock records the same?

0:30:0.290 --> 0:30:1.520
Wilson, Toni K - SCSEP
I don't believe there's a difference.

0:30:0.450 --> 0:30:3.770
Lynch, Leila I - ETA CTR
The process is the same.

0:30:5.170 --> 0:30:31.520
Lynch, Leila I - ETA CTR
You submit the information to Zendesk we will unlock it. But just be mindful that if you do not enter the exit information by the close of business the same day that we unlock the record, the record will be

locked again, and you will have to submit a new ticket to unlock the record that you previously requested.

0:30:33.300 --> 0:30:34.830
Lynch, Leila I - ETA CTR
Hope that answers your question.

0:30:36.830 --> 0:30:37.280
Wilson, Toni K - SCSEP
Yeah.

0:30:37.290 --> 0:30:39.440
Wilson, Toni K - SCSEP
So we got to make sure we get that done before it times out.

0:30:40.340 --> 0:30:40.890
Lynch, Leila I - ETA CTR
That's correct.

0:30:43.320 --> 0:30:44.900
Adams, Anita (Irene) - ETA
I see another hand. Joshua?

0:30:47.420 --> 0:30:48.280
Joshua Wadsworth
Hi everybody.

0:30:48.290 --> 0:30:51.270
Joshua Wadsworth
I just have a quick question about data validation.

0:30:52.770 --> 0:31:23.820
Joshua Wadsworth
Thinking about data validation and when that does happen in 2024 and what we do with our files and things like that between now and then. I just wanted to make sure should we expect the PY 24 data validation to be a longer sample period of time to include some of this activity that would have been reviewed in the PY 23 data validation or is that gonna be a standard, typical, you know, time frame that we're looking that we're reviewing in the PY 24 data validation?

0:31:25.960 --> 0:31:35.550
Wilson, Toni K - SCSEP
So we did go back and forth in reference to: should we combine or not? But for but the plan is that it would just be the PY 24 data.

0:31:36.20 --> 0:31:41.110
Wilson, Toni K - SCSEP
We wouldn't be doing kind of a back look, or a back approach to the data validation.

0:31:41.400 --> 0:31:44.260
Wilson, Toni K - SCSEP
Now keep in mind that you know, we're not saying to not

0:31:45.930 --> 0:31:52.20
Wilson, Toni K - SCSEP
You know, internally make sure that you, you know, validate your data and in that spirit.

0:31:55.920 --> 0:31:56.240
Joshua Wadsworth
Right.

0:31:52.290 --> 0:32:11.430
Wilson, Toni K - SCSEP
But in reference to this like official process on this? It will go forward with PY 24 with an asterisk of, you know, all those challenges GPMS that that's why it was you know we would be explaining that and that would be on what would be so to speak on the record. A good question.

0:32:10.750 --> 0:32:12.740
Joshua Wadsworth
Now, absolutely, we appreciate that.

0:32:21.230 --> 0:32:21.350
Wilson, Toni K - SCSEP
Yes.

0:32:12.750 --> 0:32:24.20
Joshua Wadsworth
I think it'll be helpful in terms of just logistics for knowing these files are closed and we can put them away in storage for the retention period and not need to go into them for data validation.

0:32:24.30 --> 0:32:24.700
Joshua Wadsworth
So thanks for clarifying.

0:32:24.510 --> 0:32:25.120
Wilson, Toni K - SCSEP
Definitely.

0:32:25.390 --> 0:32:26.720
Wilson, Toni K - SCSEP
Definitely makes sense.

0:32:26.770 --> 0:32:28.60
Wilson, Toni K - SCSEP
Ali, I turn to you.

0:32:28.70 --> 0:32:29.640
Wilson, Toni K - SCSEP
Only just making sure that I didn't

0:32:29.650 --> 0:32:31.630
Wilson, Toni K - SCSEP
You know, my blind spot… didn't miss anything there?

0:32:33.160 --> 0:32:34.620
Slaughter, Alison S - ETA
Yep, I yeah, I think you covered it.

0:32:34.820 --> 0:32:42.820
Slaughter, Alison S - ETA
Of course, data validation is always looking at past years of validating, which I know you know Joshua, so just making sure that for others that's clear.

0:32:43.260 --> 0:32:47.330
Slaughter, Alison S - ETA
We're not looking at PY 24 files and data validation year, PY 24.

0:32:47.340 --> 0:32:54.240
Slaughter, Alison S - ETA
We're looking back two years, but we are not going to be sampling the same records we would usually for PY 23.

0:32:57.560 --> 0:32:58.200
Wilson, Toni K - SCSEP
Thank you, Ali.

0:32:57.260 --> 0:32:58.380
Adams, Anita (Irene) - ETA
Great. Great.

0:33:0.350 --> 0:33:2.40
Adams, Anita (Irene) - ETA
I'm looking for any other questions.

0:33:7.640 --> 0:33:8.690
Adams, Anita (Irene) - ETA
Oh, go ahead.

0:33:7.110 --> 0:33:9.360
Yulikova, Olga (ELD)
Ah, this is Olga.

0:33:9.370 --> 0:33:10.160
Yulikova, Olga (ELD)
I'm confused.

0:33:10.170 --> 0:33:13.910
Yulikova, Olga (ELD)
I thought that we were not doing the data validation.

0:33:15.590 --> 0:33:22.40
Adams, Anita (Irene) - ETA
Umm, the expectation Olga is that you do your own data validation.

0:33:24.30 --> 0:33:24.210
Adams, Anita (Irene) - ETA
But.

0:33:21.880 --> 0:33:24.590
Yulikova, Olga (ELD)
Oh, got it.

0:33:24.910 --> 0:33:25.630
Adams, Anita (Irene) - ETA
You.

0:33:24.600 --> 0:33:26.310
Yulikova, Olga (ELD)
But no sample will…

0:33:26.320 --> 0:33:27.80
Yulikova, Olga (ELD)
OK, got it.

0:33:27.230 --> 0:33:27.490
Wilson, Toni K - SCSEP
Right.

0:33:27.130 --> 0:33:27.890
Adams, Anita (Irene) - ETA
Yeah. Yes.

0:33:27.220 --> 0:33:28.310
Yulikova, Olga (ELD)
Sorry. OK.

0:33:31.290 --> 0:33:31.790
Yulikova, Olga (ELD)
OK, OK.

0:33:27.500 --> 0:33:37.320
Wilson, Toni K - SCSEP
You don't have to submit the report and do, you know, that piece of it. As in the spirit of we understand that, you know we're in that transition still with the GPMS.

0:33:37.700 --> 0:33:38.730
Yulikova, Olga (ELD)
Got it, got it. OK.

0:33:37.370 --> 0:33:41.880
Wilson, Toni K - SCSEP
And so just another challenge of trying to validate that data.

0:33:43.510 --> 0:33:43.800
Yulikova, Olga (ELD)
Uh-huh.

0:33:41.890 --> 0:33:45.400
Wilson, Toni K - SCSEP
So PY 23 will have that asterisk.

0:33:45.410 --> 0:33:47.390
Wilson, Toni K - SCSEP
We won't be requiring that.

0:33:54.320 --> 0:33:59.330
Wilson, Toni K - SCSEP
Alright, well, the next time you… so Irene, let me just add…

0:33:59.390 --> 0:34:4.0
Wilson, Toni K - SCSEP
I'm not sure why this is NOT on the agenda, but the next time you guys see me, I will be 55.

0:34:4.10 --> 0:34:5.810
Wilson, Toni K - SCSEP
So officially a SCSEP…

0:34:8.660 --> 0:34:8.940
Adams, Anita (Irene) - ETA
Ha!

0:34:7.540 --> 0:34:9.150
Wilson, Toni K - SCSEP
Adjacent of some sort, yes.

0:34:11.140 --> 0:34:13.260
Wilson, Toni K - SCSEP
So just wanted to flag that.

0:34:13.270 --> 0:34:51.220
Wilson, Toni K - SCSEP
Any advice please throw that in the chat or we can, you know touch base on that… if I'm not a, you know, I embrace it, you know, this population is going to be the biggest going forward in the job market so I'm happy to join and look forward to continuing to grow and once again I really appreciate

everybody's patience as we get things, you know, moving in the right direction and more stabilized so thank you so much for the partnership that we are developing here.

0:34:52.420 --> 0:35:11.680
Adams, Anita (Irene) - ETA
I just want to mention that your birthday was Saturday, Toni, so but I didn't realize it was double… we called these double nickels and yes it may, it makes you it makes you SCSEP eligible but somewhat, only by age.

0:35:10.850 --> 0:35:11.920
Wilson, Toni K - SCSEP
I get it, I get it.

0:35:12.210 --> 0:35:12.980
Wilson, Toni K - SCSEP
I get it.

0:35:13.960 --> 0:35:17.430
Adams, Anita (Irene) - ETA
If there's no more questions, I'll give you the rest of your day back.

0:35:17.840 --> 0:35:23.150
Adams, Anita (Irene) - ETA
The next all grantee call will be Wednesday, April 17th, 2024.

0:35:23.220 --> 0:35:33.220
Adams, Anita (Irene) - ETA
Of course, we'll be sending out reminders for those things, and I just like to close and say, enjoy yourself on purpose with a purpose and “happy spring”.

0:35:34.930 --> 0:35:35.820
Wilson, Toni K - SCSEP
Hey, thank you.

0:35:35.830 --> 0:35:36.520
Wilson, Toni K - SCSEP
Thanks, Irene.

0:35:36.920 --> 0:35:37.420
Adams, Anita (Irene) - ETA
Thank you.

0:35:36.530 --> 0:35:37.540
Wilson, Toni K - SCSEP
Thanks to the team.

0:35:38.130 --> 0:35:39.320
Wilson, Toni K - SCSEP
Alright, SCSEP team. We'll see you in April.
