0:0:0.0 --> 0:0:6.950
Bronson, Bradley K - ETA CTR
This meeting is being recorded and we ask uh if you can go off camera so we can kind of manage the bandwidth a little bit.

0:0:20.520 --> 0:0:21.460
Bronson, Bradley K - ETA CTR
The recording is started.

0:0:25.850 --> 0:0:32.110
Adams, Anita (Irene) - ETA
Ah, good afternoon, everyone, and welcome to the June all-grantee call.

0:0:35.370 --> 0:0:41.630
Adams, Anita (Irene) - ETA
Our first day of summer here in Washington, DC is a rainy, frosty one.

0:0:42.50 --> 0:0:46.340
Adams, Anita (Irene) - ETA
Not evident to the summer at all. But welcome, anyway.

0:0:46.350 --> 0:0:54.480
Adams, Anita (Irene) - ETA
I hope that you guys are staying dry and enjoy your first day of summer.

0:0:54.490 --> 0:0:58.840
Adams, Anita (Irene) - ETA
Nevertheless, as Byron, as Byron, not Byron.

0:0:58.850 --> 0:1:3.650
Adams, Anita (Irene) - ETA
Bradley first stated that this meeting is being recorded.

0:1:5.350 --> 0:1:12.620
Adams, Anita (Irene) - ETA
Camera is an option when you're speaking, and Please remember to identify yourselves.

0:1:12.710 --> 0:1:23.940
Adams, Anita (Irene) - ETA
Please remember to that identify yourselves when you have a question at the end. We're going to first start with the introduction of our National Office staff.

0:1:24.130 --> 0:1:25.820
Adams, Anita (Irene) - ETA
My name is Irene Adams.

0:1:26.10 --> 0:1:29.40
Adams, Anita (Irene) - ETA
I am the NOL for regions one and five.

0:1:29.50 --> 0:1:30.0
Adams, Anita (Irene) - ETA
Welcome everybody.

0:1:30.10 --> 0:1:31.930
Adams, Anita (Irene) - ETA
And then we'll go alphabetically from here.

0:1:35.270 --> 0:1:38.820
Kline, Byron - ETA
Hi. I'm next. I'm Byron Kline, National office liaison for Region 3.

0:1:42.950 --> 0:1:47.70
Nimmo, Kristine J - ETA
Everybody, this is Christine Nimmo, National office liaison for regions two and four.

0:1:54.180 --> 0:1:54.320
Adams, Anita (Irene) - ETA
Yes.

0:1:52.420 --> 0:1:54.530
Riley, Sondra D - ETA
That makes me next. Hi everybody.

0:1:54.540 --> 0:1:55.230
Riley, Sondra D - ETA
I'm Sondra.

0:1:55.300 --> 0:1:56.270
Riley, Sondra D - ETA
I'm Sondra Riley.

0:1:56.280 --> 0:1:59.700
Riley, Sondra D - ETA
I am the National Office liaison for Region 6.

0:2:5.920 --> 0:2:6.370
Adams, Anita (Irene) - ETA
Ali?

0:2:6.680 --> 0:2:7.440
Adams, Anita (Irene) - ETA
Ohh Ali?

0:2:12.20 --> 0:2:12.920
Adams, Anita (Irene) - ETA
Ali, you're on mute.

0:2:16.990 --> 0:2:18.240
Adams, Anita (Irene) - ETA
We can't hear you, Ali.

0:2:19.530 --> 0:2:23.530
Adams, Anita (Irene) - ETA
We'll go to Steve for right now and then come back to you, Ali. All right.

0:2:23.540 --> 0:2:24.370
Adams, Anita (Irene) - ETA
Hi everybody.

0:2:24.380 --> 0:2:25.40
Adams, Anita (Irene) - ETA
Steve Rietzke.

0:2:25.770 --> 0:2:31.480
Adams, Anita (Irene) - ETA
Umm, I don't know if you see my my video, but Irene and Byron and I are all in the same.

0:2:32.70 --> 0:2:34.760
Adams, Anita (Irene) - ETA
They're all in the same room, so I'm gonna pop my head over here.

0:2:33.760 --> 0:2:35.340
Wilson, Toni K - SCSEP
Alright. Hey.

0:2:34.770 --> 0:2:35.450
Adams, Anita (Irene) - ETA
Hi, everybody.

0:2:38.400 --> 0:2:39.190
Adams, Anita (Irene) - ETA
Nice to be with you.

0:2:44.50 --> 0:2:44.870
Adams, Anita (Irene) - ETA
You ready, Ali?

0:2:45.860 --> 0:2:46.470
Slaughter, Alison S - ETA
I'll try again.

0:2:46.480 --> 0:2:47.10
Slaughter, Alison S - ETA
Can you hear me now?

0:2:47.730 --> 0:2:49.170
Adams, Anita (Irene) - ETA
We can. Yay.

0:2:49.450 --> 0:2:50.250
Slaughter, Alison S - ETA
Hi, everyone.

0:2:50.260 --> 0:2:50.980
Slaughter, Alison S - ETA
Good afternoon.

0:2:50.990 --> 0:2:52.260
Slaughter, Alison S - ETA
My name is Ali Slaughter.

0:2:52.270 --> 0:2:57.70
Slaughter, Alison S - ETA
I am the newest member of the SCSEP team and I'm focused on performance and reporting.

0:2:58.710 --> 0:3:5.260
Adams, Anita (Irene) - ETA
And everyone give Ali a warm welcome and we are so happy to have her on our team.

0:3:5.870 --> 0:3:9.940
Adams, Anita (Irene) - ETA
Let's go to the contractors on alphabetically: BCT will start.

0:3:9.730 --> 0:3:13.20
Wilson, Toni K - SCSEP
Whoops, before you before you go.

0:3:15.260 --> 0:3:15.970
Adams, Anita (Irene) - ETA
You know.

0:3:13.30 --> 0:3:16.830
Wilson, Toni K - SCSEP
I'm still part of that SCSEP team, so if you don't mind, I'll just jump in.

0:3:16.490 --> 0:3:17.940
Adams, Anita (Irene) - ETA
Ohh !

0:3:17.400 --> 0:3:18.600
Wilson, Toni K - SCSEP
Hopefully you don't know something I don't know, Irene.

0:3:19.580 --> 0:3:20.900
Wilson, Toni K - SCSEP
Hopefully you don't know something I don't know.

0:3:19.530 --> 0:3:21.580
Adams, Anita (Irene) - ETA
And I missed my fearless leader.

0:3:21.950 --> 0:3:23.590
Adams, Anita (Irene) - ETA
I'm so embarrassed.

0:3:21.810 --> 0:3:25.30
Wilson, Toni K - SCSEP
Ohh good all good.

0:3:23.630 --> 0:3:25.120
Adams, Anita (Irene) - ETA
I missed my fearless leader.

0:3:25.910 --> 0:3:26.570
Denise Thompson
Ohh.

0:3:25.360 --> 0:3:28.190
Wilson, Toni K - SCSEP
It's the… it's that summertime vibe.

0:3:28.200 --> 0:3:29.130
Wilson, Toni K - SCSEP
Hi everyone.

0:3:29.480 --> 0:3:37.730
Wilson, Toni K - SCSEP
So Toni Wilson and I am the SCSEP unit chief and I'm just very happy to be here working with this great team.

0:3:37.880 --> 0:3:39.700
Wilson, Toni K - SCSEP
So I will pass this back over to Irene.

0:3:40.680 --> 0:3:44.280
Adams, Anita (Irene) - ETA
Going to the head, not the heart, Toni. To the head, not the heart.

0:3:43.230 --> 0:3:44.480
Wilson, Toni K - SCSEP
I took it.

0:3:44.490 --> 0:3:45.220
Wilson, Toni K - SCSEP
I took it that way.

0:3:47.770 --> 0:3:48.420
Adams, Anita (Irene) - ETA
OK.

0:3:48.430 --> 0:3:51.600
Adams, Anita (Irene) - ETA
We'll start with the BCT team alphabetically, who's in?

0:3:52.810 --> 0:3:53.730
Denise Thompson
Hi everyone.

0:3:53.740 --> 0:3:54.940
Denise Thompson
This is Denise Thompson.

0:3:54.950 --> 0:3:57.740
Denise Thompson
I am the project lead for BCT and SCSEP.

0:4:1.840 --> 0:4:2.430
Adams, Anita (Irene) - ETA
And well.

0:4:1.870 --> 0:4:2.770
Tina Ward
Good afternoon, everyone.

0:4:4.70 --> 0:4:4.960
Tina Ward
Good afternoon everyone.

0:4:4.970 --> 0:4:6.340
Tina Ward
This is Tina Ward with BCT.

0:4:8.930 --> 0:4:9.590
Adams, Anita (Irene) - ETA
Thank you, Tina.

0:4:11.550 --> 0:4:13.750
Adams, Anita (Irene) - ETA
And now anyone else from BCT?

0:4:15.750 --> 0:4:18.530
Adams, Anita (Irene) - ETA
Then let's go to Two Tech. Alphabetically.

0:4:21.150 --> 0:4:23.170
Barcley, Joyce M - ETA CTR
Hi, this is Joyce Barcley with Two Tech.

0:4:24.760 --> 0:4:25.330
Bronson, Bradley K - ETA CTR
Good afternoon.

0:4:25.340 --> 0:4:27.340
Bronson, Bradley K - ETA CTR
This is Bradley Bronson with Two Tech.

0:4:29.430 --> 0:4:30.310
Mauro, Kevin M - ETA CTR
Hello everyone.

0:4:30.320 --> 0:4:32.20
Mauro, Kevin M - ETA CTR
This is Kevin Mauro with Two Tech.

0:4:33.800 --> 0:4:35.430
McNeace, Meche - ETA CTR
And good afternoon everyone.

0:4:35.440 --> 0:4:40.590
McNeace, Meche - ETA CTR
This is Michi McNeace with Two Tech, even though I'm kind of bright and lighty and shiny here, huh?

0:4:47.360 --> 0:4:48.880
McNeace, Meche - ETA CTR
That's it for our group, Irene.

0:4:47.920 --> 0:4:49.310
Adams, Anita (Irene) - ETA
In and that's.

0:4:49.320 --> 0:4:50.460
Adams, Anita (Irene) - ETA
That's it for the team.

0:4:50.600 --> 0:4:52.130
Adams, Anita (Irene) - ETA
Thank you all for joining us.

0:4:52.640 --> 0:4:58.540
Adams, Anita (Irene) - ETA

We're gonna start off with program announcements today and we have our very own Steve Rietzke to start us off.

0:4:58.550 --> 0:4:59.190
Adams, Anita (Irene) - ETA
Thank you, Steve.

0:4:59.180 --> 0:5:3.620
McNeace, Meche - ETA CTR
Can I interject one real quick, Irene?

0:5:3.670 --> 0:5:4.440
McNeace, Meche - ETA CTR
Shame on you.

0:5:3.470 --> 0:5:4.440
Adams, Anita (Irene) - ETA
Yeah, sure, sure.

0:5:4.450 --> 0:5:6.500
McNeace, Meche - ETA CTR
You forgot our fabulous Ron.

0:5:7.740 --> 0:5:10.470
Adams, Anita (Irene) - ETA
Ron, shame on me.

0:5:12.230 --> 0:5:12.480
McNeace, Meche - ETA CTR
No.

0:5:9.140 --> 0:5:13.0
Ron Schack
I was trying to stay under the radar, but that's.

0:5:12.990 --> 0:5:13.560
Wilson, Toni K - SCSEP
I.

0:5:13.240 --> 0:5:15.490
Ron Schack
I'm Ron from the Charter Oak group.

0:5:12.510 --> 0:5:16.110
Adams, Anita (Irene) - ETA
He's you cannot fly under the radar.

0:5:15.500 --> 0:5:17.390
Ron Schack
Hi, everybody. OK.

0:5:17.190 --> 0:5:18.700
Wilson, Toni K - SCSEP
Hi, Ron. Glad to have you.

0:5:20.750 --> 0:5:23.110
Adams, Anita (Irene) - ETA
Gotta jump in, Ron, you have to jump in.

0:5:23.590 --> 0:5:24.720
Adams, Anita (Irene) - ETA
We what up?

0:5:25.690 --> 0:5:26.150
Ron Schack
Yes.

0:5:24.730 --> 0:5:29.250
Adams, Anita (Irene) - ETA
What program announcements and we have Steve here to start us off.

0:5:30.220 --> 0:5:30.730
Adams, Anita (Irene) - ETA
Alright.

0:5:30.740 --> 0:5:32.280
Adams, Anita (Irene) - ETA
Well, hi everybody.

0:5:32.290 --> 0:5:32.930
Adams, Anita (Irene) - ETA
Happy summer.

0:5:39.80 --> 0:5:43.130
Wilson, Toni K - SCSEP
So just the flag, Irene, you put yours on mute so we can no longer hear Steve.

0:5:43.180 --> 0:5:45.150
Wilson, Toni K - SCSEP
So one of you two if you can, please unmute.

0:5:45.220 --> 0:5:45.600
Wilson, Toni K - SCSEP
Thank you.

0:5:44.950 --> 0:5:45.700
Adams, Anita (Irene) - ETA
Thank you.

0:5:45.770 --> 0:5:46.340
Adams, Anita (Irene) - ETA
Thank you.

0:5:46.350 --> 0:5:47.820
Adams, Anita (Irene) - ETA
I'm sorry, I'm used to doing it.

0:5:47.830 --> 0:5:48.360
Adams, Anita (Irene) - ETA
Go ahead.

0:5:48.430 --> 0:5:49.100
Adams, Anita (Irene) - ETA
I'm go ahead, Steve.

0:5:52.960 --> 0:5:53.900
Adams, Anita (Irene) - ETA
Yeah, yeah.

0:5:55.620 --> 0:5:59.800
Rietzke, Steven - ETA
Ohh no, now you mute your speaker.

0:5:59.870 --> 0:6:0.10
Adams, Anita (Irene) - ETA
Yeah.

0:6:2.580 --> 0:6:2.860
Rietzke, Steven - ETA
OK.

0:6:5.960 --> 0:6:7.580
Rietzke, Steven - ETA
One second, [echoes].

0:6:9.720 --> 0:6:10.170
Rietzke, Steven - ETA
OK.

0:6:10.240 --> 0:6:13.100
Rietzke, Steven - ETA
OK, done.

0:6:13.240 --> 0:6:14.730
Rietzke, Steven - ETA
Are both of your speakers muted?

0:6:15.860 --> 0:6:21.950
Rietzke, Steven - ETA
No, we had a we had here, [echoes], the network [echoes].

0:6:22.880 --> 0:6:24.460
Rietzke, Steven - ETA
So what is your microphone muted?

0:6:26.350 --> 0:6:26.860
Adams, Anita (Irene) - ETA
And do that.

0:6:25.530 --> 0:6:26.940
Rietzke, Steven - ETA
Take yours and goes back.

0:6:29.400 --> 0:6:31.340
Adams, Anita (Irene) - ETA
The cost of living with Teams.

0:6:32.140 --> 0:6:32.370
Wilson, Toni K - SCSEP
Umm.

0:6:34.10 --> 0:6:35.540
Adams, Anita (Irene) - ETA
Alright, alright, how about this?

0:6:35.550 --> 0:6:37.840
Adams, Anita (Irene) - ETA
I'm just gonna move right over here to Irene’s Computer.

0:6:37.910 --> 0:6:38.580
Adams, Anita (Irene) - ETA
Sorry everybody.

0:6:41.180 --> 0:6:42.750
Adams, Anita (Irene) - ETA
Hi, I'm Steve Rietzke.

0:6:42.760 --> 0:6:44.390
Adams, Anita (Irene) - ETA
I'm the division chief here.

0:6:44.400 --> 0:6:45.650
Adams, Anita (Irene) - ETA
It's good to be with you all.

0:6:47.520 --> 0:6:56.970
Adams, Anita (Irene) - ETA

You know, it's ironically part of what I wanted to mention today was just the this time of technological change that we're in.

0:6:58.130 --> 0:7:7.200
Adams, Anita (Irene) - ETA
So number one, I just wanted to say thank you to all of you grantees who are kind of rolling with the punches on GPMS.

0:7:8.410 --> 0:7:19.460
Adams, Anita (Irene) - ETA
I can definitely say that the teams here have been working really hard on identifying issues and working through with the IT developers and

0:7:20.160 --> 0:7:25.130
Adams, Anita (Irene) - ETA
Umm, determining solutions to the issues that you all have been experiencing.

0:7:25.140 --> 0:7:29.430
Adams, Anita (Irene) - ETA
So hopefully some of those are starting to improve now.

0:7:29.680 --> 0:7:49.780
Adams, Anita (Irene) - ETA
We definitely have high hopes for the release that's coming out in July, and we're hoping that the fixes in that release in particular are going to be impactful in the field and really get the system working in the right direction for you all.

0:7:49.790 --> 0:7:54.460
Adams, Anita (Irene) - ETA
So I wanna say thank you for your continued patience with that.

0:7:55.30 --> 0:8:7.70
Adams, Anita (Irene) - ETA
I know it's been a bit of a journey this year, but we're optimistic that that we're really turning a corner and that the functionality of the system is really gonna be firing on all cylinders soon.

0:8:7.740 --> 0:8:12.750
Adams, Anita (Irene) - ETA
Umm, so that's a sort of a general statement.

0:8:12.760 --> 0:8:22.720
Adams, Anita (Irene) - ETA
I wanted to make. I also just wanna say like thank you all for your program year 23 grant submissions.

0:8:23.480 --> 0:8:31.30
Adams, Anita (Irene) - ETA
Umm, I know that we're also working hard on reviewing the documents that you all have submitted.

0:8:31.920 --> 0:8:40.870
Adams, Anita (Irene) - ETA
I think we've been able this year to move up the timeline a bit for a TSS request reviews and we're hoping that that

0:8:42.420 --> 0:8:51.130
Adams, Anita (Irene) - ETA
Helps us to get approvals or questions into your hands sooner, sooner this year than we may have been able to do in prior years.

0:8:51.870 --> 0:8:52.340
Adams, Anita (Irene) - ETA
Umm.

0:8:52.530 --> 0:8:57.570
Adams, Anita (Irene) - ETA
But I also wanna say, like you know, like we've been going through a transition with GPMS.

0:8:59.230 --> 0:9:6.670
Adams, Anita (Irene) - ETA
I think you all know that our grant shop has been going through a big transition of our own with the grant solutions system, UM.

0:9:7.150 --> 0:9:20.80
Adams, Anita (Irene) - ETA
And so, you know, we're really working closely with our colleagues in the Office of Grants Management to work through that transition to identify any issues that are popping up.

0:9:20.690 --> 0:9:28.460
Adams, Anita (Irene) - ETA
And we're really gonna do our best to get our grant reviews and all the prerequisites done for your program year 23 grant awards.

0:9:30.220 --> 0:9:35.170
Adams, Anita (Irene) - ETA
We're gonna get all that stuff done as soon as we can, and we're also going to get.

0:9:35.960 --> 0:9:41.520
Adams, Anita (Irene) - ETA
So our colleagues in the grant shop are going to get grants executed as soon as we can, but I do

0:9:41.530 --> 0:9:47.50
Adams, Anita (Irene) - ETA
Just want to sort of put it out there that this has been, you know, a big transition for our grant shop.

0:9:47.900 --> 0:9:52.310
Adams, Anita (Irene) - ETA
We do, you know, we are encountering some issues.

0:9:53.660 --> 0:10:4.220
Adams, Anita (Irene) - ETA
That have a tendency to slow down some grand awards, I'm cautiously optimistic that we're working, working through a lot of those issues with our colleagues in the grant shop.

0:10:4.230 --> 0:10:19.940
Adams, Anita (Irene) - ETA
But I say all this just to say that you know, we're gonna do our best to get grants out as soon as we can, but I do expect that the timeline for that is going to probably not be immediately at the beginning of July.

0:10:19.950 --> 0:10:36.590
Adams, Anita (Irene) - ETA
I think… I think that we're going to have umm, you know, I think we're going to have some grant awards that are that are, you know, a little bit later into July and you know we understand the urgency.

0:10:38.100 --> 0:10:42.290
Adams, Anita (Irene) - ETA
And I just wanted to come on and let you all know, like: we're definitely paying attention.

0:10:42.580 --> 0:10:48.990
Adams, Anita (Irene) - ETA
We understand the urgency at the beginning of the program year and we're gonna do our best to get everything in.

0:10:49.640 --> 0:10:56.660
Adams, Anita (Irene) - ETA
I guess what I would ask of you is if you are particularly concerned about the beginning of July.

0:10:58.550 --> 0:11:3.360
Adams, Anita (Irene) - ETA
You know definitely flag for your FPO and for your National office liaison.

0:11:4.330 --> 0:11:4.840
Adams, Anita (Irene) - ETA
Kind of what Your what your individual situation is and your grant organization so that we can be aware and we can work with our grant shop to figure out how to prioritize the order in which things are awarded and things like that.

0:11:18.370 --> 0:11:23.930
Adams, Anita (Irene) - ETA
So, umm, you know we're… that's kind of my update.

0:11:24.420 --> 0:11:26.860
Adams, Anita (Irene) - ETA
And if you have questions about that, I'm gonna.

0:11:26.870 --> 0:11:34.950
Adams, Anita (Irene) - ETA

I'm gonna stick around throughout the session, so again, thank you all for your for your patience and continuing to work with us.

0:11:35.340 --> 0:11:42.810
Adams, Anita (Irene) - ETA
I know that technological change, umm, can be difficult and a lot of times it's harder than we expect it to be at the beginning.

0:11:42.820 --> 0:11:48.830
Adams, Anita (Irene) - ETA
So thank you all again and I'll stick around if you have questions later.

0:11:53.560 --> 0:11:55.20
Adams, Anita (Irene) - ETA
And I am back.

0:11:57.40 --> 0:11:57.510
Adams, Anita (Irene) - ETA
Umm.

0:11:57.620 --> 0:12:4.390
Adams, Anita (Irene) - ETA
And I will give you a few updates on the grants management, some additional things that Steve may not have mentioned.

0:12:4.620 --> 0:12:5.450
Adams, Anita (Irene) - ETA
He did mention the Grants review timeline and how we will do plan to for you guys to Please be patient.

0:12:14.500 --> 0:12:17.190
Adams, Anita (Irene) - ETA
We plan to get those awards out as soon as possible.

0:12:17.200 --> 0:12:19.40
Adams, Anita (Irene) - ETA
We're working around the system.

0:12:18.460 --> 0:12:20.30
Seshadri, Latha - ETA
You know their favorite person, though.

0:12:21.250 --> 0:12:21.890
Adams, Anita (Irene) - ETA
Say again.

0:12:23.740 --> 0:12:23.920
Adams, Anita (Irene) - ETA
Hello.

0:12:25.540 --> 0:12:31.90
Adams, Anita (Irene) - ETA
Umm, same with the update on the IT grant awards.

0:12:32.100 --> 0:12:39.790
Adams, Anita (Irene) - ETA
Of course, you know we do plan to award those by 6/30 because that's begins the period of performance.

0:12:39.940 --> 0:12:44.770
Adams, Anita (Irene) - ETA
So we're still working hard at trying to get those out as soon as possible.

0:12:44.880 --> 0:12:45.810
Adams, Anita (Irene) - ETA
It'll be soon.

0:12:46.300 --> 0:12:49.870
Adams, Anita (Irene) - ETA
It's just… that will not be as soon as we might think it is.

0:12:49.880 --> 0:12:50.450
Adams, Anita (Irene) - ETA
What We're working through any of the glitches and issues that we may have may encounter and we're working to get those out as fast as possible.

0:12:58.500 --> 0:13:19.910
Adams, Anita (Irene) - ETA
Umm some of the reminders if you did not… if you had some issues with grants.gov and getting in and believe that you made your, your submission may or may not have gotten in, please contact us and let us know so that we can check and see if it's a grants.gov issue or just your submission.

0:13:20.900 --> 0:13:29.830
Adams, Anita (Irene) - ETA
Please be reminded to check your PMS status your grants.gov status to see if you're the person who should be submitting or the person that's cleared to submit that those are the major issues that we're having with those who are trying to submit that the Duns number are the DUNs numbers are not correct on the grant that you are trying to submit for.

0:13:42.750 --> 0:13:56.60
Adams, Anita (Irene) - ETA
Those are the kind of things that you're running into and you need to really double check to make sure that you are submitting for it to see SCSEP Grant, the SCSEP announcement and all of your information is updated in grants.gov.

0:13:57.560 --> 0:14:13.20
Adams, Anita (Irene) - ETA
There's no need for me to go into the other reminders that I give you about your award, except the fact

that if your indirect cost agreement expires on 6/30, you will need to have one in place within 90 days of your award.

0:14:13.90 --> 0:14:18.950
Adams, Anita (Irene) - ETA
So be sure that if it expires, you have a new one on the way and that you have applied.

0:14:20.570 --> 0:14:28.410
Adams, Anita (Irene) - ETA
Umm, I wanted to also let you know where to go to when you're having issues with your submissions.

0:14:29.40 --> 0:14:35.450
Adams, Anita (Irene) - ETA
We are not technical assistance for either grants.gov or grant solutions.

0:14:36.0 --> 0:14:39.410
Adams, Anita (Irene) - ETA
Um in order to get assistance from with.

0:14:39.420 --> 0:14:43.810
Adams, Anita (Irene) - ETA
With those programs, you need to go to the help desk for those programs.

0:14:43.920 --> 0:14:46.930
Adams, Anita (Irene) - ETA
So within grants.gov there's a help…

0:14:46.940 --> 0:14:55.390
Adams, Anita (Irene) - ETA
There's a button that you click on for help and it will email grants.gov and it and they will help you troubleshoot your issues. For

0:14:56.40 --> 0:15:2.890
Adams, Anita (Irene) - ETA
Grant solutions, I believe I put in the chat box the link for any problem up here.

0:15:2.900 --> 0:15:8.350
Adams, Anita (Irene) - ETA
It is that is the email address for grants solutions.

0:15:8.360 --> 0:15:14.750
Adams, Anita (Irene) - ETA
If you're having issues with your submissions and grant solutions, though, that's the people to contact.

0:15:14.980 --> 0:15:42.530
Adams, Anita (Irene) - ETA
We can't really assist you with those issues, so please please use your use the facilities that are available within those programs to request assistance. or your documents missions, though anything that has to

do with the what is contained in your submissions, you should contact your FPO with a copy to your NOL.

0:15:43.550 --> 0:15:46.200
Adams, Anita (Irene) - ETA
They will work out any issues that you might have.

0:15:46.760 --> 0:15:52.290
Adams, Anita (Irene) - ETA
Umm, with your budgets and any of your document submissions.

0:15:52.520 --> 0:15:59.830
Adams, Anita (Irene) - ETA
So just to recap: for grants.gov, please contact the grants.gov technical assistance.

0:15:59.840 --> 0:16:2.430
Adams, Anita (Irene) - ETA
That's if you're having problems with Grants.gov

0:16:2.700 --> 0:16:29.80
Adams, Anita (Irene) - ETA
For grant Solutions, same thing. I gave you the email in the chat box for any issues with grant solutions and for any general questions regarding your document submissions, you should contact your FPO and NOL. And please feel free to put your questions in the chat and/or wait until the question and answer period to pose any questions to the team here. Umm.

0:16:29.460 --> 0:16:29.600
Adams, Anita (Irene) - ETA
OK.

0:16:29.130 --> 0:16:33.250
Wilson, Toni K - SCSEP
Irene, before you move on to the next thing I just wanted to add new things, if that's OK.

0:16:34.110 --> 0:16:35.390
Adams, Anita (Irene) - ETA
Yeah, I love it.

0:16:35.730 --> 0:16:52.900
Wilson, Toni K - SCSEP
Alright, so for one I did want to just to add the fact that if you are having some problems in reference to either grant solutions or grants.gov, I know we're not the help desk, but it's still helpful to make sure you're inform your FPO that you're having those trouble.

0:16:53.370 --> 0:16:58.980
Wilson, Toni K - SCSEP
So we just have that on our radar of kind of what's going on and that you're trying to get that information in.

0:16:59.410 --> 0:17:3.660
Wilson, Toni K - SCSEP
So please keep that communication open.

0:17:4.480 --> 0:17:16.280
Wilson, Toni K - SCSEP
The other thing I wanted to just go back to is in reference to the update on the SCSEP IT grant awards, we hope to have those out this week, but they'll be coming out shortly.

0:17:16.290 --> 0:17:21.620
Wilson, Toni K - SCSEP
We had over 40 applicants, so we were very excited to see that.

0:17:21.810 --> 0:17:25.360
Wilson, Toni K - SCSEP
As a reminder, those were under TEGL 10-22.

0:17:26.130 --> 0:17:29.360
Wilson, Toni K - SCSEP
These were to focus on Umm.

0:17:32.970 --> 0:17:53.760
Wilson, Toni K - SCSEP
IT implementation support around GPMS, so these are pieces of work that are supported around that and that's the one-year Program Year funding and they do have some conditions in reference to just further explaining.

0:17:53.770 --> 0:18:2.950
Wilson, Toni K - SCSEP
So you'll get those packages and you can work with your FPO and NOLs and reference to making sure that we're all on the same page of what that work will look like.

0:18:3.40 --> 0:18:10.590
Wilson, Toni K - SCSEP
So I just wanted to make sure that was flagged and we'll be sure to send that announcement out as soon as it's announced.

0:18:13.800 --> 0:18:16.760
Wilson, Toni K - SCSEP
And I think that's what I had for that.

0:18:20.950 --> 0:18:22.320
Adams, Anita (Irene) - ETA
Oh, thank you, Toni.

0:18:22.410 --> 0:18:27.410
Adams, Anita (Irene) - ETA
And to add to these announcements, we have, we're gonna hear from Byron. Byron?

0:18:28.430 --> 0:18:28.780
Adams, Anita (Irene) - ETA
Great.

0:18:28.790 --> 0:18:29.540
Adams, Anita (Irene) - ETA
Thanks Irene.

0:18:30.550 --> 0:18:39.160
Adams, Anita (Irene) - ETA
I have a a quick note that doesn't appear on the agenda regarding what is the SCSEP Communications TA resource.

0:18:39.710 --> 0:18:47.300
Adams, Anita (Irene) - ETA
To give you a little background, over the past few months, SCSEP has been involved with a pilot project with HHS.

0:18:47.310 --> 0:18:55.720
Adams, Anita (Irene) - ETA
The project was to improve communication with our SCSEP grantees and our partners through the pilots Access Working Group.

0:18:55.860 --> 0:19:0.300
Adams, Anita (Irene) - ETA
We developed what is a SCSEP communications TA resource.

0:19:0.810 --> 0:19:12.820
Adams, Anita (Irene) - ETA
In short, it's basically a checklist that SCSEP grantees and partners can use to review both existing and new communications to SCSEP participants.

0:19:13.910 --> 0:19:20.30
Adams, Anita (Irene) - ETA
We're hoping once it's posted that you'll be able to use questions and tips included in the checklist tool.

0:19:21.470 --> 0:19:32.970
Adams, Anita (Irene) - ETA
Grantees and partners should consider how to revise their communications so that participants are more likely to understand and act on those particular communications.

0:19:33.40 --> 0:19:35.90
Adams, Anita (Irene) - ETA
So more about that will be coming soon.

0:19:35.620 --> 0:19:37.250
Adams, Anita (Irene) - ETA
Just keep an eye out for that.

0:19:37.600 --> 0:19:38.130
Adams, Anita (Irene) - ETA
That's it.

0:19:38.190 --> 0:19:38.850
Adams, Anita (Irene) - ETA
Thanks, Irene.

0:19:38.940 --> 0:19:40.310
Adams, Anita (Irene) - ETA
No, thank you, Byron.

0:19:40.660 --> 0:19:48.350
Adams, Anita (Irene) - ETA
Um communications and outreach and we have the technical and technical assistance and we have the Two Tech team first up.

0:19:50.470 --> 0:19:51.740
McNeace, Meche - ETA CTR
Thanks, Irene.

0:19:52.350 --> 0:20:13.840
McNeace, Meche - ETA CTR
We're gonna go ahead and just quickly talk about National Employ Older Workers Week, as most of all of our grantees know, and us here at the program office know that in the early fall, in the month of September, we celebrate national employ older Workers week during the last full week in September.

0:20:14.370 --> 0:20:26.260
McNeace, Meche - ETA CTR
So this year we are beginning to prepare to create a marketing poster for NEOWW and make that available as soon as possible for all the grantees.

0:20:26.270 --> 0:20:48.200
McNeace, Meche - ETA CTR
Our goal is to have a design approved and ready for dissemination closer to either the end of August, but the early September, so that the grantees can use this marketing posters to help with their celebration or their celebratory activities during National Employ Older Workers Week.

0:20:48.210 --> 0:20:49.580
McNeace, Meche - ETA CTR
So that will be coming.

0:20:49.590 --> 0:21:11.170
McNeace, Meche - ETA CTR
So we just wanted to put that out there earlier and then quickly go into GPMS virtual live schedule. These last few months, we've been performing or having GPMS virtual live sessions every other Wednesday and particularly after we deliver a GPMS training.

0:21:11.440 --> 0:21:24.210
McNeace, Meche - ETA CTR
So now that we have kind of concluded the bulk, I'm going to say the bulk of GPMS training for program year 22, we're gonna focus a lot more of our energy in the GPMS virtual live schedule.

0:21:24.460 --> 0:21:45.510
McNeace, Meche - ETA CTR
So with that being said, we have received a lot of great feedback about the virtual live and the ability for grantees or end users to come and share some of their challenges for them to go through some of the, you know, the quirkiness of the system and you know how to or they're not able to get from here to there.

0:21:45.520 --> 0:21:57.800
McNeace, Meche - ETA CTR
So we've been very instrumental in helping them kind of resolve that and kind of take, hopefully Denise can speak to this and Tina, minimize some of the load that kind of gets sent to Zendesk.

0:21:57.810 --> 0:22:2.300
McNeace, Meche - ETA CTR
You know, if we can help them figure it out, we do so during virtual live.

0:22:2.470 --> 0:22:7.960
McNeace, Meche - ETA CTR
So with that being said, there seems to be a large demand for our virtual live.

0:22:7.970 --> 0:22:16.360
McNeace, Meche - ETA CTR
So we are going to effective in July, the new program year increase virtual live from twice a month to three times a month.

0:22:16.370 --> 0:22:24.300
McNeace, Meche - ETA CTR
So we will have it again still on Wednesday and then the only Wednesday we will not conduct a virtual live will be the Wednesday we do the all grantee call, so it'll still be on Wednesday 3 times a month.

0:22:29.720 --> 0:22:36.250
McNeace, Meche - ETA CTR
Same time: 2:00 PM to 3:30 PM, a new schedule or new invitation will go out shortly.

0:22:36.600 --> 0:22:39.420
McNeace, Meche - ETA CTR
So that's all I have for our section.

0:22:41.430 --> 0:22:42.210
Adams, Anita (Irene) - ETA
Great.

0:22:42.220 --> 0:22:43.140
Adams, Anita (Irene) - ETA
Thank you, Michi.

0:22:43.530 --> 0:22:44.210
McNeace, Meche - ETA CTR
You're welcome.

0:22:43.860 --> 0:22:52.210
Adams, Anita (Irene) - ETA
Umm, the next thing on the agenda will be the updates on GPMS, but we'll start with the newsletter from Byron.

0:22:53.100 --> 0:22:53.760
Adams, Anita (Irene) - ETA
Thanks, Irene.

0:22:55.60 --> 0:23:1.430
Adams, Anita (Irene) - ETA
So the June edition of the SCSEP GPMS newsletter is out. In this latest issue

0:23:1.440 --> 0:23:7.610
Adams, Anita (Irene) - ETA
We're continuing our spotlight on TEGL 10-22, the IT TEGL that was issued back in March.

0:23:7.880 --> 0:23:23.220
Adams, Anita (Irene) - ETA
In this edition, we highlight the current status of the award process that was mentioned earlier, along with some of the allowable grant activities and awardees that were awardees will be engaged in. As usual

0:23:23.230 --> 0:23:35.660
Adams, Anita (Irene) - ETA
There are links to the GPMS tab on the community of Practice page and also links to other GPMS-related documents that will provide information about specific GPMS topics.

0:23:36.770 --> 0:23:46.230
Adams, Anita (Irene) - ETA
Also, there's information or a link to TEGL 18-22, the SCSEP allotment TEGL, so I'll stop there.

0:23:49.220 --> 0:23:49.670
Adams, Anita (Irene) - ETA
Great.

0:23:49.680 --> 0:23:56.150
Adams, Anita (Irene) - ETA
I'm looking forward to seeing that Byron. GPMS reports BCT team?

0:23:59.200 --> 0:24:0.450
Tina Ward
Good afternoon everyone.

0:24:0.460 --> 0:24:2.130
Tina Ward
I'm Tina Ward with BCT.

0:24:2.140 --> 0:24:6.270
Tina Ward
Just gonna highlight a few recent updates related to GPMS.

0:24:6.900 --> 0:24:26.350
Tina Ward
The first section we'll talk about is GPMS reports that most in need and waiver factor actions report was recently released in GPMS and the assignments by host agency report as well as further updates to the nationwide and internal QPR scheduled for release in the next few weeks.

0:24:26.700 --> 0:24:31.310
Tina Ward
As always, please see SCSEPhelp.com for a list of all available reports.

0:24:32.550 --> 0:24:35.980
Tina Ward
Next, we'll talk about the GPMS releases.

0:24:35.990 --> 0:24:41.120
Tina Ward
Release 1.8 was a big release and it was deployed to production on June the 6th.

0:24:41.530 --> 0:24:51.40
Tina Ward
It included a great many fixes, enhancements and new user functions, some of which were enhancements to the right of return functionality.

0:24:51.430 --> 0:24:57.100
Tina Ward
Edits to follow up to entry when zero wages are entered and great news:

0:24:57.170 --> 0:25:0.980
Tina Ward
The internal QPR's are now delivered via email.

0:25:0.990 --> 0:25:4.440
Tina Ward
Users do not have to sit and hit refresh over and over again on the page.

0:25:4.450 --> 0:25:5.480
Tina Ward
That's a great enhancement.

0:25:6.280 --> 0:25:10.170
Tina Ward
And now users also have the ability to edit closed assignments.

0:25:11.90 --> 0:25:17.210
Tina Ward
Some of the fixes were, as I stated before, numerous fixes to the internal and nationwide QPR.

0:25:17.320 --> 0:25:32.530
Tina Ward
There was a county of residence discrepancy that was corrected and the generate internal QPR's were added to the “read only” role in GPMS and also a users were receiving a durational limit error upon reenrollment.

0:25:32.540 --> 0:25:33.830
Tina Ward
That was corrected as well.

0:25:34.990 --> 0:25:40.420
Tina Ward
Release 1.8.1 was deployed on June 7th and included a hot fix to the break.

0:25:40.430 --> 0:25:41.700
Tina Ward
Extract reports.

0:25:42.50 --> 0:25:47.400
Tina Ward
As always, grantees should refer to the complete release notes located at SCSEPhelp.com.

0:25:48.350 --> 0:25:52.650
Tina Ward
Ohh, it's several items you mentioned under the technical assistance.

0:25:52.970 --> 0:26:1.360
Tina Ward
Grantees received an email on June the 14th that contained QPR analysis based on the PY 22 quarter three data.

0:26:1.750 --> 0:26:20.370
Tina Ward
This analysis was intended to provide grantees performance data while the QPR is still under development and please refer to the email for complete details. Also noted in the email was a request for grantees to enter any outstanding PY 22 community service hours.

0:26:20.860 --> 0:26:27.430
Tina Ward
Along with that, we want to encourage grantees to enter any outstanding PY 22 data.

0:26:27.640 --> 0:26:58.490
Tina Ward
While we recognize there's been issues with the system, we still want to encourage everyone to enter all the data that they possibly can. And also, uh grantees can now access archived QPR's from SPARQ on SCSEPhelp.com. PY 07 through PY 21 is available. And now moving on to our tip of the month: prior to submitting a request to deactivate a user staff member who's no longer with your organization.

0:26:58.820 --> 0:27:4.350
Tina Ward
Please ensure that there are no cases currently assigned to that staff member or user.

0:27:5.400 --> 0:27:10.270
Tina Ward
Uh, we cannot deactivate a user unless all cases have been moved to

0:27:10.280 --> 0:27:14.770
Tina Ward
Either a new permanent user or a temporary user, so please keep that in mind.

0:27:14.880 --> 0:27:23.560
Tina Ward
And as always, for assistance and support contacts, SCSEPhelp.zendesk.com and that's all for us and I'll turn it over to Ron now. Thanks.

0:27:24.790 --> 0:27:25.680
Ron Schack
Hi everyone.

0:27:26.90 --> 0:27:31.20
Ron Schack
Just a quick update on the customer satisfaction survey effort.

0:27:31.150 --> 0:27:41.160
Ron Schack
We are… we do have access to the GPMS data we need to draw the sample and we're actively working on drawing the sample.

0:27:41.800 --> 0:27:54.590
Ron Schack
Umm, this has been a more a little bit more of a process than we anticipated, but where it's moving along and we hope to have the survey in the field by the middle of July.

0:27:55.260 --> 0:28:6.930
Ron Schack

So, and that's the participant survey, the host agency survey is digital and we can wait a little bit longer to put that in the field, but we need some approvals to do that first.

0:28:6.940 --> 0:28:8.230
Ron Schack
And we're waiting on those.

0:28:8.910 --> 0:28:10.420
Ron Schack
Umm, uh.

0:28:10.430 --> 0:28:13.280
Ron Schack
But the digital survey process will be much easier.

0:28:14.70 --> 0:28:14.430
Ron Schack
Umm.

0:28:15.10 --> 0:28:23.670
Ron Schack
As far as the grantees' involvement in that process and much quicker, so we're all looking forward to that.

0:28:24.110 --> 0:28:26.140
Ron Schack
So that's really all I have.

0:28:26.150 --> 0:28:49.20
Ron Schack
I just wanna second the sentiment regarding putting your data in, because of course those data eventually make their way into the reports that we use to do the grantee performance evaluation and October and we want all the data, all the data duckies in a row by that time.

0:28:49.230 --> 0:28:50.110
Ron Schack
So thanks everybody.

0:28:58.350 --> 0:29:2.610
Adams, Anita (Irene) - ETA
Ohh, I'm sorry, I would read the questions on… in the chat.

0:29:3.60 --> 0:29:10.960
Adams, Anita (Irene) - ETA
There are some questions in the chat, but we are now as we are now moving to our question and answer, segment of this.

0:29:10.60 --> 0:29:19.670
Wilson, Toni K - SCSEP
So, so before you jump into the Q&A, I just wanted to finish the loop on the allotments.

0:29:20.300 --> 0:29:22.230
Wilson, Toni K - SCSEP
So just wanted to flag.

0:29:22.240 --> 0:29:25.530
Wilson, Toni K - SCSEP
I know Steve kind of jumped in and on there.

0:29:25.540 --> 0:29:41.740
Wilson, Toni K - SCSEP
We appreciate that, but just wanted to make sure we're on the same page that that did close on Friday as was mentioned and so please stay in contact with your FPO and we working to get those grants out.

0:29:42.0 --> 0:29:53.650
Wilson, Toni K - SCSEP
If you have a TSS that you submitted, our team is working on those earlier, so we can be working now to get those.

0:29:54.720 --> 0:30:1.570
Wilson, Toni K - SCSEP
Approved, or if some additional information is needed We'll be in contact you with the contact with you on that.

0:30:1.940 --> 0:30:3.220
Wilson, Toni K - SCSEP
So we can get those.

0:30:3.590 --> 0:30:16.780
Wilson, Toni K - SCSEP
Moving forward, I know a lot of people need to know that information ASAP, so just wanted to make sure we were all on the on the same page in reference to that information as we try to get those out as quickly as possible.

0:30:17.710 --> 0:30:18.860
Wilson, Toni K - SCSEP
Thank you so much, Irene.

0:30:19.600 --> 0:30:20.630
Adams, Anita (Irene) - ETA
Thank you, Toni.

0:30:20.920 --> 0:30:24.750
Adams, Anita (Irene) - ETA
I think we now we're going to move to the question and answers.

0:30:24.760 --> 0:30:26.90
Adams, Anita (Irene) - ETA
I saw a few in the chat.

0:30:26.830 --> 0:30:27.390
Adams, Anita (Irene) - ETA
Umm.

0:30:27.890 --> 0:30:38.380
Adams, Anita (Irene) - ETA
And, but feel free to raise your hand and someone will allow you to well, open the mic for you to ask a question.

0:30:38.450 --> 0:30:39.920
Adams, Anita (Irene) - ETA
Remember, this is your call.

0:30:40.90 --> 0:30:42.380
Adams, Anita (Irene) - ETA
This is the time for you to ask your questions.

0:30:42.390 --> 0:30:46.600
Adams, Anita (Irene) - ETA
No, no matter how silly you might think it is, or small, you might think it is.

0:30:46.610 --> 0:30:53.900
Adams, Anita (Irene) - ETA
This is for you to get and for obtain information from us so that we're able to answer your questions directly.

0:30:53.990 --> 0:30:56.820
Adams, Anita (Irene) - ETA
So please please please ask your questions.

0:30:56.830 --> 0:30:57.690
Adams, Anita (Irene) - ETA
That's what we're here for.

0:31:2.100 --> 0:31:4.540
Adams, Anita (Irene) - ETA
Any hands raised Bradley?

0:31:4.30 --> 0:31:5.60
Bronson, Bradley K - ETA CTR
Uh, yes.

0:31:5.130 --> 0:31:5.240
Bronson, Bradley K - ETA CTR
Uh.

0:31:5.350 --> 0:31:8.290
Bronson, Bradley K - ETA CTR
Have hand raised with Laura.

0:31:15.40 --> 0:31:16.540
Adams, Anita (Irene) - ETA
Laura McMurtry from Michigan?

0:31:17.210 --> 0:31:17.410
Bronson, Bradley K - ETA CTR
Yes.

0:31:22.20 --> 0:31:23.330
Bronson, Bradley K - ETA CTR
Go ahead, Laura, unmute your mic.

0:31:23.340 --> 0:31:24.0
Bronson, Bradley K - ETA CTR
If you can speak.

0:31:28.700 --> 0:31:31.80
Adams, Anita (Irene) - ETA
No, you're not unmuted.

0:31:36.650 --> 0:31:38.420
McNeace, Meche - ETA CTR
Bradley, can you can Bradley?

0:31:42.440 --> 0:31:43.510
Bronson, Bradley K - ETA CTR
That's what I'm trying to do.

0:31:40.430 --> 0:31:44.250
McNeace, Meche - ETA CTR
Can you unmute Laura from your, OK.

0:31:45.220 --> 0:31:45.750
Bronson, Bradley K - ETA CTR
Can you try it now?

0:31:46.300 --> 0:31:46.990
McMurtry, Laura (DHHS)
Thank you.

0:31:47.140 --> 0:31:47.530
McMurtry, Laura (DHHS)
Thank you.

0:31:47.540 --> 0:31:49.110
McMurtry, Laura (DHHS)
Sorry, you guys shut Michigan up.

0:31:49.120 --> 0:31:50.900
McMurtry, Laura (DHHS)
Sometimes I know we talk a lot.

0:31:51.580 --> 0:31:52.140
McMurtry, Laura (DHHS)
Thank you.

0:31:52.150 --> 0:31:55.50
McMurtry, Laura (DHHS)
And I actually gave feedback to our federal project officer.

0:31:55.380 --> 0:32:2.570
McMurtry, Laura (DHHS)
We did get some additional funding that we're very thankful for in one additional slot, but that additional funding really didn't even cover full slot.

0:32:2.580 --> 0:32:8.310
McMurtry, Laura (DHHS)
So I just I wanted to talk to somebody offline, maybe at some point, and if not, that's OK too.

0:32:8.660 --> 0:32:17.270
McMurtry, Laura (DHHS)
In the future, it would be nice to get enough funding for a full slot, but we're all about not turning money back though, so thank you.

0:32:18.120 --> 0:32:18.740
McMurtry, Laura (DHHS)
That's all.

0:32:18.790 --> 0:32:19.160
McMurtry, Laura (DHHS)
I just.

0:32:19.170 --> 0:32:26.50
McMurtry, Laura (DHHS)
It was just an A kind of a question how that happened, because I believe some regions got funding but not more slots.

0:32:29.820 --> 0:32:30.410
McMurtry, Laura (DHHS)
That's all.

0:32:30.480 --> 0:32:30.900
McMurtry, Laura (DHHS)
Thank you.

0:32:32.140 --> 0:32:32.950
Adams, Anita (Irene) - ETA
Thank you, Laura.

0:32:35.890 --> 0:32:36.890
Adams, Anita (Irene) - ETA
Any other questions?

0:32:37.500 --> 0:32:39.220
Bronson, Bradley K - ETA CTR
If you have any other questions, go and raise your hand.

0:32:40.560 --> 0:32:46.220
Adams, Anita (Irene) - ETA
There was a question in the chat about the intake forms being in a PDF file.

0:32:46.230 --> 0:32:47.430
Adams, Anita (Irene) - ETA
Did somebody see that?

0:32:47.440 --> 0:32:48.10
Adams, Anita (Irene) - ETA
I don't.

0:32:48.20 --> 0:32:49.940
Adams, Anita (Irene) - ETA
I can't find it now, but I saw it.

0:32:53.200 --> 0:32:54.960
Adams, Anita (Irene) - ETA
It was a question from Easter Seals.

0:33:1.560 --> 0:33:3.650
Bronson, Bradley K - ETA CTR
We do have a few hands raised.

0:33:3.660 --> 0:33:4.750
Bronson, Bradley K - ETA CTR
Umm, did you wanna go to them?

0:33:5.590 --> 0:33:5.810
Adams, Anita (Irene) - ETA
Good.

0:33:5.820 --> 0:33:6.860
Adams, Anita (Irene) - ETA
Let's go to the hands.

0:33:7.310 --> 0:33:7.920
Bronson, Bradley K - ETA CTR
OK.

0:33:7.970 --> 0:33:8.900
Bronson, Bradley K - ETA CTR
Uh, Maura.

0:33:8.970 --> 0:33:11.650
Bronson, Bradley K - ETA CTR
Go ahead and unmute your mic and go ahead and ask your question.

0:33:13.250 --> 0:33:14.520
Maura Porcelli
It's hi, everybody.

0:33:14.530 --> 0:33:15.60
Maura Porcelli
Good afternoon.

0:33:15.480 --> 0:33:16.50
Maura Porcelli
Uh.

0:33:16.630 --> 0:33:33.510
Maura Porcelli
Wanted to ask a question of the report we got last Thursday was really helpful in terms of our performance year to date versus what we've been seeing in the QPR and I don't know if my colleagues were in the same boat but our numbers were not what we thought they were going to be.

0:33:33.520 --> 0:33:43.530
Maura Porcelli
And so we've been delivering some technical assistance, making sure that people understand how to do the follow UPS in light of the QPRs inaccuracy.

0:33:43.620 --> 0:33:52.580
Maura Porcelli
Will there be another opportunity for us to get, you know, the data from you to see where we are making sure we're delivering?

0:33:52.590 --> 0:34:12.100
Maura Porcelli
You know, we're still working out the kinks with GPMS ourselves, so we wanna make sure we're delivering the support of technical assistance to our Subs and that we're making sure that the data is

being captured and captured accurately because they know we've been doing the follow ups and it just wasn't reflected in the data we saw.

0:34:12.110 --> 0:34:18.890
Maura Porcelli
So and it was very eye opening and helpful to see that we want to make sure that the work we're doing is bearing fruit.

0:34:19.910 --> 0:34:20.620
Wilson, Toni K - SCSEP
No, that's a.

0:34:20.660 --> 0:34:21.940
Wilson, Toni K - SCSEP
That's an excellent question.

0:34:21.950 --> 0:34:38.200
Wilson, Toni K - SCSEP
I'm sure others may want to jump in, but I would just start out by saying, you know, we're almost at the finish line here in reference of the quarterly reports and we're trying to make sure that they are fully stabilized and that includes that release that just went out.

0:34:38.210 --> 0:34:41.460
Wilson, Toni K - SCSEP
And then we have another one in July.

0:34:41.630 --> 0:34:57.70
Wilson, Toni K - SCSEP
In the meantime, we were able to kind of pull a data extract and reference to seeing what the data all of the data that's in there, making sure that the data itself is at least correct and nothing is going wrong on that end.

0:34:57.370 --> 0:35:12.90
Wilson, Toni K - SCSEP
And we're happy to say that is the case as a data extract shows that data going in is correct and we're just on our end making sure that we have the reports themselves are fully functioning.

0:35:12.260 --> 0:35:23.660
Wilson, Toni K - SCSEP
So with that said, we do plan to for a quarter three data provide an ad hoc of all of your data of under the PY 22.

0:35:23.670 --> 0:35:41.740
Wilson, Toni K - SCSEP
So you'll have like a picture of what a snapshot I should say of your data to compare to, and then hopefully by the next quarter the system is stable and we'll be able to use that and if not, we'll do the same for the quarter four and pull from the extract.

0:35:41.910 --> 0:35:54.120
Wilson, Toni K - SCSEP
So we'll be sending that out and hopefully that will help kind of everybody get a chance to kind of have a more realistic view of where we are at as we are transitioning the system.

0:35:54.980 --> 0:35:55.370
Maura Porcelli
Great.

0:35:55.380 --> 0:35:56.190
Maura Porcelli
Thank you so much.

0:35:56.200 --> 0:35:56.760
Maura Porcelli
Appreciate that.

0:35:56.370 --> 0:35:57.230
Wilson, Toni K - SCSEP
Ohh, no, no.

0:35:57.240 --> 0:35:57.960
Wilson, Toni K - SCSEP
You're welcome.

0:35:58.190 --> 0:36:14.560
Wilson, Toni K - SCSEP
I would also add one of the things that we did see from the data is that, umm, you know, especially in reference to follow up or not seeing as much of that information in there and I completely understand there's many reasons and reference to the system.

0:36:15.230 --> 0:36:28.460
Wilson, Toni K - SCSEP
So we will be moving toward just kind of having, you know, like a day to day or a day to week where we're really kind of help make sure everybody can get that any missing data in the system.

0:36:28.610 --> 0:36:34.510
Wilson, Toni K - SCSEP
So the so by the time we do that fifth quarter where we freeze the data, all is in.

0:36:35.120 --> 0:36:36.850
Wilson, Toni K - SCSEP
So we'll be looking out for that also.

0:36:37.400 --> 0:36:42.240
Wilson, Toni K - SCSEP
That'll be an opportunity to make sure that we close with that final data entered.

0:36:45.280 --> 0:36:45.710
Bronson, Bradley K - ETA CTR
OK.

0:36:45.780 --> 0:36:48.70
Bronson, Bradley K - ETA CTR
We have another question from Jamescha.

0:36:48.980 --> 0:36:50.230
Bronson, Bradley K - ETA CTR
Go ahead and unmute your mic.

0:36:57.10 --> 0:36:58.800
Jones, Jamescha
Good afternoon everyone.

0:36:58.880 --> 0:37:3.390
Jones, Jamescha
Actually put three different questions, so unfortunately I'm just going to roll them all through that way.

0:37:4.130 --> 0:37:5.930
Adams, Anita (Irene) - ETA
OK, let's go with it.

0:37:5.990 --> 0:37:6.830
Adams, Anita (Irene) - ETA
Go right with it.

0:37:6.970 --> 0:37:10.200
Jones, Jamescha
You guys wouldn't,… you wouldn't be shocked that I did it differently.

0:37:10.770 --> 0:37:17.140
Jones, Jamescha
One of the things we had was we had subgrantees with CSA hours: completely disappeared?

0:37:17.930 --> 0:37:21.700
Jones, Jamescha
We got the request to send the PID's, but I mean we're talking hundreds.

0:37:21.750 --> 0:37:32.70
Jones, Jamescha
I just don't think do you need all of them? because it's… we were caught up some, some sub grantees, quarter one drop, some quarter 2, some quarter three.

0:37:32.220 --> 0:37:33.810
Jones, Jamescha
So I mean, it's a lot of PID.

0:37:33.820 --> 0:37:35.630
Jones, Jamescha
So I'm trying to get clarification.

0:37:35.640 --> 0:37:41.80
Jones, Jamescha
Do you got the request to send the PIDs but it's hundreds, so do we really need to send all of them?

0:37:41.950 --> 0:37:42.620
Tina Ward
Hi Jamescha.

0:37:42.630 --> 0:37:43.600
Tina Ward
this is Tina.

0:37:43.940 --> 0:37:44.270
Jones, Jamescha
Hey Tina.

0:37:43.610 --> 0:37:47.420
Tina Ward
I can jump in there that cause I'm currently working with Marissa on that.

0:37:47.710 --> 0:37:56.570
Tina Ward
What we needed was just a few sample PIDs and I asked Marissa to just provide me with PIDs of participants she knew the hours were in so that we could do further research.

0:37:59.880 --> 0:38:0.140
Jones, Jamescha
OK.

0:37:59.530 --> 0:38:1.290
Tina Ward
We don't need your hundreds, I promise.

0:38:2.140 --> 0:38:2.360
Adams, Anita (Irene) - ETA
It's.

0:38:1.840 --> 0:38:3.890
Jones, Jamescha
I was like, yeah, I would.

0:38:3.900 --> 0:38:4.650
Jones, Jamescha
I would quit for you.

0:38:4.660 --> 0:38:5.130
Jones, Jamescha
That's a lot.

0:38:5.140 --> 0:38:5.420
Jones, Jamescha
OK.

0:38:5.430 --> 0:38:6.450
Jones, Jamescha
Thank you for that one.

0:38:7.130 --> 0:38:9.880
Jones, Jamescha
And then I know durational limits being

0:38:12.720 --> 0:38:14.290
Jones, Jamescha
Elastic they are moving.

0:38:14.400 --> 0:38:25.170
Jones, Jamescha
is a known issue, but and I know this is something that there's a hope for the next fix to fix, but what do we what is the solution in the meantime?

0:38:25.700 --> 0:38:32.170
Jones, Jamescha
It's really hard as people hit their durational limit, it's there, then it moves it for four days and then it moves back two days.

0:38:32.480 --> 0:38:38.110
Jones, Jamescha
And this is happening day over day and so there's just not enough screen capturing to be accurate.

0:38:38.780 --> 0:38:42.620
Jones, Jamescha
Is there a suggestion or solution from DOL?

0:38:42.780 --> 0:38:43.790
Jones, Jamescha
On what we need to do for this?

0:38:51.650 --> 0:38:52.510
Adams, Anita (Irene) - ETA
Is that freeze?

0:38:52.650 --> 0:38:53.100
Jones, Jamescha
Think it over.

0:38:55.490 --> 0:38:57.0
Jones, Jamescha
You just let me know.

0:38:57.890 --> 0:39:7.560
Jones, Jamescha
And then my third question is we got the… thank you guys for sending out the spreadsheet with all of the authorized numbers and the increases.

0:39:7.570 --> 0:39:10.880
Jones, Jamescha
Will there be a modified spreadsheet to come?

0:39:11.390 --> 0:39:21.660
Jones, Jamescha
Because of course, so many states have had minimum wage changes since last year, and with the additional slot here or not there, we're just trying to true up the modifies.

0:39:21.810 --> 0:39:22.840
Jones, Jamescha
So is that coming?

0:39:22.850 --> 0:39:26.690
Jones, Jamescha
It's not in GPMS for PY 23, so I don't know where we go for it.

0:39:29.510 --> 0:39:29.900
Wilson, Toni K - SCSEP
Right.

0:39:30.300 --> 0:39:36.270
Jones, Jamescha
Think that one over. And then the last question is, are there more handbooks or GPS modules to come?

0:39:36.440 --> 0:39:43.840
Jones, Jamescha
I think that may be a Two Tech question, but um just for then the subsequent parts for GPMS are those still to come?

0:39:44.690 --> 0:39:45.10
Jones, Jamescha
I'm done.

0:39:46.10 --> 0:39:46.950
Wilson, Toni K - SCSEP
All right, those are all.

0:39:46.320 --> 0:39:53.500
Adams, Anita (Irene) - ETA
OK, so for the the last one, I'm gonna have Michi do, and then the one before that, Ron is going to take.

0:39:57.540 --> 0:39:57.900
McNeace, Meche - ETA CTR
Uh.

0:39:57.140 --> 0:40:0.330
Adams, Anita (Irene) - ETA
So go ahead which one you want to answer for.

0:40:0.340 --> 0:40:0.950
Adams, Anita (Irene) - ETA
Go ahead, Michi.

0:40:0.960 --> 0:40:1.380
Adams, Anita (Irene) - ETA
You will say.

0:40:4.200 --> 0:40:5.100
Adams, Anita (Irene) - ETA
But five slots?

0:40:0.380 --> 0:40:5.930
Ron Schack
So I'll take, I'll take the modified slot question.

0:40:6.620 --> 0:40:20.780
Ron Schack
So what happens is, you know, we have to get the authorized positions right and we upload those into GPMS and then we also have a spreadsheet that that is created by…

0:40:21.720 --> 0:41:2.0
Ron Schack
in a collaborative effort between BCT, MPR and the Charter Oak Group that is basically… adjusts the authorized positions for any minimum wage changes and in areas in which the grantees serve, right? And that results in your modified positions that that table is being prepared and will be uploaded in the GPMS and when that's ready, it'll also be distributed to the grantees so they can see their modified positions.

0:41:2.640 --> 0:41:8.890
Ron Schack
But that's… I am not directly involved in the production of that.

0:41:8.970 --> 0:41:12.760
Ron Schack
But I think that's being worked on as we speak.

0:41:12.770 --> 0:41:15.660
Ron Schack
Denise, do you know what the status of that is?

0:41:19.570 --> 0:41:21.740
Denise Thompson
Um, not off the top. Ron.

0:41:21.750 --> 0:41:23.970
Denise Thompson
I'm gonna have to find out and then I'll get back to everyone.

0:41:24.580 --> 0:41:24.910
Ron Schack
Yeah.

0:41:24.920 --> 0:41:25.890
Ron Schack
OK. Thanks.

0:41:28.860 --> 0:41:30.140
Ron Schack
That’s it for that one.

0:41:32.850 --> 0:41:33.320
McNeace, Meche - ETA CTR
Huh.

0:41:33.940 --> 0:41:34.410
Adams, Anita (Irene) - ETA
What's one?

0:41:33.490 --> 0:41:34.800
McNeace, Meche - ETA CTR
I'm gonna jump on in here.

0:41:35.750 --> 0:41:41.20
McNeace, Meche - ETA CTR
I'm gonna jump in here on Jamescha’s last question about future GPMS training module.

0:41:41.30 --> 0:41:41.460
McNeace, Meche - ETA CTR
Module.

0:41:41.470 --> 0:41:43.700
McNeace, Meche - ETA CTR
So yes, yes, yes and yes.

0:41:43.710 --> 0:42:2.720
McNeace, Meche - ETA CTR

For that, we've been working very closely with Toni and I'm sure you've heard, Toni said in many of the past, all grantee calls just because we concluded the bulk of the PY 22 heavy lifting of GPMS training, we will continue to provide training going forward into PY 23.

0:42:3.620 --> 0:42:16.530
McNeace, Meche - ETA CTR
Our training modules will be designed and delivered and maybe it's more smaller groups that will capture any new enhancements or any new functionalities that comes through for

0:42:16.540 --> 0:42:28.970
McNeace, Meche - ETA CTR
GPMS so that we make sure that you guys are fully aware and are up and operational for anything that comes out new GPMS especially for upcoming reports and things of that nature.

0:42:29.200 --> 0:42:41.990
McNeace, Meche - ETA CTR
So in addition to that, we're working very closely with Charter Oak Group in the Data collection handbook for GPMS as well. And that includes the future forms for GPMS.

0:42:46.300 --> 0:42:46.490
Wilson, Toni K - SCSEP
Yes.

0:42:43.840 --> 0:42:56.580
McNeace, Meche - ETA CTR
So stay tuned, and again like I said earlier, our virtual live will continue and we may be using that venue, if you will, to continue to deliver training as well.

0:43:0.510 --> 0:43:1.0
Jones, Jamescha
Thank you.

0:43:0.660 --> 0:43:1.220
Adams, Anita (Irene) - ETA
Great.

0:43:0.670 --> 0:43:1.380
McNeace, Meche - ETA CTR
Are we good?

0:43:1.410 --> 0:43:2.50
Wilson, Toni K - SCSEP
Yes, and I.

0:43:1.450 --> 0:43:2.280
McNeace, Meche - ETA CTR
Are we good, Jay?

0:43:1.450 --> 0:43:6.300
Jones, Jamescha
And then the second question, I'm just I think we're leaving on the floor for now and that's the durational limit one.

0:43:8.320 --> 0:43:9.290
Adams, Anita (Irene) - ETA
Ask it again.

0:43:9.720 --> 0:43:10.440
Adams, Anita (Irene) - ETA
Ask it again.

0:43:10.170 --> 0:43:16.730
Jones, Jamescha
Uh, So what is the fix for the durational limit dates that are moving for participants?

0:43:16.740 --> 0:43:35.390
Jones, Jamescha
So, it's we look one day it's one thing, it moves out four days, it moves to how are you know what is the suggestion that we do because of course once the the durational limit date whatever it is, sometimes it moves to later or earlier than it was two days before when you looked.

0:43:35.400 --> 0:43:49.640
Jones, Jamescha
So it's really difficult to kind of pin down to go back to a participant and say, “oh, no, sorry, stop today not two days like we thought it was” or I don't… it's a challenge and maybe it's just us, I will fall on my sword, but…

0:43:51.270 --> 0:43:52.90
Wilson, Toni K - SCSEP
Now, definitely.

0:43:57.80 --> 0:43:57.360
Wilson, Toni K - SCSEP
Dev.

0:43:50.210 --> 0:43:57.520
Jones, Jamescha
Uh, it is becoming really complicated to track down durational limit dates in the interim.

0:43:57.530 --> 0:43:58.740
Jones, Jamescha
While we're waiting for the next fix.

0:43:59.770 --> 0:44:2.40
Wilson, Toni K - SCSEP
Definitely hear you on this.

0:44:2.190 --> 0:44:8.280
Wilson, Toni K - SCSEP
We are working with the design and GPMS team in reference to making a fix.

0:44:8.810 --> 0:44:14.180
Wilson, Toni K - SCSEP
I don't through the data extract because that's kind of a moment in time pull

0:44:15.170 --> 0:44:21.420
Wilson, Toni K - SCSEP
We don't have that to provide, but we're working as quickly as possible to get that fixed.

0:44:21.910 --> 0:44:30.530
Wilson, Toni K - SCSEP
So we will definitely loop back around and make sure you know that we continue to make that a major uh priority.

0:44:32.510 --> 0:44:32.830
Jones, Jamescha
Thank you.

0:44:32.140 --> 0:44:35.210
Wilson, Toni K - SCSEP
I don't know if BCT has anything they wanted to add to that? that I..?

0:44:37.700 --> 0:44:38.360
Wilson, Toni K - SCSEP
Not aware.

0:44:38.500 --> 0:44:39.730
Denise Thompson
And no, Toni.

0:44:39.740 --> 0:44:40.250
Denise Thompson
Thank you.

0:44:40.260 --> 0:44:40.510
Denise Thompson
You.

0:44:40.520 --> 0:44:41.210
Denise Thompson
You said it.

0:44:41.260 --> 0:44:43.330
Denise Thompson
It’s so… in flux?

0:44:43.340 --> 0:44:44.70
Denise Thompson
We're working on it.

0:44:44.80 --> 0:44:47.310
Denise Thompson
Marissa, just hang in there and no, it's not just you.

0:44:47.320 --> 0:44:50.980
Denise Thompson
It's across the board for quite a few grantees, the issue.

0:44:50.860 --> 0:44:52.650
Jones, Jamescha
I could be… I could be Marissa, today.

0:44:52.660 --> 0:44:53.60
Jones, Jamescha
Thank you.

0:44:53.650 --> 0:44:54.30
Denise Thompson
OK.

0:44:54.550 --> 0:44:55.560
Wilson, Toni K - SCSEP
No, all good points.

0:44:55.570 --> 0:44:56.630
Wilson, Toni K - SCSEP
I appreciate you sharing them.

0:44:58.240 --> 0:44:59.270
Adams, Anita (Irene) - ETA
Thank you Jamescha.

0:45:1.100 --> 0:45:3.460
Adams, Anita (Irene) - ETA
They are there any other hands up?

0:45:4.160 --> 0:45:6.30
Bronson, Bradley K - ETA CTR
Uh, yes, we have two hands raised.

0:45:6.40 --> 0:45:9.400
Bronson, Bradley K - ETA CTR
Uh, Donti, go ahead and ask your question on mute.

0:45:11.90 --> 0:45:12.720
McField, Donti (DOES)
Good afternoon, everybody.

0:45:14.60 --> 0:45:14.270
Adams, Anita (Irene) - ETA
Hello.

0:45:12.730 --> 0:45:24.370
McField, Donti (DOES)
Hello and my question is the same kind of the same, but yeah our durational limit because for the district we've only approved the LEP to get 60 months.

0:45:24.920 --> 0:45:31.990
McField, Donti (DOES)
But we are recognizing have an individual that's at 44 months right now and it's showing his generational is next year.

0:45:32.0 --> 0:45:54.580
McField, Donti (DOES)
So I did send in a request to BCT because he's not LEP, he really should be, you know, hitting at the 48 month durational limit, so I'm just gonna, you know, for those individuals that I know are not LEP until the system remedies itself, I'm gonna follow what the policy says in terms of the 48 months and, you know anyone that's LEP.

0:45:54.590 --> 0:45:59.110
McField, Donti (DOES)
We know gets see the 12 month extension, so I'll just be patient with.

0:45:58.410 --> 0:46:6.330
Adams, Anita (Irene) - ETA
So you so, Donti, you check your tracking that manually somehow like with the spreadsheet or something?

0:46:7.50 --> 0:46:10.460
McField, Donti (DOES)
When you go in GPMS, it actually shows you the duration.

0:46:13.690 --> 0:46:13.960
Adams, Anita (Irene) - ETA
Mm-hmm.

0:46:10.470 --> 0:46:21.680
McField, Donti (DOES)
How many months each person in the program has, so you can really just look on the… on the whole… the, active list and it shows you the months that they all have been in the program.

0:46:21.690 --> 0:46:23.190
McField, Donti (DOES)
So that's how I've been tracking it.

0:46:24.270 --> 0:46:25.660
Adams, Anita (Irene) - ETA
Ohh OK.

0:46:26.940 --> 0:46:35.350
McField, Donti (DOES)
Or if you can go to the participant summary and it also shows you how many you know how many years and months the individuals have been in the program.

0:46:35.360 --> 0:46:37.10
McField, Donti (DOES)
So I've also done it that way.

0:46:38.980 --> 0:46:43.810
Adams, Anita (Irene) - ETA
OK, so help and you know you're looking at something that I can't see.

0:46:43.880 --> 0:46:59.720
Adams, Anita (Irene) - ETA
So when you… when you look at that, how do you actually determine that that person needs to be on their transition out or need to like they need to be out of the program on July 15, how do you?

0:46:59.60 --> 0:47:5.230
McField, Donti (DOES)
They do for each participant record they have a durational… the durational limit date.

0:47:5.340 --> 0:47:10.870
McField, Donti (DOES)
That's so it shows you when the person is timing out on that on their individual records.

0:47:11.190 --> 0:47:12.530
McField, Donti (DOES)
So unless they are LE...

0:47:11.600 --> 0:47:12.620
Adams, Anita (Irene) - ETA
So what's moving?

0:47:13.530 --> 0:47:14.540
Adams, Anita (Irene) - ETA
So what's moving?

0:47:14.550 --> 0:47:16.590
Adams, Anita (Irene) - ETA
What I'm… that's that's that's what…

0:47:15.860 --> 0:47:19.340
McField, Donti (DOES)
It looks like every everybody's getting the extra year.

0:47:20.910 --> 0:47:21.540
McField, Donti (DOES)
Yeah.

0:47:20.550 --> 0:47:23.620
Adams, Anita (Irene) - ETA
Ah, OK, OK.

0:47:21.590 --> 0:47:24.40
McField, Donti (DOES)
Yeah, everybody's getting the extra year.

0:47:24.50 --> 0:47:39.340
McField, Donti (DOES)
Except, you know when it's only supposed to be for LEP 'cause, that's what the policy, you know, we chose that one, umm, subset the LEP individuals, but it's giving everyone in the program an extra year, yes.

0:47:38.60 --> 0:47:40.770
Adams, Anita (Irene) - ETA
Ohh OK, now I get it.

0:47:41.440 --> 0:47:42.450
Adams, Anita (Irene) - ETA
Now I understand.

0:47:43.720 --> 0:47:44.300
McField, Donti (DOES)
Yes, ma'am.

0:47:43.820 --> 0:47:44.390
Adams, Anita (Irene) - ETA
I'm sorry.

0:47:43.840 --> 0:47:47.190
Denise Thompson
So Irene, can I just jump in for a second?

0:47:45.600 --> 0:47:47.780
Adams, Anita (Irene) - ETA
Yeah. Uh-huh.

0:47:47.290 --> 0:47:47.820
Denise Thompson
I just.

0:47:47.830 --> 0:47:50.370
Denise Thompson
I'm texting back and forth with my team.

0:47:50.720 --> 0:48:3.150
Denise Thompson
We're not aware of this issue, so I wanna just really encourage grantees to submit tickets for things that they're seeing in GPMS that shouldn't be so, because we can't address things that we don't know.

0:48:3.680 --> 0:48:5.630
Denise Thompson
So if you umm.

0:48:3.980 --> 0:48:11.680
McField, Donti (DOES)
May I ask because someone in the chat just said that it may be that extra year that they allowed during COVID.

0:48:11.690 --> 0:48:18.650
McField, Donti (DOES)
So even though COVID is over, are these individuals still afforded at an extra year if they were enrolled during the pandemic?

0:48:22.970 --> 0:48:25.190
McField, Donti (DOES)
So that may be why, you know.

0:48:25.870 --> 0:48:26.860
Denise Thompson
So can you?

0:48:29.290 --> 0:48:29.440
Adams, Anita (Irene) - ETA
But.

0:48:27.10 --> 0:48:29.740
Denise Thompson
I don't wanna answer off the cuff to be very honest with you.

0:48:33.320 --> 0:48:33.460
McField, Donti (DOES)
Yes.

0:48:29.810 --> 0:48:37.520
Denise Thompson
Can you submit a ticket and give us a couple of examples of what you're seeing and then we can research it and get back to you.

0:48:36.880 --> 0:48:39.60
McField, Donti (DOES)
Yes, I submitted the ticket today.

0:48:39.700 --> 0:48:40.40
Denise Thompson
OK.

0:48:39.210 --> 0:48:40.450
McField, Donti (DOES)
This morning I submitted them.

0:48:41.100 --> 0:48:42.0
Denise Thompson
OK, excellent.

0:48:42.390 --> 0:48:42.730
McField, Donti (DOES)
OK.

0:48:43.20 --> 0:48:43.940
Wilson, Toni K - SCSEP
Yeah, right.

0:48:42.10 --> 0:48:44.400
Denise Thompson
Thank you so much and we'll look at it and we'll get back to you.

0:48:44.970 --> 0:48:45.510
McField, Donti (DOES)
Thank you.

0:48:45.10 --> 0:48:50.80
Wilson, Toni K - SCSEP
I do believe that's I do believe that's what it's under, but we'll confirm that and get that information out.

0:48:50.730 --> 0:48:51.380
McField, Donti (DOES)
OK.

0:48:51.470 --> 0:48:52.180
McField, Donti (DOES)
Thank you guys.

0:48:52.190 --> 0:48:52.690
McField, Donti (DOES)
Have a good day.

0:48:53.210 --> 0:48:54.0
Wilson, Toni K - SCSEP
No, thank you.

0:48:54.10 --> 0:48:55.70
Wilson, Toni K - SCSEP
Thanks for flagging that.

0:48:55.80 --> 0:49:17.440
Wilson, Toni K - SCSEP
And as Denise said, we are aware that there are some glitches there and we have been working, but umm, kind of each of the very specifics if we can please make sure we put in a ticket because it just helps us get closer in reference to fixing the more that we can identify what individuals are doing.

0:49:17.450 --> 0:49:24.260
Wilson, Toni K - SCSEP
Some of these things are across the board, some end up being a subset and we were trying to make sure that we get those all addressed.

0:49:25.290 --> 0:49:25.640
Adams, Anita (Irene) - ETA
OK.

0:49:25.650 --> 0:49:29.450
Adams, Anita (Irene) - ETA
Tony, I wanna get Lakindra in because she's had her hand up for some time.

0:49:29.720 --> 0:49:29.890
Wilson, Toni K - SCSEP
Umm.

0:49:30.850 --> 0:49:32.960
Adams, Anita (Irene) - ETA
Can we address Lakindra?

0:49:32.190 --> 0:49:35.390
Lakindra Askew
Uh, I really thank you.

0:49:35.460 --> 0:49:44.230
Lakindra Askew
So I'm just jumping on the GPMS train and saying that we… I saw in the chat that it told me to send you some PID.

0:49:44.240 --> 0:49:51.970
Lakindra Askew
But again, like ja Jamescha, there are hundreds of participants whose hours are just disappearing after entering.

0:49:52.360 --> 0:50:0.390
Lakindra Askew
We put a ticket in in the past and those individual participants may have been rectified, but then another said it happened.

0:50:0.400 --> 0:50:8.780
Lakindra Askew
So it just continues to happen and there's not really a way for us to track it because there's no alert saying now this person has any hours.

0:50:8.790 --> 0:50:20.380
Lakindra Askew
So I wanted to know was there any chances that there will be alerts that are customized to tell us that a participant is active but has no community service hours like it was formally… [inaudible]?

0:50:20.470 --> 0:50:25.650
Lakindra Askew
but, and so that we'll be able to at least be tracked.

0:50:25.660 --> 0:50:38.490
Lakindra Askew
That? Because it's not, it's really not feasible for us to check every individual record for over 1700 participants to see every day if they're hours are in there.

0:50:42.800 --> 0:50:44.280
Adams, Anita (Irene) - ETA
OK, so.

0:50:43.860 --> 0:50:44.450
Denise Thompson
Thank you.

0:50:44.460 --> 0:50:56.230
Denise Thompson
Thank you Lakindra. Umm to be honest with you, this is something that we were not aware of and it sounds like it's happening to several grantees, which is very concerning.

0:50:56.990 --> 0:51:8.90
Denise Thompson
So again, I wanna encourage you to please put a ticket in Zendesk when you're seeing these anomalies so that we have a sense of what's going on and we can address it with the developers.

0:51:9.290 --> 0:51:16.880
Denise Thompson
So you don't have to put every… that hours is appearing is definitely an issue that needs to be addressed.

0:51:16.890 --> 0:51:18.850
Denise Thompson
So please let us know.

0:51:19.250 --> 0:51:20.60
Denise Thompson
OK. Thanks.

0:51:22.640 --> 0:51:25.200
Adams, Anita (Irene) - ETA
Thank you, Lakindra. Michi, why is your hand up?

0:51:26.230 --> 0:51:31.330
McNeace, Meche - ETA CTR
Because I have something to say, let me talk.

0:51:29.20 --> 0:51:31.810
Adams, Anita (Irene) - ETA
OK, didn't go with it.

0:51:31.340 --> 0:51:31.970
McNeace, Meche - ETA CTR
Let me talk.

0:51:32.780 --> 0:51:33.360
Adams, Anita (Irene) - ETA
We're here.

0:51:33.780 --> 0:51:40.390
McNeace, Meche - ETA CTR
No, I just wanted to quickly address Crystal of Easter Seals question, cause you two were going back and forth about the forms.

0:51:40.400 --> 0:51:46.840
McNeace, Meche - ETA CTR
I just wanna let everybody knows that currently there are no new GPMS program forms.

0:51:47.670 --> 0:51:51.520
McNeace, Meche - ETA CTR
We have not… Charter Oak and ourselves have not developed those yet.

0:51:51.530 --> 0:51:51.980
McNeace, Meche - ETA CTR
They are…

0:51:52.90 --> 0:51:54.60
McNeace, Meche - ETA CTR
They are in the hopper.

0:51:54.130 --> 0:51:57.370
McNeace, Meche - ETA CTR
They will be developed the focus right now for.

0:51:58.730 --> 0:52:5.760
McNeace, Meche - ETA CTR
Material development is the data collection handbook, so once that is completed the forms will be following.

0:52:5.770 --> 0:52:11.100
McNeace, Meche - ETA CTR
So right now there are no, again, GPMS program data collection forms.

0:52:12.610 --> 0:52:12.770
Adams, Anita (Irene) - ETA
Got it.

0:52:15.290 --> 0:52:16.530
Adams, Anita (Irene) - ETA
Are there any other questions?

0:52:19.910 --> 0:52:20.160
Bronson, Bradley K - ETA CTR
Yeah.

0:52:16.540 --> 0:52:20.210
Adams, Anita (Irene) - ETA
Because we're now getting 3 minutes from the top of the hour.

0:52:20.170 --> 0:52:21.740
Bronson, Bradley K - ETA CTR
So it's like Lakindra has her hand.

0:52:23.720 --> 0:52:24.730
Lakindra Askew
It's my hand again.

0:52:25.140 --> 0:52:28.980
Lakindra Askew
Ohh, so I'll just wanted to follow up on another issue.

0:52:28.990 --> 0:52:34.630
Lakindra Askew
Jamescha brought up in regards to the durational limit dates. Understood about putting it a ticket.

0:52:34.640 --> 0:52:41.570
Lakindra Askew
my question is more to Irene and team in regard to these changing durational limit dates.

0:52:42.380 --> 0:52:47.750
Lakindra Askew
Are there any considerations for when they have changed after the fact?

0:52:47.760 --> 0:52:52.30
Lakindra Askew
We know that there is a compliance issue as it relates to this.

0:52:52.40 --> 0:52:57.60
Lakindra Askew
It will have to kind of we are telling participants almost daily like “no, it's this day.”

0:52:57.70 --> 0:52:57.240
Lakindra Askew
“No.

0:52:57.250 --> 0:53:4.600
Lakindra Askew
it’s that day”, that was this day, and of course, this is raising complaints and grievances and of that nature.

0:53:4.610 --> 0:53:12.780
Lakindra Askew
So we just want to make sure we're giving them the right date, but there is no real way for us to actually track that.

0:53:12.790 --> 0:53:22.570
Lakindra Askew
So I just kind of want to bring that to your attention should something come up where someone is in the program a day or two, passed their durational limit day.

0:53:23.410 --> 0:53:28.340
Adams, Anita (Irene) - ETA
So fortunately we have Steve and he's he hears you and he's quite aware of it.

0:53:28.350 --> 0:53:39.180
Adams, Anita (Irene) - ETA
Let him take a step back and let him consult with SOL and see if there are any things that can be done, and you also have Toni right here the ears.

0:53:47.200 --> 0:53:47.360
Wilson, Toni K - SCSEP
Yeah.

0:53:39.410 --> 0:53:50.0
Adams, Anita (Irene) - ETA
So we we're now aware of it, we can now pose that question to others and see and see that well, I'm not gonna promise you anything, but we can't promise you anything.

0:53:50.10 --> 0:53:51.750
Adams, Anita (Irene) - ETA
But we can check and see.

0:53:52.570 --> 0:53:54.670
Wilson, Toni K - SCSEP
Now, thank you, Irene, and thank you so much for that.

0:53:55.330 --> 0:54:9.950
Wilson, Toni K - SCSEP
I appreciate you flagging that and you know we hear you and that is something that we're looking at and also keeping in consideration and the in the spirit of the compliance aspect of it.

0:54:13.940 --> 0:54:15.770
Adams, Anita (Irene) - ETA
So are there any other questions?

0:54:15.780 --> 0:54:23.310
Adams, Anita (Irene) - ETA
We're at the we're one minute into the top, at the top of the hour, and if there are no more questions, we got one from Jamescha.

0:54:23.320 --> 0:54:24.450
Adams, Anita (Irene) - ETA
Come on, quick, Jamescha.

0:54:26.330 --> 0:54:26.880
Jones, Jamescha
Umm quick.

0:54:26.890 --> 0:54:39.240
Jones, Jamescha
I just want to confirm, Toni, you said that in the back end and I think you made this statement for that performance spreadsheet that just came out with the Q1 and Q2 and Q3 performance that you guys verified that the data is correct.

0:54:39.250 --> 0:54:42.960
Jones, Jamescha
Was that just the discriminate data points regarding the participant?

0:54:43.50 --> 0:54:46.100
Jones, Jamescha
Cause like Maura, our numbers were a lot lower than I expected.

0:54:46.110 --> 0:55:3.800
Jones, Jamescha
I know the issue with the CSA hours, but I was looking at the other aspects and are you saying that you guys confirmed that the all that data is correct or? Because I was thinking we needed to go back through and start digging through every single data point and there's no backup to kind of, I mean we have to walk through systems.

0:55:1.910 --> 0:55:20.260
Wilson, Toni K - SCSEP

Right, so, so, so just to clarify the data that's entering is going into the system and is there and so we were able to confirm that like data isn't like gone or disappeared, deleted or half of your data that the data is there, we will do a data validation process.

0:55:20.270 --> 0:55:45.750
Wilson, Toni K - SCSEP
So I'm not suggesting that it's validated in that sense, but I'm saying it in the sense that what you're putting into the system is going into the system and obviously where we're working is what the reports that you print out like a quarterly, umm, a quarterly report, making sure that that prints out the correct data that's in the system.

0:55:45.760 --> 0:55:57.710
Wilson, Toni K - SCSEP
So that's the piece that we are doing a fix with, which you should receive in that, see in that release 1.9 which comes out around July 14th.

0:55:57.840 --> 0:56:19.590
Wilson, Toni K - SCSEP
And finally, from there, we'll do the final QPR piece and we'll have a release around that. And then hopefully from that the system will be stabilized, We'll move into data validation and we're also working on the durational limits.

0:56:20.100 --> 0:56:35.480
Wilson, Toni K - SCSEP
So as you can imagine, there are a lot of things that need to be done at the exact same time. And first and foremost, we're trying to make sure that the quarterly reports, both internal and nationwide, are fully stable and working.

0:56:36.0 --> 0:56:40.140
Wilson, Toni K - SCSEP
And then we're moving on to the rest of these pieces of work.

0:56:43.530 --> 0:56:44.490
Adams, Anita (Irene) - ETA
Well, thank you, Toni.

0:56:45.730 --> 0:56:53.620
Adams, Anita (Irene) - ETA
If there are no more questions or considerations we can close out the meeting, it's now 4:02.

0:56:54.660 --> 0:56:56.540
Adams, Anita (Irene) - ETA
Umm and.

0:56:55.560 --> 0:57:5.750
Wilson, Toni K - SCSEP
I know there was a lot of things that were still in the chat that, umm, if we haven't answered anything, we'll make sure that uh, we look through and get some of these things out through email.

0:57:5.760 --> 0:57:7.240
Wilson, Toni K - SCSEP
So we'll have a chance to look through that.

0:57:7.990 --> 0:57:10.570
Adams, Anita (Irene) - ETA
I was just going to say that.

0:57:9.580 --> 0:57:13.90
Wilson, Toni K - SCSEP
OK, my apologies, I see I should have left it up to the expert.

0:57:13.100 --> 0:57:13.980
Wilson, Toni K - SCSEP
My apologies.

0:57:16.220 --> 0:57:26.240
Adams, Anita (Irene) - ETA
We and and also if you did not get your question addressed, you can post that question to your FPO and or your NOL and it can go up the chain as well.

0:57:26.250 --> 0:57:29.730
Adams, Anita (Irene) - ETA
If you need a, you need a quick response for them.

0:57:29.790 --> 0:57:39.190
Adams, Anita (Irene) - ETA
These things the next, all-grantee call will be on Wednesday, July 19th, 2023 will be in the midst of the summer.

0:57:39.200 --> 0:57:45.330
Adams, Anita (Irene) - ETA
Then, Hopefully by then you will have your awards, but we'll be optimistic about that.

0:57:45.450 --> 0:57:58.380
Adams, Anita (Irene) - ETA
We're really being encouraged, but however if you have any questions or any concerns about your awards and anything, please, please, please contact your FPO with a copy to your NOL.

0:57:58.670 --> 0:58:3.50
Adams, Anita (Irene) - ETA
And we'll try to be as responsive as we possibly can during this time.

0:58:4.360 --> 0:58:6.360
Adams, Anita (Irene) - ETA
Take care everyone, and be safe.

0:58:7.710 --> 0:58:8.900
Wilson, Toni K - SCSEP
Thank you, SCSEP.

0:58:8.910 --> 0:58:10.140
Wilson, Toni K - SCSEP
Thank you to the SCSEP team.

0:58:10.350 --> 0:58:10.950
Wilson, Toni K - SCSEP
Appreciate it.

0:58:10.820 --> 0:58:11.450
Bronson, Bradley K - ETA CTR
Thank you.

0:58:11.130 --> 0:58:13.680
Alright, have a great day.

0:58:14.290 --> 0:58:14.490
Wilson, Toni K - SCSEP
Too.

0:58:11.520 --> 0:58:16.400
Bronson, Bradley K - ETA CTR
Also see SCSEP team, there's a separate link for the debrief.

0:58:16.410 --> 0:58:17.810
Bronson, Bradley K - ETA CTR
You can join after the call.

0:58:19.280 --> 0:58:19.680
Adams, Anita (Irene) - ETA
Thank you.

0:58:21.560 --> 0:58:23.920
McNeace, Meche - ETA CTR
It's in your email box, the separate link.
