Wilson, Toni K - SCSEP
Hopefully everybody is having a good summer.

0:1:26.440 --> 0:1:32.770
Wilson, Toni K - SCSEP
I know it's a challenge when you're in the middle of doing allotments and things of that sort.

0:1:33.140 --> 0:1:40.90
Wilson, Toni K - SCSEP
We do ask if you're not speaking, if you can, please put your phone on mute, we would definitely appreciate that.

0:1:40.490 --> 0:1:44.160
Wilson, Toni K - SCSEP
And then just a few housekeeping items.

0:1:44.740 --> 0:1:53.840
Wilson, Toni K - SCSEP
Feel free to post any questions or comments that you have in the chat and then you can also, you know, just raise your hand if you have any questions.

0:1:53.850 --> 0:1:54.440
Wilson, Toni K - SCSEP
We will.

0:1:55.70 --> 0:1:56.760
Wilson, Toni K - SCSEP
I see there is a question already.

0:1:56.770 --> 0:2:3.800
Wilson, Toni K - SCSEP

Let's just check in on is that a technical question or if you have a program question, we'll get to that in just a minute.

0:2:4.310 --> 0:2:7.10
Wilson, Toni K - SCSEP
I can't tell who is asking the question here.

0:2:7.890 --> 0:2:8.370
Wilson, Toni K - SCSEP
Here we go.

0:2:9.670 --> 0:2:12.50
Wilson, Toni K - SCSEP
Uh that?

0:2:12.190 --> 0:2:13.360
Wilson, Toni K - SCSEP
No, it's not showing me.

0:2:14.440 --> 0:2:16.650
Wilson, Toni K - SCSEP
Can anyone see who has their hand up?

0:2:17.670 --> 0:2:19.250
Bronson, Bradley K - ETA CTR
Yeah, it looks like we have Adelia.

0:2:19.160 --> 0:2:19.640
Wilson, Toni K - SCSEP
Here it is.

0:2:19.650 --> 0:2:20.270
Wilson, Toni K - SCSEP
It's Adele.

0:2:20.360 --> 0:2:22.570
Wilson, Toni K - SCSEP
He had a Adela Adelia.

0:2:21.150 --> 0:2:23.100
Adams, Anita (Irene) - ETA

0:2:22.580 --> 0:2:23.380
Wilson, Toni K - SCSEP
I'm sorry, Adelia.

0:2:23.270 --> 0:2:23.530
Bronson, Bradley K - ETA CTR

0:2:24.420 --> 0:2:29.560
Wilson, Toni K - SCSEP
Did you have a technical question or if you have a program question, will you know we'll get started in just a minute.

0:2:34.240 --> 0:2:34.590
Wilson, Toni K - SCSEP
All right.

0:2:35.910 --> 0:2:37.830
Wilson, Toni K - SCSEP

0:2:44.600 --> 0:2:44.890
Wilson, Toni K - SCSEP
All right.

0:2:44.900 --> 0:2:50.150
Wilson, Toni K - SCSEP
Well, we're going to get started and we'll loop back around for questions, though you might wanna check.

0:2:50.160 --> 0:2:59.730
Wilson, Toni K - SCSEP
She might be having some technical difficulty, so if someone can maybe work with her on the side note through chat, there we go just to see if that's the case.

0:3:0.580 --> 0:3:2.830
Wilson, Toni K - SCSEP
So that for everyone else, we're gonna get started.

0:3:3.20 --> 0:3:7.20
Wilson, Toni K - SCSEP
And if there is a question that you can put that in the chat and we'll go from there.

0:3:8.960 --> 0:3:13.590
Wilson, Toni K - SCSEP
So let's just first do some introductions and then we'll jump into our agenda.

0:3:13.600 --> 0:3:15.670

Ashley Phillips (Guest)
Good afternoon everyone.

0:5:29.800 --> 0:5:33.140
Ashley Phillips (Guest)
My name is Ashley Phillips, with Two Tech and I'm gonna pass it over to Pat.

0:5:35.30 --> 0:5:36.300
Wilkins, Patricia A - ETA CTR
Hey, good afternoon guys.

0:5:36.310 --> 0:5:40.430
Wilkins, Patricia A - ETA CTR
This is Pat Wilkins with Two Tech and I'm going to pass it back to Kevin.

0:5:41.940 --> 0:5:42.560
Mauro, Kevin M - ETA CTR
Thanks, Pat.

0:5:42.570 --> 0:5:45.130
Mauro, Kevin M - ETA CTR
This is Kevin with Two Tech. Thanks for being here today.

0:5:46.380 --> 0:5:48.570
Wilson, Toni K - SCSEP
Alright, alright.

0:5:48.580 --> 0:5:50.170
Wilson, Toni K - SCSEP
Is there anyone from our

0:5:51.550 --> 0:5:53.440
Wilson, Toni K - SCSEP
National or contractors that I missed?

0:5:55.200 --> 0:5:58.90
Wilson, Toni K - SCSEP
Alright, if not, we're gonna get started.

0:5:58.820 --> 0:6:4.210
Wilson, Toni K - SCSEP
I know there are definitely a lot of questions, so we wanna make sure we leave time for that.

0:6:4.280 --> 0:6:15.90
Wilson, Toni K - SCSEP
But let's start out with, you know, the question that adds on everybody's mind, which is our PY 23 allotments in reference to when we're going to be getting those, when they're gonna be sent out.

0:6:15.380 --> 0:6:19.750
Wilson, Toni K - SCSEP
So I did meet with, you know, our leadership here today.

0:6:19.960 --> 0:6:26.90
Wilson, Toni K - SCSEP
So those allotments will be going out the end of this week and the beginning of next week.

0:6:26.100 --> 0:6:27.110
Wilson, Toni K - SCSEP
So they're rolling out.

0:6:27.690 --> 0:6:36.760
Wilson, Toni K - SCSEP
I know many of you have sent in and have called or contact your FPO's in reference to kind of the state of your organization and needing those allotments.

0:6:36.770 --> 0:6:45.40
Wilson, Toni K - SCSEP
That group of people have also been flagged to make sure those you know go up ASAP.

0:6:45.360 --> 0:6:53.440
Wilson, Toni K - SCSEP
With that said, all of them need to be… need to go out ASAP, but they will be rolling out between this week and next week.

0:6:53.450 --> 0:6:56.950
Wilson, Toni K - SCSEP
So everyone should be seeing those over the coming months.

0:6:56.990 --> 0:7:15.730
Wilson, Toni K - SCSEP

I mean, over the coming weeks and just, uh, meet with your FPO if you have any questions or you need to highlight a situation that we need to flag for OGM. And you'll be receiving these through, you will get they… all things come through grant solutions.

0:7:16.340 --> 0:7:20.630
Wilson, Toni K - SCSEP
So you'll be getting that information through the Grant Solutions portal.

0:7:20.920 --> 0:7:24.80
Wilson, Toni K - SCSEP
So just wanted to flag that piece of it.

0:7:25.240 --> 0:7:35.950
Wilson, Toni K - SCSEP
In addition, the PY 22 IT TEGLS for those that applied for that right now, we're just reviewing any conditions of awards.

0:7:35.960 --> 0:7:45.790
Wilson, Toni K - SCSEP
So you'll be working with your federal project officer to complete those. And reminder those end on June 30th, 2024.

0:7:46.260 --> 0:7:52.730
Wilson, Toni K - SCSEP
So please work with your FPS so we can get those in motion and complete.

0:7:52.800 --> 0:7:54.670
Wilson, Toni K - SCSEP
So just wanted to flag that.

0:7:55.390 --> 0:7:58.180
Wilson, Toni K - SCSEP
And then lastly, I did want to.

0:7:58.180 --> 0:8:10.430
Wilson, Toni K - SCSEP
To note, at least here on our agenda, just to state of the GPMS, we have GPMS on our agenda and they will get into the details of that.

0:8:10.740 --> 0:8:13.330
Wilson, Toni K - SCSEP
But just wanted to flag that the

0:8:14.540 --> 0:8:28.330
Wilson, Toni K - SCSEP
GPMS system, the 1.9 has come out and we are, you know, moving to, you know, the tide is changing and hopefully we're getting our system, you know, much more stabilized.

0:8:29.650 --> 0:8:38.450
Wilson, Toni K - SCSEP
Both in reference to functional quarterly reports, both internal and national, and host agency, there are a few

0:8:39.590 --> 0:8:41.980
Wilson, Toni K - SCSEP
Updates. Some notes have gone out.

0:8:43.250 --> 0:8:53.930
Wilson, Toni K - SCSEP
Things will be highlighted in a bit, but just wanted you to know that that was kind of our big one in reference to looking at all of our corollary reports and getting that fixed.

0:8:53.940 --> 0:9:10.950
Wilson, Toni K - SCSEP
So between that and the hot fix, we're hoping things would be more stabilized this month, beginning of August and then we know there are still many components and we will keep you posted as we move into 2.0.

0:9:10.990 --> 0:9:17.680
Wilson, Toni K - SCSEP
So just wanted to a flag that piece of it. And then before we move into

0:9:19.240 --> 0:9:21.380
Wilson, Toni K - SCSEP
grants management updates.

0:9:21.430 --> 0:9:33.540
Wilson, Toni K - SCSEP
I did want to just say a few words in reference to… I know that there's been a lot of weather conditions specifically around Vermont.

0:9:33.550 --> 0:9:42.970
Wilson, Toni K - SCSEP
We just wanted the team here to let you know that, you know, we are, you know, thinking of you and please to reach out to your FPO.

0:9:42.980 --> 0:10:3.990
Wilson, Toni K - SCSEP
If anything additional is needed, I know there's been a lot of flooding in that area, so we just wanted to to let you know that we're thinking of you there. And then I know this is, you know, many of you probably have already heard, but we wanted to take an opportunity to, you know, just send our condolences to NAPCA.

0:10:4.0 --> 0:10:10.470
Wilson, Toni K - SCSEP
We know that you're there was a passing of your CEO, David Kim.

0:10:10.520 --> 0:10:16.810
Wilson, Toni K - SCSEP
I know this happened in June, but it kind of crossed in reference to our last call.

0:10:16.820 --> 0:10:19.170
Wilson, Toni K - SCSEP
So we wanted to make sure we acknowledge that here.

0:10:19.380 --> 0:10:21.90
Wilson, Toni K - SCSEP
Definitely thinking of you.

0:10:21.340 --> 0:10:23.810
Wilson, Toni K - SCSEP
We are gonna put a link for those that didn't know.

0:10:23.820 --> 0:10:24.430
Wilson, Toni K - SCSEP
Wanna you know

0:10:24.440 --> 0:10:27.110
Wilson, Toni K - SCSEP
Get some information or send a note or anything like that.

0:10:27.460 --> 0:10:29.890
Wilson, Toni K - SCSEP
I'll put that in the chat for you.

0:10:29.900 --> 0:10:37.830
Wilson, Toni K - SCSEP
So just wanted to let you know that we were thinking of you guys also. I'll put that in, alright.

0:10:37.840 --> 0:10:45.430
Wilson, Toni K - SCSEP
So with that said, let's get more into the weeds and move this over to the grants management updates.

0:10:46.120 --> 0:10:51.330
Wilson, Toni K - SCSEP
So I'm gonna actually pass this over to you

0:10:51.340 --> 0:11:0.880
Wilson, Toni K - SCSEP
Irene, if there is anything that you wanted to flag in reference to our grant management packages or the IT TEGLs conditions of awards?

0:11:1.850 --> 0:11:14.120
Adams, Anita (Irene) - ETA
Well, the only one thing… we are, we are in constant contact with the Grants Office and they are working diligently to get your awards out as soon as possible guys.

0:11:14.130 --> 0:11:15.860
Adams, Anita (Irene) - ETA
Thank you so much for your patience.

0:11:15.870 --> 0:11:21.840
Adams, Anita (Irene) - ETA
We know that it it's difficult when it gets this deep in the month and we do understand your dilemma.

0:11:21.970 --> 0:11:32.200
Adams, Anita (Irene) - ETA
But as we say, keep in mind that we we're doing the best that we can to get these out as soon as possible. In regards to the IT grants

0:11:32.760 --> 0:11:41.20
Adams, Anita (Irene) - ETA
And there have been questions from grantees as to the reporting requirements for these grants.

0:11:41.310 --> 0:11:48.830
Adams, Anita (Irene) - ETA
You are required to report on the IT TEGL funds as the same as you would the regular grants.

0:11:49.410 --> 0:12:3.340
Adams, Anita (Irene) - ETA
Um, and the first quarter, and the first quarter would be the quarter ending September 30. You will need to submit 9130 financials as well as quarterly narrative reports for those grant funds as well.

0:12:4.230 --> 0:12:8.120
Adams, Anita (Irene) - ETA
And I think that is it, Toni.

0:12:8.470 --> 0:12:11.190
Adams, Anita (Irene) - ETA
I just wanted to remind them on those two issues.

0:12:12.0 --> 0:12:13.460
Wilson, Toni K - SCSEP
Alrighty, I appreciate that.

0:12:14.950 --> 0:12:17.10
Wilson, Toni K - SCSEP
Alright, let's move on over to

0:12:19.70 --> 0:12:22.80
Wilson, Toni K - SCSEP
Communication, outreach, training and technical assistance.

0:12:22.550 --> 0:12:25.340
Wilson, Toni K - SCSEP
So we're gonna start out with some any updates on the COP.

0:12:25.350 --> 0:12:27.0
Wilson, Toni K - SCSEP
So I'm gonna pass this over to you, Kevin.

0:12:28.630 --> 0:12:31.980
Mauro, Kevin M - ETA CTR
Thanks, Toni, and thank you everyone for joining us today.

0:12:32.240 --> 0:12:45.0
Mauro, Kevin M - ETA CTR
I'm gonna keep things pretty short this month I was just wanted to let you all know that we do have an updated contact list page for all of you, and all of your sort of national office contacts have been updated as well.

0:12:45.110 --> 0:12:46.580
Mauro, Kevin M - ETA CTR
So that's always there for you.

0:12:46.650 --> 0:12:58.750
Mauro, Kevin M - ETA CTR
If you need it. The other thing I was going to let you know is that we have the newest version of the newest edition of the GPMS e-newsletter, which we will talk about in more depth later.

0:12:59.290 --> 0:13:5.180
Mauro, Kevin M - ETA CTR
Yeah, but you can find in its entirety on the COP and that's all we have for you this month.

0:13:6.420 --> 0:13:8.340
Wilson, Toni K - SCSEP
Alright, thank you so much.

0:13:8.690 --> 0:13:11.220
Wilson, Toni K - SCSEP
Alright, let's pass this over to Michi.

0:13:11.230 --> 0:13:13.910
Wilson, Toni K - SCSEP
So we can discuss some GPMS live schedule.

0:13:15.20 --> 0:13:16.430
McNeace, Meche - ETA CTR
Hi, thank you, Toni.

0:13:16.440 --> 0:13:27.370
McNeace, Meche - ETA CTR
Yes, I just wanted to mention and let everybody know if- just in case that we have now incorporated in an extra day for the GPMS virtual live session.

0:13:27.380 --> 0:13:34.490
McNeace, Meche - ETA CTR
So we are now having virtual office hours three times per month.

0:13:34.580 --> 0:13:43.870
McNeace, Meche - ETA CTR
They are on every Wednesday with the exception of the Wednesday that we hold the all-grantee call. The time still 2:00 PM to 3:30 PM Eastern Time.

0:13:44.380 --> 0:14:9.380
McNeace, Meche - ETA CTR
So we went from two to three and for any end users who, again we ask if you have any questions or you have any situations that you want to run by us, please come visit us during the Virtual live office hours and also know that even though we scheduled it and we sent out the meeting invite for everybody, you could just pop in anytime between 2:00 and 3:30 PM Eastern Time.

0:14:9.510 --> 0:14:13.80
McNeace, Meche - ETA CTR
You don't have to start at two and stay with us till 3:30.

0:14:13.90 --> 0:14:15.240
McNeace, Meche - ETA CTR
Unless of course you want to, but it's also.

0:14:15.450 --> 0:14:22.840
McNeace, Meche - ETA CTR
It's also like a little pop-up virtual office hours as well, so that's all we have to say about that.

0:14:22.850 --> 0:14:27.600
McNeace, Meche - ETA CTR
And ohh one last thing, thank you grantees and all your end users for making this.

0:14:28.430 --> 0:14:35.730
McNeace, Meche - ETA CTR
Umm session, our Virtual live office hours a success because we found that it's been very helpful.

0:14:35.780 --> 0:14:46.780
McNeace, Meche - ETA CTR
Not only for us, but it seems like it's helpful for you all too to be able to come and share what's going on or talk through some of the complexities of GPMS.

0:14:46.790 --> 0:14:51.130
McNeace, Meche - ETA CTR
So I just wanted to say thank you on behalf of the program office.

0:14:52.710 --> 0:14:53.270
McNeace, Meche - ETA CTR
That's it.

0:14:54.790 --> 0:14:55.970
Wilson, Toni K - SCSEP
Alright, sounds good.

0:14:55.980 --> 0:14:56.880
Wilson, Toni K - SCSEP
Thank you so much, Michi.

0:14:56.890 --> 0:14:57.620
Wilson, Toni K - SCSEP
appreciate it.

0:14:58.760 --> 0:15:2.570
Wilson, Toni K - SCSEP
Alright, so let's move to our GPMS updates.

0:15:2.680 --> 0:15:4.360
Wilson, Toni K - SCSEP
I do want to acknowledge.

0:15:4.370 --> 0:15:11.450
Wilson, Toni K - SCSEP
I know there's a lot of questions- we'll be at doing the Q&A at the end, but let's first get the GPMS updates because it may answer some of your questions.

0:15:11.660 --> 0:15:16.460
Wilson, Toni K - SCSEP
So I'm gonna pass this over to Byron to start us out with the GPMS newsletter.

0:15:17.590 --> 0:15:18.190
Kline, Byron - ETA
Thanks, Toni.

0:15:19.280 --> 0:15:25.770
Kline, Byron - ETA
So this month, the July edition of the GPMS newsletter is out. Our spotlight

0:15:25.780 --> 0:15:31.310
Kline, Byron - ETA
For this month is the GPMS data collection Handbook General Appendix.

0:15:32.140 --> 0:15:37.70
Kline, Byron - ETA
This includes GPMS topics that have broad applicability.

0:15:37.360 --> 0:15:53.820
Kline, Byron - ETA
Unlike the previous three appendices, which focused on any of those more specific subjects, this general index is one that has brought up ability and just focuses on all things GPMS.

0:15:53.830 --> 0:16:1.270
Kline, Byron - ETA
When you click on one of the links, it'll take you directly to one of the sections, so it's extremely helpful.

0:16:1.980 --> 0:16:14.310
Kline, Byron - ETA
Uh, just as a reminder, the GPMS newsletter is designed to provide a quick summary of all things SCSEP, GPMS and also

0:16:15.660 --> 0:16:24.270
Kline, Byron - ETA
A one-stop link to the Community of Practice page. As per usual,

0:16:24.540 --> 0:16:38.880
Kline, Byron - ETA
Thank you to our partners at Two Tech for helping us get out the GPMS newsletter and stay tuned for more updates and additions to the newsletter for next month.

0:16:39.270 --> 0:16:39.640
Kline, Byron - ETA
Thanks.

0:16:39.650 --> 0:16:40.90
Kline, Byron - ETA
That's it.

0:16:41.170 --> 0:16:42.650
Wilson, Toni K - SCSEP
Alright, thank you so much Byron.

0:16:42.660 --> 0:16:43.480
Wilson, Toni K - SCSEP
Appreciate it.

0:16:44.50 --> 0:16:47.730
Wilson, Toni K - SCSEP
Alright, let's move to some of the additional GPMS updates.

0:16:47.740 --> 0:16:49.830
Wilson, Toni K - SCSEP
So I'm gonna pass this over to Tina. Tina?

0:16:52.960 --> 0:16:53.930
Tina Ward
Hi everybody.

0:16:54.0 --> 0:16:57.890
Tina Ward
Just a few updates we wanna highlight with the GPMS.

0:16:58.360 --> 0:17:0.930
Tina Ward
The first is the GPMS report.

0:17:0.940 --> 0:17:12.470
Tina Ward
We're very pleased to announce that the assignments by host agency report, as well as more updates to the nationwide and internal QPR were included with the latest release.

0:17:12.740 --> 0:17:35.480
Tina Ward
And as always, you can always see... visit SCSEP-help.com for a list of all reports available in GPMS. Next onto the releases- Release 1.8.2 Hot Fix was deployed to production on June 29th and this release included the ability for the read-only role to generate an internal QPR, so that was very helpful.

0:17:36.30 --> 0:17:43.580
Tina Ward
And there was also a resolution to the authorized position screen Error. Release 1.9 was a big release.

0:17:43.630 --> 0:17:48.880
Tina Ward
It was deployed on July the 14th and it included numerous enhancements and fixes.

0:17:50.290 --> 0:18:13.570
Tina Ward
As stated earlier, the assignments by host agency report is now available and users can now enter the 30 day termination letter date independently of any of the exit data, and users will no longer receive an error when attempting to add an assignment to a migrated case that came from SPARQ, which I know has been a thorn in some people's side.

0:18:13.580 --> 0:18:15.760
Tina Ward
So that's… we're very happy to have that resolved.

0:18:16.530 --> 0:18:35.430
Tina Ward
The date of the last update has been added to the waiver factor section of the characteristics page and some fixes included: the durational limit date discrepancy on exited records and there were also issues resolved involving address changes and follow-up entries.

0:18:35.960 --> 0:18:54.540
Tina Ward
And as stated, as I said earlier, there were numerous fixes to the internal and nationwide QPR specifically to section D. And as always, complete release notes can be found on the SCSEP-help websites. Onto the PY authorized… PY 23 authorized positions.

0:18:55.230 --> 0:18:57.990
Tina Ward
They have been uploaded into GPMS.

0:18:58.40 --> 0:19:9.80
Tina Ward
Grantees received an email from SCSEP-help on July the 5th and today, reminding them that they should allocate their positions no later than July 21st.

0:19:9.570 --> 0:19:16.570
Tina Ward
And once the allocations are complete, the modified positions will be updated. On to TA,

0:19:16.620 --> 0:19:17.990
Tina Ward
Technical assistance.

0:19:18.40 --> 0:19:24.560
Tina Ward
Uh, we've noticed a trend with some of the users submitting duplicate tickets for the same issue.

0:19:24.720 --> 0:19:29.650
Tina Ward
We understand that in between production releases that there is a time gap.

0:19:29.720 --> 0:19:44.620
Tina Ward
So we want you to please pay attention and track any open or unresolved Zendesk tickets and please feel free to submit a follow up on the same ticket asking about the ETA of an outstanding issue.

0:19:45.770 --> 0:19:57.480
Tina Ward
We're also extremely pleased to announce we've been working on an updated version of the SCSEP user guide and it should be available to grantees right around the beginning of August.

0:19:57.810 --> 0:20:4.720
Tina Ward
The user guide will be emailed to the grantees and the information can also be found on the SCSEP-help websites.

0:20:5.650 --> 0:20:7.240
Tina Ward
OK, on to the tip of the month.

0:20:7.250 --> 0:20:10.60
Tina Ward
We've got one easy one and one sort of complicated one.

0:20:10.970 --> 0:20:21.760
Tina Ward
When submitting a help desk ticket for changes to an organization host agency employer, Please remember to include the name, city and state in the request.

0:20:22.330 --> 0:20:24.180
Tina Ward
Now this one is a little more complicated.

0:20:24.750 --> 0:20:31.910
Tina Ward
We've had users report uh duplicate rows in their participant extract report.

0:20:32.820 --> 0:20:36.230
Tina Ward
The fix for this is included for release 2.0.

0:20:36.240 --> 0:20:52.930
Tina Ward
However, in the meantime, the workaround to get a clean Nonredundant report is to export the report into Excel, and if you see redundancies, select all your columns and then the data tab at the top of the worksheet.

0:20:53.20 --> 0:21:1.600
Tina Ward
Click remove duplicates to the right of the text to columns, then click OK at the prompt and then OK again at the bottom of the pop up. The operation will run and you'll end up with only unique records left. And I know that was a mouthful, but I'll be posting some of these items in the chat for reference. And that concludes our update.

0:21:15.530 --> 0:21:16.40
Adams, Anita (Irene) - ETA
Tina.

0:21:16.320 --> 0:21:33.700
Adams, Anita (Irene) - ETA
Tina, there are couple of questions in the chat in regards to GPMS and authorized positions and also an update on forms for GPMS. The first one is: I can see… is any update on when we can expect forms for GPMS?

0:21:35.390 --> 0:21:35.980
Tina Ward
Well, I'm…

0:21:35.330 --> 0:21:37.590
McNeace, Meche - ETA CTR
I can answer that. I can answer the forms.

0:21:36.870 --> 0:21:39.380
Tina Ward
I was gonna say I'm gonna pass it over to Michi for that.

0:21:41.70 --> 0:21:41.510
Adams, Anita (Irene) - ETA
OK.

0:21:40.780 --> 0:21:48.290
McNeace, Meche - ETA CTR
So we just began… umm the forms project. In other words,

0:21:48.300 --> 0:21:59.230
McNeace, Meche - ETA CTR
So we held a… we have selected a small group of grantees that would work with COG and how to address developing the form.

0:21:59.240 --> 0:22:1.140
McNeace, Meche - ETA CTR
So getting some ideas from the grantees.

0:22:1.150 --> 0:22:6.450
McNeace, Meche - ETA CTR
So we have a small selection of grantees, and we just have the little kick off meeting last week.

0:22:6.540 --> 0:22:19.180
McNeace, Meche - ETA CTR
So it is the project to getting the forms developed is in the works now. How soon and when that form will be… um available? We don't have an answer for that one, but it is in the works.

0:22:19.190 --> 0:22:20.20
McNeace, Meche - ETA CTR
It's coming.

0:22:20.150 --> 0:22:20.870
McNeace, Meche - ETA CTR
It's coming.

0:22:22.240 --> 0:22:22.670
Adams, Anita (Irene) - ETA
OK.

0:22:22.680 --> 0:22:23.310
Adams, Anita (Irene) - ETA
Thank you, Michi.

0:22:23.550 --> 0:22:24.250
McNeace, Meche - ETA CTR
You're welcome.

0:22:23.320 --> 0:22:28.370
Adams, Anita (Irene) - ETA
And then there's one… there's a question there on clarification with GPMS.

0:22:28.410 --> 0:22:33.450
Adams, Anita (Irene) - ETA
QPR's are now available and correct, question mark?

0:22:33.330 --> 0:22:38.240
Tina Ward
QPR's are now available for PY 22.

0:22:39.170 --> 0:22:50.450
Tina Ward
However, uh grantees cannot consider their data final until they receive word from the National Office that the QPR data has been completely reviewed and is considered final.

0:22:52.300 --> 0:22:54.60
Adams, Anita (Irene) - ETA
And there was…

0:22:52.330 --> 0:22:54.340
Wilson, Toni K - SCSEP
And that's part of that.

0:22:54.770 --> 0:22:57.820
Wilson, Toni K - SCSEP
I'm just gonna just add real quick that that's part of what we're saying.

0:22:57.830 --> 0:23:6.740
Wilson, Toni K - SCSEP
We just want to make sure that hot fix and then from that we were able to kind of look at the data and then send out information on the status.

0:23:7.270 --> 0:23:8.720
Wilson, Toni K - SCSEP
So it's fully functional.

0:23:8.730 --> 0:23:10.10
Wilson, Toni K - SCSEP
We're just confirming the data.

0:23:11.480 --> 0:23:33.900
Adams, Anita (Irene) - ETA
And then there's a question in regards to instructions for the PY 2023 ED reports. And it was one earlier on further instructions in regards to the… OK, yeah. Today's [unintelligible], can you please let us know when we can find more information on completing the ED report that is due in August?

0:23:35.710 --> 0:23:40.570
Wilson, Toni K - SCSEP
And so yes, uh, we will be sending some, uh, an email out and some details…

0:23:40.910 --> 0:23:42.920
Wilson, Toni K - SCSEP
Um, on that.

0:23:44.190 --> 0:23:44.610
Wilson, Toni K - SCSEP
ED Report information in August.

0:23:46.930 --> 0:23:53.0
Wilson, Toni K - SCSEP
So you'll get that through email, hopefully within… by the end of this month.

0:23:59.200 --> 0:23:59.790
Wilson, Toni K - SCSEP
Right.

0:24:0.220 --> 0:24:2.240
Wilson, Toni K - SCSEP
So we are actually moving to

0:24:2.810 --> 0:24:11.480
Wilson, Toni K - SCSEP
Umm grantee highlights and Q&A. So if anyone has any questions you can raise your hand. And I know, Irene,

0:24:11.490 --> 0:24:19.370
Wilson, Toni K - SCSEP
I appreciate the fact that you have checked the chat, but let's just take another look and make sure that we have answered all these questions.

0:24:20.900 --> 0:24:23.40
Wilson, Toni K - SCSEP
Let's see, I am just taking a look.

0:24:24.450 --> 0:24:30.120
Wilson, Toni K - SCSEP
So yes, as we just said in reference to the ED report, so you're getting… we'll get an email on that.

0:24:30.130 --> 0:24:31.560
Wilson, Toni K - SCSEP
We'll get that shortly.

0:24:31.690 --> 0:24:42.900
Wilson, Toni K - SCSEP

As I mentioned, for anybody that did come late, the SCSEP PY 23 allotments, those are going out between this week and next week.

0:24:42.910 --> 0:24:48.300
Wilson, Toni K - SCSEP
So they're rolling out and just stay in contact with your FPO.

0:24:48.310 --> 0:24:50.330
Wilson, Toni K - SCSEP
If you have any questions on that.

0:24:51.330 --> 0:24:54.520
Wilson, Toni K - SCSEP
And that will be done come through our grant solutions.

0:24:56.390 --> 0:24:58.20
Wilson, Toni K - SCSEP
Just checking on, let's see.

0:25:1.210 --> 0:25:1.510
Wilson, Toni K - SCSEP
Let's see.

0:25:3.40 --> 0:25:4.120
Wilson, Toni K - SCSEP
Ohh, let's see.

0:25:4.130 --> 0:25:7.520
Wilson, Toni K - SCSEP
Did we answer this one? quarter four or final report due date?

0:25:12.580 --> 0:25:13.850
Wilson, Toni K - SCSEP
Can we just confirm the…?

0:25:13.840 --> 0:25:14.590
Adams, Anita (Irene) - ETA
That that's all.

0:25:14.680 --> 0:25:17.660
Adams, Anita (Irene) - ETA
That's always 90 days after the end of the quarter.

0:25:18.480 --> 0:25:19.710
Adams, Anita (Irene) - ETA
What the final report?

0:25:23.100 --> 0:25:24.600
Wilson, Toni K - SCSEP
All right, so 90 days.

0:25:24.610 --> 0:25:31.850
Wilson, Toni K - SCSEP
So the for the final report, yes, so that is, umm after the October.

0:25:29.510 --> 0:25:32.460
Adams, Anita (Irene) - ETA
July, September, October and yeah.

0:25:31.860 --> 0:25:37.740
Wilson, Toni K - SCSEP
So we're talking to December 1 and then 90 days after that, which is the… yeah.

0:25:37.960 --> 0:25:38.580
Wilson, Toni K - SCSEP
What are we talking here?

0:25:39.500 --> 0:25:40.370
Wilson, Toni K - SCSEP
Does anybody have the exact?

0:25:39.400 --> 0:25:44.510
Adams, Anita (Irene) - ETA
It's it's 90 days after June 30th, which is the quarter four- end of quarter four.

0:25:44.760 --> 0:25:46.750
Adams, Anita (Irene) - ETA
So it's 90 days after June 30th.

0:25:46.760 --> 0:25:50.970
Adams, Anita (Irene) - ETA
So … regular quarterly reports

0:25:50.980 --> 0:25:58.480
Adams, Anita (Irene) - ETA
are due 45 days after the end of the quarter, but final reports are due 90 days after the end of the quarter.

0:25:58.730 --> 0:26:3.130
Adams, Anita (Irene) - ETA
So, uh… July, August, September

0:26:3.500 --> 0:26:5.330
Adams, Anita (Irene) - ETA
So September 30th.

0:26:8.520 --> 0:26:8.780
Adams, Anita (Irene) - ETA
Right.

0:26:5.550 --> 0:26:9.270
Wilson, Toni K - SCSEP
September 30th, we apologize to not have that calendar in front of us there.

0:26:9.280 --> 0:26:10.930
Wilson, Toni K - SCSEP
That's what we were trying to… to locate here.

0:26:12.180 --> 0:26:12.640
Wilson, Toni K - SCSEP
Thank you.

0:26:11.830 --> 0:26:17.150
Adams, Anita (Irene) - ETA
There's a section B question, in regards to Section B2 on the QPR employment measures.

0:26:17.160 --> 0:26:18.650
Adams, Anita (Irene) - ETA
Are, is that fully functional?

0:26:22.700 --> 0:26:39.650
Denise Thompson
I can actually jump in and respond to that. Section B of the QPR, the data should be accurate as far as we understand and know. The other sections on all the issues that we're currently seeing was documented in the release notes that were sent out.

0:26:39.960 --> 0:26:49.990
Denise Thompson
The hope is that with the deployment of release 8.1, the hot fix, those other sections will be addressed, but Section B should be final and correct.

0:26:50.140 --> 0:26:55.220
Denise Thompson
If you're noticing any issues, please please let us know. Thanks.

0:26:57.180 --> 0:26:57.870
Wilson, Toni K - SCSEP
All right.

0:26:57.880 --> 0:27:3.490
Wilson, Toni K - SCSEP
And then I know there was some questions in reference to the reporting for the IT funds.

0:27:4.120 --> 0:27:14.90
Wilson, Toni K - SCSEP
As Irene said, reporting the IT funds are the same as our regular grants, so you'll need to submit the IT information.

0:27:14.100 --> 0:27:22.410
Wilson, Toni K - SCSEP
You'll need to submit any updated budget information on your 91-30s and then on in the quarterly narrative reports, which is in the TEGL

0:27:23.600 --> 0:27:34.120
Wilson, Toni K - SCSEP
That's where you'll provide any updates that's happening. And that begins September 30th because as we know most people just got those fundings. Alright.

0:27:34.130 --> 0:27:35.460
Wilson, Toni K - SCSEP
Let me stop here for a second.

0:27:35.470 --> 0:27:38.460
Wilson, Toni K - SCSEP
I see that there's a hand raised. Uh.

0:27:38.250 --> 0:27:39.680
Bronson, Bradley K - ETA CTR
Yes, it looks like we have a question.

0:27:39.690 --> 0:27:40.150
Bronson, Bradley K - ETA CTR
What [unintelligible]

0:27:40.210 --> 0:27:43.10
Bronson, Bradley K - ETA CTR
Donti, so you may go ahead and unmute your phone.

0:27:45.100 --> 0:27:45.610
McField, Donti (DOES)
Thank you.

0:27:45.680 --> 0:27:48.390
McField, Donti (DOES)
I'm sorry for the background noise and then the city.

0:27:49.220 --> 0:27:58.930
McField, Donti (DOES)
I have a question regarding the follow up and GPMS. In the past of course with SPARQ they gave us a specific date: December 15th that a follow up had to be conducted.

0:27:58.940 --> 0:28:7.430
McField, Donti (DOES)
Now it looks like it's based on a quarter cause you'll go into the follow up area and it'll say July 1st through September 30th.

0:28:8.250 --> 0:28:14.240
McField, Donti (DOES)
So is that the new…? Where there's not a specific date that the follow up is required to be done?

0:28:14.250 --> 0:28:16.130
McField, Donti (DOES)
It's more so just the quarter?

0:28:21.280 --> 0:28:22.100
Tina Ward
Hi, Donti.

0:28:22.110 --> 0:28:23.320
Tina Ward
Yes, that's correct.

0:28:23.380 --> 0:28:28.230
Tina Ward
Um, the… it's dependent upon the quarter, the participant exits.

0:28:28.730 --> 0:28:54.840
Tina Ward
That's what the follow up dates are based on. The first date that you see in GPMS is the first scheduled date that the follow up can be completed and the last date that you see, usually September 30th of X year is the end of the first quarter of the new grant year, which will be when the previous grant year closes.

0:28:54.850 --> 0:28:59.710
Tina Ward
So you have a significant amount of time to enter all of your follow up data.

0:29:1.430 --> 0:29:2.320
McField, Donti (DOES)
Thank you very much.

0:29:2.330 --> 0:29:4.360
McField, Donti (DOES)
I just wanted to make sure we were doing it correctly.

0:29:4.370 --> 0:29:4.890
McField, Donti (DOES)
Thank you.

0:29:6.690 --> 0:29:7.540
Wilson, Toni K - SCSEP
Alright, thank you.

0:29:7.550 --> 0:29:8.320
Wilson, Toni K - SCSEP
Good question.

0:29:9.230 --> 0:29:14.20
Wilson, Toni K - SCSEP
Just also still looking in the chat, I know some of these, but just to make sure everybody's on the same page.

0:29:14.570 --> 0:29:19.260
Wilson, Toni K - SCSEP
I know there was a question about when we could expect our ATSS request.

0:29:19.950 --> 0:29:26.520
Wilson, Toni K - SCSEP
So those um, we did put out that those could be reviewed earlier.

0:29:26.890 --> 0:29:34.600
Wilson, Toni K - SCSEP
So if you have an ATSS request and you haven't received any approval, please work with your FPO.

0:29:35.350 --> 0:29:44.230
Wilson, Toni K - SCSEP
Those will be going out in your grant packages, but we are able to kind of pull that out and let you know if that's approved ahead of time.

0:29:44.800 --> 0:29:48.810
Wilson, Toni K - SCSEP
So please work with them directly on that.

0:29:48.860 --> 0:30:4.840
Wilson, Toni K - SCSEP
If you don't have that approval yet. Sometimes it just may mean that they're… they need some additional information, but you know we wanted… we wanna get those approvals to you as soon as possible and don't want you to have to wait for the final package on that.

0:30:6.960 --> 0:30:7.850
Wilson, Toni K - SCSEP
Let's see.

0:30:8.40 --> 0:30:9.110
Wilson, Toni K - SCSEP
What else do we have?

0:30:9.120 --> 0:30:10.930
Wilson, Toni K - SCSEP
Hopefully that answered your question there.

0:30:16.30 --> 0:30:16.540
Wilson, Toni K - SCSEP
Let's see.

0:30:16.550 --> 0:30:17.320
Wilson, Toni K - SCSEP
We did that one.

0:30:19.770 --> 0:30:20.480
Wilson, Toni K - SCSEP
All right.

0:30:23.240 --> 0:30:23.530
Wilson, Toni K - SCSEP
OK.

0:30:23.540 --> 0:30:24.470
Wilson, Toni K - SCSEP
That's you, Irene.

0:30:24.480 --> 0:30:25.430
Wilson, Toni K - SCSEP
Sorry, I'm just looking.

0:30:26.220 --> 0:30:27.170
Wilson, Toni K - SCSEP
Let's see.

0:30:27.600 --> 0:30:37.10
Wilson, Toni K - SCSEP
And once again, while I'm just doing a final scan of the chat, if anybody does have any last minute questions, you can please raise your hand or add it to the chat.

0:30:38.580 --> 0:30:40.240
Wilson, Toni K - SCSEP
Uh, it looks like.

0:30:44.650 --> 0:30:44.960
Wilson, Toni K - SCSEP
All right.

0:30:44.970 --> 0:30:45.670
Wilson, Toni K - SCSEP
You did that one.

0:30:47.710 --> 0:30:48.120
Wilson, Toni K - SCSEP
Let's see.

0:30:50.430 --> 0:30:52.10
Wilson, Toni K - SCSEP
I think we've covered them all.

0:30:52.320 --> 0:31:0.630
Wilson, Toni K - SCSEP
Anything here I'm…? And as a reminder for those Zendesk tickets.

0:31:0.940 --> 0:31:6.580
Wilson, Toni K - SCSEP
Umm, that is also a way that we can tell if something is an individual

0:31:8.20 --> 0:31:24.40
Wilson, Toni K - SCSEP
Program or it's happening across the board. So I know you may mention it to an FPO or something like that, but we really need the actual tickets. So please be sure to send those tickets and if you are running into any challenges whatsoever.

0:31:25.720 --> 0:31:27.940
Wilson, Toni K - SCSEP
Thank you Tina for adding those updates in there.

0:31:39.390 --> 0:31:42.60
Wilson, Toni K - SCSEP
And then same with the IDL policies.

0:31:44.530 --> 0:31:50.820
Wilson, Toni K - SCSEP
If you did make any change, you will receive those approvals. That will also be in your grant package.

0:31:51.350 --> 0:31:53.480
Wilson, Toni K - SCSEP
In reference to that official approval.

0:31:53.770 --> 0:32:2.660
Wilson, Toni K - SCSEP
So yes. And I do see that there's several people confirming about final reports that were now due 120 days?

0:32:2.790 --> 0:32:7.840
Wilson, Toni K - SCSEP
I know that we had said 90, so if we can get that confirmed. Umm.

0:32:11.110 --> 0:32:12.540
Wilson, Toni K - SCSEP
I don't know if anybody on the…

0:32:13.790 --> 0:32:16.500
Wilson, Toni K - SCSEP
Tina's side, but let's get that confirmed.

0:32:16.510 --> 0:32:19.410
Wilson, Toni K - SCSEP
If anybody has that answer on my team, let's please put that in.

0:32:19.420 --> 0:32:25.100
Wilson, Toni K - SCSEP
Uh, and if not, we will get that confirmed and back to you.

0:32:23.950 --> 0:32:28.870
McNeace, Meche - ETA CTR
Toni, this is Michi. The final reports? It's twofold.

0:32:29.210 --> 0:32:38.560
McNeace, Meche - ETA CTR
They're either asking about "when are the final reports due for the program", like closeout, like Final 91-30s, final QNPR's.

0:32:38.710 --> 0:32:47.740
McNeace, Meche - ETA CTR
And then there's the final date that they can put all their information into the system before they do the final fifth QPR

0:32:47.750 --> 0:32:49.360
McNeace, Meche - ETA CTR
for the program year.

0:32:49.880 --> 0:32:50.290
Wilson, Toni K - SCSEP
All right.

0:32:50.300 --> 0:32:52.270
Wilson, Toni K - SCSEP
And So what are the dates for those two scenarios?

0:32:53.500 --> 0:33:0.20
McNeace, Meche - ETA CTR
So when is the last… the date for the final, like, closeout report due?

0:33:1.270 --> 0:33:1.430
Wilson, Toni K - SCSEP
Yeah.

0:33:1.60 --> 0:33:3.390
McNeace, Meche - ETA CTR
Is it 120 days or 90 days?

0:33:2.600 --> 0:33:4.530
Wilson, Toni K - SCSEP
So my understanding.

0:33:3.500 --> 0:33:4.570
McNeace, Meche - ETA CTR
That's one, yeah.

0:33:4.540 --> 0:33:6.970
Wilson, Toni K - SCSEP
So my understanding is 120 days for

0:33:7.950 --> 0:33:8.70
McNeace, Meche - ETA CTR
Yes.

0:33:6.980 --> 0:33:8.370
Wilson, Toni K - SCSEP
That's the closeout piece of it.

0:33:8.980 --> 0:33:14.140
Wilson, Toni K - SCSEP
And then in reference to entering your final data in, that's the 90 days.

0:33:14.810 --> 0:33:18.160
McNeace, Meche - ETA CTR
That's normally in sometime in September, right, Denise and Tina? You guys send out an e-mail?

0:33:18.620 --> 0:33:18.760
Wilson, Toni K - SCSEP
Yeah.

0:33:20.450 --> 0:33:21.400
Denise Thompson
That's correct, yes.

0:33:22.240 --> 0:33:28.640
Wilson, Toni K - SCSEP
Alright, just making sure we're on the same page and it look like we were able to answer everybody's question there.

0:33:29.930 --> 0:33:31.420
Wilson, Toni K - SCSEP
Alright, alright.

0:33:31.430 --> 0:33:34.640
Wilson, Toni K - SCSEP
So with that said, are there any, a… whoops?

0:33:34.650 --> 0:33:35.960
Wilson, Toni K - SCSEP
Looks like we got a new question here.

0:33:38.0 --> 0:33:38.990
Wilson, Toni K - SCSEP
Oh, thank you.

0:33:40.120 --> 0:33:52.410
Wilson, Toni K - SCSEP
Are there any additional questions or highlights? As I went to uh flag and I flagged it also for our federal project officers.

0:33:52.880 --> 0:33:57.980
Wilson, Toni K - SCSEP
You know our team is having an opportunity to do a little bit of travel, not a lot, maybe one or two trips.

0:33:58.380 --> 0:34:7.250
Wilson, Toni K - SCSEP
And I'd love to, you know, as a new unit chief would definitely love to see some programs in action.

0:34:7.260 --> 0:34:11.390
Wilson, Toni K - SCSEP
So we're kind of putting together our list of who we can kind of go out and travel.

0:34:11.400 --> 0:34:21.210
Wilson, Toni K - SCSEP
So if you have something that you'd love for me to see, you know, you could please reach out to me directly as I'm trying to kind of figure out where I can go and visit.

0:34:21.220 --> 0:34:25.810
Wilson, Toni K - SCSEP
I'd love to see all, but if you definitely have the best practice, maybe something I can.

0:34:25.820 --> 0:34:31.330
Wilson, Toni K - SCSEP
You know, we can highlight in that sense you know, please be sure to flag that for me.

0:34:32.750 --> 0:34:34.350
Wilson, Toni K - SCSEP
Alrighty. And then Irene!

0:34:34.360 --> 0:34:36.400
Wilson, Toni K - SCSEP
Ohh, and then Irene did put into…

0:34:36.410 --> 0:34:40.750
Wilson, Toni K - SCSEP
I know there's some questions around the financial reporting resources and so that is in the chat.

0:34:45.440 --> 0:34:46.740
Wilson, Toni K - SCSEP
Let's see what else we have.

0:34:50.100 --> 0:34:51.510
Wilson, Toni K - SCSEP
Program aids.

0:34:51.520 --> 0:34:52.750
Wilson, Toni K - SCSEP
OK, here we have another question.

0:34:52.760 --> 0:34:57.630
Wilson, Toni K - SCSEP
Our program aids stated in GPMS it asked for supervisor wages.

0:34:57.680 --> 0:35:0.170
Wilson, Toni K - SCSEP
If they do not enter, they cannot process.

0:35:1.420 --> 0:35:3.750
Wilson, Toni K - SCSEP
I'm not quite sure of the question.

0:35:3.760 --> 0:35:7.700
Wilson, Toni K - SCSEP
I don't know if Tina or team, if this is… if you're able to answer this?

0:35:8.510 --> 0:35:10.120
Tina Ward
I can take this one, Toni.

0:35:9.950 --> 0:35:10.450
Wilson, Toni K - SCSEP
Thank you, Tina.

0:35:10.390 --> 0:35:21.660
Tina Ward
UM, that field initially is not required. So if you have the supervisor wage and hours then you can enter it.

0:35:21.910 --> 0:35:30.380
Tina Ward
If you also mark that the supervisor… if the supervisor's wages are federally funded, that particular field is not required.

0:35:30.470 --> 0:35:35.260
Tina Ward
So just keep in mind that that field over all is not required.

0:35:35.310 --> 0:35:41.740
Tina Ward
You should only then click that radio button if you have the information to complete it.

0:35:42.190 --> 0:35:51.700
Tina Ward
So if the supervisor does not provide their wages and or their funding source, then you can skip that field altogether.

0:35:51.850 --> 0:35:52.580
Tina Ward
It's not required.

0:35:54.350 --> 0:36:1.480
Wilson, Toni K - SCSEP
But it does sound like just so I'm clear, it sounds like they're saying that if you do not enter, you cannot proceed.

0:36:2.370 --> 0:36:8.60
Wilson, Toni K - SCSEP
So that's probably more of what that question is, if I'm if I'm correct on that?

0:36:8.910 --> 0:36:9.360
Tina Ward
Right.

0:36:9.370 --> 0:36:13.260
Tina Ward
It's asking the supervisor’s funding source.

0:36:13.530 --> 0:36:15.900
Wilson, Toni K - SCSEP
Right. Mm-hmm.

0:36:13.270 --> 0:36:18.740
Tina Ward
If you choose non-federal then you are required to enter the supervisor wage.

0:36:19.70 --> 0:36:29.10
Tina Ward
However, the funding source field itself is not required, so if the aides or users don't have that information, they do not have to enter that information.

0:36:29.310 --> 0:36:30.250
Tina Ward
[cough]Excuse me, at all.

0:36:30.820 --> 0:36:32.410
Wilson, Toni K - SCSEP
Alright, sounds good.

0:36:32.520 --> 0:36:33.840
Wilson, Toni K - SCSEP
Thanks for that clarity, Tina.

0:36:33.850 --> 0:36:34.440
Wilson, Toni K - SCSEP
I appreciate it.

0:36:35.600 --> 0:36:37.90
Wilson, Toni K - SCSEP
Alright, we have another question.

0:36:37.100 --> 0:36:44.470
Wilson, Toni K - SCSEP
Are host agency agreement and monitoring visit fields required? Especially if these dates changed every 12 months.

0:36:45.810 --> 0:36:48.530
Wilson, Toni K - SCSEP
Anyone can answer that one? On the team?

0:36:51.130 --> 0:36:55.40
Wilson, Toni K - SCSEP
This is it sounds like a GPMS question? I don’t know if Tina if you're able to?

0:36:55.900 --> 0:37:3.360
Tina Ward
These fields themselves are not required, but I do believe it is a reg that monitoring must be done annually.

0:37:4.970 --> 0:37:5.720
Wilson, Toni K - SCSEP
Ohh yes.

0:37:3.780 --> 0:37:15.130
Tina Ward
So if you're doing the monitoring… so if you're doing the monitoring, please enter the dates. But there's no required timeline like it's not required annually in GPMS.

0:37:15.180 --> 0:37:19.520
Tina Ward
However, those dates should be updated when that monitoring is completed.

0:37:20.960 --> 0:37:23.50
McNeace, Meche - ETA CTR
And let me jump in here and add on to it.

0:37:23.280 --> 0:37:38.580
McNeace, Meche - ETA CTR
What Tina's referring to the monitoring is there is a regulatory requirement that there is a safety health check at the host agency that is required annually. And that's what's asking- being asked for in GPMS, not program monitoring.

0:37:38.590 --> 0:37:41.80
McNeace, Meche - ETA CTR
But this host agency safety health check.

0:37:41.440 --> 0:37:42.750
Wilson, Toni K - SCSEP
OK, that's good clarity.

0:37:42.810 --> 0:37:43.920
Wilson, Toni K - SCSEP
Thank you so much to both.

0:37:45.70 --> 0:37:47.510
Wilson, Toni K - SCSEP
All right. OK.

0:37:47.520 --> 0:37:50.240
Wilson, Toni K - SCSEP
It looks like we have a hand raised.

0:37:53.320 --> 0:37:58.60
McField, Donti (DOES)
Yes, Hi. I'm sorry, I wanted to just ask Michi the question because I think we had some

0:37:59.260 --> 0:38:9.690
McField, Donti (DOES)
Misunderstanding with the safety consultation because I always thought the safety consultation was something that we did with the participants, but I thought that was different than the site monitoring.

0:38:10.100 --> 0:38:14.60
McField, Donti (DOES)
Is there an area for the site monitoring date?

0:38:14.100 --> 0:38:22.870
McField, Donti (DOES)
And also is there an area for the host agency agreement updated date cause every year in the district we renew host agreements.

0:38:22.880 --> 0:38:27.930
McField, Donti (DOES)
So is there a date for me to go in and update that date in GPMS?

0:38:28.780 --> 0:38:29.640
McNeace, Meche - ETA CTR
That would be Tina.

0:38:29.650 --> 0:38:32.920
McNeace, Meche - ETA CTR
She could probably answer that quicker than me in the system.

0:38:33.960 --> 0:38:34.210
Tina Ward
Wait.

0:38:33.150 --> 0:38:34.880
McNeace, Meche - ETA CTR
Can they change the date every year?

0:38:35.710 --> 0:38:38.800
Tina Ward
Yes, it can be updated at anytime.

0:38:38.930 --> 0:38:44.240
Tina Ward
It's in the managing organization and contacts section of GPMS.

0:38:46.10 --> 0:38:46.630
McField, Donti (DOES)
Thank you, Tina.

0:38:47.460 --> 0:38:48.0
Tina Ward
You're welcome.

0:38:48.770 --> 0:38:49.670
Wilson, Toni K - SCSEP
Alright, thank you.

0:38:49.680 --> 0:38:51.140
Wilson, Toni K - SCSEP
Good question and thank you so much.

0:38:51.150 --> 0:38:51.990
Wilson, Toni K - SCSEP
Tina and Michi.

0:38:53.240 --> 0:38:54.10
Wilson, Toni K - SCSEP
Alright.

0:38:54.60 --> 0:39:4.310
Wilson, Toni K - SCSEP
Well, we are at 3:40 and we don't wanna keep anyone extra if we don't have to, it'd be great for us to all go back and make sure we get these allotments out the door.

0:39:4.540 --> 0:39:9.460
Wilson, Toni K - SCSEP
But if there is any more questions for the good of the order here?

0:39:11.760 --> 0:39:13.250
Wilson, Toni K - SCSEP
Looks like we do not.

0:39:13.300 --> 0:39:13.630
Wilson, Toni K - SCSEP
Alright.

0:39:13.640 --> 0:39:20.250
Wilson, Toni K - SCSEP
Well, our next all grantee call is Wednesday, August 16th, same time, same place.

0:39:20.680 --> 0:39:24.970
Wilson, Toni K - SCSEP
And in the meantime, everybody enjoy the rest of their month.

0:39:24.980 --> 0:39:42.440
Wilson, Toni K - SCSEP
And if you do have questions, remember Zendesk for GPMS ticket questions and please reach out to your FPO, especially if you're waiting on any ATSS or if there is any issue around your grant package.

0:39:43.210 --> 0:39:44.470
Wilson, Toni K - SCSEP
So just reminder for that.

0:39:45.490 --> 0:39:45.880
Wilson, Toni K - SCSEP
Alright.

0:39:45.890 --> 0:39:46.900
Wilson, Toni K - SCSEP
Thank you everyone.

0:39:46.910 --> 0:39:48.300
Wilson, Toni K - SCSEP
Thanks for joining the call today.

0:39:48.310 --> 0:39:49.70
Wilson, Toni K - SCSEP
We appreciate it.
