0:2:43.290 --> 0:2:52.310
McNeace, Meche - ETA CTR
[unintelligible] she has to log in from her Mac computer, you know, Mac computers?

0:2:54.340 --> 0:2:56.690
McNeace, Meche - ETA CTR
Sometimes are difficult. So OK.

0:2:56.700 --> 0:2:58.150
McNeace, Meche - ETA CTR
But we do have a new member.

0:2:58.160 --> 0:3:2.450
McNeace, Meche - ETA CTR
Her name is Lauren Burnett and hopefully she'll be able to jump back on.

0:3:4.560 --> 0:3:5.90
Wilkins, Patricia A - ETA CTR
Alright.

0:3:5.100 --> 0:3:8.170

And last but not least, bringing up the rear,

0:3:8.180 --> 0:3:9.170
Wilkins, Patricia A - ETA CTR
It's Pat Wilkins.

Wilkins, Patricia A - ETA CTR
Hi, everybody.

Slaughter, Alison S - ETA
Thanks, Pat.

0:3:11.940 --> 0:3:15.870

0:3:20.910 --> 0:3:21.690
Denise Thompson
Hi everyone.

0:3:21.700 --> 0:3:23.400
Denise Thompson
This is Denise Thompson from BCT.

0:3:24.900 --> 0:3:25.310
Lynch, Leila I - ETA CTR
Hi.

0:3:25.360 --> 0:3:26.960
Lynch, Leila I - ETA CTR
This is Leila Lynch from BCT.

0:3:31.770 --> 0:3:34.430
Slaughter, Alison S - ETA
And… do you have anyone else from BCT?

0:3:36.680 --> 0:3:37.840
Denise Thompson
I think that's it, Ali.

0:3:37.900 --> 0:3:38.290
Slaughter, Alison S - ETA
OK.

0:3:38.360 --> 0:3:39.130
Slaughter, Alison S - ETA
Thanks, Denise.

0:3:39.140 --> 0:3:42.540
Slaughter, Alison S - ETA
And last, but certainly not least, we have our Charter Oaks team.

0:3:43.80 --> 0:3:43.510
Ron Schack
Alright.

0:3:43.660 --> 0:3:44.410
Ron Schack
Hi everyone.

0:3:44.420 --> 0:3:46.30
Ron Schack
I'm Ron Schack from the Charter Oak Group.

0:3:47.880 --> 0:3:48.550
Slaughter, Alison S - ETA
Thanks Ron.

0:3:49.220 --> 0:3:55.130
Slaughter, Alison S - ETA
Alright, a few housekeeping items before we jump into our agenda that you can see on the screen here.

0:3:55.140 --> 0:3:58.840
Slaughter, Alison S - ETA
It's also in your calendar invite if you want to view it there.

0:3:59.200 --> 0:4:6.770
Slaughter, Alison S - ETA
We have some time at the end for question and answers, but we do have some things to share with you all and some announcements that we'll be going through in a minute.

0:4:6.860 --> 0:4:10.590
Slaughter, Alison S - ETA
If you have a question top of mind, please feel free to add it in the chat.

0:4:10.600 --> 0:4:18.350
Slaughter, Alison S - ETA
We'll try to address it if we can during our call, and if not we'll get to it in the Q&A portion and make sure we're all on the same page with questions.

0:4:19.30 --> 0:4:21.500
Slaughter, Alison S - ETA
So please feel free to add anything into the chat.

0:4:22.190 --> 0:4:22.640
Slaughter, Alison S - ETA
Alright.

0:4:22.650 --> 0:4:25.930
Slaughter, Alison S - ETA
And with that, we are going to start with our program announcements.

0:4:26.350 --> 0:4:30.210
Slaughter, Alison S - ETA
I will pass it to Toni to talk about TEGL 8-23.

0:4:31.470 --> 0:4:32.180
Wilson, Toni K - SCSEP
All right.

0:4:32.190 --> 0:4:33.600
Wilson, Toni K - SCSEP
Good afternoon everyone.

0:4:34.10 --> 0:4:37.150
Wilson, Toni K - SCSEP
Just wanted to update and reference to TEGL 8-23.

0:4:37.160 --> 0:4:41.200
Wilson, Toni K - SCSEP
This is our IT… our state IT TEGL.

0:4:41.770 --> 0:4:47.540
Wilson, Toni K - SCSEP
As you know, last year we put out an IT TEGL, which was both for States and Nationals.

0:4:47.990 --> 0:4:52.680
Wilson, Toni K - SCSEP
And I know with the timing, there was a lot of challenges for the states to apply.

0:4:52.690 --> 0:4:55.280
Wilson, Toni K - SCSEP
So this is basically another bite at the apple.

0:4:55.290 --> 0:5:0.600
Wilson, Toni K - SCSEP
So we definitely encourage those on the call with states to apply for that.

0:5:0.990 --> 0:5:4.370
Wilson, Toni K - SCSEP
As of right now, there isn't one out for nationals.

0:5:4.380 --> 0:5:6.700
Wilson, Toni K - SCSEP
There are some potential… in the future, but for right now.

0:5:8.720 --> 0:5:13.210
Wilson, Toni K - SCSEP
You guys, those that had applied… there isn't any

0:5:14.520 --> 0:5:30.590
Wilson, Toni K - SCSEP
Additional funding at this time, but for those that individually needed a little more time, please reach out to your FPO and we will take that in consideration on a case-by-case basis. And before I pass it over.

0:5:32.40 --> 0:5:34.330
Wilson, Toni K - SCSEP
And yes, just I see the question in there.

0:5:34.340 --> 0:5:38.230
Wilson, Toni K - SCSEP
So states that got the IT grant before can reapply.

0:5:38.240 --> 0:5:39.50
Wilson, Toni K - SCSEP
That is correct.

0:5:39.60 --> 0:5:39.970
Wilson, Toni K - SCSEP
It's for all states.

0:5:41.360 --> 0:5:54.130
Wilson, Toni K - SCSEP
And before I pass it back over to Ali, I just wanted to note because I know we're talking states, so the nationals will also want to know what's going on in FOA land.

0:5:54.640 --> 0:6:6.310
Wilson, Toni K - SCSEP
Just make sure you're on grants.gov, which I'm 100% sure everyone is, and hopefully you've seen the forecast and the FOA announcement should be out shortly.

0:6:6.500 --> 0:6:14.280
Wilson, Toni K - SCSEP
So just keep an eye on that and once that's out, you'll get a notification through grants.gov.

0:6:14.630 --> 0:6:18.60
Wilson, Toni K - SCSEP
So just wanted to flag that and I'll pass it back over to you, Ali.

0:6:19.40 --> 0:6:19.950
Slaughter, Alison S - ETA
Thanks Toni.

0:6:20.680 --> 0:6:24.650
Slaughter, Alison S - ETA
We had the 2024 poverty guidelines were released.

0:6:24.660 --> 0:6:27.950
Slaughter, Alison S - ETA
Umm, they came out actually the day of our last all grantee call.

0:6:27.960 --> 0:6:31.330
Slaughter, Alison S - ETA
So they were just new out on January 17th.

0:6:31.980 --> 0:6:38.810
Slaughter, Alison S - ETA
Since then, those new guidelines have been uploaded in GPMS, so they are in the system.

0:6:38.820 --> 0:6:47.10
Slaughter, Alison S - ETA
You should have received an email with those poverty guidelines and numbers, and I'll, I will add the link in the chat as well.

0:6:47.20 --> 0:6:48.950
Slaughter, Alison S - ETA
Just so we have that for one more reference.

0:6:49.530 --> 0:7:2.600
Slaughter, Alison S - ETA
And just to note that the new guidelines are effective as of January 11th, 2024. And I will now turn things over to Irene to talk about TEGL 9-23.

0:7:6.160 --> 0:7:7.950
Adams, Anita (Irene) - ETA
Good afternoon, everyone.

0:7:8.0 --> 0:7:9.390
Adams, Anita (Irene) - ETA
The stand-alone Guidance for

0:7:10.540 --> 0:7:20.460
Adams, Anita (Irene) - ETA
TEGL 9-23 for the stand-alone guidance for state plans was released on 2/12 with the due date of 3/29.

0:7:21.520 --> 0:7:27.200
Adams, Anita (Irene) - ETA
Umm, we had a meeting with the FPOs yesterday and we talked about a review process for you guys.

0:7:27.850 --> 0:7:34.800
Adams, Anita (Irene) - ETA
Um… if you are having any trouble with gathering your state plan together.

0:7:34.930 --> 0:7:49.280
Adams, Anita (Irene) - ETA
Please let your FPO know. Your FPO and your NOL know about it. The WIOA TEGL the WIOA state plan that's the portal combining unified plans due on March 4th.

0:7:50.240 --> 0:7:53.210
Adams, Anita (Irene) - ETA
So we know that you have a lot of things going on.

0:7:53.220 --> 0:8:2.130
Adams, Anita (Irene) - ETA
You have to, you know, responding to the… I'm sorry, the ED reports were due on Friday. The WIOA state plans.

0:8:3.80 --> 0:8:5.350
Adams, Anita (Irene) - ETA
Submissions are due on March 4th.

0:8:5.620 --> 0:8:24.380
Adams, Anita (Irene) - ETA
The stand-alone plans are due on March 29th and then there is the response to the IT TEGL, just letting you guys know that we're here to help provide you with technical assistance, a whole team of NOLs, FPO's, and our contractor teams.

0:8:24.470 --> 0:8:34.180
Adams, Anita (Irene) - ETA
And if you're having any problems, please please, please reach out to your FPO and NOL so that we can get you the help you need in order to get these submissions in on time.

0:8:34.370 --> 0:8:42.640
Adams, Anita (Irene) - ETA
If you haven't already filed… submitted your ED report, please get it in as soon as possible. And that's it.

0:8:44.70 --> 0:8:44.570
Slaughter, Alison S - ETA
Thanks.

0:8:42.650 --> 0:8:44.810
Adams, Anita (Irene) - ETA
Ali passing it back to you.

0:8:45.310 --> 0:8:46.190
Slaughter, Alison S - ETA
Thanks, Irene.

0:8:46.510 --> 0:8:52.660
Slaughter, Alison S - ETA
And like Irene said, our ED reports were due last Friday, February 16th.

0:8:52.670 --> 0:8:56.340
Slaughter, Alison S - ETA
We received a lot of reports, so thank you all for those who have submitted them.

0:8:56.890 --> 0:9:2.140
Slaughter, Alison S - ETA
Our NOLs are busy reviewing those and will reach out if there are any questions or issues.

0:9:2.490 --> 0:9:12.290
Slaughter, Alison S - ETA
And for those who still haven't completed or turned in their reports, please send those to the SCSEP docs email with a copy to your FPO and we will review them.

0:9:13.830 --> 0:9:20.180
Slaughter, Alison S - ETA
And I will actually pass it back to Irene for some updates on grant related events upcoming.

0:9:22.900 --> 0:9:23.930
Adams, Anita (Irene) - ETA
I'm sorry, Ali.

0:9:23.940 --> 0:9:24.440
Adams, Anita (Irene) - ETA
I gave that.

0:9:23.740 --> 0:9:24.770
Slaughter, Alison S - ETA
You thought you're off the hook.

0:9:26.380 --> 0:9:26.970
Adams, Anita (Irene) - ETA
Yeah, I gave....

0:9:26.980 --> 0:9:29.830
Adams, Anita (Irene) - ETA
I gave all the information just now.

0:9:30.550 --> 0:9:30.810
Slaughter, Alison S - ETA
OK.

0:9:31.480 --> 0:9:40.690
Adams, Anita (Irene) - ETA
Though I gave the due date. But I do want… I can add that we're working on the plan, the annual planning guidance TEGL.

0:9:40.880 --> 0:9:46.210
Adams, Anita (Irene) - ETA
So you can be expecting that soon, but don't panic.

0:9:46.600 --> 0:9:53.890
Adams, Anita (Irene) - ETA
It's not going to be a big lift since the state plan will … fill in a lot of the stuff that you are.

0:9:53.940 --> 0:10:1.230
Adams, Anita (Irene) - ETA
You have already… that the state plan will that do… will need… the state plan will cover most of the stuff that you need to submit except budgets.

0:10:1.380 --> 0:10:20.100
Adams, Anita (Irene) - ETA
Ohh and one other point: if you noticed in the stand-alone state planning guidance there is room in your

annual planning guidance to apply for four year ATSS as opposed to a 2-year… as opposed to renewing them every year.

0:10:20.310 --> 0:10:21.760
Adams, Anita (Irene) - ETA
So pay close attention to those.

0:10:23.910 --> 0:10:27.640
Adams, Anita (Irene) - ETA
Make sure… you think… you're ATSS out there.

0:10:27.650 --> 0:10:27.800
Adams, Anita (Irene) - ETA
Only.

0:10:27.810 --> 0:10:37.580
Adams, Anita (Irene) - ETA
Although you will have a chance to modify that, you know, in between the four years if need… adjust that if need be.

0:10:37.680 --> 0:10:42.860
Adams, Anita (Irene) - ETA
But we heard you and we listened, and we got it done.

0:10:43.370 --> 0:10:51.750
Adams, Anita (Irene) - ETA
So if you pay attention to that, we will be asking for a four year ATSS submission in your annual planning guidance. And that's it.

0:10:53.80 --> 0:10:54.290
Slaughter, Alison S - ETA
Thanks for noting that, Irene.

0:10:55.480 --> 0:10:56.210
Slaughter, Alison S - ETA
Alright.

0:10:56.800 --> 0:11:1.460
Slaughter, Alison S - ETA
Uh, before we move to communications and our GPMS updates.

0:11:1.510 --> 0:11:6.500
Slaughter, Alison S - ETA
Any other program or grant related updates to share from anyone in the National Office.

0:11:10.430 --> 0:11:11.30
Slaughter, Alison S - ETA
All right.

0:11:11.130 --> 0:11:18.70
Slaughter, Alison S - ETA
And with that, I will pass it over to the TwoTech team for our communications outreach training and technical assistance.

0:11:19.420 --> 0:11:20.550
McNeace, Meche - ETA CTR
Thank you Ali.

0:11:20.620 --> 0:11:24.250
McNeace, Meche - ETA CTR
I'm going to go ahead and cover the COP today for Kevin.

0:11:24.260 --> 0:11:29.910
McNeace, Meche - ETA CTR
He's got a bit of a cough and so if he starts talking, he'll fall into this coughing attack.

0:11:29.920 --> 0:11:35.170
McNeace, Meche - ETA CTR
So we're going to have mercy on Kevin's voice and give him a break today.

0:11:35.440 --> 0:11:38.50
McNeace, Meche - ETA CTR
So but, again, hello everyone.

0:11:38.60 --> 0:11:57.310
McNeace, Meche - ETA CTR
We don't have much to update you on as it relates to the older workers community of practice, but we do want to share that you will always find any of the resources that were sent out to you via email from the National Office email such as… that have… whipped… lost my train of thought.

0:11:57.320 --> 0:12:10.700
McNeace, Meche - ETA CTR
But resources such as when we send out TEGLs, any reporting templates and instructions, and the all grantee call transcripts, and of course we do keep up with the GPMS documents as well.

0:12:11.270 --> 0:12:29.340
McNeace, Meche - ETA CTR
So in addition to it being available on the SCSEP-help website, it is also available on the COP. And also the last GPMS training materials that are dated probably the end of 2022 and early 2023.

0:12:29.550 --> 0:12:33.640
McNeace, Meche - ETA CTR
Those are still accessible on the COP under the GPMS tabs.

0:12:33.870 --> 0:12:50.200
McNeace, Meche - ETA CTR
Those modules will still help guide any new users coming in and accessing GPMS, so please continue to

visit the COP and encourage any of your team members who have not registered as a COP member to do so.

0:12:51.80 --> 0:12:54.520
McNeace, Meche - ETA CTR
And I believe that's all we have on the COP.

0:12:54.580 --> 0:12:59.700
McNeace, Meche - ETA CTR
And then I'm going to pass the GPMS vLive office hours to Pat.

0:13:3.640 --> 0:13:4.910
McNeace, Meche - ETA CTR
Who is on mute still?

0:13:8.920 --> 0:13:9.870
Wilkins, Patricia A - ETA CTR
Thanks, Michi.

0:13:10.40 --> 0:13:11.490
Wilkins, Patricia A - ETA CTR
Hi again everybody.

0:13:11.680 --> 0:13:20.750
Wilkins, Patricia A - ETA CTR
Just wanted to give some brief updates about what's going on with vLive, so vLive office hours are the 2nd and 4th Wednesday of each month.

0:13:21.140 --> 0:13:26.150
Wilkins, Patricia A - ETA CTR
We are having really great engagements from the grantees who are attending.

0:13:26.360 --> 0:13:35.710
Wilkins, Patricia A - ETA CTR
They bring challenges and issues to vLive office hours and we're able to walk through GPMS with them in real time and see what they're seeing.

0:13:35.980 --> 0:13:51.280
Wilkins, Patricia A - ETA CTR
This helps us to most of the time we're able to resolve the issues, but if we can't during vLive, we'll set up a one on one or we'll bring it back to our next vLive to review and find out what the resolution was.

0:13:51.450 --> 0:13:59.600
Wilkins, Patricia A - ETA CTR
They have been bringing some challenges lately that do give us a little pause to go back and say, hmm, got to think about it a little more, but that's been great.

0:13:59.950 --> 0:14:8.920
Wilkins, Patricia A - ETA CTR

So just that reminder and if you haven't had a chance to come to vLive office hours, share it with your grantees and your sub grantees.

0:14:9.70 --> 0:14:15.630
Wilkins, Patricia A - ETA CTR
Our next one is next Wednesday the 28th from 2:00 PM to 3:30 PM Eastern Time.

0:14:16.840 --> 0:14:18.960
Wilkins, Patricia A - ETA CTR
So that's all I have for vLive.

0:14:21.190 --> 0:14:22.770
Slaughter, Alison S - ETA
Thank you so much TwoTech team.

0:14:23.900 --> 0:14:36.10
Slaughter, Alison S - ETA
Uh, before I pass it over to Byron for some updates in the newsletter, I'm going to steal a little bit of his portion and I wanted to just give some general updates on the system. In the newsletter

0:14:36.20 --> 0:14:48.150
Slaughter, Alison S - ETA
We have a section that's letting you know what's up coming and we have been teasing the participant hours report that is under testing right now.

0:14:48.160 --> 0:14:55.490
Slaughter, Alison S - ETA
So we really hope to get that out to you all very soon so that you have access to track your paid hours through the system.

0:14:56.50 --> 0:14:59.460
Slaughter, Alison S - ETA
Uh, the QPR work is still ongoing in the system.

0:15:0.70 --> 0:15:6.660
Slaughter, Alison S - ETA
We… there's been a lot of work on the back end to revisit the way that that report is calculated.

0:15:6.670 --> 0:15:13.200
Slaughter, Alison S - ETA
A lot of testing. We want to make sure that report is accurate before it's used broadly.

0:15:13.210 --> 0:15:23.80
Slaughter, Alison S - ETA
So hope that that report is… we'll have more news to share in the next few all grantee calls, but I just wanted to show that that work is ongoing.

0:15:23.650 --> 0:15:27.120
Slaughter, Alison S - ETA
So with that, I will pass it over to Byron to talk about the newsletter.

0:15:28.200 --> 0:15:28.800
Kline, Byron - ETA
Thanks, Ali.

0:15:29.800 --> 0:15:34.870
Kline, Byron - ETA
So the February edition of the SCSEP GPMS newsletter is out.

0:15:35.200 --> 0:15:42.330
Kline, Byron - ETA
This month's spotlight is on TEGL 08-23 that we mentioned earlier, also known as the IT TEGL.

0:15:42.800 --> 0:15:46.90
Kline, Byron - ETA
There's great information, including the TEGL itself.

0:15:46.620 --> 0:15:55.760
Kline, Byron - ETA
It talks about who's eligible for this grant opportunity and the deadline, which I think was mentioned, but I'll just say it again, March 26th of 2024.

0:15:57.10 --> 0:16:6.560
Kline, Byron - ETA
There are also links to key items, including notes from GPMS release 2.4, and as always, links to the v-Live recordings.

0:16:7.70 --> 0:16:15.560
Kline, Byron – ETA
As always, all of this information is available on the older workers community of Practice page, so that's it.

0:16:15.710 --> 0:16:17.320
Kline, Byron - ETA
I'll turn it back over to you, Ali.

0:16:17.330 --> 0:16:17.670
Kline, Byron - ETA
Thank you.

0:16:19.30 --> 0:16:26.310
Slaughter, Alison S - ETA
Thanks, Byron and I will pass it over to BCT for some more specific updates, detailed updates on GPMS.

0:16:27.770 --> 0:16:28.720
Lynch, Leila I - ETA CTR
Thank you, Ali.

0:16:28.810 --> 0:16:29.750
Lynch, Leila I - ETA CTR
Good afternoon everyone.

0:16:31.100 --> 0:16:40.110
Lynch, Leila I - ETA CTR
Just a reminder that the last release of GPMS was released 2.4 and it was sent to each…

0:16:40.120 --> 0:16:46.940
Lynch, Leila I - ETA CTR
This was sent to every grantee on Friday, February 9th, 2024, which was the date of its release.

0:16:48.570 --> 0:16:52.700
Lynch, Leila I - ETA CTR
I also want to talk a little about the host agency file cleanup.

0:16:54.900 --> 0:17:5.270
Lynch, Leila I - ETA CTR
This was due on February 16th and I just want to say thanks to all those who have cleaned out their contact information and returned it to Zendesk.

0:17:5.970 --> 0:17:22.20
Lynch, Leila I - ETA CTR
I'd like to also encourage those who have not yet returned their files to do so as soon as possible, since the deadline has passed, and if you need our help, we will gladly assist you.

0:17:22.170 --> 0:17:24.360
Lynch, Leila I - ETA CTR
Just contact us at SCSEP-Help.zendesk.com.

- 0:17:29.50 --> 0:17:32.430
  Lynch, Leila I - ETA CTR
  I'd also like to talk about Locked Records and RUCA codes.

0:17:33.940 --> 0:17:41.460
Lynch, Leila I - ETA CTR
Just a reminder that you can rely on the DL dates that are in GPMS.

0:17:41.990 --> 0:17:56.540
Lynch, Leila I - ETA CTR
We have worked diligently to get these correct and you can rely on them as of now, so please do everything in your powers to not let your records become locked.

0:17:57.70 --> 0:18:6.320
Lynch, Leila I - ETA CTR

You also have the waiver duration limit report which outlines the participants that are going to reach their DL date.

0:18:7.600 --> 0:18:18.250
Lynch, Leila I - ETA CTR
In addition, the notification that comes to each grantee admin, it's correct with respect to DL.

0:18:19.170 --> 0:18:34.680
Lynch, Leila I - ETA CTR
I know you have a lot of notifications coming in and some of them are incorrect. But you can rely on those that pertain to DL, so please make every effort not to let your records become locked.

0:18:35.50 --> 0:18:37.840
Lynch, Leila I - ETA CTR
We're seeing an increase in locked records.

0:18:37.910 --> 0:18:43.180
Lynch, Leila I - ETA CTR
I just want to give you some tips that you can use the tools related to locked records.

0:18:45.360 --> 0:18:54.740
Lynch, Leila I - ETA CTR
Also, we have sent a revision of the RUCA codes in a file to you by email earlier this month.

0:18:55.100 --> 0:19:6.610
Lynch, Leila I - ETA CTR
Originally, the information sent was not reliable, but now the latest information is correct, and you can rely on the information that you have received.

0:19:8.130 --> 0:19:17.200
Lynch, Leila I - ETA CTR
We have also corrected the most in need information using the latest RUCA information and that was sent out in an email yesterday.

0:19:19.480 --> 0:19:27.630
Lynch, Leila I - ETA CTR
Pardon me: that was sent out an email yesterday. So, your DL is correct and you're RUCA is now correct.

0:19:29.800 --> 0:19:32.940
Lynch, Leila I - ETA CTR
Your tip of the month is regarding your mailing list.

0:19:34.430 --> 0:19:53.930
Lynch, Leila I - ETA CTR
If the grantee admin would like any of their subgrantees to receive emails directly from us, please let us know who those people are by simply sending us that information through SCSEP-help.zendesk.com.

0:19:56.40 --> 0:20:1.90
Lynch, Leila I - ETA CTR
Pardon me. And now I'll turn it over to Ron from NPR.

0:20:1.180 --> 0:20:1.650
Lynch, Leila I - ETA CTR
Thank you.

0:20:2.180 --> 0:20:2.460
Ron Schack
Umm.

0:20:1.430 --> 0:20:5.990
Adams, Anita (Irene) - ETA
There's a question in the chat in regards to the QPR.

0:20:7.500 --> 0:20:13.780
Adams, Anita (Irene) - ETA
Can grantees get a list of what data in the QPR and other GPMS reports is working today?

0:20:15.430 --> 0:20:17.430
Adams, Anita (Irene) - ETA
They want a list of whatever's working.

0:20:20.990 --> 0:20:29.220
Lynch, Leila I - ETA CTR
We'll have to compile that list and we can send it out in the chat or in an email to you but give us a few minutes to get that done.

0:20:34.360 --> 0:20:35.50
Ron Schack
Thanks, Leila.

0:20:35.840 --> 0:20:36.500
Lynch, Leila I - ETA CTR
You're welcome.

0:20:37.70 --> 0:20:37.660
Ron Schack
So.

0:20:37.670 --> 0:20:39.350
Ron Schack
So as Leila was mentioning the

0:20:41.700 --> 0:21:4.800
Ron Schack
due date for cleaning up your host agency contact information has passed. Umm and it's important that

that gets cleaned up so that when we go to do the sample for the host agency survey, we have valid email addresses since it's going to be all done digitally this year.

0:21:5.640 --> 0:21:9.150
Ron Schack
Umm, so that's why it's so critical.

0:21:9.520 --> 0:21:13.620
Ron Schack
And of course, that becomes one of your core performance measures.

0:21:13.630 --> 0:21:22.380
Ron Schack
So it's important. And just letting you know that the participant data collection.

0:21:22.970 --> 0:21:23.860
Ron Schack
Uh.

0:21:23.900 --> 0:21:46.930
Ron Schack
Uh, the participant survey data collection has been completed and we actually have calculated ACSI scores for all the grantees, so that information is being rolled into the grantee performance evaluation for PY 22, which is under way now.

0:21:47.400 --> 0:21:54.840
Ron Schack
Umm, we're also incorporating the revised most in need?

0:21:55.630 --> 0:21:57.940
Ron Schack
Uh, measure.

0:21:57.990 --> 0:22:8.20
Ron Schack
Calculations that were just done so that is that is being worked on now and should be completed in very early March.

0:22:8.790 --> 0:22:20.740
Ron Schack
Of course, all of that information then gets rolled into the past performance analysis for the national grantee competition.

0:22:21.60 --> 0:22:56.680
Ron Schack
So, you know, all of this matters and is being worked on now. As we do the grantee performance evaluation, of course we use the most recent available data to do a last adjustment to your goals for PY 22 and so, that will be done as we're doing the grantee performance evaluation. And I think that's all I have for the moment.

0:22:56.850 --> 0:22:57.430
Ron Schack
Thanks everybody.

0:22:59.820 --> 0:23:3.90
Slaughter, Alison S - ETA
Thanks Ron and Leila for those helpful updates.

0:23:3.970 --> 0:23:10.450
Slaughter, Alison S - ETA
Alright, we are now at the highlights and Q&A section of our call today.

0:23:10.980 --> 0:23:20.140
Slaughter, Alison S - ETA
We have some questions in the chat that we will get to in a moment, but I also wanted to open up the floor if anyone has a question, please feel free to raise your hand.

0:23:20.400 --> 0:23:21.330
Slaughter, Alison S - ETA
We'd love to hear from you.

0:23:21.340 --> 0:23:27.410
Slaughter, Alison S - ETA
We would also love to hear any grantee highlights, any participant success stories that you all would like to share with us.

0:23:27.880 --> 0:23:34.970
Slaughter, Alison S - ETA
If you have any of those, please feel free to raise your hand. And we have one hand… Maura.

0:23:35.100 --> 0:23:37.60
Slaughter, Alison S - ETA
Would you like to unmute yourself and share?

0:23:37.790 --> 0:23:38.680
Maura Porcelli
Hi, thank you.

0:23:38.690 --> 0:23:40.40
Maura Porcelli
Good afternoon everybody.

0:23:40.270 --> 0:23:43.600
Maura Porcelli
I have a question about the ED report.

0:23:43.610 --> 0:23:54.410
Maura Porcelli

We actually submitted it last week, but we I just noticed when you mentioned the email address that we actually, through different correspondences, had two different email addresses.

0:23:59.60 --> 0:23:59.340
Slaughter, Alison S - ETA
Yeah.

0:23:54.420 --> 0:24:14.850
Maura Porcelli
One was for SCSEP.ed@dol.gov from an email back in January. And that one said submit to that address and your FPO, which I freely admit that it was on the front page of the report, and we submitted it to the SCSEP.ed plus our FPO.

0:24:15.940 --> 0:24:17.40
Slaughter, Alison S - ETA
We got your report.

0:24:14.860 --> 0:24:18.460
Maura Porcelli
Did it get to the right place? Or do we need… excellent!

0:24:17.50 --> 0:24:19.530
Slaughter, Alison S - ETA
Yep, Yep, we are checking both.

0:24:18.470 --> 0:24:19.590
Maura Porcelli
Thank you so much.

0:24:19.580 --> 0:24:21.420
Slaughter, Alison S - ETA
Yes, we're checking both inboxes.

0:24:19.950 --> 0:24:21.430
Maura Porcelli
You know, we don't like to miss deadlines.

0:24:22.180 --> 0:24:23.310
Slaughter, Alison S - ETA
No, we got your report.

0:24:23.320 --> 0:24:32.30
Slaughter, Alison S - ETA
It's all submitted, so we we're checking both inboxes in case you submitted it to the ED email or the SCSEP docs, we'll make sure that's clarified for the next round.

0:24:32.80 --> 0:24:34.990
Slaughter, Alison S - ETA
But we did get your submission, so thank you for clarifying.

0:24:38.90 --> 0:24:45.380
Slaughter, Alison S - ETA
Alright, if you have… if anyone else has a question or a success story to share, please feel the raise your hand.

0:24:45.430 --> 0:24:48.660
Slaughter, Alison S - ETA
I will start with some of our questions in the chat.

0:24:49.490 --> 0:24:56.780
Slaughter, Alison S - ETA
I'll just reiterate, Joan had a question early on about states that got the IT grant last time can reapply.

0:24:56.790 --> 0:25:11.200
Slaughter, Alison S - ETA
The answer is yes, they can reapply and this round we have some excited reactions to the ATSS being a four-year process and also had some questions on what ATSS is.

0:25:11.840 --> 0:25:17.880
Slaughter, Alison S - ETA
Thanks to our grantees that helped clarify, that stands for “additional training and supportive services”.

0:25:19.250 --> 0:25:28.870
Slaughter, Alison S - ETA
Umm, have some more comments… and from Ann that's been a big call from her organization and from the American Workforce Coalition.

0:25:28.880 --> 0:25:32.320
Slaughter, Alison S - ETA
So we are glad to see you all are excited about that.

0:25:32.980 --> 0:25:33.330
Wilson, Toni K - SCSEP
Yeah.

0:25:33.340 --> 0:25:46.700
Wilson, Toni K - SCSEP
Ali, let me I just wanted to say something on that. You know, please know that we definitely take all this feedback very seriously and incorporate that and this is an example of that.

0:25:47.80 --> 0:25:54.320
Wilson, Toni K - SCSEP
So please continue to reach out both through these calls and to your FPOs or NOLs.

0:25:55.750 --> 0:26:3.640
Wilson, Toni K - SCSEP
As you know… I get it, these things don't happen as fast as we like to them to happen, but they are in the background happening.

0:26:3.650 --> 0:26:10.460
Wilson, Toni K - SCSEP
So we will continue to keep our partnership and bring these ideas as these things are developed.

0:26:12.40 --> 0:26:13.80
Wilson, Toni K - SCSEP
Thanks Ali, back to you.

0:26:13.540 --> 0:26:14.370
Slaughter, Alison S - ETA
Thanks, Toni.

0:26:14.980 --> 0:26:18.710
Slaughter, Alison S - ETA
We also got a question about data validation.

0:26:19.620 --> 0:26:23.410
Slaughter, Alison S - ETA
That module is still under development in GPMS

0:26:23.420 --> 0:26:28.930
Slaughter, Alison S - ETA
Currently. We know we are on a very different timeline than that usually is completed.

0:26:28.940 --> 0:26:42.70
Slaughter, Alison S - ETA
So we are carefully looking at that and seeing, you know, what our options are and by the next all-grantee call we will have more details about what data validation will look like for program year 23.

0:26:42.700 --> 0:26:45.130
Slaughter, Alison S - ETA
So we will share more about that our next call.

0:26:47.840 --> 0:27:0.110
Slaughter, Alison S - ETA
And then we also had the question from Joshua that Leila answered about getting a list of what data in the QPR and other GPMS reports is working today.

0:27:0.800 --> 0:27:8.180
Slaughter, Alison S - ETA
We will look at how we can provide that information and so we'll work with BCT for that information.

0:27:11.420 --> 0:27:14.930
Slaughter, Alison S - ETA
You got another question about ATSS.

0:27:15.560 --> 0:27:20.570
Slaughter, Alison S - ETA
Irene, can I have you confirm that ATSS applies only to states?

0:27:20.580 --> 0:27:21.980
Slaughter, Alison S - ETA
Or is it also for national grants?

0:27:25.430 --> 0:27:26.490
Slaughter, Alison S - ETA
It's for both I believe.

0:27:28.630 --> 0:27:28.990
Slaughter, Alison S - ETA
Great.

0:27:27.330 --> 0:27:29.50
Adams, Anita (Irene) - ETA
It will be for both, yes.

0:27:29.810 --> 0:27:30.470
Slaughter, Alison S - ETA
Thank you, Irene.

0:27:34.890 --> 0:27:36.280
Slaughter, Alison S - ETA
We have a question on…

0:27:38.500 --> 0:27:45.580
Slaughter, Alison S - ETA
On the GPMS forms release date, I'm not sure I understand that question.

0:27:45.590 --> 0:27:51.940
Slaughter, Alison S - ETA
If someone else from the National Office is able to answer that, or Leslie, if you can come off mute and share more about your questions.

0:27:51.950 --> 0:27:52.620
Slaughter, Alison S - ETA
So we can answer that.

0:27:58.580 --> 0:27:59.730
McNeace, Meche - ETA CTR
Ali, I can answer that.

0:28:0.710 --> 0:28:1.360
Slaughter, Alison S - ETA
Thanks, Michi.

0:28:1.900 --> 0:28:8.290
McNeace, Meche - ETA CTR
Well you're welcome. So, the forms that they're referring to are the GPMS data collection forms.

0:28:8.300 --> 0:28:10.150
McNeace, Meche - ETA CTR
They are currently being worked on now.

0:28:10.160 --> 0:28:19.110
McNeace, Meche - ETA CTR
The form the first form for intake has been… the final draft has been completed and submitted.

0:28:19.120 --> 0:28:23.360
McNeace, Meche - ETA CTR
So we're working with BCT to get those forms completed.

0:28:23.370 --> 0:28:24.530
McNeace, Meche - ETA CTR
They got to make…

0:28:24.600 --> 0:28:30.610
McNeace, Meche - ETA CTR
They're making them fillable, and also, we have to ensure that they meet the 508 compliance.

0:28:30.620 --> 0:28:36.350
McNeace, Meche - ETA CTR
So form one is coming, but we do have, I believe, three other forms that we're working on.

0:28:36.360 --> 0:28:37.870
McNeace, Meche - ETA CTR
So they are coming along.

0:28:37.880 --> 0:28:42.390
McNeace, Meche - ETA CTR
So I think the thought process is to deploy the first form.

0:28:42.400 --> 0:28:49.270
McNeace, Meche - ETA CTR
Once we get that completed and get… go through all the processes that we need to go through before it's finalized and sent out.

0:28:49.320 --> 0:28:52.990
McNeace, Meche - ETA CTR
So I want to say all that to say they are coming, they're coming.

0:28:54.980 --> 0:29:0.980
Ron Schack
And just to add to that, these forms are all, uh, directly.

0:29:2.20 --> 0:29:5.510
Ron Schack
Crosswalked with GPMS, right?

0:29:5.520 --> 0:29:6.840
Ron Schack
So…

0:29:6.850 --> 0:29:20.710
Ron Schack
That's why it's taking so long is that we had to actually create a whole new set of forms, you know, identifying all of the data elements in GPMS that would be collected on the forms.

0:29:20.780 --> 0:29:26.190
Ron Schack
So it is a process, but we're uh, pursuing that diligently.

0:29:29.0 --> 0:29:30.380
Slaughter, Alison S - ETA
Thanks Ron and Michi for that update.

0:29:32.120 --> 0:29:35.430
Slaughter, Alison S - ETA
There's been a couple more questions about ATSS.

0:29:36.0 --> 0:29:42.590
Slaughter, Alison S - ETA
I'll just want to say that it is two ‘S’s at the end just so we clear up any confusion on that.

0:29:42.640 --> 0:29:55.710
Slaughter, Alison S - ETA
ATSS: “additional training and supportive services” and if you have further questions on that, please reach out to your FPO and your NOL and they can help you understand what that process looks like for the next grant cycle.

0:29:59.540 --> 0:30:3.260
Slaughter, Alison S - ETA
And then we had a question about, yeah.

0:30:1.300 --> 0:30:16.820
Wilson, Toni K - SCSEP
I thought, Ali, I would just add that for the state plan TEGL, that information is in there and that's, you know, pretty much a preview of what you're going to see.

0:30:17.650 --> 0:30:20.680
Wilson, Toni K - SCSEP
So those that are trying to get familiar, I encourage you to look at that.

0:30:22.410 --> 0:30:22.900
Slaughter, Alison S - ETA
Thanks, Toni.

0:30:22.290 --> 0:30:25.580
Adams, Anita (Irene) - ETA
And also the regulations.

0:30:25.790 --> 0:30:31.220
Adams, Anita (Irene) - ETA
ATSS you can read about ATSS in the regs at 20 CFR.

0:30:31.230 --> 0:30:34.810
Adams, Anita (Irene) - ETA
I put it in the chat 641.874.

0:30:37.790 --> 0:30:38.540
Slaughter, Alison S - ETA
Thanks, Irene.

0:30:39.90 --> 0:30:44.170
Slaughter, Alison S - ETA
And if you just copy those numbers into Google, you'll get the direct link to that regulation.

0:30:47.620 --> 0:31:28.560
Slaughter, Alison S - ETA
And then there was one additional question about the RUCA codes? About concern related to the clients being incorrectly categorized when those RUCA codes were updated and added to GPMS with for the PY 22 performance data, they went back and reviewed the codes for all participants in that performance year and they… the SCSEP help team provided an updated spreadsheet with that information, including an adjusted most in need performance measure that looks at the new and the approved route of codes for the current time.

0:31:29.250 --> 0:31:33.160
Slaughter, Alison S - ETA
So that information has been updated and sent out to all grantees.

0:31:35.300 --> 0:31:37.520
Slaughter, Alison S - ETA
And thanks Sondra for adding that link into the chat.

0:31:44.510 --> 0:31:46.520
Slaughter, Alison S - ETA
Any other questions?

0:31:46.530 --> 0:31:47.60
Slaughter, Alison S - ETA
Yeah, Joan.

0:31:49.220 --> 0:31:50.610
Joan Franklin
I… on the RUCA codes.

0:31:50.620 --> 0:31:57.940
Joan Franklin
I just wanted people to be aware that whatever they had in GPMS, if it's wrong, you have to go back in and correct it.

0:31:58.210 --> 0:32:4.40
Joan Franklin
It won't autocorrect itself since the new information was uploaded.

0:32:6.110 --> 0:32:7.420
Slaughter, Alison S - ETA
Thank you for pointing that out, Joan.

0:32:7.490 --> 0:32:8.210
Slaughter, Alison S - ETA
I really appreciate it.

0:32:10.180 --> 0:32:12.580
Slaughter, Alison S - ETA
And those uh participants again were sent out.

0:32:12.630 --> 0:32:14.570
Slaughter, Alison S - ETA
Umm so that you can update those in GPMS.

0:32:19.560 --> 0:32:26.50
Slaughter, Alison S - ETA
While we are waiting for any more questions, Michi and Lauren, can I put you on the spot?

0:32:26.110 --> 0:32:27.230
Slaughter, Alison S - ETA
I see you on camera.

0:32:27.240 --> 0:32:30.180
Slaughter, Alison S - ETA
If you want to unmute yourself in and introduce yourself and say hi.

0:32:32.50 --> 0:32:33.140
Lauren Burnett
Hi, everyone.

0:32:33.150 --> 0:32:34.460
Lauren Burnett
Good afternoon.

0:32:34.510 --> 0:32:37.180
Lauren Burnett
I am new to the team.

0:32:37.270 --> 0:32:42.920
Lauren Burnett
I was trying to do this yesterday, but my computer would not allow me to do so.

0:32:43.350 --> 0:32:56.650
Lauren Burnett
So and I'm glad to be a part of this team and to hear everything that's going on and I look forward to working with you all and any which way. Hi.

0:32:58.410 --> 0:32:59.670
Slaughter, Alison S - ETA
Thanks, Lauren, and welcome.

0:33:0.290 --> 0:33:0.890
Lauren Burnett
Thank you.

0:33:4.260 --> 0:33:8.390
Slaughter, Alison S - ETA
And we have another question on ATSS.

0:33:8.960 --> 0:33:23.80
Slaughter, Alison S - ETA
Toni or Irene, can I ask this question of you? Can you describe when/where national grantees would be applying for a four-year ATSS if they choose to? Will that be part of our FFO application, or will this be separate from the competition process?

0:33:25.60 --> 0:33:33.680
Adams, Anita (Irene) - ETA
You will respond to a ATSS… it when the PY 2024 allocation and planning guidance TEGL.

0:33:33.690 --> 0:33:38.190
Adams, Anita (Irene) - ETA
When it comes out, the instructions would be in, within that TEGL.

0:33:41.540 --> 0:33:42.60
Slaughter, Alison S - ETA
Thanks Irene.

0:33:44.620 --> 0:33:46.950
Slaughter, Alison S - ETA
And it looks like we have one more hand.

0:33:49.370 --> 0:33:51.460
Slaughter, Alison S - ETA
Look, Kendra, do you want to unmute and ask your question?

0:34:2.580 --> 0:34:3.310
Slaughter, Alison S - ETA
“I see no need.”

0:34:3.320 --> 0:34:3.630
Slaughter, Alison S - ETA
OK.

0:34:3.700 --> 0:34:4.120
Slaughter, Alison S - ETA
Thank you.

0:34:6.700 --> 0:34:9.350
Slaughter, Alison S - ETA
Any other questions?

0:34:9.690 --> 0:34:11.610
Slaughter, Alison S - ETA
Success stories to share? Comments?

0:34:21.30 --> 0:34:25.560
Slaughter, Alison S - ETA
Our next all-grantee call will be Wednesday, March 20th.

0:34:25.830 --> 0:34:32.590
Slaughter, Alison S - ETA
I know there will be a lot of SCSEP-related items coming out in the meantime, so we hope to have a lot more updates for you all then.

0:34:34.150 --> 0:34:49.720
Slaughter, Alison S - ETA
And if there are no further questions or any other items from our National Office staff, then I want to say “thank you” to all of our presenters today and thank you all for attending and for joining us here on our All-grantee call.

0:34:49.770 --> 0:34:52.660
Slaughter, Alison S - ETA
And we will see you next Wednesday, March 20th.

0:34:54.830 --> 0:34:55.560
Slaughter, Alison S - ETA
Thanks everyone.

0:34:54.920 --> 0:34:55.750
Wilson, Toni K - SCSEP
Thanks, Ali.

0:34:56.240 --> 0:34:56.840
Wilson, Toni K - SCSEP
Thanks, Ali.

0:34:56.850 --> 0:34:57.360
Wilson, Toni K - SCSEP
Great time.

0:34:57.860 --> 0:34:59.10
Wilson, Toni K - SCSEP
Thanks everyone.

0:34:59.100 --> 0:35:0.310
Wilson, Toni K - SCSEP
We'll see you next month.
