0:3:20.500 --> 0:3:20.970
Nimmo, Kristine J - ETA
Thank you.

0:3:21.120 --> 0:3:21.770
Nimmo, Kristine J - ETA
Thank you for that.

0:3:21.780 --> 0:3:24.250
Nimmo, Kristine J - ETA
OK, so let's dive right into program announcements.

0:3:24.500 --> 0:3:28.40
Nimmo, Kristine J - ETA
We're going to ask Toni to update us on the TEGL 10-22.

0:3:30.340 --> 0:3:30.670
Wilson, Toni K - SCSEP
All right.

0:3:30.680 --> 0:3:32.130
Wilson, Toni K - SCSEP
Thank you so much, Kristine.

0:3:32.600 --> 0:3:49.940
Wilson, Toni K - SCSEP
Ah yes, so this is the TEGL 10-22 and TEGL 10-22, Change One and this is the IT implementation TEGL that has already closed and we are processing those requests now, so I just wanted to let everybody know that that was closed and we are processing.

0:3:56.860 --> 0:4:21.230
Wilson, Toni K - SCSEP
We did get a pretty good turn out and the majority of those that applied look like they would be receiving funding, but people will hear at the end of this month. We do have some, we'll have some conditions, usually just more, you know more detailed explanation, but you can work with your FPO on those requests.

0:4:21.740 --> 0:4:32.180
Wilson, Toni K - SCSEP
But we were excited for those that took advantage of this opportunity and hopefully it can assist with, you know, some of the GPMS work as we transition.

0:4:32.530 --> 0:4:33.600
Wilson, Toni K - SCSEP
So thank you for that.

0:4:33.670 --> 0:4:35.20
Wilson, Toni K - SCSEP
I'll pass that back over to Kristine.

0:4:35.650 --> 0:4:35.920
Nimmo, Kristine J - ETA
Yeah.

0:4:35.990 --> 0:4:36.760
Nimmo, Kristine J - ETA
Thank you very much.

0:4:37.70 --> 0:4:40.800
Nimmo, Kristine J - ETA
So we're gonna go right to Irene on the PY 23 allotments.

0:4:42.610 --> 0:4:58.580
Adams, Anita (Irene) - ETA
As you guys know that the PY 2023 allotment TEGL was released the other day and we have a due date of June 16th, 2023 for document submissions into grants.gov.

0:4:59.960 --> 0:5:12.530
Adams, Anita (Irene) - ETA
Umm, there are a couple of things that I wanted to remind you guys of before… when/while you're getting your documents together and gathering stuff, one thing is that we have match requirements.

0:5:12.540 --> 0:5:17.890
Adams, Anita (Irene) - ETA
I wanted to remind everybody that we do have match requirements for SCSEP.

0:5:17.940 --> 0:5:41.290
Adams, Anita (Irene) - ETA
If you didn't know, and it's not as straight 10%, we did not mention it in the TEGL, although it has been mentioned many times, but and it's in our regs and in the uniform requirements for most grants, we have a 10% match and I wanna put the formula for that match in case you don't know into the chat.

0:5:44.820 --> 0:5:48.680
Adams, Anita (Irene) - ETA
It's just not a straight 10% of your award.

0:5:48.690 --> 0:5:53.500
Adams, Anita (Irene) - ETA
There is a calculation and so there's the calculation there in the chat.

0:5:53.510 --> 0:6:4.80
Adams, Anita (Irene) - ETA
If you'd like to make sure that your match is correct, make sure you enter it on the correct line on the SF-424 and calculate it in your budgets.

0:6:8.540 --> 0:6:56.860
Adams, Anita (Irene) - ETA
Another thing noted in the equitable, in the TEGL was that the equitable distribution part is extended to August 31st, 2023. Also we have a note in in the budget part of the TEGL, which sort of tells you about the indirect cost agreement as I say to you every time from February to June in order… you need to have your indirect cost agreement attached to your grant-- an updated version of your indirect cost agreement in your document submissions when you submit, you must have one that is up to date within 90 days of your award.

0:6:57.550 --> 0:7:10.660
Adams, Anita (Irene) - ETA
Now another caveat with that and we are many of us got in trouble for this last year was that if you have indirect costs included in your admin cost, you have to submit your cost allocation plan as well.

0:7:10.770 --> 0:7:17.210
Adams, Anita (Irene) - ETA
So I want you guys to remember that because it will get kicked back by the grant officer if you don't have them both.

0:7:17.610 --> 0:7:31.390
Adams, Anita (Irene) - ETA
If there are indirect costs in the administrative costs, you'll also notice that some of the CARES Act provisions were removed from the TEGL as well, particularly through new Cares Act.

0:7:31.400 --> 0:7:37.50
Adams, Anita (Irene) - ETA
We extended the increase in administrative costs up to 20%.

0:7:37.480 --> 0:7:40.70
Adams, Anita (Irene) - ETA
That is no longer the case.

0:7:40.120 --> 0:7:44.980
Adams, Anita (Irene) - ETA
It will go back down to 13.5% with a maximum of 15%.

0:7:46.430 --> 0:8:13.720
Adams, Anita (Irene) - ETA
We also want to urge you guys in regards to optional special requests to submit, try to submit your optional special request, even especially when they impact the budget a little early to your FPO's and NOLs with a copy to your NOLs so that it decreases the amount of back and forth and decreases the delay in the approval process for your OSRs.

0:8:13.970 --> 0:8:15.710
Adams, Anita (Irene) - ETA
So think about.

0:8:16.400 --> 0:8:32.170
Adams, Anita (Irene) - ETA
Yeah, sort of like presenting a draft to your FPO's and NOLs so that they can get a look at them first hand and see if there are any glaring problems so that you can submit it to the right, would submit it as the best possible way.

0:8:32.180 --> 0:8:49.50
Adams, Anita (Irene) - ETA
When you make your submission your final submission into grants.gov and those are the reminders for the TEGL, I want also want to remind grantees that the quarterly narrative reports were due on May 15th, 2023.

0:8:49.300 --> 0:8:56.810
Adams, Anita (Irene) - ETA
If you do not have your quarterly narrative reports in by now, you need to do so as soon as possible.

0:8:57.40 --> 0:8:58.890
Adams, Anita (Irene) - ETA
A copy to your FPO.

0:8:58.900 --> 0:9:8.260
Adams, Anita (Irene) - ETA
And please, please, please include a copy to grants.scsepdots@dol.gov when you submit.

0:9:9.50 --> 0:9:11.270
Adams, Anita (Irene) - ETA
Appreciating everybody have a great day.

0:9:12.910 --> 0:9:13.620
Nimmo, Kristine J - ETA
Thank you, Irene.

0:9:13.630 --> 0:9:24.450
Nimmo, Kristine J - ETA
Actually, before we get too far off, could you answer the question from Joan to clarify if admin costs are also included in the ICR, then in allocation plan is needed, question mark?

0:9:25.730 --> 0:9:26.510
Adams, Anita (Irene) - ETA
That is correct.

0:9:28.430 --> 0:9:28.940
Nimmo, Kristine J - ETA
Thank you.

0:9:29.310 --> 0:9:32.180
Nimmo, Kristine J - ETA
So let's move on to the grants management updates.

0:9:32.830 --> 0:9:35.540
Nimmo, Kristine J - ETA
The minority report presentation I'm going to turn this over to Byron.

0:9:36.840 --> 0:9:37.150
Kline, Byron - ETA
Great.

0:9:37.160 --> 0:9:38.90
Kline, Byron - ETA
Thanks, Kristine.

0:9:38.750 --> 0:9:51.610
Kline, Byron - ETA
So on next Thursday, May 25th, from 2:30 to 3:30 PM Eastern Standard Time, Charter Oak groups own Doctor Ron Shack will be presenting on the SCSEP minority report.

0:9:52.400 --> 0:10:2.290
Kline, Byron - ETA
Come join us to hear and overview of the the SCSEP minority report and details about how grantees should respond to the report in the grant application process.

0:10:3.950 --> 0:10:5.840
Kline, Byron - ETA
Ron, do you have anything you wanna add to that or?

0:10:6.570 --> 0:10:10.500
Ron Schack
Um, sure. Just that the minority report will be out this week.

0:10:10.670 --> 0:10:11.200
Ron Schack
So.

0:10:11.260 --> 0:10:14.880
Ron Schack
So we'll be working with live ammunition.

0:10:15.190 --> 0:10:17.840
Ron Schack
When we looked at the presentation and.

0:10:19.450 --> 0:10:37.120
Ron Schack
You know, hopefully this will be helpful to you in responding if you are a grantee that has a disparity flagged in the report, hopefully we'll be able to talk a little bit about how you might respond to that disparity.

0:10:37.820 --> 0:10:39.220
Ron Schack
So looking forward to it.

0:10:41.60 --> 0:10:41.430
Kline, Byron - ETA
Great.

0:10:41.440 --> 0:10:42.490
Kline, Byron - ETA
Thanks, Ron.

0:10:42.820 --> 0:10:43.660
Kline, Byron - ETA
Back to you, Kristine.

0:10:44.280 --> 0:10:44.930
Nimmo, Kristine J - ETA
Thank you.

0:10:45.440 --> 0:10:48.70
Nimmo, Kristine J - ETA
Now we're gonna move right on to communications outreach.

0:10:48.140 --> 0:10:48.700
Nimmo, Kristine J - ETA
Yes, please.

0:10:46.890 --> 0:10:50.120
Wilson, Toni K - SCSEP
Kristine uh, this is Toni.

0:10:50.130 --> 0:10:53.190
Wilson, Toni K - SCSEP
Just before you, uh, jump into the...

0:10:53.250 --> 0:10:54.160
Wilson, Toni K - SCSEP
The next two items.

0:10:55.720 --> 0:10:55.900
Nimmo, Kristine J - ETA
Yeah.

0:10:54.170 --> 0:11:6.860
Wilson, Toni K - SCSEP
Theres just two things I wanted to add. So one, we also did want to flag in reference to the program announcement that there's also one other TEGL that's out, that's TEGL 23-19, change two.

0:11:7.310 --> 0:11:18.290
Wilson, Toni K - SCSEP
This is the ETA wide TEGL around a performance reporting, and this has an update in reference to the data validation aspect of it.

0:11:18.420 --> 0:11:27.230
Wilson, Toni K - SCSEP
So the only thing that it connects for SCSEP is that there's a link to the data validation website page with information about our data validation.

0:11:27.400 --> 0:11:35.290
Wilson, Toni K - SCSEP
So just wanted to flag that that's a… I see here in the agenda request.

0:11:35.460 --> 0:11:39.210
Wilson, Toni K - SCSEP
And I just, you know, Irene did a great job on.

0:11:39.220 --> 0:11:47.790
Wilson, Toni K - SCSEP
I just wanna underscore the fact that we encourage you to please submit anything that we can review early.

0:11:47.980 --> 0:11:59.90
Wilson, Toni K - SCSEP
I know there's a lot that are concerned about getting these getting all these things funded as early as possible, and so there are things that we can be reviewing ahead of time.

0:11:59.460 --> 0:12:2.450
Wilson, Toni K - SCSEP
So if you have any of that, please and that ahead of time.

0:12:2.540 --> 0:12:4.370
Wilson, Toni K - SCSEP
So just wanted to underscore that.

0:12:5.850 --> 0:12:6.40
Nimmo, Kristine J - ETA
OK.

0:12:5.540 --> 0:12:6.770
Wilson, Toni K - SCSEP
All right, I'll pass it back to you.

0:12:7.160 --> 0:12:10.10
Nimmo, Kristine J - ETA
Thank you, Toni and I read it there and I don't know why I skipped right over that.

0:12:10.910 --> 0:12:11.690
Wilson, Toni K - SCSEP
No worries at all.

0:12:10.20 --> 0:12:21.970
Nimmo, Kristine J - ETA
So I apologize and before we, before we move on, actually two questions did pop up for Byron and Ron, when will the report be provided the on the minority report, the TEGL says it was to be emailed by 5/15.

0:12:23.80 --> 0:12:25.630
Ron Schack
Yeah, it's this week, either tomorrow or Friday.

0:12:27.450 --> 0:12:27.980
Nimmo, Kristine J - ETA
Thank you.

0:12:28.570 --> 0:12:32.870
Nimmo, Kristine J - ETA
How do we access county level AP allocations for PY 23?

0:12:32.880 --> 0:12:34.520
Nimmo, Kristine J - ETA
This data is not currently available.

0:12:34.770 --> 0:12:42.810
Nimmo, Kristine J - ETA
We need this information for our contracting out to subgrantees. Do we have an answer on that or are we gonna go over that in the GPMS update?

0:12:49.720 --> 0:12:50.420
Wilson, Toni K - SCSEP
Right if.

0:12:49.980 --> 0:12:54.360
Ron Schack
I don't know have any answer for it, so...

0:12:53.150 --> 0:12:56.260
Wilson, Toni K - SCSEP
So um?

0:12:56.270 --> 0:13:1.670
Wilson, Toni K - SCSEP
While I cannot respond to that is for our GPS data and I can say it now.

0:13:1.680 --> 0:13:17.140
Wilson, Toni K - SCSEP

I was gonna say it under the GPS updates, but as I've mentioned before, we are working really hard to stabilize the system and we do expect an updated release, 1.8 that'll be out in June that will do that.

0:13:17.150 --> 0:13:35.150
Wilson, Toni K - SCSEP
But in the meantime, we have kind of a parallel thing happening in reference to pulling all of the data, doing some review, making sure that the that the data is correct and then using that to create some ad hoc reports for all of our grantees.

0:13:35.400 --> 0:13:43.940
Wilson, Toni K - SCSEP
And in addition to, you know, information such as the request in the comment there.

0:13:44.190 --> 0:13:46.90
Wilson, Toni K - SCSEP
So we don't have a date for that yet.

0:13:46.510 --> 0:13:53.560
Wilson, Toni K - SCSEP
We hope to have that data by the end of this month and then we will be sending things out accordingly.

0:13:53.570 --> 0:13:59.270
Wilson, Toni K - SCSEP
So I don't have enough… a confirmed date, but it is coming and we'll let you know through email.

0:14:1.90 --> 0:14:1.600
Nimmo, Kristine J - ETA
Thank you.

0:14:1.690 --> 0:14:4.400
Nimmo, Kristine J - ETA
There was a follow up question to the Q&R's?

0:14:4.410 --> 0:14:7.570
Nimmo, Kristine J - ETA
How do we access the quarterly data reports?

0:14:7.580 --> 0:14:9.980
Nimmo, Kristine J - ETA
I have not been able to generate any.

0:14:10.210 --> 0:14:18.310
Nimmo, Kristine J - ETA
I see we were only missing about 18, so I believe many people were able to, umm do we have the response for that question?

0:14:18.320 --> 0:14:19.610
Nimmo, Kristine J - ETA
How do we access the

0:14:19.700 --> 0:14:20.600
Nimmo, Kristine J - ETA
quarterly data reports?

0:14:27.200 --> 0:14:30.490
Wilson, Toni K - SCSEP
I don't know if anyone on BCT can answer that at this time.

0:14:32.220 --> 0:14:33.710
Tina Ward
Hi, Toni, this is Tina.

0:14:33.720 --> 0:14:42.10
Tina Ward
I can address that. The internal QPR's are available, so I believe this is Olga's question. Olga,

0:14:42.20 --> 0:14:45.630
Tina Ward
If you having issues generating the QPR, please submit a ticket.

0:14:45.740 --> 0:14:52.400
Tina Ward
However, I want Olga and all the other grantees to know that the data on the QR is not yet been finalized.

0:14:52.700 --> 0:14:59.430
Tina Ward
So keep that in mind if you're able to generate a report, please keep in mind that some of the sections are still being developed.

0:14:59.540 --> 0:15:5.730
Tina Ward
However, if you are having issues generating the internal QPR please submit a ticket for us.

0:15:5.800 --> 0:15:6.490
Tina Ward
At Zen desk.

0:15:8.700 --> 0:15:9.100
Nimmo, Kristine J - ETA
Thank you.

0:15:9.890 --> 0:15:10.190
Nimmo, Kristine J - ETA
Umm.

0:15:10.200 --> 0:15:12.320
Nimmo, Kristine J - ETA
Let's see if I can get back on the agenda here.

0:15:12.330 --> 0:15:17.310
Nimmo, Kristine J - ETA
The Communications and outreach, training and technical assistance through the older workers community of practice.

0:15:17.320 --> 0:15:18.320
Nimmo, Kristine J - ETA
I'm gonna turn this over to Kevin.

0:15:20.310 --> 0:15:25.560
Mauro, Kevin M - ETA CTR
Yeah, I thank you, Christine, and thank you all for joining us this afternoon.

0:15:25.930 --> 0:15:29.40
Mauro, Kevin M - ETA CTR
I'll keep things relatively short to keep this moving along.

0:15:29.340 --> 0:15:37.120
Mauro, Kevin M - ETA CTR
If you haven't been to the COP, you should know that we are celebrating Older Americans Month in May.

0:15:37.370 --> 0:15:39.340
Mauro, Kevin M - ETA CTR
We have front and center on the front page some information about this year's theme, which is “aging unbound”.

0:15:44.600 --> 0:16:3.760
Mauro, Kevin M - ETA CTR
It is also Asian and Pacific American Heritage Month and we have some material on the front page for you to peruse as well. If you have any events or if you're planning any type of activities to celebrate either of these events this month,

0:16:3.890 --> 0:16:16.750
Mauro, Kevin M - ETA CTR
As always, we encourage you to share them with us in the SCSEP technical mailbox, and if it's anything that we can also post in the COP and share with your peers, we will always look into doing that if we can.

0:16:17.990 --> 0:16:25.860
Mauro, Kevin M - ETA CTR
Otherwise, as you've heard from Toni at the beginning of this call, there's lots of TEN's and lots of TEGLs coming out.

0:16:26.330 --> 0:16:36.230
Mauro, Kevin M - ETA CTR
At the moment we're doing what we can, and everything we can, to make sure that they're all available for you on the COP as they come out.

0:16:36.290 --> 0:16:45.660
Mauro, Kevin M - ETA CTR
So we've put a lot of effort into making sure all your TENs, all your TEGLs, all your guidance is available for you on the community of practice.

0:16:45.890 --> 0:16:58.270
Mauro, Kevin M - ETA CTR
And one last thing, just because I haven't plugged this in a while, is if you are not already subscribed to E-News alerts on the older workers community of Practice, Please remember to do so.

0:16:58.340 --> 0:17:4.800
Mauro, Kevin M - ETA CTR
You'll get one e-mail a week from us, with all the latest and greatest material that we've put on the community of practice.

0:17:9.720 --> 0:17:10.270
Nimmo, Kristine J - ETA
Thank you, Kevin.

0:17:12.70 --> 0:17:12.330
Mauro, Kevin M - ETA CTR
Sure.

0:17:11.650 --> 0:17:16.560
Nimmo, Kristine J - ETA
Umm, let's uh, let's talk to Michi now, upcoming GPMS training.

0:17:17.710 --> 0:17:18.790
McNeace, Meche - ETA CTR
Thanks, Kristine.

0:17:19.310 --> 0:17:35.120
McNeace, Meche - ETA CTR
So we do have one upcoming GPMS training which will be which is scheduled for June 1st and that training will focus on going through the existing reports that are available now for grantees in GPMS.

0:17:35.270 --> 0:17:38.540
McNeace, Meche - ETA CTR
And again, that's on June 1st, the invitation went out.

0:17:38.550 --> 0:17:48.690
McNeace, Meche - ETA CTR
A week ago, it's from 2:00 to 3:30 PM and then of course, we follow up in the following week with our Virtual Live office hours.

0:17:49.640 --> 0:17:54.170
McNeace, Meche - ETA CTR
So, please make sure that you guys, if you guys didn't get the invitation.

0:17:54.180 --> 0:18:4.630
McNeace, Meche - ETA CTR
Just email us at SCSEPtechnicalassistance@dol.gov and we'll forward that invite to you guys and the next on the agenda is the service locator.

0:18:4.640 --> 0:18:9.370
McNeace, Meche - ETA CTR
Update every year we have to update the.

0:18:9.680 --> 0:18:12.100
McNeace, Meche - ETA CTR
Service locator which is the career one stop.

0:18:13.60 --> 0:18:13.410
McNeace, Meche - ETA CTR
Umm.

0:18:13.420 --> 0:18:19.530
McNeace, Meche - ETA CTR
Service America service locator and on there is the older workers program Finder.

0:18:19.820 --> 0:18:27.850
McNeace, Meche - ETA CTR
So what that does is provide local area contact information for anybody seeking to find out where the local SCSEP offices are.

0:18:27.980 --> 0:18:36.900
McNeace, Meche - ETA CTR
So each year we send grantees out a spreadsheet that shows what we have currently, and we ask that you update your local area contacts with us.

0:18:37.140 --> 0:18:40.30
McNeace, Meche - ETA CTR
So we're getting ready to start that process now.

0:18:40.960 --> 0:19:0.700
McNeace, Meche - ETA CTR
They are time sensitive and what we'll do is you'll start to receive a series of a, you know, not a lot of emails, just a couple of emails you and with that, we will be attaching a spreadsheet which has your existing information that we have for your entire grant service area.

0:19:0.800 --> 0:19:11.690
McNeace, Meche - ETA CTR
So we're going to be asking you to update that for us and send it back to us so that we can update our spreadsheet and pass that on to the career one stop America service locator.

0:19:11.700 --> 0:19:20.840
McNeace, Meche - ETA CTR
So they can update that. And our the timeline is to have this done by mid June.

0:19:21.590 --> 0:19:24.920
McNeace, Meche - ETA CTR
So after this call you guys will be receiving emails.

0:19:24.930 --> 0:19:32.540
McNeace, Meche - ETA CTR
So if we can get your support to get that… those list updated and sent back to us, that'll be awesome.

0:19:32.590 --> 0:19:43.670
McNeace, Meche - ETA CTR
I'm gonna say thank you in advance and if you have any questions about it, just always know you can email SCSEPtechnicalassistance@dol.gov and that's all I have for today.

0:19:44.960 --> 0:19:45.710
Nimmo, Kristine J - ETA
Thank you, Michi.

0:19:46.420 -> 0:19:54.130
Nimmo, Kristine J - ETA
Let's move on to GPMS updates and the number A, or A is going to be Byron and the newsletter.

0:19:54.910 --> 0:19:55.270
Kline, Byron - ETA
Great.

0:19:55.280 --> 0:19:56.160
Kline, Byron - ETA
Thank you, Kristine.

0:19:56.650 --> 0:20:1.40
Kline, Byron - ETA
So the May edition of the GPMS newsletter is out.

0:20:1.550 --> 0:20:8.540
Kline, Byron - ETA
As you all know, the GPMS E-news is designed to provide a quick summary of all things SCSEP GPMS.

0:20:8.970 --> 0:20:14.210
Kline, Byron - ETA
So in this latest issue, we're continuing our spotlight on TEGL 10-22.

0:20:14.220 --> 0:20:26.590
Kline, Byron - ETA
Otherwise known as the IT TEGL, this was issued back in March, but in this edition we're highlighting excerpts from the TEGL regarding the grant review and grant award process.

0:20:27.200 --> 0:20:35.190
Kline, Byron - ETA
Also, as per usual, they're important links to GPMS-related resources, including login access instructions.

0:20:35.580 --> 0:20:40.920
Kline, Byron - ETA
There's a link to the IT TEGL itself and a new link to what was mentioned before.

0:20:40.930 --> 0:20:44.170
Kline, Byron - ETA
TEGL #18-22, the SCSEP allotment TEGL.

0:20:45.80 --> 0:20:57.510
Kline, Byron - ETA
Please check it out and as always, if you aren't receiving the newsletter and would like to, please just shoot me an email at Kline.byron@dol.gov.

0:20:58.900 --> 0:20:59.260
Kline, Byron - ETA
Thank you.

0:20:59.270 --> 0:20:59.930
Kline, Byron - ETA
That's it for me.

0:21:0.490 --> 0:21:1.220
Nimmo, Kristine J - ETA
Thank you, Byron.

0:21:1.690 --> 0:21:5.760
Nimmo, Kristine J - ETA
So now we're gonna move to “B” the GPMS reports, and I believe that is Tina.

0:21:9.400 --> 0:21:10.670
Tina Ward
Good afternoon everyone.

0:21:11.60 --> 0:21:11.970
Tina Ward
Excuse me.

0:21:12.100 --> 0:21:15.930
Tina Ward
I'm gonna go ahead, do a few brief updates on some GPMS topics.

0:21:16.300 --> 0:21:25.450
Tina Ward
The very first one is GPMS reports. The waiver of durational limit report was recently released in GPMS. The most in need Waiver factor actions report and the assignments by host agency report, as well as updates to the nationwide and internal QPR are scheduled for release in the next few weeks. And as always, please see our newly updated website, SCSEP-Help.com for a list of all reports available in GPMS.

0:21:45.620 --> 0:21:49.590
Tina Ward
Next topic will go over is the GPMS releases. Release 1.7 was deployed to production on April 21st.

0:21:54.0 --> 0:22:2.770
Tina Ward
This release included several fixes, enhancements and new user functions, as well as the release of the WDL report.

0:22:3.220 --> 0:22:12.740
Tina Ward
Some new functionalities included the ability for users to now edit and delete exits, I know lots of you guys were waiting on that, and some further enhancements.

0:22:12.750 --> 0:22:45.50
Tina Ward
Were: the county of residence is now located in the Cases tab and updates to the manage organizations and contacts page, and refinements to the follow-up report. And fixes to GPMS included the Equitable distribution report now contains the authorized and modified positions, and users will no longer receive emails related to tasks and deleted assignments no longer appeared in the participant history, and the veteran post-9/11 era issue with the migrated places was also resolved.

0:22:46.330 --> 0:22:57.630
Tina Ward
Uh release 1.7.1 hot fix was deployed on April 28th and included fixes to the Placement tab and issues with downloading the WDL and follow up reports.

0:22:58.200 --> 0:22:59.150
Tina Ward
As always, Please refer to the release notes for complete details, and a further little note:

0:23:3.780 --> 0:23:21.590
Tina Ward
You may have been seeing some emails from SCSEP-help stating that the developers have been doing performance tuning on the system, so please let us know if you're still experiencing latency when running the reports. Now for the PY22 allocations and authorized positions.

0:23:22.100 --> 0:23:27.370
Tina Ward
Thanks to all the grantees who completed the allocations of their authorized positions in GPMS.

0:23:27.740 --> 0:23:38.650
Tina Ward
The deadline was May the 12th, last Friday, and just a reminder that any changes made after this time will not be reflected on the PY 22 QPR's. And no

0:23:38.660 --> 0:23:42.820
Tina Ward
Further changes will be allowed, so thanks to everyone for adhearing to that schedule.

0:23:43.830 --> 0:23:45.700
Tina Ward
A couple of TA topics.

0:23:46.170 --> 0:23:50.240
Tina Ward
Users will have the ability to delete their own approved breaks.

0:23:50.310 --> 0:23:55.500
Tina Ward
I know you guys are waiting on that too, so that's coming after the deployment of the next release.

0:23:55.540 --> 0:24:14.960
Tina Ward
However, in the interim, Please remember that when you submit a Zendesk ticket to have an approved break or other issues to include, the participants name, PID and if it's related to an assignment, you can include the assignment ID and the approved break ID. And a couple of other things.

0:24:14.970 --> 0:24:16.490
Tina Ward
Uh, SCSEP-help

0:24:16.580 --> 0:24:23.590
Tina Ward
The Zendesk has updated our topics, the durational limit and locked records have been divided.

0:24:23.600 --> 0:24:25.90
Tina Ward
So you know you have two choices.

0:24:25.500 --> 0:24:32.130
Tina Ward
And so please be mindful when you submit your Zendesk helpdesk ticket and that's it for us.

0:24:32.140 --> 0:24:34.190
Tina Ward
I'm going to turn it over to Ron for further updates.

0:24:35.880 --> 0:24:58.320
Ron Schack
Thanks umm so other than the minority report, which again will be out this week and the presentation next week of that, we're working diligently to draw identify the pool for the participant customer satisfaction survey and then draw the sample subsequent to that.

0:24:59.10 --> 0:25:5.840
Ron Schack
We're really trying to get that done soon so we can get the participant survey out in the field as soon as possible.

0:25:6.590 --> 0:25:13.630
Ron Schack
Umm, we have a little bit more time with the host agency survey because we're going to be doing that digitally this year.

0:25:15.50 --> 0:25:22.820
Ron Schack
And so we have a little bit more time with that and I'll give you updates on that as that unfolds.

0:25:23.10 --> 0:25:34.760
Ron Schack
For that we are waiting for our PRA submission which is in process, but that should be approved and we should be good to go with the digital host agency survey.

0:25:35.530 --> 0:25:53.850
Ron Schack
Other than that, we just know that as things settle down with GPMS, hopefully we'll be in a place to actually do more routine review of QPR's and managing our performance moving into the next year.

0:25:54.200 --> 0:26:17.370
Ron Schack
And also just thinking about what we have to do with the evaluation of grantee performance and October, including adjusting our goals, the performance goals, so that then we can have a healthy performance negotiation in the spring.

0:26:17.500 --> 0:26:22.320
Ron Schack
So that's all stuff to look forward to later on in the year and into next year.

0:26:23.40 --> 0:26:27.190
Ron Schack
Umm thanks a lot and I'll turn it back over to Kristine.

0:26:28.850 --> 0:26:30.0
Nimmo, Kristine J - ETA
Thank you very much, Ron.

0:26:30.70 --> 0:26:33.100
Nimmo, Kristine J - ETA
I do want to bring up a question that was in the chat.

0:26:33.350 --> 0:26:35.400
Nimmo, Kristine J - ETA
I'm not sure if it's gonna be for Tina or Ron.

0:26:35.410 --> 0:26:45.560
Nimmo, Kristine J - ETA
Question asks can we get a detailed list of which sections of the QPR have accurate data and an estimated time frame on when each section will be in with incorrect data will be corrected?

0:26:45.770 --> 0:26:54.690
Nimmo, Kristine J - ETA
We really need data on our employment rate measures so we can work with SUBGRANTEES to confirm pending follow-ups and get data entered before the end of the year.

0:26:57.380 --> 0:27:0.470
Wilson, Toni K - SCSEP
So I can, uh, jump in and then, uh, BCT.

0:27:0.480 --> 0:27:13.730
Wilson, Toni K - SCSEP
If you have any details you wanna add so this is connected to what I was saying in reference to kind of the two parallel things that are happening, one is: we are working with developers to fix the QPR.

0:27:13.780 --> 0:27:30.760
Wilson, Toni K - SCSEP
So I do know that that's very been very, very frustrating and we are hopeful that for the release 1.8, which comes out in June, that that will fix the system and we can contain this, this too just the PY 22.

0:27:31.640 --> 0:27:33.670
Wilson, Toni K - SCSEP
Simultaneously, we are…

0:27:34.560 --> 0:27:58.440
Wilson, Toni K - SCSEP
We've pulled all of the data that is currently in the system and are reviewing that data and putting together ad hoc reports that will include some basic customer information and you know your performance measures so that people can use that while we make sure that the system is correct.

0:27:58.670 --> 0:28:0.120
Wilson, Toni K - SCSEP
So everybody will receive that.

0:28:0.130 --> 0:28:3.180
Wilson, Toni K - SCSEP
I don't have a date for that yet because we first need to Review that data.

0:28:6.490 --> 0:28:7.320
Wilson, Toni K - SCSEP
So that's the data.

0:28:7.330 --> 0:28:9.60
Wilson, Toni K - SCSEP
That's not necessarily in our hands.

0:28:9.240 --> 0:28:17.10
Wilson, Toni K - SCSEP
We've had to go through the process of getting that data and then reviewing it, but the plan is that by the end of the month that will be complete.

0:28:17.60 --> 0:28:24.770
Wilson, Toni K - SCSEP
And so by June, beginning of June, people will start seeing those reports, but I don't have a set date for that.

0:28:25.0 --> 0:28:26.270
Wilson, Toni K - SCSEP
So that's one piece.

0:28:26.280 --> 0:28:31.210
Wilson, Toni K - SCSEP
What we can do is look at what we do have in our notes.

0:28:31.760 --> 0:28:52.610
Wilson, Toni K - SCSEP
We do identify what's working, what's not working, but we can send out another email that to kind of help highlight that piece and reference to the QPR and then in reference to the timeline when it's corrected, it's very much linked to what I've just described as having kind of that data analysis.

0:28:53.680 --> 0:29:11.500
Wilson, Toni K - SCSEP
So I don't have a set date to give you at this point, but we'll be looking at the beginning of June, so I can give you that range and we are very much aware you know, in reference to the level of work that needs to get done and the information that is needed.

0:29:11.860 --> 0:29:18.770
Wilson, Toni K - SCSEP
And so we're very hopeful we can get these ad hocs to out to everybody as we wait for the system to stabilize.

0:29:19.450 --> 0:29:20.900
Wilson, Toni K - SCSEP
So let me stop there.

0:29:20.910 --> 0:29:26.660
Wilson, Toni K - SCSEP
I don't know if BCT had any, you know, like more specifics or anything that they wanted to add.

0:29:27.980 --> 0:29:28.200
Tina Ward
That's.

0:29:27.600 --> 0:29:30.140
Denise Thompson
Just one thing that I'd like to add.

0:29:30.150 --> 0:29:41.620
Denise Thompson
Uh, Toni, that the data that will be provided at the end of June will be the PY 22 quarter 3 data just so that everyone has clarity around what we're going to be sending.

0:29:45.390 --> 0:29:45.740
Nimmo, Kristine J - ETA
Thank you.

0:29:47.90 --> 0:29:49.620
Nimmo, Kristine J - ETA
The next question I see here is written for Kevin.

0:29:49.910 --> 0:29:53.80
Nimmo, Kristine J - ETA
You had mentioned some that they could subscribe to emails.

0:29:53.270 --> 0:29:54.810
Nimmo, Kristine J - ETA
The question is, how do we subscribe?

0:29:55.30 --> 0:29:55.790
Nimmo, Kristine J - ETA
Sorry, fairly new.

0:29:57.890 --> 0:30:8.940
Mauro, Kevin M - ETA CTR
I was sure The thing is if you log into your workforce GPS account, there is a, you know, a link up at the top.

0:30:9.30 --> 0:30:11.240
Mauro, Kevin M - ETA CTR
And let me call up the page myself.

0:30:11.250 --> 0:30:15.440
Mauro, Kevin M - ETA CTR
So I can look while I'm talking to you.

0:30:17.650 --> 0:30:29.940
Mauro, Kevin M - ETA CTR
If you log in under your own workforce GPS account, it should give you a list of communities that you can subscribe to and you'll wanna check the older workers

0:30:30.720 --> 0:30:42.10
Mauro, Kevin M - ETA CTR

community and then also under once you click the thing, the box that checks it of something will pop up underneath it that says do you wanna subscribe to alerts?

0:30:42.20 --> 0:30:46.390
Mauro, Kevin M - ETA CTR
And yes, you do want to subscribe to the alerts, so that's how you do it.

0:30:46.400 --> 0:30:55.640
Mauro, Kevin M - ETA CTR
Once you log in under your account, you should be able to see all of the workforce GPS communities and you'll want to subscribe.

0:30:55.650 --> 0:30:59.740
Mauro, Kevin M - ETA CTR
Make sure you're subscribed to the older workers and that you have our notifications turned on.

0:31:0.850 --> 0:31:2.930
Mauro, Kevin M - ETA CTR
very similar to the YouTube process.

0:31:6.310 --> 0:31:6.980
Nimmo, Kristine J - ETA
Thank you, Kevin.

0:31:7.810 --> 0:31:11.650
Nimmo, Kristine J - ETA
The next question, and I'm not sure if it was answered Michi.

0:31:11.660 --> 0:31:14.140
Nimmo, Kristine J - ETA
You had said June 1st for a training.

0:31:14.630 --> 0:31:17.900
Nimmo, Kristine J - ETA
The question is on the GPMS live calendar.

0:31:17.910 --> 0:31:19.380
Nimmo, Kristine J - ETA
It says May 31st.

0:31:19.390 --> 0:31:25.10
Nimmo, Kristine J - ETA
Are they the same training that you had mentioned that there was a registration for June 1st that Bradley had put out?

0:31:26.370 --> 0:31:32.750
McNeace, Meche - ETA CTR
Now the training is actually on June 1st, we'll go back and see where the May 31st came from.

0:31:32.760 --> 0:31:36.760
McNeace, Meche - ETA CTR
There shouldn't be a May 31st training, but June 1st is the correct address.

0:31:36.830 --> 0:31:41.170
McNeace, Meche - ETA CTR
I mean the correct date for the next training on reports.

0:31:41.900 --> 0:31:42.230
Nimmo, Kristine J - ETA
Awesome.

0:31:42.320 --> 0:31:43.90
Nimmo, Kristine J - ETA
Thank you so much.

0:31:43.210 --> 0:31:43.910
McNeace, Meche - ETA CTR
You're welcome.

0:31:43.380 --> 0:31:51.120
Nimmo, Kristine J - ETA
And the next question our grantees expected to send pre survey letters to participants and if so, can you please give us any estimate for when that work is?

0:31:51.240 --> 0:31:54.130
Nimmo, Kristine J - ETA
Expected to be completed so we can plan.

0:31:57.570 --> 0:32:10.520
Ron Schack
Yes, pre survey letters would would be going out once the sample is actually drawn and validated, and it's a little difficult to know exactly when that will be.

0:32:10.530 --> 0:32:17.190
Ron Schack
But I believe a good guess would be around the beginning of June.

0:32:19.460 --> 0:32:19.830
Nimmo, Kristine J - ETA
Thank you.

0:32:20.910 --> 0:32:21.420
Ron Schack
Thanks.

0:32:19.840 --> 0:32:21.810
Nimmo, Kristine J - ETA
On the next question is for you.

0:32:21.820 --> 0:32:26.770
Nimmo, Kristine J - ETA
Irene, will you please tell me again what you had said about IDC and admin submitted together?

0:32:26.880 --> 0:32:27.200
Nimmo, Kristine J - ETA
Thank you.

0:32:29.130 --> 0:32:35.910
Wilson, Toni K - SCSEP
So Irene is having some technical difficulties, so I'm not sure if she is on or back on.

0:32:35.920 --> 0:32:36.780
Wilson, Toni K - SCSEP
Irene, are you there?

0:32:38.920 --> 0:32:40.910
Wilson, Toni K - SCSEP
Yes, she is not.

0:32:40.960 --> 0:32:43.980
Wilson, Toni K - SCSEP
So I did. Uh.

0:32:45.790 --> 0:32:49.210
Wilson, Toni K - SCSEP
Send her a quick note.

0:32:47.560 --> 0:32:58.20
Nimmo, Kristine J - ETA
OK, if she's not able to answer that, the transcript for this conversation will be posted on the COP once we can get that put together.

0:32:58.30 --> 0:33:1.940
Nimmo, Kristine J - ETA
So it shouldn't be too long and we will definitely have that answer out for you.

0:33:2.10 --> 0:33:4.170
Nimmo, Kristine J - ETA
Kevin.

0:33:4.180 --> 0:33:7.750
Nimmo, Kristine J - ETA
I see you had put the workforce GPS.

0:33:8.680 --> 0:33:12.160
Nimmo, Kristine J - ETA
“How to”… what was the attachment here?

0:33:13.490 --> 0:33:18.320
Nimmo, Kristine J - ETA
All the training report and then Joan had to add the office hours.

0:33:17.320 --> 0:33:25.550
Mauro, Kevin M - ETA CTR
Yes, the June 1st training, and that that is also the page you could register for that June 1st training.

0:33:26.800 --> 0:33:28.30
Nimmo, Kristine J - ETA
OK, excellent.

0:33:29.670 --> 0:33:35.20
Nimmo, Kristine J - ETA
And is there office hours on the 31st, not the training which is separate?

0:33:39.70 --> 0:33:44.860
Mauro, Kevin M - ETA CTR
Um MIchi can verify, but the office hours are on the 31st Thats our vLive series, and the GPMS training is on June 1st for GPMS.

0:33:54.870 --> 0:33:55.280
Nimmo, Kristine J - ETA
Thank you.

0:33:55.290 --> 0:33:56.300
Nimmo, Kristine J - ETA
So those are separate. OK.

0:33:57.110 --> 0:33:58.450
Mauro, Kevin M - ETA CTR
They're separate events, yeah.

0:34:2.780 --> 0:34:7.620
Nimmo, Kristine J - ETA
Another question, can you share this PDF file with the links into the chat?

0:34:8.650 --> 0:34:10.160
Nimmo, Kristine J - ETA
I'm not sure I understand that question.

0:34:10.170 --> 0:34:15.120
Nimmo, Kristine J - ETA
Does any of the other staff… "Share this PDF file?"

0:34:18.500 --> 0:34:19.60
Bronson, Bradley K - ETA CTR
The agenda.

0:34:22.490 --> 0:34:23.740
Nimmo, Kristine J - ETA
OK, we'll come back to that one.

0:34:24.170 --> 0:34:27.460
Nimmo, Kristine J - ETA
I'm a new SCSEP coordinator at Illinois Department on Aging.

0:34:27.470 --> 0:34:35.800
Nimmo, Kristine J - ETA
Can you please repeat what you mentioned about the training and employment guidance letter #23-19 change two or change two?

0:34:35.810 --> 0:34:36.190
Nimmo, Kristine J - ETA
Thank you.

0:34:39.850 --> 0:34:40.810
Nimmo, Kristine J - ETA
Believe that was you, Toni?

0:34:44.200 --> 0:34:44.750
Wilson, Toni K - SCSEP
And.

0:34:47.880 --> 0:34:48.470
Wilson, Toni K - SCSEP
Can you please repeat?

0:34:47.810 --> 0:34:50.770
Nimmo, Kristine J - ETA
The training guidance about 23-19, change 2.

0:34:51.300 --> 0:34:57.170
Wilson, Toni K - SCSEP
OK, so for, make sure I'm on mute for that particular TEGL.

0:34:57.180 --> 0:35:11.710
Wilson, Toni K - SCSEP
This is an ETA wide TEGL and it's around the ETA performance and they have added updated information about data validation for all the various programs.

0:35:12.260 --> 0:35:21.20
Wilson, Toni K - SCSEP
So that's what this update is, and there's just a link to the SCSEP's data validation resources and information.

0:35:21.550 --> 0:35:25.600
Wilson, Toni K - SCSEP
So we have all that information and other places, also including our Community of practice.

0:35:25.850 --> 0:35:30.430
Wilson, Toni K - SCSEP
But I just wanted to flag that it's in that updated TEGL does apply to SCSEP also.

0:35:34.430 --> 0:35:34.860
Nimmo, Kristine J - ETA
Thank you.

0:35:34.870 --> 0:35:36.780
Nimmo, Kristine J - ETA
I see we have a hand up.

0:35:41.20 --> 0:35:43.310
Nimmo, Kristine J - ETA
If your hand is raised I can't see the name.

0:35:43.320 --> 0:35:45.230
Nimmo, Kristine J - ETA
If your hand is raised, will you take yourself off mute?

0:35:45.600 --> 0:35:46.540
Nimmo, Kristine J - ETA
And ask your question.

0:35:51.420 --> 0:35:52.840
Bronson, Bradley K - ETA CTR
Go ahead, John, go ahead, unmute.

0:35:52.660 --> 0:35:53.170
McNeace, Meche - ETA CTR
Don't quit.

0:35:53.220 --> 0:35:53.550
John Quinn (Guest)
Great.

0:35:53.560 --> 0:35:54.200
John Quinn (Guest)
Thank you.

0:35:54.320 --> 0:35:55.810
John Quinn (Guest)
Hey, guys, it's John Quinn again.

0:35:56.280 --> 0:35:58.20
John Quinn (Guest)
So just two questions actually.

0:35:58.120 --> 0:36:3.670
John Quinn (Guest)
My 9130, I filed for a quarter three, I included some links.

0:36:3.980 --> 0:36:6.270
John Quinn (Guest)
One was to President Biden's law.

0:36:6.280 --> 0:36:19.380
John Quinn (Guest)
He signed on April 10th, ending the pandemic National Emergency and also a link to the Health and Human Services Declaration ending the Health and emergency last week on Thursday.

0:36:20.10 --> 0:36:55.930
John Quinn (Guest)
And also links to council and nonprofits discussing how the great resignation and resulting wage competition has created major understaffing challenges for them and made them unable to host SCSEP participants because they lack staff, among other things, and also how that wage competition is giving potential people that would be normally recruited into SCSEP alternatives to working at Dunkin Donuts for $18.00 an hour versus 7 and 1/4 in Pennsylvania, for instance.

0:36:56.480 --> 0:37:7.750
John Quinn (Guest)
So that being said, I'm hoping that we can have a conversation since these declarations, these national emergency declarations, were in place for over 70 percent, 75% of the program year.

0:37:8.0 --> 0:37:15.30
John Quinn (Guest)
If we can have a conversation about flexibilities for a match and PWFB for PY 22.

0:37:15.910 --> 0:37:19.30
John Quinn (Guest)
So I'm hoping we could have a conversation about that.

0:37:21.410 --> 0:37:24.460
Wilson, Toni K - SCSEP
So this is Toni and I definitely hear you.

0:37:24.470 --> 0:37:26.60
Wilson, Toni K - SCSEP
I know that there was a lot of concerns.

0:37:26.70 --> 0:37:28.160
Wilson, Toni K - SCSEP
We mentioned this last time.

0:37:28.360 --> 0:37:31.780
Wilson, Toni K - SCSEP
At this point, there isn't going to be a change to that.

0:37:31.790 --> 0:37:36.880
Wilson, Toni K - SCSEP
That's, you know, a national change in reference to all of those COVID related.

0:37:37.260 --> 0:37:43.800
Wilson, Toni K - SCSEP
I'm things are… have expired and so we don't have that flexibility of changing that.

0:37:46.180 --> 0:37:57.90
Wilson, Toni K - SCSEP
And so, you know, going forward, we are moving back to that 15% and you know, but we can definitely at least keep the communications open and reference to other areas of flexibility.

0:37:57.840 --> 0:38:2.480
Wilson, Toni K - SCSEP
I'm not making any promises because it's I'm not able to.

0:38:4.300 --> 0:38:8.670
Wilson, Toni K - SCSEP
Kind of bring back that particular order, but we'll see what?

0:38:8.940 --> 0:38:13.200
Wilson, Toni K - SCSEP
See if anything can be done in that area as we move forward.

0:38:14.130 --> 0:38:25.470
Wilson, Toni K - SCSEP
I understand that you know, definitely people are still moving out in that area, but at this stage we are kind of moving forward and reference to what other things that we can do.

0:38:26.690 --> 0:38:29.600
Wilson, Toni K - SCSEP
Outside of changing those administrative costs.

0:38:31.350 --> 0:38:31.700
John Quinn (Guest)
OK.

0:38:31.710 --> 0:38:34.860
John Quinn (Guest)
Well, I appreciate that we're going to have an ongoing conversation.

0:38:34.920 --> 0:38:41.300
John Quinn (Guest)

I'd be happy to be part of that and we just have to recognize a national emergency was in place until through April.

0:38:41.670 --> 0:38:50.480
John Quinn (Guest)
So to say on one side that we just decided not to do this and have a national emergency in place is, you know, there's a conflict there.

0:38:50.710 --> 0:39:0.710
John Quinn (Guest)
So anyway, looking forward to talking about that. In a second question, has to do with the item number 14 on the 424 asking for an export of service areas.

0:39:1.280 --> 0:39:1.910
John Quinn (Guest)
Where were you?

0:39:2.60 --> 0:39:2.870
John Quinn (Guest)
Where were we?

0:39:2.940 --> 0:39:5.750
John Quinn (Guest)
Get that from now, since SCSEP ED is down.

0:39:9.520 --> 0:39:10.760
Wilson, Toni K - SCSEP
Don't know if anyone on the team.

0:39:9.920 --> 0:39:11.320
Nimmo, Kristine J - ETA
Please say the question again.

0:39:12.740 --> 0:39:22.930
John Quinn (Guest)
The 424 asked for a list of service areas affected on item number 14, and that's where an export we used to get that export feed from scseped.org.

0:39:23.100 --> 0:39:24.560
John Quinn (Guest)
I don't know where we get that from now.

0:39:30.980 --> 0:39:31.180
Nimmo, Kristine J - ETA
OK.

0:39:32.940 --> 0:39:33.210
Nimmo, Kristine J - ETA
Yeah.

0:39:30.960 --> 0:39:33.360
Wilson, Toni K - SCSEP
Does anybody on the BCT team able to.

0:39:33.220 --> 0:39:35.50
Nimmo, Kristine J - ETA
No, I think Ron had mentioned something earlier.

0:39:34.670 --> 0:39:35.470
Wilson, Toni K - SCSEP
Yeah, that's what I thought.

0:39:35.60 --> 0:39:41.630
Nimmo, Kristine J - ETA
I'm not sure if he knew that about the county wide Equitable distribution and what we were doing.

0:39:42.60 --> 0:39:43.240
Nimmo, Kristine J - ETA
And so that was updated.

0:39:45.240 --> 0:39:47.520
John Quinn (Guest)
So we'll be able to get an export of that, an export file?

0:39:50.330 --> 0:39:53.100
Ron Schack
I… go ahead.

0:39:50.440 --> 0:39:55.200
McNeace, Meche - ETA CTR
Ron, I think he's asking when will

0:39:55.380 --> 0:40:3.620
McNeace, Meche - ETA CTR
ED reports be… will they be able to use that to get their allocation from GPMS that group?

0:40:2.930 --> 0:40:6.180
Ron Schack
And that's not something that I can answer.

0:40:6.190 --> 0:40:7.520
Ron Schack
I don't know if Denise has any.

0:40:8.470 --> 0:40:16.920
Ron Schack
I mean, we were shooting for making the equitable distribution process happen in August.

0:40:17.400 --> 0:40:17.650
McNeace, Meche - ETA CTR
Umm.

0:40:18.690 --> 0:40:18.930
Denise Thompson
Mm-hmm.

0:40:18.390 --> 0:40:19.660
Ron Schack
Umm, I didn't

0:40:19.670 --> 0:40:24.110
Ron Schack
I didn't know we were trying to do anything else before that time.

0:40:24.650 --> 0:40:29.140
McNeace, Meche - ETA CTR
Umm, they want to use their ED reports to do their accounting allocation for the grant planning.

0:40:31.230 --> 0:40:31.510
Wilson, Toni K - SCSEP
Alright.

0:40:30.800 --> 0:40:34.350
Denise Thompson
The ED report is still a work in progress.

0:40:34.360 --> 0:40:45.410
Denise Thompson
Unfortunately, I can't say for sure when it will be available, but I'll make a note and make sure that we can elevate it for the developers.

0:40:46.100 --> 0:40:52.310
Denise Thompson
Cause yes, I do remember previous conversation about you doing this process sometime in the summer.

0:40:52.320 --> 0:40:53.650
Denise Thompson
And yeah, the summers here.

0:40:54.260 --> 0:41:0.200
Denise Thompson
So stay tuned, we will try to send out an email and let you know what the status is for the ED report.

0:41:1.820 --> 0:41:2.670
John Quinn (Guest)
Alright, thank you very much.

0:41:5.520 --> 0:41:5.990
Nimmo, Kristine J - ETA
Thank you.

0:41:6.100 --> 0:41:15.270
Nimmo, Kristine J - ETA
I see Kevin provided the written information on how to log in to the membership box.

0:41:15.480 --> 0:41:19.250
Nimmo, Kristine J - ETA
The next question is the durational limit extension we had during COVID still available.

0:41:19.720 --> 0:41:21.630
Nimmo, Kristine J - ETA
I believe that was just for the first year.

0:41:21.680 --> 0:41:23.570
Nimmo, Kristine J - ETA
That was a PY-20.

0:41:24.670 --> 0:41:28.60
Nimmo, Kristine J - ETA
I believe the 12 month extension was only written into that one.

0:41:28.880 --> 0:41:32.260
Nimmo, Kristine J - ETA
I did not see any evidence that that was gonna be extended.

0:41:35.500 --> 0:41:36.140
Nimmo, Kristine J - ETA
Should we use?

0:41:36.150 --> 0:41:38.530
Nimmo, Kristine J - ETA
What should we use

0:41:38.540 --> 0:41:43.150
Nimmo, Kristine J - ETA
What is there or what we had previously for the grant, for the equitable distribution?

0:41:43.600 --> 0:41:51.460
Nimmo, Kristine J - ETA
So is it reasonable to look at what they previously were allocated and assigned? without evidence that it had changed?

0:41:51.910 --> 0:41:52.990
Nimmo, Kristine J - ETA
I guess that's the question.

0:42:1.920 --> 0:42:2.240
Nimmo, Kristine J - ETA
Yeah.

0:41:57.370 --> 0:42:6.230
Wilson, Toni K - SCSEP
This is for the ED? I'm just trying to link what is it for. So I know there's a lot of questions on that.

0:42:6.240 --> 0:42:13.550
Wilson, Toni K - SCSEP
So we're gonna just have to make sure we send out an email to be able to make sure that we've answered all of your questions correctly.

0:42:13.630 --> 0:42:23.190
Wilson, Toni K - SCSEP
I know some of that is connected to the data that we were talking about earlier, but we will get that information out to you and we're in reference to what is needed there.

0:42:24.620 --> 0:42:30.600
Nimmo, Kristine J - ETA
Looks like the ED questions back, umm for clarification, data validation is performed only once during a program.

0:42:30.790 --> 0:42:31.460
Nimmo, Kristine J - ETA
Is that correct?

0:42:34.490 --> 0:42:35.360
Nimmo, Kristine J - ETA
I think Michi.

0:42:35.810 --> 0:42:36.920
Nimmo, Kristine J - ETA
Do You know the answer to that one?

0:42:45.70 --> 0:42:46.760
McNeace, Meche - ETA CTR
Or BCT can answer it, yeah.

0:42:46.690 --> 0:42:47.220
Nimmo, Kristine J - ETA
OK.

0:42:47.290 --> 0:42:48.500
Nimmo, Kristine J - ETA
OK, Tina.

0:42:48.510 --> 0:42:49.0
Nimmo, Kristine J - ETA
OK, great.

0:42:48.300 --> 0:42:50.510
Tina Ward
Hi, this is Tina again.

0:42:50.870 --> 0:42:57.690
Tina Ward
Data validation is performed annually once a year for the sample that is pulled.

0:42:58.600 --> 0:43:5.230
Tina Ward
That will happen, we hope sometime this fall so we can get back on our normal schedule for data validation.

0:43:5.840 --> 0:43:12.600
Tina Ward
Of course, all that hinges on getting everything else straight in the system prior to that, but that's our hopes for now.

0:43:16.990 --> 0:43:17.350
Nimmo, Kristine J - ETA
Thank you.

0:43:18.510 --> 0:43:19.900
Nimmo, Kristine J - ETA
Umm, next question.

0:43:19.910 --> 0:43:24.820
Nimmo, Kristine J - ETA
So because the TEGLs recording the geographical areas, we did a snapshot of ours before SPARQ shut down.

0:43:24.830 --> 0:43:26.960
Nimmo, Kristine J - ETA
Can I use this? Toni

0:43:26.970 --> 0:43:33.0
Nimmo, Kristine J - ETA
Is this one that you think we can answer or we should add to the list of ED questions?

0:43:36.760 --> 0:43:39.170
Wilson, Toni K - SCSEP
Yeah, we're going to have to add that to the ED questions.

0:43:39.180 --> 0:43:39.930
Wilson, Toni K - SCSEP
That's the timeline.

0:43:43.410 --> 0:43:43.820
Wilson, Toni K - SCSEP
Yeah.

0:43:44.70 --> 0:43:45.860
Wilson, Toni K - SCSEP
So we will send out cause it's a lot.

0:43:40.430 --> 0:43:45.900
Nimmo, Kristine J - ETA
OK, it does appear to be a lot of questions, perhaps because it was required in the TEGL.

0:43:46.250 --> 0:43:58.570
Wilson, Toni K - SCSEP
It's a lot of ED related questions and I know our team is answering some and you know I rather just make sure we have all of it together and we'll send that out as an email.

0:43:59.110 --> 0:43:59.550
Nimmo, Kristine J - ETA
OK.

0:43:59.590 --> 0:43:59.850
Nimmo, Kristine J - ETA
Perfect.

0:44:0.740 --> 0:44:2.300
Nimmo, Kristine J - ETA
Umm before Sparq was replaced.

0:44:2.310 --> 0:44:4.980
Nimmo, Kristine J - ETA
Thought we were supposed to have all our previous sparq data for the ED report?

0:44:4.990 --> 0:44:9.350
Nimmo, Kristine J - ETA
Yes, download all of your sparq data before it was closed on December 31st.

0:44:9.360 --> 0:44:13.190
Nimmo, Kristine J - ETA
That was definitely critical and thank you.

0:44:13.200 --> 0:44:21.570
Nimmo, Kristine J - ETA
Can you please attach the PDF file that you are all displaying the agenda into the chat the I think the agenda is on the announcement and the invite.

0:44:21.660 --> 0:44:24.190
Nimmo, Kristine J - ETA
You wouldn't want the… OK?

0:44:24.300 --> 0:44:25.840
Nimmo, Kristine J - ETA
You just want it added into the chat.

0:44:24.810 --> 0:44:27.670
McNeace, Meche - ETA CTR
Christine Bradley's gonna Bradley's gonna attach it.

0:44:27.910 --> 0:44:28.180
Nimmo, Kristine J - ETA
OK.

0:44:28.190 --> 0:44:28.820
Nimmo, Kristine J - ETA
Thanks so much.

0:44:28.970 --> 0:44:29.570
McNeace, Meche - ETA CTR
You're welcome.

0:44:29.410 --> 0:44:30.100
Nimmo, Kristine J - ETA
Ohh, OK Fred.

0:44:30.110 --> 0:44:30.540
Nimmo, Kristine J - ETA
Thank you.

0:44:30.650 --> 0:44:31.870
Nimmo, Kristine J - ETA
Alright, I see what you're asking.

0:44:34.160 --> 0:44:34.490
Nimmo, Kristine J - ETA
All right.

0:44:34.500 --> 0:44:40.210
Nimmo, Kristine J - ETA
If you have any other questions, you can unmute yourself or you can put them in the chat box we're trying to get through all of them.

0:44:40.220 --> 0:44:42.430
Nimmo, Kristine J - ETA
I believe that is what we are currently seeing.

0:44:47.660 --> 0:44:52.250
Nimmo, Kristine J - ETA
Alright, sans all the ED responses, which is what we are going to take away from here.

0:44:53.110 --> 0:44:53.990
Nimmo, Kristine J - ETA
Ohhh wait one more.

0:44:58.180 --> 0:45:0.210
Nimmo, Kristine J - ETA
This seems to be the reverse of what was mentioned.

0:45:0.220 --> 0:45:3.690
Nimmo, Kristine J - ETA
Yes, we only pay ICR out of admin, which we have an agreement for.

0:45:5.930 --> 0:45:6.300
Wilson, Toni K - SCSEP
Yeah, I don't.

0:45:7.610 --> 0:45:8.380
Nimmo, Kristine J - ETA
Not quite sure.

0:45:7.370 --> 0:45:8.490
Wilson, Toni K - SCSEP
I'm not following.

0:45:8.390 --> 0:45:9.750
Nimmo, Kristine J - ETA
Yet it seems like a part of the question.

0:45:8.550 --> 0:45:11.630
Wilson, Toni K - SCSEP
Yeah, I'm not following the not following the chat here.

0:45:17.270 --> 0:45:17.580
Nimmo, Kristine J - ETA
Sure.

0:45:16.900 --> 0:45:20.0
Wilson, Toni K - SCSEP
I don't know what was mentioned and say that it was reverse.

0:45:17.670 --> 0:45:22.120
Nimmo, Kristine J - ETA
Yeah, I think it's what Irene had mentioned and I don't believe she got back on.

0:45:23.610 --> 0:45:26.0
McNeace, Meche - ETA CTR
I think they're referring to indirect cost, right?

0:45:31.220 --> 0:45:31.490
Nimmo, Kristine J - ETA
OK.

0:45:26.130 --> 0:45:33.500
McNeace, Meche - ETA CTR
Irene always covers that that they need to have their indirect cost rate agreements in, yeah.

0:45:31.500 --> 0:45:37.610
Nimmo, Kristine J - ETA
Yes, please, Joan, if you can unmute and explain, maybe Michi, you can help us or we would take it back to Irene.

0:45:41.730 --> 0:45:44.160
McNeace, Meche - ETA CTR
Let's see if we can help Joan unmute, hold on.

0:45:48.770 --> 0:45:50.560
McNeace, Meche - ETA CTR
You just have to find her in the list here.

0:45:52.260 --> 0:45:53.710
Bronson, Bradley K - ETA CTR
Why don’t you raise your hand, Joan?

0:45:53.720 --> 0:45:54.360
Bronson, Bradley K - ETA CTR
For me? Second…

0:46:3.450 --> 0:46:5.90
McNeace, Meche - ETA CTR
There you see her hand.

0:46:10.510 --> 0:46:11.10
Bronson, Bradley K - ETA CTR
OK, Joan.

0:46:10.450 --> 0:46:12.260
Joan Franklin
OK Yep, I got it.

0:46:12.270 --> 0:46:12.600
Joan Franklin
Thank you.

0:46:13.910 --> 0:46:20.270
Joan Franklin
So it was mentioned the opposite of what my fiscal is saying. Umm.

0:46:22.210 --> 0:46:26.600
Joan Franklin
When it was mentioned, it said do we pay admin out of

0:46:28.530 --> 0:46:35.720
Joan Franklin
ICR? and this is saying we pay ICR out of admin which is the reverse or maybe it's the same thing?

0:46:35.730 --> 0:46:36.270
Joan Franklin
I don't know.

0:46:36.280 --> 0:46:38.370
Joan Franklin
That's what I'm asking for clarification on.

0:46:38.840 --> 0:46:41.510
Nimmo, Kristine J - ETA
When you say this is saying where, where are you reading that I'm?

0:46:41.560 --> 0:46:43.90
Nimmo, Kristine J - ETA
I'm not understanding the pronoun.

0:46:43.100 --> 0:46:44.370
Nimmo, Kristine J - ETA
Are you reading that in the TEGL?

0:46:45.120 --> 0:47:3.600
Joan Franklin
No, it was earlier mentioned on this call to be sure that we make it clear that if we pay admin out of ICR that we include the allocation documentation.

0:47:3.990 --> 0:47:16.290
Joan Franklin
And then when I asked the question to the fiscal, they say we pay ICR out of admin instead of admin out of ICR and I don't know if that's a difference.

0:47:17.310 --> 0:47:17.800
Wilson, Toni K - SCSEP
Yeah, it does.

0:47:17.810 --> 0:47:18.940
Wilson, Toni K - SCSEP
I see the confusion here.

0:47:18.950 --> 0:47:20.350
Wilson, Toni K - SCSEP
I'm very sorry that Irene.

0:47:20.430 --> 0:47:21.0
Wilson, Toni K - SCSEP
Was able to.

0:47:21.10 --> 0:47:22.800
Wilson, Toni K - SCSEP
It's jumped off of the call.

0:47:23.170 --> 0:47:23.370
Padovan, Carol - ETA
And.

0:47:22.810 --> 0:47:26.30
Wilson, Toni K - SCSEP
Looks like she's having some technical difficulty. Ohm.

0:47:25.450 --> 0:47:29.110
Padovan, Carol - ETA
I'm sorry, I might be able to answer the question.

0:47:28.530 --> 0:47:29.770
Wilson, Toni K - SCSEP
OK, please do.

0:47:30.390 --> 0:47:46.390
Padovan, Carol - ETA
Hi, this is Carol Patton, and I work in Region 6 as an FPO, and I felt with the indirect cost rate questions before the costs that are classified as indirect costs usually are a subset of the administrative costs.

0:47:46.790 --> 0:47:54.10
Padovan, Carol - ETA
Some administrative costs are not indirect costs, so there is a definition for indirect cost rate.

0:47:54.220 --> 0:48:10.350
Padovan, Carol - ETA
If you go to the ETA website or ask your FPO to umm, there's a definition within WIOA which applies also to SCSEP in this case of what administrative costs are.

0:48:10.730 --> 0:48:12.880
Padovan, Carol - ETA
So you can see kind of like what's listed there.

0:48:12.890 --> 0:48:22.310
Padovan, Carol - ETA

And then generally speaking, indirect costs are a type of calculating like costs that are spread across the whole.

0:48:22.320 --> 0:48:26.980
Padovan, Carol - ETA
They can't really attribute to one particular staff or one particular

0:48:28.340 --> 0:48:29.50
Padovan, Carol - ETA
Category.

0:48:29.120 --> 0:48:31.80
Padovan, Carol - ETA
So that makes sense? more sense?

0:48:30.970 --> 0:48:31.380
Joan Franklin
Right.

0:48:31.590 --> 0:48:37.980
Joan Franklin
So if there are admin costs that are direct, then we need an allocation plan.

0:48:40.860 --> 0:48:41.250
McNeace, Meche - ETA CTR
I can.

0:48:40.510 --> 0:48:41.250
Padovan, Carol - ETA
I no.

0:48:41.260 --> 0:48:41.670
McNeace, Meche - ETA CTR
I can.

0:48:41.680 --> 0:48:44.190
McNeace, Meche - ETA CTR
I think I can jump in and help you Carol, on this one.

0:48:51.150 --> 0:48:51.390
Padovan, Carol - ETA
Right.

0:48:44.200 --> 0:48:56.990
McNeace, Meche - ETA CTR
I think what Jones asking what Irene was referring to as the 13.5 admin limit? if even if it's in indirect or direct, you still need to meet the 13.5 admin.

0:48:58.50 --> 0:48:58.450
Wilson, Toni K - SCSEP
The minimum.

0:48:58.0 --> 0:48:59.640
Padovan, Carol - ETA
Right, you're limited to 30.

0:49:4.460 --> 0:49:4.800
Padovan, Carol - ETA
Right.

0:48:58.740 --> 0:49:4.860
McNeace, Meche - ETA CTR
It there's no increase if it's because it's in indirect, so you just, it's all still 13.5.

0:49:7.410 --> 0:49:15.600
Joan Franklin
So those costs that are included in the ICR count per 13.5, OK, I got it. Thanks.

0:49:16.140 --> 0:49:16.820
McNeace, Meche - ETA CTR
You're welcome.

0:49:17.480 --> 0:49:24.480
Padovan, Carol - ETA
Those ones that are admin costs, I mean, they're most indirect costs are admin costs, but not always.

0:49:24.490 --> 0:49:26.860
Padovan, Carol - ETA
It depends on what your approved rate is made up of.

0:49:27.520 --> 0:49:27.780
McNeace, Meche - ETA CTR
Mm-hmm.

0:49:28.370 --> 0:49:31.120
Padovan, Carol - ETA
So we'll need to your fiscal people will know.

0:49:34.870 --> 0:49:36.140
Nimmo, Kristine J - ETA
Hey, teamwork makes the dream work.

0:49:36.760 --> 0:49:37.330
Nimmo, Kristine J - ETA
Job guys.

0:49:37.340 --> 0:49:38.70
Nimmo, Kristine J - ETA
Thanks so much.

0:49:38.780 --> 0:49:39.360
Nimmo, Kristine J - ETA
OK.

0:49:39.370 --> 0:49:48.370
Nimmo, Kristine J - ETA
Another question, so do I understand that the PY 23 allotments will be posted at the end of this month and those are the numbers we are to use in the upcoming grant applications?

0:49:48.380 --> 0:49:51.240
Nimmo, Kristine J - ETA
Or do we use the ones there now under PY 22?

0:49:53.160 --> 0:49:55.320
Wilson, Toni K - SCSEP
So the allotment should be in the uh TEGL.

0:49:55.360 --> 0:49:56.240
Wilson, Toni K - SCSEP
So that we're referring to?

0:50:1.50 --> 0:50:3.270
Nimmo, Kristine J - ETA
There was the ones there now, and they're PY 22.

0:50:1.680 --> 0:50:6.540
Wilson, Toni K - SCSEP
Maybe I'm misunderstanding your, maybe I'm misunderstanding the question, but you're talking about the.

0:50:6.610 --> 0:50:7.490
Nimmo, Kristine J - ETA
County by county.

0:50:7.500 --> 0:50:9.630
Nimmo, Kristine J - ETA
Ohh, is this still about equitable distribution?

0:50:11.90 --> 0:50:11.210
McNeace, Meche - ETA CTR
Yes.

0:50:11.210 --> 0:50:13.590
Wilson, Toni K - SCSEP
Yeah, we'll send out an email on that one.

0:50:12.310 --> 0:50:14.460
Nimmo, Kristine J - ETA
Yes, yes, we follow you.

0:50:14.470 --> 0:50:17.250
Nimmo, Kristine J - ETA
Yes, we will let you know.

0:50:20.330 --> 0:50:22.960
Nimmo, Kristine J - ETA
And there is a hand raised… make sure I see it.

0:50:24.210 --> 0:50:26.870
Bronson, Bradley K - ETA CTR
OK, Olga, go ahead and unmute your mic and ask questions.

0:50:36.70 --> 0:50:36.790
Yulikova, Olga (ELD)
Can you hear me?

0:50:37.760 --> 0:50:37.880
Nimmo, Kristine J - ETA
Yes.

0:50:38.550 --> 0:50:39.400
Yulikova, Olga (ELD)
Oh, OK good.

0:50:39.870 --> 0:50:46.680
Yulikova, Olga (ELD)
Uhm, this is just a is it OK to make an announcement now or is it for a later time?

0:50:47.190 --> 0:50:47.710
Nimmo, Kristine J - ETA
No. Perfect.

0:50:48.400 --> 0:50:48.750
Yulikova, Olga (ELD)
OK.

0:50:48.760 --> 0:50:49.310
Yulikova, Olga (ELD)
Thank you.

0:50:49.680 --> 0:51:9.890
Yulikova, Olga (ELD)
So uh, my team here at elder Person in Massachusetts has been working with a group of employers over the course of PY 22, and it's a very diverse group of employers who also had a workforce development system partners.

0:51:10.320 --> 0:51:22.390
Yulikova, Olga (ELD)
And we came up with two interesting workshops that we're happy to offer to everyone in the SCSEP world.

0:51:22.620 --> 0:51:32.750
Yulikova, Olga (ELD)
One is the workshop on resumes for our program participants and they will cover the overall structure of the resume.

0:51:32.760 --> 0:51:40.850
Yulikova, Olga (ELD)
How to avoid the common pitfalls of applicant tracking systems and the data were collected, information were collected.

0:51:40.860 --> 0:51:47.30
Yulikova, Olga (ELD)
Specifically, what employers want to see in resumes. and that workshop?

0:51:47.80 --> 0:51:49.750
Yulikova, Olga (ELD)
Everything is of course virtual as we usually do.

0:51:49.760 --> 0:52:8.960
Yulikova, Olga (ELD)
That workshop will be available to everyone here on June 13th, 9:00 till 10:00 AM Eastern Standard Time, and now it's probably not convenient for a lot of people, but if there's a lot of interest, I can schedule a second one. And the second of the series will be on June 20th.

0:52:9.10 --> 0:52:15.290
Yulikova, Olga (ELD)
Uh, the same time 9 till 10:00 AM and that will be dedicated to interviews.

0:52:15.800 --> 0:52:21.260
Yulikova, Olga (ELD)
You will learn what employers are looking for in the first interview and then subsequent interviews.

0:52:21.320 --> 0:52:33.160
Yulikova, Olga (ELD)
Which basic things on how they expected to dress, what to do when they're asked behavioral questions, what they consider red flags and a lot more helpful information.

0:52:34.140 --> 0:52:37.970
Yulikova, Olga (ELD)
Uhm, I invite everybody who wants to uh.

0:52:37.980 --> 0:52:38.650
Yulikova, Olga (ELD)
Participate.

0:52:38.660 --> 0:52:49.550
Yulikova, Olga (ELD)
Please do so and I'll be more than happy to send the flyer with live links on how to register to those webinars.

0:52:49.560 --> 0:52:56.100
Yulikova, Olga (ELD)
If you guys want me to organize them, or if the federal office wants to organize it we're totally flexible.

0:52:56.110 --> 0:52:58.290
Yulikova, Olga (ELD)
However, works for the networks.

0:52:58.300 --> 0:53:2.60
Yulikova, Olga (ELD)
I'm happy to just basically offer that to everyone.

0:53:2.190 --> 0:53:2.560
Yulikova, Olga (ELD)
Thank you.

0:53:3.510 --> 0:53:4.380
Nimmo, Kristine J - ETA
Thank you so much.

0:53:4.470 --> 0:53:4.980
Nimmo, Kristine J - ETA
It's wonderful.

0:53:5.980 --> 0:53:12.680
Nimmo, Kristine J - ETA
I see that there was a question earlier about the Pacific Islanders where the Samoans are under the majority of the population.

0:53:12.690 --> 0:53:16.590
Nimmo, Kristine J - ETA
Do we modify our definition of minority or stay within the federal definition?

0:53:16.600 --> 0:53:21.930
Nimmo, Kristine J - ETA
I believe this has to do with the minority report training that is going to be coming out next week.

0:53:22.420 --> 0:53:28.140
Nimmo, Kristine J - ETA
It might be answered during that training and unless there is a different answer that you have, was it Ron?

0:53:30.770 --> 0:53:33.960
Ron Schack
I'll think about that some and I'll definitely answer it.

0:53:35.650 --> 0:53:35.830
Nimmo, Kristine J - ETA
OK.

0:53:33.970 --> 0:53:51.630
Ron Schack
During the training, I don't know that there's any other answer other than Pacific Islander, which is the way we categorize Samoans now.

0:53:51.640 --> 0:53:52.420
Ron Schack
As far as I know.

0:53:55.550 --> 0:53:55.940
Nimmo, Kristine J - ETA
OK.

0:53:56.10 --> 0:53:56.380
Nimmo, Kristine J - ETA
Thank you.

0:53:56.390 --> 0:53:56.620
Nimmo, Kristine J - ETA
Yes.

0:53:57.340 --> 0:53:58.650
Wilson, Toni K - SCSEP
But we can make sure we look at that.

0:53:56.630 --> 0:53:58.860
Nimmo, Kristine J - ETA
So next week, tune into the training.

0:53:59.330 --> 0:54:0.250
Nimmo, Kristine J - ETA
Yeah. OK.

0:54:0.260 --> 0:54:0.480
Nimmo, Kristine J - ETA
Great.

0:54:1.660 --> 0:54:4.330
Nimmo, Kristine J - ETA
Umm, I understand Elizabeth about the allotments by counties.

0:54:4.340 --> 0:54:8.330
Nimmo, Kristine J - ETA
Not it's just for budget as well as equitable distribution.

0:54:8.340 --> 0:54:9.230
Nimmo, Kristine J - ETA
So we do understand that.

0:54:9.240 --> 0:54:9.550
Nimmo, Kristine J - ETA
Thank you.

0:54:9.560 --> 0:54:14.0
Nimmo, Kristine J - ETA
Hopefully we can and provide some answers as sooner rather than later.

0:54:14.10 --> 0:54:19.840
Nimmo, Kristine J - ETA
Here the agenda link was shared link as opposed to a standalone attachment cannot be opened.

0:54:20.140 --> 0:54:28.750
Nimmo, Kristine J - ETA
So if we could just maybe print this as a PDF or something and then attach it so we could so people could get the agenda.

0:54:29.810 --> 0:54:34.50
Nimmo, Kristine J - ETA
I see that the TEGL in the state of North Carolina has one extra slot for PY 23.

0:54:34.60 --> 0:54:35.100
Nimmo, Kristine J - ETA
We don't know which county.

0:54:35.730 --> 0:54:58.860
Nimmo, Kristine J - ETA
We don't have an answer for that right now, but we are definitely gonna be having a conversation probably as early as tomorrow about what we can about all the equitable distribution questions that are here, but also the allotments for the budget and the sub contract ease and the sub grantees that would need to know how many participants they will be serving.

0:54:58.870 --> 0:55:6.230
Nimmo, Kristine J - ETA
So we are taking that under the questions that we are bringing back and what is the date of the training about the minority next week?

0:55:6.420 --> 0:55:8.910
Nimmo, Kristine J - ETA
Did we say that was which the date?

0:55:8.960 --> 0:55:12.830
Nimmo, Kristine J - ETA
Can you repeat that again, Byron? Or Ron?

0:55:13.380 --> 0:55:14.370
Nimmo, Kristine J - ETA
Which one of you guys know that?

0:55:14.660 --> 0:55:14.920
Ron Schack
Yeah.

0:55:14.450 --> 0:55:16.210
Kline, Byron - ETA
It's Thursday the 25th.

0:55:16.880 --> 0:55:17.840
Nimmo, Kristine J - ETA
Thursday the 25th.

0:55:17.850 --> 0:55:18.160
Nimmo, Kristine J - ETA
What time?

0:55:18.890 --> 0:55:19.140
Kline, Byron - ETA
Uh.

0:55:19.150 --> 0:55:20.310
Kline, Byron - ETA
From 2:30 to 3:30.

0:55:20.660 --> 0:55:22.880
Nimmo, Kristine J - ETA
And that link or the invite has already gone out?

0:55:24.430 --> 0:55:24.650
Nimmo, Kristine J - ETA
OK.

0:55:23.300 --> 0:55:24.780
Kline, Byron - ETA
Yes, it has went out yesterday.

0:55:25.380 --> 0:55:25.670
Nimmo, Kristine J - ETA
Alright.

0:55:25.680 --> 0:55:28.970
Nimmo, Kristine J - ETA
And if you don't have that, Byron, what is it?

0:55:31.540 --> 0:55:31.680
Kline, Byron - ETA
Yes.
