

Do you have an idea related to Clean Energy and a dream of starting your own business? We can help!

GOT A 'GREEN' IDEA?

Now could be your time!

**There are many opportunities.
Maybe you have a new technology or idea...**

The State Energy Sector Partnership (SESP) will help a limited number of budding entrepreneurs to learn the business skills necessary to launch a clean energy-related business (including how to find financing).

Examples of Clean Energy businesses:

- Weatherization, HVAC, and insulation installation
- Biofuels manufacturing, distribution, sales, or usage
- “Green” design, construction, or building materials
- Wind energy manufacturing, sales, and installation
- Recycling
- Energy efficient lighting
- Sustainability practices and consulting
- Geothermal construction, sales, and installation
- Solar manufacturing, sales, or installation
- Or other ideas
