Program and Product Context	NJ Department of Labor and Workforce Development received a Green Labor Market Information Improvement grant from the U.S. Department of Labor's Employment and Training Administration funding the proposal, "Connecting the Dots in the Green Economy." The proposal aimed to improve information about the supply of, and demand for, green skills in the state's workforce, developing actionable information for jobseekers, employers and workforce professionals to use in their decisions about this emerging green sector. The results of these efforts were brought together under the Green Talent Research Initiative.
Target Groups	Job seekers and students; incumbent workers; businesses; workforce professionals; researchers; educators; and anyone interested in learning more about New Jersey's green economy.
