T.R.A.I.N. Technical Support Newsletter Allied Health and Nursing

Wallace Community College

Volume 2, Issue 1

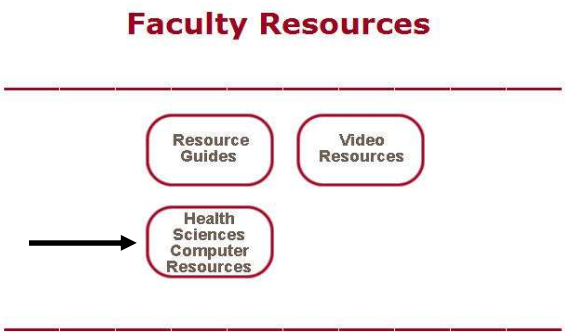

Using Videos from Health Sciences Resource Center Online

Did you know that you can use the videos in your class from the HSRC? This is a great tool that can enhance the topics being covered in your classes.

There are a variety of videos that cover topics such as : Anatomy,3-Lead EKG, Effective Communication, Teamwork in the Workplace, Avoiding Malpractice, and many more.

The complete list of these videos are located under Faculty Resources on the Web CT course Health Science Resource Center. This list is called Health Sciences Computer Resources (as pictured below).

In addition, there are some videos that are only available here on campus due to licensing restrictions. Upon request, these videos can be installed on the computer in your classroom. Please contact Karen or Laricia for assistance in this process.

How to Access Videos from WebCT for Classroom Use

1. Login into classroom computer and turn on all equipment.
2. Login into WebCT
3. Go to the Health Sciences Resource Page and locate the video you would like to show in your class.
4. It will play in the format (e.g. Windows Media Player, Real Player, QuickTime) that is required. You can do this ahead of time and then play the video when you are ready to do so for your class.

Note: If you need assistance with any of the media players (e.g. Windows Media Player, Real Player, QuickTime) in the classroom, please let us know.

Health Sciences Resource Center Software Spotlight

Fundamentally Fun Graphics is a software that covers many topics that can apply to every Allied Health and Nursing Program in some way. This software allows for the student to practice these valuable skills. This software is only available in the computer labs in select locations on all three campuses. The topics covered by this software includes:

- Identify Parts of a Syringe
- Fill a Syringe
- Identify injection Sites
- Set IV Drip Rate
- Fill a Medicine Cup
- Read a Thermometer
- Take a Blood Pressure
- Identify Pulse Site
- Range of Motion
