Just because school is over doesn't mean your kids can't enjoy a fun and productive summer.

Come chill with us! Orlando Science Center's brand new HVAC system is ready just in time for summer.

Join us at the Orlando Science Center this summer for our exciting and creative camps. There are numerous subjects that your kids can enjoy and learn, including science and nature, space and astronomy, archaeology, math, computers, robotics, and even cooking! All the camps are centered on educating students in a hands-on entertaining but educational manner.

learning about archaeology, mathematics, science, nature, and more, in ways that many classrooms cannot offer.

Summer Academy: Grades 7-9

For students entering grades 7th through 9th, our Summer Academy is specifically fashioned so that the knowledge gained can be easily applied to the real world, stimulating interest for these student's futures and careers. The Academy is focused on topics that can open up a student's views on possible future careers in subjects dealing with the medical field, engineering, robotics, forensics, computer and gaming design, and even NASA.

Summer Camps follow the Orange County Public School calendar and include early drop off as well as late pick-up. Costs are competitively priced with most summer child camp options and include a lifetime of memories and inspiration

Registration Is Easy!

- Purchase camps and classes **online**.
- Call us by **phone** at **407.514.2112**.
- Pre-register **in person** from 10:00 a.m. - 5:00 p.m., Monday, Tuesday, Thursday or Friday.
- Camps should be selected by the grade your child will enter in August.
- Confirmation materials will be mailed out after completing registration.

Extended Care

- Camps and classes begin at 9:00 a.m. and end at 4:00 p.m.
- Orlando Science Center offers extended care from 7:30 a.m. - 9:00 a.m. and 4:00 - 6:00 p.m. at no additional cost.
- A fee of \$1.00 per minute is charged per camper after 6:00 p.m. Extended Care is not available for half-day programs.

Tuition

- Camp fees include all program costs, supplies and one camp t-shirt.
- Payment is due at the time of registration.

New Summer Camps Being Offered, Now Enrolling for Grades PreK-9

Engaging Science Available Weekly From June 14 - August 20

(Orlando, FL) - May 18, 2010 - School may be ending but that doesn't mean the learning does! The Orlando Science Center's summer camp program has an exciting and creative roster available for kids to enjoy, including hands-on exploration in science and nature, space and astronomy, archeology, math, computers, robotics, and even cooking! During the hottest days of the summer kids will enjoy each full-day, weeklong session in air-conditioned comfort (thanks to a new A/C system) with special access to Science Center exhibits and films.

Camps are offered weekly this summer from June 14 to August 20. New camps have been added to this year's roster of opportunities for children in grades K-6. Campers can experience the joys of cooking while experimenting with different elements and creating their own favorite concoctions. If cooking isn't their passion, kids can get fizzy with the science of bubbles. Another new addition includes an engineering camp where children can design their own racecars and create contraptions to perform everyday tasks.

New Academy Focuses on Health Careers

14 MAY 2010

POSTED IN SUMMER CAMPS & ACADEMY

Scholarships Available to Qualified Applicants

In partnership with the Department of Labor and Workforce Central Florida, the Orlando Science Center will be holding a weeklong academy called

Emergency Response: Healthcare Summer Institute.

Students in 8th, 9th and 10th grade will get an up close view of the various healthcare professions that are directly influenced by the Nursing field. The institute will include career-based fieldtrips; daily workshops; guest speakers from a variety of healthcare professions; and the development of a *SimMan* scenario.

Scholarships are available for this camp, making it free to qualified applicants. Please call 407.514.2112 or click [here](#).
