EMPLOYMENT AND TRAINING ADMINISTRATION
UNITED STATES DEPARTMENT OF LABOR

"This workforce solution was funded by a grant awarded under the President's Community-Based Job Training Grants as implemented by the U.S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implies, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This solution is copyrighted by the institution that created it. Internal use by an organization and/or personal use by an individual for non-commercial purposes is permissible. All other uses require the prior authorization of the copyright owner."

St. Patrick's Day Family Workshop - March 14, 10:00 a.m. - 12:00 p.m.

As part of our Holiday Workshop Series, we bring you a Leprechaun Event worth Leaping for! Pre-schoolers, aged 3-5 will journey beyond the rainbow by creating a tie-dye pillowcase and exploring the science of the magnificent rainy-day color displays. The day comes complete with Leprechaun Treats, so bring your little ones and let them learn about the magical creature of short stature. Please note that the workshop cost is in addition to Science Center admission.

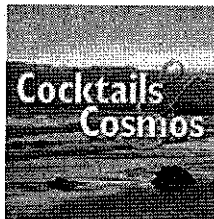

Science Challenge - March 14, 10:00 a.m. - 2:00 p.m.

Science Challenge allows Middle and High School students the chance to compete in an intermediate event between the county and state science fairs. First place champions from eight counties showcase their projects before a judging panel and the general public, competing in multiple categories.

The event is sponsored by Lockheed Martin and operates under the International Science and Engineering Fair Rules. Come watch young scientists in action and see these students motivated to stretch their creative genius to the limits!

Cocktails & the Cosmos - March 21, 6:00 - 10:00 p.m.

This Science Center favorite begins with happy hour food and drink specials. Along with a premier screening of new giant-screen film Wild Ocean, enjoy an evening filled with music performed by Antigua Soul Artist Nova Lewis and art installation by Doug Rhodehamel. The observatory will also be open for your viewing pleasure. Looking for a night out for just the two of you? Childcare is also available on site at an additional charge.

Spring Break Camp - March 30 - April 3 (Monday - Friday)

Our fun-filled "School Break Camps" will be open during spring break, as well as on many other days that schools are not in session. The week-long Human Grossology Camp features humorous hands-on activities to learn about the human body. Before and after care are included for the convenience of the working parent.

Mission Nutrition: 2 - April 4, 11:00 a.m. - 3:00 p.m.

This family event stresses the importance of health, fitness, and nutrition in our daily lives. Bring your little secret agent and go on missions, completing various tasks geared toward health and nutrition.

Featured items are health assessments, an "Edible Basic

Training" filled with fun challenges, and a yoga class to get you in "secret agent shape." Meet with health professionals to learn about medical careers and enjoy some healthy food sampling. *Sponsored by Workforce Central Florida.*

Don't Forget: Orlando Science Center is now closed on Wednesdays for exhibit updates and maintenance.
