

# Welding Student Learning Contract

Please read all sections carefully before signing and dating this contract. You will not be admitted to the course without a signed student learning contract.

**WITHDRAWAL/SCHOLARSHIP REPAYMENT:** Students withdrawing from this Welding training course prior to the first day of class are not required to repay scholarship funds. It is the responsibility of the student to notify Haley Riches of his/her intent to withdraw from the class. Students withdrawing after the first day of class will be required to pay back their scholarships funds based on the number of class sessions missed. Some exceptions may apply based on documented employment obligations and/or health reasons. The MECHA Manufacturing CommUniversity scholarship committee will consider exceptions on a case by case basis.

**ATTENDANCE:** Attendance at all scheduled class sessions is mandatory. Absenteeism will result in withdrawal from the course and the scholarship repayment guidelines will apply. Any sessions cancelled due to inclement weather will be made up at the end of the course.

**SAFETY:** This Welding training is a “hands-on” technical course that requires a strong commitment to safety from students. A history of certain criminal behaviors will preclude participation in this course. The college prohibits the manufacturing, possessing, using, selling, or distributing any type of controlled substances or illegal drugs. The college also prohibits the use of alcoholic beverages, including the purchase, consumption, possession, or sale of such items except where specifically authorized by state law.

**Please note:** If you have ever been arrested for possession of an illegal substance, you are required to take a drug test -- at your own expense -- and provide proof that you are drug-free before admittance to this course.

**Have you ever been arrested for the possession of an illegal substance? Yes ☐ No ☐**
