

22i. Complete below chart providing additional information about RESEA component/activities, their causal rating, the costs associated with that component/activity, and what percentage it is of the current grant. **CLEAR RESEA research by interventions are located [here](#).**

**EVIDENCE BASED FUNDING**

**Only the Highlighted portions are required (“high” or “moderate” and final numbers/percentages)**

|                        | RESEA Component/Activity<br>(a)                                                             | Causal Rating (Moderate;<br>High)<br>(b)                          | RESEA Cost of<br>Component/Activity<br>(c)                                                            | Percentage of Current Grant<br>(d)                                                                                    |
|------------------------|---------------------------------------------------------------------------------------------|-------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| <b>1. Explanation:</b> | <b>Name of Component/Activity, from Elements 9a. and 10a.</b>                               | <b>High or Moderate rating listed on CLEAR, from Element 22c.</b> | <b>Number of projected completed multiplied by the hourly rate = Cost, from Elements 9a. and 10a.</b> | <b>Total 2023 Base Grant Award / Component/Activity Cost = %, from Element 22i. column “C” divided by Element 5a.</b> |
| <b>2. Example:</b>     | Claimant Selection/Profiling                                                                | Moderate, Profiling Studies on CLEAR.                             | 21,790 * \$34.37 = \$748,922.30                                                                       | \$748,922.30 / \$6,401,672 = 11.7%                                                                                    |
| <b>3. Example:</b>     | Initial RESEA Meeting (individual assessment, creating a reemployment plan, etc.)           | High, REA on CLEAR.                                               | 21,790 * \$34.37 = \$748,922.30                                                                       | \$748,922.30 / \$6,401,672 = 11.7%                                                                                    |
| <b>4. Example:</b>     | Additional Reemployment Services (State allows repeat services at the discretion of staff). | Moderate, JSA on CLEAR.                                           | 7,263 * \$25.77 (45-minute sessions) = \$187,167.51                                                   | \$187,167.51 / \$6,401,672 = 3%                                                                                       |
| <b>5.</b>              |                                                                                             |                                                                   | \$                                                                                                    |                                                                                                                       |
| <b>6.</b>              |                                                                                             |                                                                   | \$                                                                                                    |                                                                                                                       |
| <b>7.</b>              |                                                                                             |                                                                   | \$                                                                                                    |                                                                                                                       |
| <b>8.</b>              |                                                                                             |                                                                   | \$                                                                                                    |                                                                                                                       |
| <b>9.</b>              |                                                                                             |                                                                   | \$                                                                                                    |                                                                                                                       |
| <b>10.</b>             | <b>Totals:</b>                                                                              |                                                                   | \$1,685,012.11                                                                                        | 26.4%, 25% is the minimum amount for FY23, we expect, many states will allocate far more than 25%.                    |
