

OSHA General Industry Trainings for YouthBuild Instructors

Purpose: To provide an overview of the Occupational Safety and Health Administration (OSHA) General Industry for DOL YouthBuild grantees that offer Construction Plus (C+) pathways. This overview includes information on how YouthBuild instructors can become certified as OSHA General Industry Outreach Trainers, authorizing them to facilitate either the OSHA 10- or 30-hour General Industry safety training to YouthBuild participants.

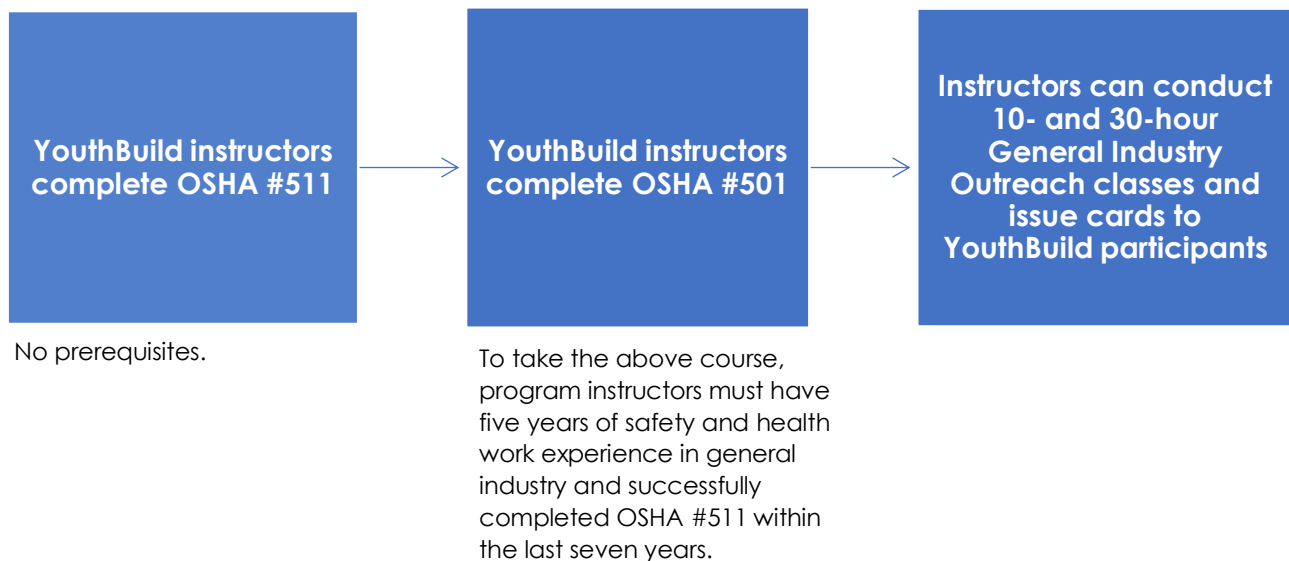

Defining OSHA General Industry

OSHA uses the term “[general industry](#)” to refer to all industries **not** included in agriculture, construction, and maritime.

This means that C+ pathways that **are** considered a general industry include:

- Manufacturing
- Healthcare
- Culinary

How YouthBuild Instructors Become an Authorized OSHA General Industry Outreach Trainer

OSHA #501 and #511 General Industry Trainings for YouthBuild Instructors

TRAINING OVERVIEW

These trainings authorize YouthBuild instructors to teach the 10- and 30-hour General Industry Safety and Health Outreach training program to YouthBuild participants. The General Industry Outreach Training program, combined with work site-specific training in C+ pathways, supports YouthBuild participants with developing job skills and deepens their knowledge of work site safety.

OSHA #511 AND #501 TRAINING DETAILS

OSHA #511: Occupational Safety and Health Standards for General Industry

There are no prerequisites to be eligible for the training. Upon completion, the YouthBuild instructors will become eligible to advance to the #501 course. [For more information on the #511 course, click here.](#)

OSHA #501: Trainer Course in Occupational Safety and Health Standards for General Industry

YouthBuild instructors must successfully complete the OSHA #511 Occupational Safety and Health Standards for General Industry and have five years of safety and health work experience in general industry to be eligible to take the #501 course.

OSHA #501 allows the YouthBuild instructor to become a trainer in the OSHA Outreach Training Program to:

- Conduct both 10- and 30-hour General Industry Outreach classes
- Issue 10- or 30-hour General Industry Cards to YouthBuild participants after verifying course completion

[For more information on the #501 course, click here.](#)

OSHA GENERAL INDUSTRY OUTREACH TRAINING RENEWAL

To maintain trainer status, authorized OSHA General Industry Outreach Training Program trainers must attend [OSHA #503](#) Update for General Industry Outreach Trainers at least once every four years.

TRAINING TIME COMMITMENT

The following table provides an approximate time commitment to become an authorized OSHA General Industry Outreach Trainer. The information included in this table is from an OSHA Training Institute (OTI) Education Center at Volunteer State Community College (Vol State). YouthBuild DOL grantees may take this training at any OSHA-approved training partner, pending expense approval by the program's Federal Project Officer. The time

needed to become trained and teach the 10- and 30-hour General Industry Outreach class may vary by the training provider.

EXAMPLE: Time Commitment to Trainings	
OSHA Training Institute (OTI) Education Center at Volunteer State Community College	
OSHA #511 OSHA #501	- Application process is about four hours - Class duration: Two weeks - o #511 – One week - o #501 – One week - Renewal is every four years and takes about one week to renew - Location: Virtual
