

SCSEP GPMS

Release Notes – Version 25.1*

Release Date: August 15, 2025

GPMS Release 25.1 addresses new features, enhancements, and bug fixes discovered during the previous release.

New Features

- The Paid Hours Utility in the Admin Console and how paid hours are displayed on case pages have been updated.
 - Admin Console - Manage Paid Hours
 - The Manage Paid Hours section has been updated to show 10 entries per page.
 - Users can now select the entries by quarter, assignment, and type using the new Data Entry Type.
 - Paid Hours on a Participant's Case Page
 - Paid hours for a participant are now located exclusively in the Related Actions tab. The layout has been redesigned to be more user friendly.
- The GPMS QPR, Section C.1e (Current Participants) no longer defaults to "N/A." Instead, a value is automatically calculated.

Enhancements

- Supportive Services
 - The "Supportive Services Provided by" field has been updated - users can now select more than one provider at a time from three options displayed -Grantee or sub-recipient/local project, Workforce Partner, or Other.
- Education and Training
 - When entering Education and Training, the "Provider" field is now required. For other types of services, like supportive services, this field remains optional.

Fixes

- The WIPS QPR now includes participants who were active in the reporting period and exited in the reporting quarter.
- All sections of the GPMS QPR now include participants/cases of retired subgrantees if they fall within the reporting period
- Users with a different grantee are no longer able to create a new case, when the participant already has a case in locked status (reached DLD)
- MINWFA Report – if the exit date falls on the “exit date from” then those cases are now included in the report

Known Issues

- Manage Paid Hours Utility – a filter added to one display type (by quarter, by assignment or by type) is applied to all display types. This will be resolved in an upcoming release.

* Release series have been renamed to correspond with the program year (25)
