0:2:15.670 --> 0:2:17.470

Slaughter, Alison S - ETA
Thank you.

0:2:35.820 --> 0:2:36.330
Wilkins, Patricia A - ETA CTR
Thank you.

0:2:37.730 --> 0:2:48.670
Slaughter, Alison S - ETA
We will have our Q&A session as normal at the end of the call, but if you have any questions, feel free to add those in the chat and we'll try and address them throughout the call.

0:2:49.840 --> 0:2:53.660
Slaughter, Alison S - ETA
We do have a couple last minute program announcements.

0:2:54.600 --> 0:3:3.530
Slaughter, Alison S - ETA
There is currently a SCSEP related ICR out for comment and you have until October 3rd.

0:3:3.580 --> 0:3:5.160
Slaughter, Alison S - ETA
That's the last day for comment.

0:3:6.210 --> 0:3:19.820
Slaughter, Alison S - ETA
It was inadvertently published without supporting statements A&B, so if you would like to review those statements, you can request it by emailing the SCSEP transitions at dol.gov email.

0:3:20.230 --> 0:3:20.940
Slaughter, Alison S - ETA
And I see.

0:3:20.950 --> 0:3:26.770
Slaughter, Alison S - ETA
Thank you Irene for adding that link to the ICR in the meeting chat.

0:3:29.60 --> 0:3:31.860
Slaughter, Alison S - ETA
And if you could please add that email as well.

0:3:32.290 --> 0:3:32.940
Slaughter, Alison S - ETA
Thanks, Irene.

0:3:34.440 --> 0:3:38.490
Slaughter, Alison S - ETA
The other program announcement is related to equitable distribution.

0:3:38.500 --> 0:3:40.970
Slaughter, Alison S - ETA
I know we briefly mentioned it during our last call.

0:3:41.260 --> 0:3:47.950
Slaughter, Alison S - ETA
We are finalizing a date for webinar to review equitable distribution and the reporting requirements.

0:3:48.300 --> 0:3:52.290
Slaughter, Alison S - ETA
We don't have that date finalized yet, but we are expecting mid-October.

0:3:52.300 --> 0:3:55.170
Slaughter, Alison S - ETA
So please look out for an emailed invite.

0:3:55.760 --> 0:4:5.860
Slaughter, Alison S - ETA
GPMS is going through its final updates with the equitable distribution reports in the system, so we'll be providing more instructions and details closer to that webinar date.

0:4:8.130 --> 0:4:13.610
Slaughter, Alison S - ETA
Are there any other program announcements from the team before I move on to grants management updates?

0:4:17.240 --> 0:4:22.900
Slaughter, Alison S - ETA
Alright, with that, I will throw it to Irene to walk us through some grant management updates.

0:4:24.870 --> 0:4:27.90
Adams, Anita (Irene) - ETA
Good afternoon again everyone.

0:4:27.900 --> 0:4:31.390
Adams, Anita (Irene) - ETA
At this time, all awards should have gone out.

0:4:31.400 --> 0:4:38.790
Adams, Anita (Irene) - ETA
Notice of awards should have gone out and your authorized signatory should have received them.

0:4:39.480 --> 0:4:50.940
Adams, Anita (Irene) - ETA

If you have not received a copy of your notice award, you should first check with your authorized signatory and make sure that the award is not sitting in their spam email box.

0:4:52.890 --> 0:5:5.470
Adams, Anita (Irene) - ETA
And then you should contact and if they have not received them at that point, then you should contact your FPO and they should be able to send a copy of your NOA out to you.

0:5:7.0 --> 0:5:9.630
Adams, Anita (Irene) - ETA
As I said, all awards should have been made.

0:5:10.140 --> 0:5:20.810
Adams, Anita (Irene) - ETA
The next steps will be the modifications that incorporate any corrected documents and or OSR approvals in your grant file.

0:5:21.20 --> 0:5:28.520
Adams, Anita (Irene) - ETA
Now what we did was we sent out the OSR approval letters in late August.

0:5:28.790 --> 0:5:47.390
Adams, Anita (Irene) - ETA
So if you or approvals or non-approvals, so if you have not received word about your optional special request, then you should contact your federal project officer, your FPO and see what we can do about getting it out to you.

0:5:47.480 --> 0:6:8.240
Adams, Anita (Irene) - ETA
The next steps will be, if by chance you're FPO has required requested that you change any part of your grant documents, then we would process those changes once you have submitted them and you won't have to do the mod… the amendments.

0:6:8.250 --> 0:6:12.880
Adams, Anita (Irene) - ETA
I keep saying modifications, but the word in GS now is amendment.

0:6:13.30 --> 0:6:19.360
Adams, Anita (Irene) - ETA
You won't have to do anything for the next phase of the amendment except make sure you work with your FPO.

0:6:19.370 --> 0:6:26.0
Adams, Anita (Irene) - ETA
And NOL with getting any documents that they need corrected, corrected and submit them to them.

0:6:26.530 --> 0:6:30.160
Adams, Anita (Irene) - ETA
We will compile these corrected documents as well as your.

0:6:32.400 --> 0:6:51.210
Adams, Anita (Irene) - ETA
OSR approvals or non-approvals in a folder and we will submit your FPO will submit the modification for the amendment to amend your file to incorporate these documents into your grant file with the concurrence from the National Office.

0:6:51.390 --> 0:6:56.190
Adams, Anita (Irene) - ETA
So and these will not happen until after September 30th.

0:6:56.280 --> 0:7:7.490
Adams, Anita (Irene) - ETA
So you have a little time to work out any kinks you and your FPO might have had with the documents, but mods will not be processed until after 9:30, so don't look for them.

0:7:7.640 --> 0:7:17.160
Adams, Anita (Irene) - ETA
I think you should have everything you need though to move forward with your program and if not please please please please contact your FPO.

0:7:18.560 --> 0:7:24.930
Adams, Anita (Irene) - ETA
I wanna remind grantees about two things that they need to keep in order.

0:7:25.420 --> 0:7:31.530
Adams, Anita (Irene) - ETA
One is your unique entity ID number that you use in grants.gov.

0:7:31.840 --> 0:7:35.710
Adams, Anita (Irene) - ETA
You need to make sure that that number does not expire.

0:7:36.520 --> 0:7:43.290
Adams, Anita (Irene) - ETA
That it will hold up your money and hold up a lot of things, and at some point I think you may have to get a new number.

0:7:43.350 --> 0:7:47.460
Adams, Anita (Irene) - ETA
If it expired for a while, so just keep checking with your budget.

0:7:47.470 --> 0:8:0.80
Adams, Anita (Irene) - ETA
If your budget officer isn't one that approve, that submits, whoever submits keep checking with them to make sure that your UEI number is still intact and has not expired.

0:8:1.850 --> 0:8:8.120
Adams, Anita (Irene) - ETA
As you know, we've been, working on we as we mentioned last time we were working on the.

0:8:9.760 --> 0:8:28.220
Adams, Anita (Irene) - ETA
Guidance for your state plan, and it's particularly the combined state plan portal, the WIOA state plan portal is where most people many of the states will be submitting their SCSEP state plans, those who are not submitting a standalone.

0:8:28.660 --> 0:8:37.630
Adams, Anita (Irene) - ETA
Therefore, if you are the person who will be submitting the SCSEP portion, please go on the WIOA State Plan Portal website.

0:8:37.640 --> 0:8:40.50
Adams, Anita (Irene) - ETA
I'll put that in the chat in a minute when I finish talking.

0:8:40.60 --> 0:8:41.330
Adams, Anita (Irene) - ETA
Can't do it at this.

0:8:41.340 --> 0:8:48.840
Adams, Anita (Irene) - ETA
Can't do two things at one time, but go to the portal and link it to your login.gov account.

0:8:48.890 --> 0:8:53.880
Adams, Anita (Irene) - ETA
Because it will, it will save you the headache of that password expiring.

0:8:54.170 --> 0:9:8.500
Adams, Anita (Irene) - ETA
So if you're gonna be the SCSEP state plan submitter, the SCSEP portion, then you need to go in and ask for that role in your user request, and make sure that your account is up to date in the portal.

0:9:8.690 --> 0:9:9.770
Adams, Anita (Irene) - ETA
And that's all I have.

0:9:13.10 --> 0:9:21.650
Slaughter, Alison S - ETA
Thank you so much, Irene and I will hand it over to Michi to go through what's happening in the communications and technical assistance world.

0:9:23.340 --> 0:9:24.530
McNeace, Meche - ETA CTR
Thank you, Ali.

0:9:24.860 --> 0:9:27.530
McNeace, Meche - ETA CTR
On the agenda, we're gonna start off with NEOWW.

0:9:27.540 --> 0:9:33.920
McNeace, Meche - ETA CTR
So I'm gonna pass that on to Kevin to talk about the exciting NEOWW.

0:9:35.740 --> 0:9:39.30
Mauro, Kevin M - ETA CTR
Hello everybody and thank you for joining us this afternoon.

0:9:39.380 --> 0:9:45.770
Mauro, Kevin M - ETA CTR
Yes, as I'm sure you're all aware, national employee older workers week (NEOWW) is next week.

0:9:46.440 --> 0:9:56.950
Mauro, Kevin M - ETA CTR
Ohh and thank you for putting up a copy of our official poster and I also want to drop into the chat if I can.

0:9:56.960 --> 0:10:12.630
Mauro, Kevin M - ETA CTR
Just if you haven't seen our page yet, you can go to the community of practice and download all of the posters that you'd like both for print and web use.

0:10:13.130 --> 0:10:20.870
Mauro, Kevin M - ETA CTR
Please publicize far and wide so that we get as many people involved with NEOWW as possible.

0:10:24.0 --> 0:10:30.130
Mauro, Kevin M - ETA CTR
You may have also seen the email that we sent out with the links to the COP page.

0:10:30.620 --> 0:10:39.750
Mauro, Kevin M - ETA CTR
If you are doing anything for NEOWW, if you have an event or if you are celebrating in some way, please send those stories into us.

0:10:39.800 --> 0:10:48.470
Mauro, Kevin M - ETA CTR
We would love to amplify those kinds of things on the COP as long as they're, you know, appropriate.

0:10:48.900 --> 0:11:12.120
Mauro, Kevin M - ETA CTR
But yes, we are looking for any of the ways that you will be commemorating NEOWW this year, so please send those to us through the SCSEP technical mailbox and we would be happy to take those in and try to share with each other all the great ways that you guys are celebrating national employee older workers week after all.

0:11:12.130 --> 0:11:14.440
Mauro, Kevin M - ETA CTR
It's always a good time to hire an older worker.

0:11:17.30 --> 0:11:30.0
Mauro, Kevin M - ETA CTR
As far as what else is going on the Community of practice, we are also in the middle of national Hispanic Heritage Month, so please keep your eyes open on the COP for some materials.

0:11:30.10 --> 0:11:39.330
Mauro, Kevin M - ETA CTR
We'll be putting up in the next 4 weeks to help celebrate that as well, but that's what we have going on the community of practice this month.

0:11:43.850 --> 0:11:44.590
Wilkins, Patricia A - ETA CTR
Thanks, Kevin.

0:11:44.600 --> 0:11:45.690
Wilkins, Patricia A - ETA CTR
This is Pat, guys.

0:11:45.700 --> 0:11:46.190
Wilkins, Patricia A - ETA CTR
Michi.

0:11:46.200 --> 0:11:47.160
Wilkins, Patricia A - ETA CTR
Lost power.

0:11:47.490 --> 0:11:50.310
Wilkins, Patricia A - ETA CTR
So I am going to give some updates for you guys.

0:11:50.320 --> 0:11:59.240
Wilkins, Patricia A - ETA CTR
Just brief updates on vLive our next vLive session will be next Wednesday the 27th.

0:11:59.770 --> 0:12:8.320
Wilkins, Patricia A - ETA CTR
The sessions, usually we ask you guys, you know, come with questions or we have some prepared information for you guys on the status of GPMS.

0:12:8.790 --> 0:12:15.620
Wilkins, Patricia A - ETA CTR
We look forward to those sessions as a chance for us to interact with you guys, to see what's going on with you guys and you.

0:12:15.630 --> 0:12:17.870
Wilkins, Patricia A - ETA CTR
Guys also can ask us questions as well.

0:12:18.440 --> 0:12:22.580
Wilkins, Patricia A - ETA CTR
That's all I have in terms of the vLive sessions.

0:12:22.590 --> 0:12:27.200
Wilkins, Patricia A - ETA CTR
We think they're very helpful and we do get good feedback from you guys.

0:12:27.690 --> 0:12:29.450
Wilkins, Patricia A - ETA CTR
So that's all on vLive for now.

0:12:32.790 --> 0:12:35.80
Slaughter, Alison S - ETA
Thank you, Pat and Kevin.

0:12:35.610 --> 0:12:40.40
Slaughter, Alison S - ETA
As Kevin said, you know we wanna hear about the NEOWW events that you all have going on.

0:12:40.50 --> 0:12:46.780
Slaughter, Alison S - ETA
So you can send those to the SCSEP technical assistance email he just popped that email into the chat.

0:12:47.510 --> 0:12:52.860
Slaughter, Alison S - ETA
We'll also have some time at the end if you wanna share about any events that you have going on in the meantime.

0:12:52.870 --> 0:12:57.150
Slaughter, Alison S - ETA
If you wanna add any event links into the chat to share with others, please do so.

0:12:58.600 --> 0:13:8.80
Slaughter, Alison S - ETA
We're now gonna transition into our GPMS update sections, so I will start with Byron to talk about the latest GPMS newsletter.

0:13:11.100 --> 0:13:11.470
Kline, Byron - ETA
Great.

0:13:11.480 --> 0:13:12.50
Kline, Byron - ETA
Thanks, Ali.

0:13:13.490 --> 0:13:25.60
Kline, Byron - ETA

So the September edition of the newsletter is out, and in this latest issue we're spotlighting also the national employee older workers week.

0:13:25.650 --> 0:13:38.120
Kline, Byron - ETA
There are links for you to download the NEOWW poster and also a link to the SCSEP TA mailbox that Kevin mentioned for you to share any of your NEOWW stories or events with us.

0:13:38.790 --> 0:13:42.620
Kline, Byron - ETA
We've also added a new section to the newsletter.

0:13:43.10 --> 0:13:50.750
Kline, Byron - ETA
Ah, called our GPMS vLive recap where you'll see a link to recordings of the latest vLive office hours.

0:13:51.40 --> 0:14:0.930
Kline, Byron - ETA
Please note that the newsletter and all of this information and much much more can all be found on the older workers community of practice page.

0:14:1.280 --> 0:14:1.890
Kline, Byron - ETA
That's it.

0:14:1.960 --> 0:14:2.880
Kline, Byron - ETA
Back to you, Ali.

0:14:4.730 --> 0:14:17.560
Slaughter, Alison S - ETA
Thanks Byron and before Tina gets into some additional detailed updates on GPMS, I just wanted to provide a brief overview that goes along with that additional section of the GPS newsletter now.

0:14:17.850 --> 0:14:24.700
Slaughter, Alison S - ETA
Wanted to let you guys know what is currently in development and then what we have upcoming in our next couple of releases.

0:14:25.650 --> 0:14:39.970
Slaughter, Alison S - ETA
So the QPRS are undergoing some additional fixes that will provide some updates to the QPRS, but that will also expand their ability to the functionality to closeout program.

0:14:39.980 --> 0:14:40.930
Slaughter, Alison S - ETA
Year 22.

0:14:41.520 --> 0:14:53.620
Slaughter, Alison S - ETA
Of course, we won't be closing out the program year as we talked about last month, until we know the data is correct and until grantees have the time to wrap up and finish inputting their program year 22 data.

0:14:55.0 --> 0:14:57.780
Slaughter, Alison S - ETA
GPMS, ED reports are also undergoing fixes.

0:14:57.790 --> 0:15:18.370
Slaughter, Alison S - ETA
As I mentioned earlier and then data validation functionality is currently in development, looking ahead to the next release, we thank you for sharing a last month about the paid hours or participant hours report that's gonna be Next up on our list as a priority to get developed in the system.

0:15:18.380 --> 0:15:22.280
Slaughter, Alison S - ETA
And then we'll also be working to integrate the WIPS system with GPMS.

0:15:22.510 --> 0:15:29.710
Slaughter, Alison S - ETA
So that's just a little look at what is upcoming, but I will turn it over to Tina now to talk about some additional GPMS details.

0:15:31.750 --> 0:15:32.660
Tina Ward
Thank you, Ali.

0:15:32.910 --> 0:15:34.220
Tina Ward
Good afternoon everyone.

0:15:34.430 --> 0:15:37.330
Tina Ward
Just a couple of brief updates to share with you this afternoon.

0:15:38.140 --> 0:15:40.350
Tina Ward
GPMS releases.

0:15:40.360 --> 0:15:42.510
Tina Ward
We've had a couple since our last call.

0:15:43.20 --> 0:15:51.450
Tina Ward
The first was released 2.0 and it was deployed to production on August 25th and included several new features and enhancements.

0:15:51.800 --> 0:15:57.850
Tina Ward
Those of note are the QPR freezing functionality is now available to program analysts.

0:15:58.600 --> 0:16:20.140
Tina Ward
The read only users can now generate internal and nationwide, QPR's and the termination later date can now be entered independently of any other exit information, and the managed paid hours for current and previous program years is now available in the individuals record under related actions.

0:16:21.330 --> 0:16:37.970
Tina Ward
The 2.0.1 hot fix was deployed on September the 11th, and it included the export functionality is now working correctly for the current exited reports, and now users can delete their own approved breaks which I know that was a big hiccup for everyone.

0:16:39.560 --> 0:16:45.870
Tina Ward
Is always all the release notes can be found on the SCSEP help website and I'll post those links shortly.

0:16:46.580 --> 0:16:50.860
Tina Ward
Next, we won't talk about the PY 23 authorized positions.

0:16:51.160 --> 0:17:7.750
Tina Ward
Grantees were notified via email on August 31st to complete their authorized position allocations for PY23 Q1 by September the 15th, and thanks to everyone who completed that, we do want to make a note, a little technical assistance.

0:17:7.760 --> 0:17:20.970
Tina Ward
Note that when you are allocating your positions, please make sure that the number of the positions allocated matches the number of the overall authorized positions for the county.

0:17:21.240 --> 0:17:22.420
Tina Ward
So just keep that in mind.

0:17:23.810 --> 0:17:32.950
Tina Ward
Moving on to technical assistance, we wanna provide some supplementary details regarding the QPR analysis that grantees received on September 1st.

0:17:33.660 --> 0:17:43.230
Tina Ward
Umm, we want everyone to note that the data contained in the file that pertains to PY 22 had a cutoff date of 7/31/2023.

0:17:43.300 --> 0:17:57.600
Tina Ward
So any PY 22 data entered after 7/31 was not included in that analysis, but we do expect to do an end of year PY 22 QPR analysis and release that sometime soon.

0:17:58.980 --> 0:18:23.390
Tina Ward
There was also some concerns raised in one of the vLive sessions about finalizing QPR data without the benefit of reports, so we do plan to generate a CSA hours report and send to all the grantees based on the end of year PY 22 QPR analysis and that should help grantees reconcile their community service hours.

0:18:25.0 --> 0:18:26.920
Tina Ward
Lastly, the tip of the month.

0:18:27.100 --> 0:19:5.540
Tina Ward
There's a few when submitting a new user request, Please ensure that the user has already created a login.gov account and also ensure that the newly created login.gov username is lower case because GPMS is case sensitive and also we just want to remind grantee administrators that you can go into the manage users and add roles to your existing users and you can also reference the new user guide 1.4 pages 82 to 87 and I'll also put a link to that.

0:19:6.30 --> 0:19:22.180
Tina Ward
And finally, we just want to reiterate that requesting assistance and help to not use BCT Staffs personal email on the SCSEP or the SCSEP help email. Contacts and communications should always be initiated through Zendesk.

0:19:22.190 --> 0:19:25.780
Tina Ward
And I'll post those links shortly, and now I'm going to turn it over to Ron.

0:19:25.830 --> 0:19:26.420
Tina Ward
Thank you guys.

0:19:27.650 --> 0:19:28.60
Ron Schack
Thanks Tina.

0:19:28.630 --> 0:19:30.160
Ron Schack
Hi everyone.

0:19:30.530 --> 0:19:39.120
Ron Schack
So we've been working to actually finally get the participant customer survey out in the field.

0:19:39.470 --> 0:20:3.270
Ron Schack
The last pre step is we distributed the sample lists for the participants to each grantee and the pre survey letter should be sent to those participants and we're hoping that that will be done by, the grantees will actually get those out this week.

0:20:3.740 --> 0:20:16.0
Ron Schack
And because the survey is going out in the field on the 25th, plus or minus a few days, so that is the plan to get the survey in the field starting next week.

0:20:16.760 --> 0:20:19.730
Ron Schack
For the host agency survey.

0:20:19.740 --> 0:20:31.490
Ron Schack
As you know, we're doing that digitally this year and we can't launch it yet because we have to go through some approval processes for the digital implementation first.

0:20:31.880 --> 0:20:53.800
Ron Schack
But in the meantime, we're working on getting sample lists of host agencies together so that the grantees can actually verify the email contact information for the host agencies, because that is the way we're actually going to be contacting them for survey purposes.

0:20:53.970 --> 0:20:58.180
Ron Schack
So we really need to have that email contact info right.

0:20:58.790 --> 0:21:0.320
Ron Schack
So watch out for those.

0:21:0.330 --> 0:21:6.840
Ron Schack
We'll be sending instructions on how to validate and along with the lists as soon as we get those out.

0:21:8.200 --> 0:21:29.150
Ron Schack
As others have spoken of the QPR's for quarter four and quarter five will be frozen when you know when the time is right and at that point, we will start the grantee performance evaluation process.

0:21:31.430 --> 0:21:40.630
Ron Schack

Which includes, of course, rerunning the statistical adjustment model and modifying the goals for PY 22 one last time.

0:21:43.10 --> 0:21:50.60
Ron Schack
You we use that same goal modification approach to modify the PY 23 goals.

0:21:50.970 --> 0:22:14.430
Ron Schack
So we'll be doing that subsequent to the grantee performance evaluation, but using the same adjustment data and then that's looking forward to in the spring when we actually negotiate PY 24 and PY 25 goals, we really get ahead of ourselves a little bit, but that's the process, and you know I just love it so.

0:22:14.860 --> 0:22:16.170
Ron Schack
So thanks a lot everybody.

0:22:20.40 --> 0:22:25.970
Slaughter, Alison S - ETA
Thank you, Ron and Tina and Byron for those GPMS and performance updates.

0:22:26.620 --> 0:22:29.810
Slaughter, Alison S - ETA
Are there any other updates from anyone on the team?

0:22:32.20 --> 0:22:38.890
Slaughter, Alison S - ETA
And if not, we will move into the grantee highlights and Q&A portion of our call.

0:22:39.120 --> 0:22:52.630
Slaughter, Alison S - ETA
So we would love to hear from you all if you have a success story that you'd like to share or a NEOWW event that's upcoming with your organization, you know, please feel free to raise your hand and or pop something in the chat.

0:22:53.480 --> 0:22:55.270
Slaughter, Alison S - ETA
We can also take any questions.

0:22:55.330 --> 0:22:59.280
Slaughter, Alison S - ETA
Again, you can raise your hand and unmute or add a question in the chat.

0:23:12.600 --> 0:23:13.650
Adams, Anita (Irene) - ETA
Feel free to speak up.

0:23:16.850 --> 0:23:20.140
Slaughter, Alison S - ETA
And Irene, I don't think we have anything in the chat from earlier.

0:23:20.150 --> 0:23:21.100
Slaughter, Alison S - ETA
Is that correct?

0:23:21.150 --> 0:23:21.950
Slaughter, Alison S - ETA
No questions yet.

0:23:33.180 --> 0:23:36.570
Slaughter, Alison S - ETA
There anything anyone would like to share or any questions?

0:23:46.740 --> 0:23:50.690
McNeace, Meche - ETA CTR
It's just one of those wonderfully quiet Wednesdays, Ali.

0:23:50.510 --> 0:23:52.90
Slaughter, Alison S - ETA
I guess so Michi.

0:23:50.770 --> 0:23:52.490
Adams, Anita (Irene) - ETA
Yeah, yeah.

0:23:52.250 --> 0:23:52.730
Grant-McGary, Sondra D - ETA
We're gonna.

0:23:52.750 --> 0:24:2.120
Grant-McGary, Sondra D - ETA
We're gonna have to have to start doing a grantee potluck where we throw in a name and we pick out a name out of a hat and says this one's gonna share an update this time.

0:24:7.960 --> 0:24:10.690
Adams, Anita (Irene) - ETA
Or we just, we're just too busy doing things.

0:24:10.700 --> 0:24:11.530
Adams, Anita (Irene) - ETA
It's fine.

0:24:11.370 --> 0:24:11.830
Slaughter, Alison S - ETA
Yeah. So.

0:24:11.740 --> 0:24:12.790
Adams, Anita (Irene) - ETA
We can give them.

0:24:17.610 --> 0:24:17.890
Slaughter, Alison S - ETA
OK.

0:24:13.20 --> 0:24:19.90
Adams, Anita (Irene) - ETA
Yeah, we can give them back their time if there are no questions and no issues to discuss.

0:24:20.420 --> 0:24:21.150
Slaughter, Alison S - ETA
Sounds good.

0:24:21.160 --> 0:24:24.70
Slaughter, Alison S - ETA
Well, thank you so much everyone for joining our call.

0:24:25.170 --> 0:24:26.30
Slaughter, Alison S - ETA
And we have a question.

0:24:25.400 --> 0:24:26.230
Grant-McGary, Sondra D - ETA
We did get one.

0:24:27.420 --> 0:24:28.520
McNeace, Meche - ETA CTR
There is one question.

0:24:27.690 --> 0:24:32.990
Slaughter, Alison S - ETA
Alright, yep, this question may have been asked.

0:24:29.310 --> 0:24:34.530
Adams, Anita (Irene) - ETA
I see a question. This question may… go ahead.

0:24:35.340 --> 0:24:39.830
Slaughter, Alison S - ETA
This question may have been asked before, but will GPMS ever allow you to enter case notes?

0:24:40.140 --> 0:24:42.70
Slaughter, Alison S - ETA
Will it ever be used that way?

0:24:42.120 --> 0:24:43.510
Slaughter, Alison S - ETA
Maybe it is, and I just don't know.

0:24:45.270 --> 0:24:46.890
Slaughter, Alison S - ETA
Tina, can I call on you for this one?

0:24:48.40 --> 0:24:48.610
Tina Ward
Sure.

0:24:49.340 --> 0:24:51.270
Tina Ward
Currently that's not available.

0:24:51.280 --> 0:24:57.90
Tina Ward
The only thing we have available is comments that you can add case notes, but it's not.

0:24:57.950 --> 0:25:10.450
Tina Ward
It's not designed or set up currently to actually be case management for case notes tool, but the like I stated on the… what you can do now is add comments.

0:25:10.460 --> 0:25:17.860
Tina Ward
There's comments to the enrollment section and assignment section exit placement.

0:25:18.130 --> 0:25:21.480
Tina Ward
So there are spaces available on each of those pages.

0:25:24.810 --> 0:25:25.320
Slaughter, Alison S - ETA
Thank you, Tina.

0:25:28.320 --> 0:25:29.580
Slaughter, Alison S - ETA
Any other questions?

0:25:31.890 --> 0:25:34.90
Alejandra Sinecio
Sorry, I was trying to type because my voice is gone.

0:25:35.770 --> 0:25:40.700
Alejandra Sinecio
So, Tina, are you saying that we should use that section for case notes?

0:25:43.770 --> 0:25:45.660
Tina Ward
No, I'm not saying that.

0:25:45.750 --> 0:25:52.140
Tina Ward
But if you need to case note for yourself internally, yes, you would use that.

0:25:52.150 --> 0:26:1.680
Tina Ward
However, we don't have any reports designed currently that you could actually pull the comments that you entered into a report.

0:26:1.950 --> 0:26:5.860
Tina Ward
Now that may change in the future, but that's down the road for future development.

0:26:12.790 --> 0:26:13.760
Slaughter, Alison S - ETA
Did that answer your question?

0:26:16.370 --> 0:26:16.790
Slaughter, Alison S - ETA
Great.

0:26:16.970 --> 0:26:17.410
Slaughter, Alison S - ETA
Thank you.

0:26:18.370 --> 0:26:25.480
Slaughter, Alison S - ETA
And I see we have one other question, if there is a government shutdown, how will that impact our agreements?

0:26:25.490 --> 0:26:26.980
Slaughter, Alison S - ETA
Enter information etcetera.

0:26:26.990 --> 0:26:27.970
Slaughter, Alison S - ETA
Please advise.

0:26:30.30 --> 0:26:32.530
Slaughter, Alison S - ETA
Steve or Irene, do one of you want to take this question?

0:26:33.740 --> 0:26:34.680
Adams, Anita (Irene) - ETA
Well, there hasn't.

0:26:35.160 --> 0:26:36.30
Adams, Anita (Irene) - ETA
If Steve wants it.

0:26:36.380 --> 0:26:47.650
Adams, Anita (Irene) - ETA
We haven't had any guidance on how we are going to approach the shutdown, but of course we will post something as soon as we hear some things as the isn't that correct?

0:26:48.640 --> 0:26:49.410
Adams, Anita (Irene) - ETA
Usually.

0:26:50.160 --> 0:26:57.160
Adams, Anita (Irene) - ETA
Usually when we have a shutdown you're able to use the system, but you won't receive any.

0:26:58.540 --> 0:27:3.110
Adams, Anita (Irene) - ETA
Technical assistance with the use of the system, but that may change.

0:27:3.120 --> 0:27:9.20
Adams, Anita (Irene) - ETA
Our guidance isn't out yet and so we don't really know how we're going to how we're supposed to approach it.

0:27:10.630 --> 0:27:10.870
Rietzke, Steven - ETA
Yeah.

0:27:10.100 --> 0:27:11.740
Adams, Anita (Irene) - ETA
We're not looking for a shutdown.

0:27:13.330 --> 0:27:14.230
Rietzke, Steven - ETA
No, we're not.

0:27:14.490 --> 0:27:42.90
Rietzke, Steven - ETA
You know, we're definitely watching the situation closely here and you know, a lot of I'll just say a lot of sort of prep work is already going on internally, if you know, if we're coming up on the end of next week and it's looking and it's, you know, looking more and more likely than I think we're expecting to get more specific guidance from our Office of Grants management that would pertain to grants.

0:27:43.430 --> 0:27:53.520
Rietzke, Steven - ETA
You know, often in this kind of a scenario, you know you're operating with program year 2023 funds that were already appropriated.

0:27:53.960 --> 0:28:1.860
Rietzke, Steven - ETA
And so like the lapse in appropriation doesn't necessarily affect the funds immediately.

0:28:1.920 --> 0:28:15.430
Rietzke, Steven - ETA
But in terms of those nuances around what systems may or may not be available, that's where we need to get a little more info from the department and I don't.

0:28:15.440 --> 0:28:22.690
Rietzke, Steven - ETA
I don't wanna sort of jump the gun on that guidance because you know, every situation is just a little bit different.

0:28:22.700 --> 0:28:44.560
Rietzke, Steven - ETA
And so we won't get ahead of the departments messaging, but I do, you know, I do expect that we'll be getting some guidance in the next week if we haven't seen a budget deal the I think the headlines are making us a bit pessimistic but you never know what can happen in the span of a few days.

0:28:44.570 --> 0:28:55.550
Rietzke, Steven - ETA
So we're kind of keeping, we're preparing but keeping our fingers crossed that there's some kind of a budget deal, a continuing resolution by the end of next week.

0:28:59.900 --> 0:29:1.640
Slaughter, Alison S - ETA
Thank you, Steve and Irene for addressing that.

0:29:3.70 --> 0:29:6.840
Slaughter, Alison S - ETA
Looks like we've gotten one additional question from Samantha.

0:29:6.890 --> 0:29:8.900
Slaughter, Alison S - ETA
She says tomorrow is my first enrollment.

0:29:9.180 --> 0:29:14.450
Slaughter, Alison S - ETA
Are there any tips that can be given things that I need to have on hand or things that have helped any of you?

0:29:15.500 --> 0:29:22.680
Slaughter, Alison S - ETA
Would anyone like to share any tips on things that Samantha can have on hand for entering a first enrollment?

0:29:36.630 --> 0:29:37.650
Tina Ward
Ali I'll speak it.

0:29:38.330 --> 0:29:52.930
Tina Ward
Samantha, I would highly advise going to workforce GPMS and reviewing the module 1 entering a new case. It's the part of the new Data Collection handbook.

0:29:52.940 --> 0:29:55.800
Tina Ward
That would be your greatest resource.

0:30:0.0 --> 0:30:0.600
Slaughter, Alison S - ETA
Thank you, Tina.

0:30:0.610 --> 0:30:1.390
Slaughter, Alison S - ETA
That's a great idea.

0:30:1.400 --> 0:30:2.260
Slaughter, Alison S - ETA
Reviewing that training.

0:30:3.870 --> 0:30:4.570
Slaughter, Alison S - ETA
Anything else?

0:30:3.830 --> 0:30:4.780
McNeace, Meche - ETA CTR
We concur.

0:30:4.930 --> 0:30:13.660
McNeace, Meche - ETA CTR
We concur, Ali, from the training part for GPMS is to pull that from workforce GPS module 3 case management.

0:30:13.670 --> 0:30:18.80
McNeace, Meche - ETA CTR
It'll tell you everything you need to know on entering and managing your cases.

0:30:20.320 --> 0:30:20.860
Slaughter, Alison S - ETA
Thanks, Michi.

0:30:27.230 --> 0:30:27.810
Slaughter, Alison S - ETA
All right.

0:30:28.850 --> 0:30:34.700
Slaughter, Alison S - ETA
If there are no other questions, thank you all so much for attending our September.

0:30:34.710 --> 0:30:35.280
Slaughter, Alison S - ETA
All Grantee Call.

0:30:35.930 --> 0:30:43.40
Slaughter, Alison S - ETA
Our next call will be Wednesday, October 18th and we will give you back about 30 minutes of your time.

0:30:43.50 --> 0:30:53.540
Slaughter, Alison S - ETA
And like Steve said, you know we'll, we'll be sure to send out additional communication next week if it comes to that, but if not, we will see you all next month.

0:30:53.890 --> 0:30:54.590
Slaughter, Alison S - ETA
Thanks everyone.

0:31:3.270 --> 0:31:3.990
Adams, Anita (Irene) - ETA
Thank you, Ali.

0:31:4.770 --> 0:31:5.470
McNeace, Meche - ETA CTR
Thanks.

0:31:7.820 --> 0:31:8.620
Adams, Anita (Irene) - ETA
Are we going to come?

0:31:8.630 --> 0:31:9.470
Adams, Anita (Irene) - ETA
Go back. Go.

0:31:9.530 --> 0:31:12.610
Adams, Anita (Irene) - ETA
Are we going to go out and come back in, OK?

0:31:13.110 --> 0:31:13.460
Grant-McGary, Sondra D - ETA
We should.

0:31:13.470 --> 0:31:14.930
Grant-McGary, Sondra D - ETA
We have another link I believe.
