11. Update profile – 3:17
12. Department of Labor Home Page – 3:33
13. Thank you – 3:50

Transcript

0:04

This session is to create a login.gov account for external users.

So, anyone who is using any domain other than dol.gov is called external user.

0:23

And before I start, I will need to have the following information.

I need to have my e-mail address.

All right, so let's start.

0:36

All right, the very first step is to get this URL and then click the link access login.gov, this one called "Click here if you're a Login.gov User".

0:56

If you're already.

If you already have a Login.gov account, then you can skip to all the way to step 16.

1:08

But if you don't already have a login.gov account, you can continue from here.

And then you will be putting your e-mail address and then clicking submit on these steps.

1:24

I'm using a different link. That's fine. You should use that link.

1:32

Click here if you're a Login.gov user.

So, I'm not a existing user.

I'll be creating a new one account.

This is my e-mail address, and I agree to this and submit.

1:55

The next step will be "Login.gov will send me an e-mail, a confirmation e-mail".

I'll have to confirm my e-mail address over there.

2:11

So here I received an e-mail and I'll have to confirm my e-mail address from here.

And then here I'll have to set a password.

Hit continue.

2:27

And then here for the authentication methods, we have several methods, but I prefer this one.

This is the easiest one and they will send me a text message and all I have to do is provide that code.

2:43

I will skip this.

This is asking me if I want to add another method.

2:53

Agree and continue.

So, we are all the way here at this point.

3:00

So, remember I said if you were already an existing user, you could have just put your e-mail address and password. You would be directly landing to this page.

3:12

So, I agree and continue here.

I have to put my first name and last name, otherwise they're putting the e-mail address here.

3:34

And this is the main page.

I can see all projects here, including NFJP.

3:40

So, I will select "Enroll".

The first time you're coming here, this will be enrolled.

The next time you're coming here, it will be a different button.
