

Executive Summary

Event QUEST National Dislocated Worker Grant Prospective Applicant Webinar
5/19/23

Moderator(s): Robert Kight and Ingrid Schonfield

Speaker(s): Ingrid Schonfield, Jenifer McNery, and Kenan Hall

In this webinar, federal staff present information to and answer questions posed by potential applicants for the 2023 Quality Jobs, Equity, Strategy, and Training (QUEST) Disaster Recovery National Dislocated Worker Grants (DWGs). The 2023 QUEST DWG funding opportunity announced in Training and Employment Guidance Letter No. 2-22 Change 2 will continue supporting the workforce development system's efforts to enable individuals adversely impacted by the COVID-19 pandemic - and the social and economic inequities that the pandemic exacerbated - to enter, return to, or advance in good jobs in growth industry sectors. After providing background information on the funding opportunity, DWG Program Office and Grant Office staff members present an overview of the opportunity, including required and optional activities, describe the application and reporting requirements, and highlight portions of the suggested application form. With multiple question-and-answer segments, real-time chat answers to participants' questions, and the sharing of referenced guidance throughout the virtual event, prospective 2023 QUEST DWG applicants have the context, information, and resources they need to successfully apply for 2023 QUEST DWG grants.
