Video Title: Share WorkforceGPS Content

Scene 1:

Audio: [high-pitched tones]

Video: WorkforceGPS logo

Scene 2:

Audio: This brief video answers the question: How do I share WorkforceGPS content?

Video: How do I share WorkforceGPS content?

Scene 3:

Audio: For this demonstration, I found a piece of content. To share, select the Share button. This includes options to share through email, LinkedIn, X, or Facebook. Select a platform, then sign in with your social media credentials.

Video: WorkforceGPS content page with the caption "Select" and the Share button highlighted with a blue rectangle. The WorkforceGPS content page share options dialog box is highlighted in a blue rectangle.

Scene 4:

Audio: Let's move on to how to share content via email. If you select the Send an email icon, a dialogue box will open, and you will be prompted to enter the person's email address. After entering their email and adding an additional message, if you choose, select the Send Email button. A confirmation message, "Your email was sent successfully!" will appear. Note you can only enter one email address in the To field. Thanks! We look forward to connecting again!

Video: The WorkforceGPS content page share dialog box with email option highlighted in a blue circle with caption "Select." Share this content dialog box fields to enter email address and an additional message with caption "Select" and the Send Email button highlighted with a blue rectangle. Confirmation message dialog box with "Your email was sent successfully."

Scene 5:

Audio: [high-pitched tones]
